Professional Development Program

Overview of the Professional Development Program

The Office of Law designed the Professional Development Program to help you build your professional identity and network throughout your legal education career. Each year you will be required to complete certain mandatory activities. Additionally, throughout the year you will be required to attend networking and skills events, complete pro bono awareness tasks, and participate in various other activities. Inside your designated reporting cycle folder will include the activity categories and numbers of activities to be completed in each reporting cycle. The Professional Development Program is a floor, not a ceiling; OPD encourages you to participate in as many activities as your schedule allows.

Reporting Cycles

Reporting cycles are based on the number of credits you have earned at the end of the semester. For example, you must have earned all activities listed in the “0 – 30 Credits Reporting Cycle” between the time you start law school and the semester in which you earned your 30th credit. For the “31 – 60 Credit Reporting Cycle” complete all activities listed between the semester you earned your 31st credit and your 60th credit. And for the “61+ Credits Reporting Cycle” between the semester you earned your 61st credit and the semester that you graduate. For some students, cycles may overlap. You may begin working on the next reporting cycle once you have completed the last one if your semester bridges the reporting cycle. I.e. you start a semester with 27 credits and end it with 30. You can finish the 0 – 30 reporting cycle, then start working on the 31 – 60 reporting cycle activities.

Reporting Activities: Mandatory activities include class level specific programming required by the Office of Professional Development. Other activities will be announced in the OPD newsletter, emails sent by OPD staff, and/or on TLCN. Activities may be web-based or in-person, if safety standards allow. Additionally, many of these activities require pre- or post-work such as updating applications or certifying completion of an on-demand video.

Networking and Skills Events: These events are often sponsored or co-sponsored by the Office of Professional Development, the Ohio State Bar Association, or a local Bar Association. They are designed to help you build your networking skills. Events can take place virtually or in-person (when allowed).

Professional Exploration: Professional exploration tasks will aid in determining your professional identity and long-term career goals. This can be done on a large scale, by attending an in-person or virtual legal conference, for example. Or on a smaller scale, such as a one-on-one informational interview. It is your responsibility to find outside events related to your area of interest, set up informational interviews, or arrange observation of a legal proceeding. OPD is happy to help in your search.

Awareness Tasks: Ohio, along with many other states, encourages pro bono work as part of a lawyer’s professional responsibility to the legal and justice system. Therefore, these tasks are not only a resume builder, but they will help kick-start a commitment to public service.

al duty as lawyers. The Ohio Supreme court states in the Preamble to the Ohio Rules of Professional Conduct: "...[w]e should devote professional time and resources and use civic influence to ensure equal access to our system of justice for those whose use of economic or social barrier cannot afford or secure legal counsel." It is your responsibility to find pro bono clinics to help, or find an attorney to work with or shadow. OPD is happy to help in your search but will not be responsible for you in these opportunities. OPD may advertise pro bono projects and other opportunities via the newsletter or emails. Students in the 30 credit reporting cycle are not required to complete a Pro Bono Awareness Task. Students in the 31 – 60, or 61+ credit reporting cycle are not required to complete a Pro Bono Awareness Task. Students in the 31 – 60, or 61+ credit reporting cycle are not required to complete a Pro Bono Awareness Task. Students in the 31 – 60, or 61+ credit reporting cycle are not required to complete a Pro Bono Awareness Task. Note: the Public Service and Corporate Counsel Externship Clinics

Professional Development Program - Approved Activities

Awareness - OPD Approved Activity

For the 2020-2021 academic year only, to complete the 2L Pro Bono Awareness PDP Activity, you can contact a private practitioner who does pro bono work, and conduct an informational interview with them about their pro bono experiences, (i.e. what they do for pro bono work, how they find the work, the type of cases they take pro bono, etc.) If you need help finding an attorney who does pro bono work, please contact either Laura or Katie for assistance.

Completing a pro bono informational interview will count as "Additional pro bono opportunities approved by OPD"
