CONCLUSION

This Self-Study report provides extensive and comprehensive patterns of evidence that the Medical College of Ohio meets all NCA accreditation criteria. The Medical College of Ohio has a clear and publicly stated mission that is supported by all constituents, students, faculty and staff, and the community. MCO's resources, such as its faculty, staff, and administrators, its fiscal base, physical plant, information systems, computing services, students services, and the academic resources are well configured to support the institution's mission well into the future.

REQUEST FOR ACCREDITATION

The Medical College of Ohio asserts with confidence that it has presented strong patterns of evidence indicating that it meets all NCA accreditation criteria. Therefore, The Medical College of Ohio respectfully requests that the North Central Association of Colleges and Schools grant it ten-year reaccreditation status.
