Academics

UT has 9 undergraduate academic colleges and more than 230 undergraduate, graduate and professional programs.

College of Adult and Lifelong Learning
Adult Liberal Studies
Individualized Studies

College of Business and Innovation
4-year programs
Accounting
Electronic Commerce
Entrepreneurship
Finance
Financial Services
Human Resource Management
Information Systems
Information Technology
International Business
Marketing
Operations Management
Organizational Leadership and Management
Professional Sales
Supply Chain Management

2-year programs
Accounting
Business Management
Technology
Computer Network Administration
Computer Software Specialist
Information Services and Support
Programming and Software Development
Technical Studies
Degree Completion programs
Applied Organization Technology

College of Engineering
4- to 5-year programs
Bioengineering
Bioengineering/Premed
Chemical Engineering
Civil Engineering
Computer Science and Engineering
Computer Science and Engineering Technology
Construction Engineering Technology
Electrical Engineering
Electrical Engineering Technology
Information Technology
Mechanical Engineering
Mechanical Engineering Technology

College of Languages, Literature and Social Sciences
4-year programs

Women’s and Gender Studies

Judith Herb College of Education, Health Science and Human Service Education:
4- to 5 1/2-year programs
Adolescent & Young Adult Education
• Chemistry
• Earth Science
• Integrated Language Arts
• Integrated Mathematics
• Integrated Science
• Integrated Social Studies
• Life Science
• Physical Science
Early Childhood Education
• Non-licensure option
• Pre-kindergarten PreK-3
Intervention Specialist/Special Education
• Mild/Moderate
• Moderate/Intensive
Multi-Age Education
• French
• German
Education: 2+2 program
Early Childhood Education
• Non-licensure, fast-track, online-only option for transfer students

Health Science and Human Service: 4-year programs
Athletic Training
Community Health
Criminal Justice
Exercise Science
• Biomechanics
• Exercise Physiology
• Health Promotion and Human Performance
• Pre Occupational Therapy
• Pre Physical Therapy
• Pre Physician Assistant
Health-Care Administration
Health Information Administration
Paralegal Studies
Recreation and Leisure
Recreational Therapy
Respiratory Care
Social Work
Speech Language Pathology

College of Natural Sciences and Mathematics 4-year programs

• Biomedical Physics

College of Pharmacy and Pharmaceutical Sciences 4-year programs
Pharmaceutical Sciences
• Medicinal & Biological Chemistry
• Pharmaceutics
• Pharmacology-Toxicology
• Pharmacy Administration

6-year program
Doctor of Pharmacy Licensure Program

College of Visual and Performing Arts 4-year programs
Art Education
Art History
• Art Museum Practices
Film/Video
Music
• Guitar
• Instrumental Jazz
• Instrumental and Vocal Jazz w/emphasis in Music Business and Recording Arts
• Organ
• Piano
• String
• Vocal Jazz
• Voice
• Wind and Percussion
Music Education
Theatre
• Design Tech
• Performance
• Theatre Studies
Visual Art
• 2D
• 3D
• Ceramics
• Sculpture
• New Media
• Digital Photography
• Time-based
• New Media Design Practices
• Graphic Design

QUEST Program
• For students undecided about their college and major

NOTE: UT offers pre-professional programs in the following areas:
• Premedical
• Preveterinary
• Prelaw
• Predental
# AP Credit

Students who complete Advanced Placement Exams may be eligible to receive college credit at UT.

** To participate in an intramural sport, visit utoledo.edu/studentaffairs/rec/intramural
**Campus Visits**

No matter where you are in the application process, The University of Toledo offers a number of different admission programs to meet your needs and answer any questions you may have.

**Daily Visits**
Students can visit UT Monday through Saturday to receive an admission presentation and campus tour. College visits (called 1:15 appointments) are also available on weekdays for students who wish to learn more about a particular major. All visits are scheduled through the Web site at utoledo.edu/admission/undergraduate/campus

**Fall 2011**

*High School Leadership Breakfast*
(For Guidance Counselors, Principals, etc.)
The breakfast gives high school administrators the opportunity to listen to UT college and admission updates, order important admission materials and enjoy a meal with their colleagues.

*Fall Campus Preview Days (For 2011-12 seniors)*
This program gives students the opportunity to take a tour of our beautiful campus and view each residence hall. They can also apply and receive an instant admission decision. Breakout sessions offer basic information about the various majors that we offer. Program dates are Wednesday, Oct. 12, Friday, Oct. 28 and Saturday, Nov. 5 from 9:30 a.m. – 3 p.m. Invitations are sent early in the fall semester.

**Spring 2012**

*UT Experience Days (For accepted students)*
These programs offer students the opportunity to meet current students and faculty in their majors and to tour the facilities where they will be taking classes. Admission, financial aid and residence life representatives are available to answer questions, and students can take placement tests. Program dates include Feb. 4, 11 and 23; March 17 and 31.

*Discover UT Days (For anyone not admitted to UT)*
If students have not already applied, they can come to these events to apply and receive an instant admission decision. Representatives from each college, as well as student affairs, residence life, financial aid and admission are all available to answer questions. Residence hall viewing and specific information concerning majors are limited. Program dates include Feb. 24 and March 16 and 30.

**Countdown to UT (For 2011-12 seniors)**
Students are invited to this event, no matter where they are in the admission process. They can speak with financial aid and residence life representatives, apply and receive an instant admission decision, register for orientation and take their placement tests. The program is usually held in late April.

**Summer 2012**

*Placement Testing (For current seniors)*
Students must take their placement tests at least one week prior to their registered orientation date. Office hours occur daily from 9 a.m. – 4 p.m. in Memorial Field House Room 1080.

*Summer Career Fridays*
(For current sophomores, juniors and rising seniors)
Students can research and learn about major careers in the job market today. Activities include hands-on workshops, simulations and panels of alumni currently working in the field. There are two dates offered during July and August.

For each program, students are sent invitations in the mail and through their e-mail, and they can register at utoledo.edu/admission/undergraduate/campus
Centers of Excellence

Ohio’s Centers of Excellence are nationally recognized programs in key areas of academic study that are aligned with the industries that drive the state’s economy. UT has been named a Center of Excellence in two of three awarded fields.

Advanced Renewable Energy and the Environment
• Expertise in energy and the environment has been recognized in national and international publications, such as The Economist, Newsweek, and the Wall Street Journal
• Winner of one of only six projects funded by the U.S. Department of Energy for biofuels research in Sept. 2008
• Awarded more than $54 million in grants and contracts over the past three years
• Economic contribution measures include five spinoff companies, 30 industrial collaborator companies and 54 invention disclosures
• Major goals of the University are to help northwest Ohio become a national leader in alternative energy research, production and use and to become an emerging national leader in environmental and ecosystems sciences, monitoring and remediation

Translational Health and Bioscience at the Biomarker Research and Individualized Medicine Center
• Mission is to improve the human condition through biomedical innovation resulting from effective multidisciplinary and inter-professional excellence in biomedical research and education with a focus toward biomarker discovery and distinctive entrepreneurship to bring innovations to the community
• Core facilities include the Advanced Microscopy and Imaging Core Lab Center, the Laboratory Animal Medicine Core and the Jacobson Center for Clinical and Translational Research, which works to move statewide biomarkers and other bioscience drugs, devices and concepts from the bench to the bedside
• Major goals of the University are to create a Biomarker Validation Core Lab Facility equipped with state-of-the-art biobank and to develop additional biosciences graduate programs in translational research
Residence Life

Housing Application Process
We require all first-year students to live on campus unless they reside with a parent or guardian within 50 miles of campus or an exemption has been filed with and approved by The Office of Residence Life. You can complete your Housing and Dining Services Application-Contract by visiting the myUT Portal at myut.utoledo.edu after you have been accepted to the University. Students must submit a $40 application fee and $200 pre-payment at the time of application in order for it to be complete. For more information on University housing, please visit the Residence Life Web site at residencelife.utoledo.edu

Housing Options

Academic House is a traditional corridor living facility and houses 390 students. Bedrooms accommodate two, three or four people, and residents share community bathrooms. Each wing has a lounge with a television, microwave and sink.

Carter Hall East and West are traditional corridor living facilities and house up to 534 students. Bedrooms are two-person rooms where residents share a community bathroom. Carter Hall East houses our new Health Professions Living Learning Community designed for first-year students pursuing a career in a health-related field.

The Crossings is a suite-style living facility that houses 606 students in six-person suites with three double bedrooms. Each suite includes a furnished living room and private bathroom. The facility houses an in-hall grill and convenience store facility.

Dowd, Nash and White Halls are traditional corridor living facilities and house 335 students. Bedrooms are two, three, or four-person rooms and residents share a community bathroom.

Horton International House is a suite-style living facility with an international focus and houses 396 students. Suites are either four-person with two double bedrooms or six-person with two double bedrooms and two single bedrooms. Each suite includes a furnished living room and private bathroom. The facility houses an in-hall dining facility, ritual washroom and a community kitchen with dining area.

MacKinnon Hall offers both traditional corridor living and suite-style living options and houses 125 students. Traditional style bedrooms include two- and three-person rooms, while a limited number of four-person suites are offered.

McComas Village is a townhouse-like facility and includes seven sororities and seven fraternities. Each townhouse contains formal living and dining areas, a full kitchen, laundry room, and two- and three-person bedrooms. Residents are generally members of a Greek chapter and are not required to purchase a meal plan.

Ottawa House East and West is a suite-style living facility and is an upper-classman residence hall. This building houses 625 students in either four-person suites with two double bedrooms or five-person suites with one triple bedroom and two single bedrooms. Each suite includes a furnished living room and private bathroom. Ottawa House is home to the Arts Living and Learning Community (ALLC) for first-year students.

Parks Tower offers traditional corridor living and houses 669 first-year students. Traditional style bedrooms include two-person rooms with community bathrooms. Parks Tower is an all first-year student residence hall and hosts our academic living learning floors.

The cost of living on campus varies depending on what type of residence hall meets your needs. Information on residence hall costs and meal plans can be found at: utoledo.edu/studentaffairs/reslife/roomrates.html
Campuses and Facilities

Main Campus
utoledo.edu/campus/about
Our Main Campus features nine modern residence halls, a gothic bell tower, student recreation center, football stadium, a majority of our academic buildings, and two of UT’s six libraries.

Renovations have been made to many of our buildings, including the Memorial Field House, Savage Arena and Rocket Hall. New construction was finished in spring 2010 on the Fetterman Training Center for the Athletics Department and the Savage and Associates Complex for Business Learning and Engagement for the College of Business and Innovation.

We are located about 10 minutes outside of downtown Toledo and very close to the Westfield Franklin Park Mall and many restaurants. The campus is beautiful and offers students a unique perspective on life around the city of Toledo.

The Lake Erie Research Center
utoledo.edu/nsm/lec
The Lake Erie Center encompasses 30,000 square feet of laboratory, classroom, office and support space. Major facilities include: a wet lab featuring a flow-through lake water system for maintaining living organisms and for conducting research relating to the physiology, production and interactions of aquatic organisms; an instrumentation laboratory equipped to perform a wide variety of soil and water analyses; and a geographic information and database laboratory with a satellite downlink for gathering, archiving and analyzing regional environmental data. The building is constructed for energy efficiency from recycled materials and is landscaped with native vegetation. There is also a constructed wetland located at the center.

Health Science Campus (HSC)
utoledo.edu/campus/about
The HSC is home to graduate health programs and the UT Medical Center (UTMC), a Level 1 trauma center, offering innovative treatments for strokes and cancer that are found nowhere else in the state. The UT Medical Center also features the new $5.8 million Orthopedics Center and a new Heart and Vascular Center. UTMC provides specialty care in cardiology, neurology, orthopedics, cancer, surgery and kidney transplantation.

Scott Park Campus for Energy and Innovation
utoledo.edu/sustainability
The SPCEI serves as a hands-on, alternative energy laboratory for teaching, research and demonstration, as well as the base location from which to generate energy and reduce UT’s carbon footprint. The campus features a solar installation, wind turbine, geothermal heat and LED lighting, Smart grid technology, and more.

Stranahan Arboretum
utoledo.edu/nsm/arboretum
The Arboretum was donated to The University of Toledo in 1964 by the W. W. Knight family in memory of Robert Stranahan. The arboretum is a 47-acre site, about a 10-minute drive from Main Campus, and consists of cultivated ornamental trees, rolling lawns, natural woods, ponds, wetlands and prairie. It serves as one of the Department of Environmental Science’s field sites for environmental education and research. Both graduate and undergraduate courses in ecology and geology use the arboretum as an outdoor laboratory. It also hosts a number of educational programs for area K-12 students throughout the year.

Center for the Visual Arts
utoledo.edu/cvpa/art/facility
UT’s Center for Visual Arts was completed in 1993 and is designed by architect Frank O. Gehry. It is a four-story building at The Toledo Museum of Art and is home to UT’s Department of Art. The building includes various classrooms, studios, offices and a student lounge.
Rocket Solution Central

Rocket Solution Central, or RSC as we call it, encompasses many different offices in one central location including UT’s Registrar, Financial Aid and Bursar’s Office. Rocket Solution Central (RSC) takes care of a variety of important matters for prospective and current students.

Once accepted, students can access the following information from their myUT Web portal (myut.utoledo.edu):

- Search/register for classes
- Check grades
- Enrollment verifications
- Request UT transcripts
- Loan deferments
- Apply for graduation
- View/pay bill

Career Services:
utoledo.edu/utlc/career
Career Services’ mission is to provide quality, career-related services to enable all University of Toledo students to reach their academic and career goals. The professional staff assists students to choose or change their major successfully, identify part-time student employment and internship opportunities, educate students on current trends in employment readiness, and provide opportunities for them to network with employers.

Writing Center:
utoledo.edu/centers/writingcenter
The Writing Center works with current UT undergraduate and graduate students, faculty and staff on a variety of writing projects in any subject. Experienced, polished writers read, review and respond to papers in order to assist other writers individually at any stage of academic or personal writing. Writers meet with Writing Center tutors in order to generate ideas, organize notes and thoughts, and receive feedback on drafts or completed papers. Types of documents that are often brought to the center include essays and research papers, personal and creative writing, theses and dissertations, application letters and essays, grants, articles, proposals, professional publications, and job application materials.

The center’s goal is to provide writers with transferable skills that will help them not only on one paper, but also on future assignments. Writing Center tutors do not proofread or evaluate papers. Rather, tutors work collaboratively with writers, reading student texts and offering questions and suggestions to help guide revision and proofreading.

Honors College:
utoledo.edu/honors
The University of Toledo Honors College is designed specifically to meet the needs of highly motivated and academically talented students. Established in 1963, making it one of the earliest honors programs at a state university, it has a strong tradition of excellence and provides students with the best opportunities — both inside and outside the classroom. As a member of UT’s Honors College, you will enjoy a challenging and nurturing environment conducive to intellectual growth and discovery. Whether you are working on a research project with a faculty member or participating in special honors events, you will receive the personal attention associated with a small college combined with the resources of a large state university.

Office of Academic Engagement:
utoledo.edu/utlc/engagement
One of the most important responsibilities of the Office of Academic Engagement is providing resources and guidance to students planning to study abroad and away. Study abroad provides educational opportunities for UT students to study in more than 20 different countries, study away lets students study at other institutes in the U.S. while paying UT tuition rates. Activities include short-term, summer programs; faculty-led, inter-term study programs; and semester- or year-long programs. Besides providing informational materials about study-abroad and away programs, the office provides individual and group advising sessions, assists with applications, coordinates financial aid procurement, and collaborates with individual departments in the approval of courses. In addition, the office arranges and conducts (group and/or individual) pre-departure orientation sessions, as well as a welcome-back, re-entry session.

Camp Adventure:
utoledo.edu/utlc/engagement/CampAdventure
The University of Toledo Camp Adventure™ Youth Services program provides an extraordinary opportunity for university and college students to participate in a valuable service learning experience with a wide array of opportunities to serve children and youth; integrate theory with practice; develop new knowledge, skills and competencies; and be a part of a worthwhile endeavor. Camp Adventure™ Youth Services program is noted for its dynamism, zest, energy, and enthusiasm, as well as commitment to quality and excellence.

Learning Enhancement Center:
utoledo.edu/utlc/lec
UT’s Learning Enhancement Center provides academic assistance to all University of Toledo students.

Services include the following: drop-in tutoring, supplemental instruction and workshops.

Catharine S. Eberly Center for Women:
utoledo.edu/centers/eberly
The Center for Women embraces the mission of The University of Toledo by supporting learning, discovery and engagement, and by enabling women to achieve their highest potential in an environment of diversity, respect and freedom of expression.

The Catharine S. Eberly Center for Women (ECW) is an integral component of The University of Toledo under the Division of External Affairs. Its purpose is to serve the women of the University and the larger Toledo communities by advocating for women’s equity in education, work and health.
