

VITA

General Information

HENRY E. HEFFNER

Date of Information: August 15, 2016

Current Principal Job Title

Professor, Dept. of Psychology, Univ. of Toledo, Toledo, OH 43606

Educational Experience

B.A., Trinity College, Hartford CT, Psychology, 1966

M.S., Florida State University, Psychology, 1969

Ph.D., Florida State University, Psychobiology, 1973

Honors, Memberships and Affiliations

Distinguished Graduate Award, Neuroscience Program, Florida State University, Awarded 1984

American Psychological Association, Fellow 1986

Association for Psychological Science, Fellow 1988

Association for Research in Otolaryngology, Member

Neuroscience Society, Member

Fields of Present Major Scientific Interest

Function of auditory cortex; Comparative study of hearing; Tinnitus, Ethics of animal research

Related Training and Professional Experience

National Institutes of Health Pre-doctoral Research Fellow, 1970-71

Research Fellow, Neurocommunications Research Unit, University of Birmingham, England, 1971-72

Research Associate, Biomedical Engineering, Johns Hopkins University, 1972-73

Research Associate, Bureau of Child Research, University of Kansas, 1973-1978

Courtesy Faculty, Department of Speech and Hearing, University of Kansas, 1975-1987

Associate Scientist, Bureau of Child Research, University of Kansas, 1978-1985

Associate in Mammalogy, Museum of Natural History, University of Kansas, 1984-1987

Senior Scientist, Bureau of Child Research, University of Kansas, 1985-1987

Associate Professor, Department of Psychology, University of Toledo, 1987-1992

Professor, Department of Psychology, University of Toledo, 1992-present

Ad Hoc Reviewer

John E. Fogarty International Center for Advanced Study in the Health Sciences

National Institutes of Health

National Science Foundation

United States-Israel Binational Science Foundation

Supplemental Information

Grants Awarded (Extramural)

NIH Research Grant R01 NS 12992, "Behavioral analysis of the role of auditory cortex." Principal Investigator. Awarded 1976-1978. Renewed 1978-1981. Renewed 1981-1985. Renewed 1985-1990.
NIH Core Center Grant HD 02528 "Program for a research center in mental retardation." Co-Principal Investigator. 1976-1987.
NSF Grant, BNS 78-07391, "Hearing in large mammals." Co-Principal Investigator (with R. Heffner). May 1978-October 1980.

Deafness Research Foundation, "Hearing in Reptiles." Co-Principal Investigator (with R. Heffner). January 1, 1981-December 31, 1982.

NIH Research Grant R01 NS 17850, "Comparative study of sound localization in mammals." Co-Investigator (R. Heffner, Principal Investigator). Awarded 1982-1985. Renewed 1985-1988. Renewed 1988-August 1994. \$716,352

NIH Research Grant R01 NS 12992, "Behavioral analysis of the role of auditory cortex." Principal Investigator. Transferred to the University of Toledo, 1987-1990. \$230,869

NIH Research Grant R01 NS 30539, "The neurology of communication in nonhuman primates." Principal Investigator (R. Heffner, Co-Investigator). August 1, 1992 - July 31, 1997. \$505,646

NIH Research Grant Supplement for Underrepresented Minority Assistants, August 1, 1994 - July 31, 1996. \$11,097

NIH Research Grant R01 DC 02960, "Evolution of sensory systems in bats." Co-Investigator (R. Heffner, Principal Investigator). May 1996 - April, 2001. \$653,123

United States-Israel Binational Science Foundation Grant No. 95-00188, "Cross-modal neuroplasticity in blind hamsters." Co-Principal Investigator (with R. Heffner and Z. Wollberg of Tel Aviv University). August 1, 1996 - July 31, 1999. \$43,500

NIH Research Grant R21 DC03258, "Central mechanisms related to tinnitus." Co-Principal Investigator (with J. Kaltenbach of Wayne State University, and D. Godfrey of the Medical College of Ohio). January 1, 1997 - December 31, 1998. Renewed July 1, 1999 - June 30, 2004. \$698,167

Tinnitus Research Consortium, A neural correlate of tinnitus. Co-Investigator (T. J. Imig, P.I., subcontract with the University of Kansas Medical Center). July 1, 2005-June 30, 2007. \$80,404

NIH Research Grant R21 DC006629, Developing techniques for studying tinnitus in animals. Principal Investigator. December 1, 2005 - November 30, 2009. \$396,000

Grants Awarded (Intramural)

University of Kansas, Biomedical Sciences Support Award, "Behavioral analysis of the role of auditory cortex." Principal Investigator. May 1978-November 1978.

DMHRS, State of Kansas, "Experimental investigation of auditory agnosia." Principal Investigator. July 1978-June 1979.

University of Kansas, Biomedical Sciences Support Award, "Psychobiology laboratory microscope." Principal Investigator. January 16, 1979-July 31, 1979.

University of Kansas, Biomedical Sciences Support Award, "Effect of auditory cortex lesions on hearing in monkeys." Principal Investigator. September 1, 1985-February 28, 1986.

University of Toledo, Ohio Board of Regents Research Challenge Program, "Auditory brainstem response audiometry." Co-Principal Investigator (with R. Heffner). December 1, 1987-November 30, 1988.

University of Toledo, Biomedical Sciences Support Award, "Behavioral analysis of the role of auditory cortex." Principal Investigator. May 1, 1991-April 30, 1992.

University of Toledo, Biomedical Sciences Support Award, "The neurology of communication in nonhuman primates." Principal Investigator. April 30, 1993-April 30, 1994.

University of Toledo, deArce Award, "Animal model of tinnitus." Principal Investigator, March 1996-February, 1997.

University of Toledo, deArce Award, Determining the pitch of tinnitus in rats exposed to loud sound. @ Principal Investigator, June 1, 2005- June 30, 2006.

Translational Research Stimulation Award, UT-ProMedica Collaborative Project, Co-Principal Investigator (with A. Benson, M.D.). "Identifying drugs that affect tinnitus." May 2013 - May 2014.
