## **Foreign Language Requirement:**

### **Option 1: (0-14 hours)**

Students are placed into foreign language courses through placement testing. Every student is required to demonstrate proficiency in a single foreign language (Arabic, Chinese, French, German, Japanese, Latin or Spanish) through the intermediate (foreign languages 2150) level by successfully completing a foreign language course at this level or by achieving an appropriate score on a proficiency/placement test administered by the department of foreign languages that reflects the equivalent. Students in these programs may alternatively complete the sequence of SPED to fulfill this requirement. Students beginning a foreign language should enroll in their chosen language at the elementary 1110 level and take four semesters of foreign language. Those continuing a foreign language or attempting to demonstrate competency by examination should take a proficiency/placement test. Students with two or more years of French, German or Spanish in high school who place below an intermediate course may enroll in an intensive review course (foreign languages 1500) that covers the material in the first two semesters (foreign languages 1110 and 1120), and then complete the second-year courses (foreign languages 2140 and 2150).

### **Option 2: (6-15 hours)**

Complete FLAN 1120 or 1500 (see placement testing information above) (0-8) AND complete one semester in a study abroad program or designated foreign culture courses approved by the advisor from FLAN 1080, 1090, 1100, 2190, 3440 (6-9) hours.
