

Department of Chemistry

Scholarship Application

FOR ALL APPLICANTS

Please attach to your application packet an unofficial copy of your grade transcript through the past fall semester and complete the attached general application form found on the back of this packet. Also provide the materials requested below for the scholarship(s) of interest.

SCHOLARSHIPS

Arthur H. and Virginia R. Black Chemistry Merit Scholarship (statement). Application/Essay

Henry R. Kreider Scholarship (statement). Application/Essay

James A. Poure Scholarship (statement). Application/Essay

The Chemical and Allied Industries of Northwest Ohio (CAI-NWO) scholarship. Application
Faculty Scholarship. Application

The James A. Hostettler Scholarship. Application

William B. Silverman Chemistry Scholarship. Application

C.V. Wolfe Scholarship in Natural Sciences. Application

Elmer and Gertrude Brigham Scholarship (2009-2010 only). Application

SCHOLARSHIP DESCRIPTIONS:

The University of Toledo
Department of Chemistry

The Arthur H. and Virginia R. Black Chemistry Merit Scholarship

Selection of the scholarship recipient will be made by the Chemistry Awards Committee. The student must be a Chemistry Major pursuing the B.S. degree in preparation for a career as a professional chemist and must currently be a Sophomore or Junior with a minimum G.P.A. of 3.0 overall and 3.50 in Chemistry. This scholarship covers instructional fees for two semesters (Fall, Spring) of the academic year. The amount of the award is limited to the annual income of the fund. A junior recipient may reapply for the senior year.

Department of Chemistry**

Kreider Scholarships

The Kreider Scholarships are intended for Chemistry majors. The award selection is based on academic scholarship. Normally, the scholarships are awarded in the Sophomore year to take effect for the Junior year. Applications from current Junior-year Kreider scholars for Senior year scholarship renewals will also be considered as received.

Dr. Henry R. Kreider

Dr. Henry R. Kreider (PhD, 1910, Johns Hopkins University), Professor of Chemistry at the University of Toledo and Chairman of the Department from 1915 until his retirement in 1944 was a strong and stable influence in the growth and development of the department. His stature as a scientist and teacher was enhanced by his kindly understanding of his students. They looked upon him as counselor and guide, as well as teacher. At his urging, many of his students went on to graduate school in chemistry or to medical school and have held influential positions throughout the country.

In order to continue his influence in the encouragement of quality scholars in the field of chemistry, his three children established the Henry R. Kreider Scholarship Fund in 1955 for undergraduate majors in chemistry. A committee was formed in the Department of Chemistry to administer the Fund and to seek additional contributions from alumni, friends, professional organizations, and chemical industries in the area. Over the years these contributions have made it possible to support multiple scholarships each year from the income of the endowment. Since 1965 the Fund has been administered by the Alumni Foundation.

The James A. Poure Scholarship

The James A. Poure¹ Scholarship, awarded first in August 1997, is awarded to a student who is a sophomore, junior, senior or **graduate student in the Department of Chemistry at UT** during the current academic year. The scholarship will provide \$500 in support of the awardee's education at UT during the following academic year and is renewable upon reapplication. A senior applicant must have accepted admission into the graduate program in the Department of Chemistry during the year of the award. In addition to the Chemistry Department Scholarship Application Form and grade transcripts, the applicant should submit a curriculum vitae and an essay of no more than 1200 words on a value-oriented topic, dealing with the beneficial contributions chemistry has made to society, with an emphasis on the impact of chemistry on northwest Ohio and contributions by regional companies, such as GAC Chemical Corporation,² preferred.

¹James A. Poure is Chairman and CEO of GAC Chemical Corporation in Holland, Ohio.

²Literature about GAC Chemical Corporation and its products and markets is available from the office of the Department of Chemistry in Bowman-Oddy Laboratory. Further information on the history of the company and James A. Poure can be found at www.gacchemical.com.
