Information

For more information on curriculum, faculty and The University of Toledo or to APPLY for the program, visit utoledo.edu/business/AACSBbridge or call Dr. Anand Kunnathur at 419.530.5644.
Admission to the program

The eligibility requirements for entry into the program include an earned doctorate with an established ability to conduct research. While doctorates in other disciplines will be considered, we welcome candidates from the following disciplines:

- Statistics, Mathematics,
- Computer Sciences,
- Economics, Econometrics,
- Industrial/Operational Psychology,
- Engineering (all disciplines),
- Psychology,
- Public Administration,
- Higher Education, Physics,
- Chemistry

Completed applications received by December 31 will be eligible for a discount on tuition, upon receipt of the commitment deposit by 10 days following admission.

Applications are accepted year-round.

To apply, visit utoledo.edu/business/AACSBbridge

About the Post-Doctoral Bridge Program

The Post-Doctoral Bridge Program is designed to develop academically qualified faculty to teach in an AACSB accredited business school. By completing a Post-Doctoral Bridge to Business Program, a non-business scholar becomes significantly more competitive when applying for faculty positions at AACSB-accredited business schools.

COBA’s Ph.D. Program

The College of Business Administration has been providing doctoral education since 1990. Doctoral candidates’ dissertations have been nationally recognized in scholarly journals. Graduates have been placed in institutions such as:

- Texas A&M
- Univ. of Mass. Dartmouth
- Gonzaga University
- Oakland University
- University of Wisconsin
- University of Richmond
- Middle Tennessee State

The University of Toledo’s Post-Doctoral Bridge program offers modules on current research in Technology Management, Operations Management, and Supply Chain Management along with Marketing, Sales, CRM and Manufacturing disciplines. We develop our students to be able to teach and do research in areas including:

- Technology Management
- Supply Chain Management
- Operations Management
- Marketing, Sales and CRM Technologies
- Information Systems

Duration

Seven week intensive Summer residential program followed by a two-day research review in the Fall.

Cost

$26,000 including tuition, lodging and food expenses
