**Mission**

*The University of Toledo, a student-centered public metropolitan research university, integrates learning, discovery and engagement, enabling students to achieve their highest potential in an environment that embraces and celebrates human diversity, respect for individuals and freedom of expression. The University strives for excellence in its service to all constituents, and commits itself to the intellectual, cultural and economic development of our community, state, nation and the world.*

**History of The University of Toledo**

The University of Toledo began in 1872 as a private arts and trades school offering painting and architectural drawing as its only subjects. In the more than 140 years since, the University has grown into a comprehensive institution offering more than 300 undergraduate and graduate programs to more than 20,500 students from around the world. The history of its development is a remarkable story.

In a pamphlet published in 1868 titled “Toledo: Future Great City of the World,” Jesup Wakeman Scott articulated a dream that led him to endow what would become The University of Toledo. Scott, a newspaper editor, expressed his belief that the center of world commerce was moving westward, and by 1900, would be located in Toledo. To help realize this dream, in 1872 Scott donated 160 acres of land as an endowment for a university to train the city’s young people.

The Toledo University of Arts and Trades was incorporated on Oct. 12, 1872, to “furnish artists and artizans [sic] with the best facilities for a high culture in their professions.” Scott died in 1874; however, a year before, the University had opened in an old church building downtown. The school was closed in 1878 due to a lack of funds. On Jan. 8, 1884, the assets of the University were given by Scott’s sons to the city of Toledo and the school reopened the Toledo Manual Training School. It offered a three-year program for students who were at least 13 years old in academic and manual instruction.

Dr. Jerome Raymond was appointed the first president of the University in 1908. He expanded its offerings by affiliating with the Toledo Conservatory of Music, the YMCA College of Law, and the Toledo Medical College, and he helped to create the College of Arts and Sciences. These changes moved the University toward becoming an institution of higher education, but the school struggled through years of inadequate finances and legal battles over control.

In 1914, Dr. A. Monroe Stowe became president and led the University on its first organized path of development. He founded the College of Commerce and Industry (later the College of Business Administration) in 1914, and the College of Education in 1916. Enrollment grew from 200 students to 1,400.

As evidence that the University was maturing, student participation in extracurricular activities increased. In 1919, Student Council was created, and two students started a newspaper called *The Universi-Teaser*. In 1915, the students petitioned for an intercollegiate athletic program. Football began in 1917, although the first game was a 145-0 loss to the University of Detroit. The sports teams received their nickname, the “Rockets,” in 1923 from a newspaper writer who thought the name reflected the teams’ playing style.

By the 1920s, Toledo University was a growing institution, limited only by the size of buildings that housed it. Classes were held in several small buildings downtown. In 1922, the University moved into an automobile mechanics training facility that had been constructed for World War I on the original Scott land. While twice the size of the old buildings, this location was less than ideal. Its limitations became evident when an enrollment increase of 32 percent in one year produced a critical shortage of space.
The prospects for a new, permanent home for the institution improved in 1928 when Dr. Henry J. Doermann became president. His first activity was to initiate plans for a new campus. To pay for the proposed buildings, the city placed a bond levy before Toledo’s voters. An all-out campaign by faculty and students led to the levy’s passage by 10,000 votes less than a year before the start of the Great Depression.

A local architectural firm planned the new campus. Doermann wanted the buildings to reflect the best design elements of European universities because he felt such architecture would inspire students. It took 400 men less than one year to build University Hall and the Field House in the Collegiate Gothic style.

While enrollments remained stable at UT during most years of the Depression, the University’s finances were strapped. Dr. Philip C. Nash, who became president following Doermann’s sudden death, instituted drastic measures to cut costs. Funds from the federal government’s New Deal programs helped by paying for new buildings and student scholarships.

While the Depression decade determined in many ways if the University would survive, it was World War II and its aftermath that transformed UT into the modern university it is today. The impact of the war was felt almost immediately. The military contracted with UT to offer war-training programs for military and civilian persons. Student life also changed with the war. With a dwindling number of male students, women assumed leadership roles on campus, and intercollegiate basketball and football were suspended. And, tragically, more than 100 UT students were killed in the war. After the war, the GI Bill of Rights provided a way to reward veterans for their service by paying their college tuition, and more than 3,000 veterans took advantage of the program at UT.

In 1947, Wilbur W. White replaced Nash, who had died the previous year. White proposed a progressive 10-year development plan, but he died in 1950 before any new buildings were completed. He was succeeded by Dr. Asa S. Knowles, who oversaw the completion of several buildings, including a new library in 1953. Knowles resigned the presidency in 1958. His last official act was to meet with Toledo City Council to discuss the future financing of the University. More than 12 percent of the city’s budget was allocated to the University, and Knowles felt the university could no longer continue as a municipally-supported institution. Council members suggested the University consider acquiring financial assistance from the state.

It was left to President William S. Carlson to pursue the issue. In 1959, bills introduced in the state legislature for a student subsidy for the state’s three largest municipal universities stalled, and the University’s financial situation worsened. Fortunately, a 2-mill levy in 1959 passed by 144 votes, raising $1.7 million a year for the University. But the universities of Akron, Cincinnati and Toledo continued to press for state financial assistance, and finally, on July 1, 1967, The University of Toledo became a state university. In addition to subsidies for students, state support provided capital improvement money for a campus building boom.

College students became more politically active in the 1960s, and student protests became frequent. Most of the UT protests were peaceful, although protests opposed to the war in Vietnam led to several arrests. In 1970, the campus remained peaceful following the deaths of four student protesters at Kent State University. A protest by black students after the killing of students at Jackson State University in Mississippi temporarily closed University Hall in May 1970, but this ended when Carlson met with the students and reached a peaceful accord.

UT marked its centennial in 1972 with a year of celebration. Also during that year, Carlson retired, and Dr. Glen R. Driscoll was selected as his successor. Driscoll oversaw further expansion of the University’s physical plant. Centennial Mall, a nine-acre landscaped area in the center of campus, replaced parking lots and Army barracks in 1980. In 1985, Driscoll retired and was replaced by Dr. James D. McComas, who continued the expansion of the University’s facilities. His tenure at UT was brief, however, as he resigned in 1988.

Dr. Frank E. Horton was selected to be The University of Toledo’s 13th president in October 1988. To meet the challenges of the 1990s, Horton began a lengthy strategic planning effort to chart a course of targeted, purposeful growth. To help achieve the plan’s many goals, in 1993 the University launched a successful $40 million fund-raising campaign.
The University continued to expand its physical environs in the 1990s with the renovation of commercial buildings at Dorr Street and Secor Road for classrooms. The university also formalized its relationship with the Toledo Museum of Art with the completion of the Center for the Visual Arts on the museum’s grounds. The university also built the Lake Erie Research Center at Maumee Bay State Park.

Significant growth in the 1990s was not only in buildings, but also in technology. The University joined OhioLINK, a statewide library network, in 1994. Computer labs and hook-ups in residence halls and offices provided Internet access. Technological improvements allowed students to register for classes and check their grades online. The university also began to experiment with offering classes via distance learning.

In 1999, Dr. Vik Kapoor became the University’s 14th president following Horton’s retirement. Kapoor embarked on a restructuring program that included major resource reallocation and administrative reorganization. The Community and Technical College, created in 1968 on the University’s Scott Park campus, was abolished. In June 2000, Kapoor resigned, and was replaced the following year by Dr. Dan Johnson.

Johnson’s agenda focused on reconnecting the University to the community through outreach and engagement activities, and the University’s mission was rewritten to describe UT as a metropolitan research university. Planning began on a science and technology corridor to encourage research partnerships with businesses. Construction projects on the campus included renovations to several older buildings, including the Memorial Field House, which was transformed from a basketball arena into a classroom building and reopened in 2008 after years of standing empty.

In 2006, the University saw another fundamental change with the merger of UT and the Medical University of Ohio, which had been founded as a separate state-supported institution in 1964. As part of the merger, Dr. Lloyd Jacobs, who had been president of MUO, was named president of the university. UT became one of few universities nationwide to offer degrees in medicine, law, engineering, business, pharmacy, and education. In 2015, UT welcomed its first female president, Dr. Sharon Gaber.

Despite the challenges facing higher education in the 21st century, The University of Toledo today is an amazing success story. Many of its faculty and academic programs have worldwide reputations, and its main and health science campuses are recognized as architectural gems. If the past is any indication, the challenges will be met, and the institution will continue its path of growth and success.

**Accreditation and Standards**

**Accrediting Bodies**

The University of Toledo is accredited by the Commission on Institutions of Higher Education of the North Central Association, 30 North LaSalle St., Suite 2400, Chicago, IL 60602-2504 312.263.0456. Listed below are other professional organizations in which the University holds membership, or which approve the quality of its educational programs, or both.

- ABET (Accreditation Board for Engineering and Technology, Inc.)
- Accreditation Council for Occupational Therapy Education
- Accreditation Council for Pharmacy Education
- Accreditation Council on Social Work Education
- Accreditation Review Commission on Education for the Physician Assistant
- American Alliance for Health, Physical Education, Recreation and Dance/American Association for Health Education
- American Bar Association
- American Chemical Society
- American College of Surgeons Comprehensive Education Institute
American Council on the Teaching of Foreign Languages
American Psychological Association Commission on Accreditation
American Speech-Language-Hearing Association
Association for Middle Level Education/National Middle School Association
Association of American Colleges and Universities
Association to Advance Collegiate Schools of Business (AACSB) International
Commission on Accreditation for Health Informatics and Information Management
Commission on Accreditation for Respiratory Care
Commission on Accreditation in Physical Therapy Education
Commission on Accreditation of Athletic Training Education
Commission on Accreditation of Medical Physics
Commission on Collegiate Nursing Education
Commission on Dental Accreditation
Council for Exceptional Children
Council for the Accreditation of Counseling and Related Educational Programs
Council for the Accreditation of Educator Preparation
Council on Education for Public Health
Council on Social Work Education
Educational Leadership Constituent Council
International Reading Association
Liaison Commission Medical Education
National Accrediting Agency for Clinical Laboratory Sciences
National Association for the Education of Young Children
National Association of School Psychologists
National Association of Schools of Art and Design
National Association of Schools of Music
National Association of Schools of Public Affairs and Administration
National Association of Schools of Theatre
National Athletic Training Association
National Council for Social Studies
National Council of Teachers of English
National Council of Teachers of Mathematics
National Recreation and Park Association – Council on Accreditation for Recreation, Park Resources and Leisure Services
National Science Teachers Association

Assessment

The University of Toledo community undertakes the assessment of student learning outcomes to discover the extent to which students are acquiring knowledge, skills, beliefs and attitudes as a consequence of participation in their respective academic programs.

Assessment of student learning occurs at a variety of levels, including at the institution, college, department and program level. It is frequently based on multiple measures that vary according to the discipline.

The University uses the knowledge gleaned from assessment activities to promote program improvement.
General Undergraduate Degree Requirements

Earned Hours Required for a Degree
The University of Toledo requires a student to earn a minimum of 60 semester hours to be awarded an associate’s degree and a minimum of 124 semester hours to be awarded a bachelor’s degree. Some colleges/programs require that more than the minimum of 60-124 hours be earned. In addition, a student must have a cumulative University of Toledo GPA of at least 2.0 in order to qualify for graduation. For specific information, consult the individual college sections of this catalog. Earned hours are those hours that each college of the University counts toward fulfilling specific degree program requirements. Hours counted toward degree requirements may vary depending on the college/degree program a student enrolls in and is pursuing.

Residency Requirement for a Degree
Every college of The University of Toledo requires a student to earn a specific number of hours as a University of Toledo student. Some colleges require a specific number of hours be taken as a student registered in that college. In addition, residency hours may be required to be earned in specific classes, specific programs and/or in specific semesters prior to the proposed semester when the student plans to graduate.

Graduation Application Process
A student nearing the completion of a degree program must take the following actions:
1. The student must complete the following steps no later than the 11th week of the fall semester for spring graduation and the 11th week of the spring semester for summer or fall graduation:
   a. Complete the “Application for Graduation” (available from the Registrar’s Office, online from the Registrar’s Office at http://www.utoledo.edu/offices/registrar/graduation.html and from college offices).
   b. File the application with the Office of the Registrar.
   Students who do not graduate the semester for which they applied to graduate, but anticipate degree completion the following semester, must reapply by completing another application no later than the 15th day of the next semester in which they expect to graduate.
   Failure to apply for graduation means that the student’s graduation date will be postponed.
2. The student must request an academic evaluation that lists any remaining requirements to be completed before the student can be awarded a diploma. Students can arrange this academic evaluation through their college office.

Dual Degrees
The university recognizes a student may want to earn two degrees simultaneously as part of their undergraduate academic experience. Students may earn more than one bachelor’s degree or associate’s degree or a bachelor’s and associate’s degree concurrently. Students may earn more than one bachelor’s degree or associate’s degree, or a bachelor’s and associate’s degree concurrently. Students interested in earning two or more degrees simultaneously should consult the colleges from which they wish to earn the degrees for specific rules and requirements. Policies related to fee assessment for dual degrees are presented in the “The University of Toledo Finance Brochure.”
Areas of Study
The following list represents the programs of study offered by The University of Toledo. Each area is described later in this catalog.

Programs

- **College of Adult and Lifelong Learning**
- **College of Business and Innovation**
  - Accounting
  - Applied Organizational Technology
  - Finance and Business Economics
  - Information Operations Technology Management
  - Marketing and International Business
  - Management
- **College of Communication and the Arts**
  - Art
  - Communication
  - Music
  - Theatre and Film
- **Judith Herb College of Education**
  - Curriculum and Instruction
  - Early Childhood and Special Education
  - Educational Foundations & Leadership
- **College of Engineering**
  - BioEngineering
  - Chemical and Environmental Engineering
  - Civil Engineering
  - Electrical Engineering and Computer Science
  - Engineering Technology
  - Mechanical, Industrial and Manufacturing Engineering
- **College of Graduate Studies**
- **College of Health Sciences**
  - Athletic Training
  - Health Care Administration
  - Health Education
  - Health Information Administration
  - Health & Recreation Professions
  - Kinesiology
  - Occupational Therapy (OTD)
  - Physical Therapy
  - Public Health
  - Recreation Administration
  - Recreation Therapy
  - Respiratory Care
  - Speech Language Pathology
• **Jesp Scott Honors College**

• **College of Languages, Literature and Social Sciences**
  - Africana Studies
  - American Studies
  - Asian Studies
  - Disability Studies
  - Economics
  - English
  - European Studies
  - Foreign Languages
  - General Studies
  - Geography And Planning
  - Global Studies
  - History
  - Humanities
  - Latin American Studies
  - Law and Social Thought
  - Liberal Studies
  - Master of Liberal Studies
  - Medieval and Renaissance Studies
  - Middle Eastern Studies
  - Philosophy
  - Political Science and Public Administration
  - Pre-Law
  - Pre-Professional (medical, dental vet)
  - Psychology
  - Religious Studies
  - Sociology and Anthropology
  - Spatially Integrated Social Sciences
  - Urban Studies
  - Women's and Gender Studies

• **College of Law**

• **College of Medicine and Life Sciences**
  - Anesthesiology
  - Biochemistry and Cancer Biology
  - Dentistry
  - Family Medicine
  - Internal Medicine
  - Medical Microbiology and Immunology
  - Medical Sciences
  - Neurology
  - Neurosciences
  - Obstetrics and Gynecology
  - Occupational Health (MSOH)
  - Orthopaedic Surgery
  - Otolaryngology
  - Pathology
• Pediatrics
• Physical Medicine & Rehabilitation
• Physician Assistant
• Physiology and Pharmacology
• Psychiatry
• Public Health and Preventative Medicine
• Radiation Oncology
• Radiology
• Surgery
• Urology

• College of Natural Sciences and Mathematics
  • Physics and Astronomy
  • Biological Sciences
  • Chemistry & Biochemistry
  • Environmental Sciences
  • Mathematics & Statistics

• College of Nursing

• College of Pharmacy and Pharmaceutical Sciences
  • Pharmacology
  • Medicinal and Biological Chemistry
  • Pharmacy Practice
  • Center for Drug Design and Development (CD3)

• College of Social Justice and Human Service
  • Counselor Education
  • Criminal Justice
  • Higher Education
  • Legal Specialties
  • School Psychology
  • Social Work

• YouCollege
  • Exploratory Studies

Graduate Programs
For information on the graduate programs, please refer to this College of Graduate Studies.
Placement Testing

Placement tests and ACT (or SAT) scores are utilized by departments to place students into the correct math, chemistry, and foreign language courses based on skill level. Placement tests may only be taken once. Placement tests need to be taken BEFORE you attend new or transfer student orientation. No appointments are needed for tests available in the Main Campus Test Center. Information on taking placement tests specific to academic majors can be found at Placement Testing Services. Below are placement test that may be required by a program of study:

**Mathematics Placement Tests:** All baccalaureate degrees at UT require at least one mathematics course. The major you plan to pursue, your math ACT or SAT score, and/or the score(s) from your mathematics placement test(s) will be used by your adviser to determine your first mathematics course. The mathematics placement test can be taken as a paper based exam in the Main Campus Test Center or an online version through ALEKS is available. ALEKS is an online system that uses adaptive questioning to quickly and accurately assess student knowledge. It can be accessed on any computer with internet access that meets the system requirements.

**Foreign Language Placement Test:** If you have one or more years of foreign language from high school, take the placement test in that language to assess your skill level. The test covers grammatical structures, vocabulary, and reading comprehension. French, German, Japanese, Latin, and Spanish foreign language placement tests can be completed at the Main Campus Test Center (Field House, Room 1080). Other languages such as Arabic and Chinese must be scheduled through the Foreign Language Department.

**Chemistry Placement Test:** If the curriculum of your major requires you to complete CHEM 1230, General Chemistry I, in most cases you will be required to take a chemistry placement test through ALEKS Chemistry Placement Test or a paper based test is available in the Main Campus Test Center. Exceptions occur if you have an AP Chemistry score of 3 or higher, transfer credit equivalent to CHEM 1090 or CHEM 1230 at UT, or if you have not completed any high school chemistry course. If you have not completed at least a year of high school chemistry you will enroll in CHEM 1090, Elementary Chemistry before taking CHEM 1230.

**Chemistry for Health Sciences Placement Test:** If your major or program requires you to complete CHEM 1120, Chemistry for Health Sciences, you will be required to take a chemistry placement exam(*Nursing and Respiratory Care ONLY*). Exemptions occur if you meet one of the following criteria: a) you have transfer credit equivalent for CHEM 1110 or 1120 at UT, or b) have not completed any high school chemistry course. If you have not completed at least a year of high school chemistry, you will be enrolled in CHEM 1110 – Elementary Chemistry for the Health Sciences. The Chemistry for Health Sciences placement test is a computer-based exam only available at the Main Campus Test Center.

If you have any questions regarding placement tests, contact an academic adviser in your college. Academic advisers will be available during your orientation program to assist you. Students with disabilities who need assistance with placement tests are encouraged to contact Student Disability Services for support services and/or accommodations.

**Program 60: Special Program for Senior Citizens**

Program 60 provides educational experiences at reduced rates to individuals 60 years of age or older who have resided in Ohio for at least the last 12 consecutive months. The University of Toledo is governed by the Ohio Revised Code in administering this program. Ohio Revised Code may be viewed at http://codes.ohio.gov/orc/3345.27. Individuals 60 years of age or older who wish to earn a college degree or credit for UT courses must apply for admission and pay current tuition and fees as a general UT student.
Ohio Statewide Transfer Policy

The Official Catalog Statement on the Ohio Articulation and Transfer Policy is (at the time of catalog printing) under revision. Therefore, changes to this section will be made available on the Web at http://catalog.utoledo.edu/ once The University of Toledo receives the updated and approved catalog statement from The Ohio Board of Regents. The statement is anticipated to arrive summer 2006, and it will be used by all of Ohio’s public colleges and universities.

Transferology

Transferology is a statewide Web-based higher education transfer information system. Transferology shows how courses taken at one institution transfer and apply to degree programs at another institution, providing information about degree requirements at colleges and universities across the state. To access CAS, log onto www.transferology.org.

Transferology is the first stop for students who are looking to transfer to UT. Students can enter their previous and current course work into a free user account then see which courses at UT they have earned credit. Remember if a course is not in Transferology this does not mean it does not transfer. It means we just need to review it for a transfer equivalency. This extra step ensures that the student gets the best evaluation for the transfer work.

Transfer Module

The Ohio Board of Regents, following the directive of the Ohio General Assembly, developed a statewide policy to facilitate students’ ability to transfer credits from one Ohio public college or university to another in order to avoid duplication of course requirements. Since independent colleges and universities in Ohio may or may not be participating in the transfer policy, students interested in transferring to independent institutions are encouraged to check with the college or university of their choice regarding transfer agreements.

The Ohio Board of Regents’ Transfer and Articulation Policy established the transfer module, which is a subset or entire set of a college or university’s general education program. The transfer module consists of 36 to 40 semester hours (or 54 to 60 quarter hours) of courses in the following areas: English, mathematics, arts and humanities, social and behavioral sciences, natural and physical sciences, and interdisciplinary study.

A transfer module completed at one college or university will automatically meet the requirements of the transfer module at another college or university once the student is admitted. Students may be required, however, to meet additional general education requirements at the institution to which they transfer.

Since many degree programs require specific courses that may be taken as a part of the general education or transfer module program at an institution, students are encouraged to meet with an academic adviser at the institution to which they plan to transfer early in their academic career. Advisers should be consulted regarding the transfer module and general education courses and any specific program requirements that can be completed before transfer.

Acceptance of Transfer Credit

1. Students who have completed an associate’s degree from a state-assisted Ohio institution with a cumulative GPA of 2.0 or better will receive transfer credit for all college-level courses that they have passed (D- or better).

2. Students who have not earned an associate’s degree will receive transfer credit for all college-level courses in which a grade of D- or better has been earned. Grades of F are transfer, however, no credit hours are awarded.

Admission to a given institution, however, does not guarantee that a transfer student automatically will be admitted to all majors, minors or fields of concentration at the institution. Once admitted, transfer students shall be subject to the same regulations governing applicability of catalog requirements as all other students. Further, transfer student shall be accorded the same class standing and other privileges as all other students on the basis of the number of credits earned. All residency requirements must be completed successfully at the receiving institution prior to the granting of a degree.
Responsibilities of Students

In order to facilitate transfer with maximum applicability of transfer credit, prospective transfer students should plan a course of study that will meet the requirements of a degree program at the receiving institution. Specifically, students should identify early in their collegiate studies an institution and major to which they desire to transfer. Further, students should determine if there are language requirements or any special course requirements that can be met during the freshman or sophomore year. This will enable students to plan and pursue a course of study that will articulate with the receiving institution’s major. Students are encouraged to seek further information regarding transfer from both their adviser and the college or university to which they plan to transfer.

Appeals Process

A student disagreeing with the application of transfer credit by the receiving institution has the right to appeal the decision. Students must complete a Transfer Credit Appeal Form which can be found in the Office of the Registrar or online. If a transfer student’s appeal is denied by the institution after all appeal levels have been exhausted, the student may appeal to the state-level articulation and transfer appeals review committee.

The University of Toledo’s Transfer Credit Appeal Process

If a transfer student believes there is an error in his or her Transfer Credit Evaluation (TCE), or has questions regarding the evaluation or application of transfer credit toward degree requirements, he or she should first contact the Transfer Center in the Registrar Office. The filled out Transfer Credit Appeal Form and course syllabi can be emailed to Transfer@utoledo.edu or dropped off at the Office of the Registrar in Rocket Hall, room 1100, to the attention of the Director of Transfer Credit Evaluation.

A student disagreeing with the application of transfer credit has the right to appeal the decision by following the procedure below. The appeal must be in writing within 90 days of receipt of the TCE or degree audit. The appeal process is as follows:

1. The student contacts the departmental chair and provides a written appeal. The departmental chair has 30 days from receipt of the appeal to respond in writing to the student.
2. If the issue is not resolved to the student’s satisfaction at step 1, the student contacts the dean of his or her UT college and provides a copy of the appeal and the department decision. A final college decision rests with the office of the dean. The dean has 30 days from receipt of the appeal to respond in writing to the student.
3. If the issue is not resolved to the student’s satisfaction after steps 1 and 2, the student submits a copy of the appeal, as well as the college decision, to the provost. The Provost’s Office will provide an institution-wide perspective. The provost has 30 days from receipt of the appeal to respond writing to the student. If the request is denied, the written correspondence to the student will outline the process for appealing to the state-level articulation and transfer appeals review committee of the Ohio Board of Regents.

Ohio Transfer Module Courses

The following list represents The University of Toledo Ohio Transfer Module courses. The transfer module, as directed by the Ohio Board of Regents, includes courses in the following areas: English, mathematics, arts and humanities, social and behavioral sciences, natural and physical sciences, and interdisciplinary studies.

Note: Completion of The University of Toledo transfer module requires course work above that which fulfills the general education core curriculum. Students should consult their academic adviser for further information.
Ohio Transfer Module
(https://www.ohiohighered.org/transfer/transfermodule/modules, click on University of Toledo)

A Transfer Module is a subset or a complete set (in some cases, the institution's Transfer Module may satisfy the entire set of general education requirements) of a college’s or university's general education requirements that represents a body of knowledge and academic skills common across Ohio colleges and universities, containing 36-40 semester hours of courses in the fields of (1) English; (2) mathematics; (3) arts/humanities; (4) social and behavioral sciences; (5) natural sciences; and (6) interdisciplinary coursework (optional).

Course Reporting System (https://reports-cems.transfercredit.ohio.gov/ap/6?13069133303922::NO:6)

The Ohio Transfer Module (OTM) Approved Courses Reporting System will help you identify Transfer Module approved courses that are guaranteed to transfer and apply toward related general education subject areas at Ohio’s public colleges and universities.

You can search by the OTM Subject Area that transfers as a general credit and/or by individual English and Math courses under the Learning Outcome (LO)-Based OTM Subject Area that transfers as a direct equivalent. Check out the Ohio Transfer Module (OTM) main page to learn more about the Ohio Transfer Module.

Determining Ohio Residency (http://codes.ohio.gov/orc/3333.31)

Status as a resident of Ohio shall be defined by the chancellor of the Ohio board of regents by rule promulgated pursuant to Chapter 119. of the Revised Code. No adjudication as to the status of any person under such rule, however, shall be required to be made pursuant to Chapter 119. of the Revised Code.

Michigan Reciprocity Agreement

Michigan and Ohio have entered into an agreement whereby The University of Toledo agrees to accept, at resident tuition rates, any resident of Monroe County (Michigan). Any student so admitted must meet all regular admission requirements of The University of Toledo, including those for the specific program for which admission was sought. Following the initial determination of residency status, any changes must be requested through formal application with the residency committee at least one month (30 days) prior to the beginning of the term for which the reclassification is requested. Eastern Michigan University agrees to accept Ohio residents at resident tuition rates.

Fees and Financial Aid

A complete schedule of student fees is provided in “The University of Toledo Finance Brochure,” which is published annually by the Bursar’s Office or may be found on the Web at http://www.utoledo.edu/offices/treasurer/financebrochure/FINANCEBROCHURE15-16.1.pdf

The University of Toledo has a wide variety of financial aid programs available to qualifying students. Information regarding federal, state and institutional aid through the Office of Student Financial Aid (OSFA) may be obtained through the University’s Web site: http://www.financialaid.utoledo.edu. The OSFA also annually publishes information that provides complete information on the types of financial aid available, the application process, satisfactory academic progress, and other pertinent issues. You also may contact the OSFA for additional information regarding scholarships available at The University of Toledo. All students must be U.S. citizens or eligible noncitizens of the U.S. as defined by the U.S. Department of Education and must be enrolled in a program leading to a degree or certificate in order to qualify for federal and state aid programs.
Earning Alternative College Credit

**Advanced Placement (AP)**

High school students who enroll in college-level courses and who demonstrate superior achievement in the appropriate Advanced Placement examinations offered by the College Entrance Examination Board may submit results of their examinations to the Offices of Admissions and the Registrar as part of their application for admission. These examinations are offered in May, and the candidate may, if desired, choose to take them by consulting with the secondary school college counselor or principal.

On recommendation of the departments concerned, full college credit may be granted for such work or certain prerequisite courses may be waived to permit the student to enroll in more advanced courses. Entering students who receive enough credit to qualify as sophomores will be ranked as sophomores. Please contact the appropriate department for further information.

Advanced placement credit may be granted by the following subject departments: art, art history, biology, chemistry, computer science, economics, English, foreign languages, history, mathematics, music, physics, political science and psychology.

**College Level Examination Program (CLEP)**

A student may earn college credit by taking the College Level Examination Program (CLEP) tests at the University Test Center, Scott Park Academic Services Center Room 1200, if college credit has not been earned in the area in which credit is sought and the student is not currently enrolled in a course in that area. Students should consult the college in which they are enrolled to determine the specific credit limitations. Students should take the CLEP examinations before entrance or transfer. Although it is recommended that these exams be taken prior to enrolling in classes at The University of Toledo, students may, with an adviser’s permission, take the exam within the first semester of study.

**Duplicate Credit in CLEP and AP**

Within existing college and University limitations, when a student presents CLEP and Advanced Placement scores in the same area, credit will be given for the CLEP or AP, whichever is the higher number of credit hours. In no case will CLEP and AP credits be added or combined. The individual department may decide in which course credit is to be given if alternate course credit is possible.

**International Baccalaureate**

The University of Toledo will award credit for a minimum score of 4 on the higher level examination of the International Baccalaureate (IB).

An incoming freshmen student who wants his/her IB examination test scores equated for course credit at the University is responsible for having his/her official IB scores submitted directly to the University. The University expects the student to submit IB examination scores at least one month prior to matriculation in order to facilitate a timely assessment of the scores. IB examination test scores should be submitted to the Office of Undergraduate Admissions at the University.

Upon receipt, the student’s IB test scores will be evaluated in accord with the University’s transfer policies and transfer credit evaluation procedures for the catalog year in which the student matriculates. The student’s test scores and choice of major determines the application of the credits awarded from the IB examinations.

The UT course equivalency for each course within each subject group will be established by faculty within the department most closely aligned with the subject content and learning outcomes of the IB diploma course(s).

A student who earns credit in a course that is equivalent to an IB examination will not be given credit for the IB examination credit. A student may not apply for IB credit after they matriculate. IB credit will not be assigned to the record retroactively.
The Provost and Vice President for Academic Affairs or designee will review the awarding of credit through the International Baccalaureate Diploma program annually each May in accordance with the state’s policies on transfer and articulation.

**Prior Learning Assessment**

Some colleges and departments grant credit for certain courses in which the student had previous academic instruction or practical experience by having this prior work assessed through Credit by Exam or Portfolio Development. A maximum of 30 credit hours may be obtained through portfolio and/or credit by exam toward a baccalaureate degree and 15 total hours toward an associate degree. Credits earned through any prior learning method do not fulfill college residency requirements. A student must earn a grade of C or better to have credit recorded. Students must be enrolled during the term in which the credit is to be recorded. The Prior Learning Assessment program follows a course-match model with a fee of $100 per course for either method. The method for credit is determined by the faculty of the course for which credit is sought. Additional resources and information are available at [www.utoledo.edu/call/PLA.html](http://www.utoledo.edu/call/PLA.html). Also see 3364-71-17 Credit for Prior Learning Policy.

**University Undergraduate General Education**

**General Education Learning Outcomes:**

- Assessment of the general education curriculum is organized into five student learning outcomes. Below are the outcome definitions.
- Communication: UT students must demonstrate abilities to communicate meaningfully, persuasively, and creatively with different audiences through written, oral, numeric, graphic and visual modes.
- Personal, Social, and Global Responsibility: UT students must demonstrate understanding of and critical engagement in ethical, cultural, and political discourse and capacity to work productively as a community member committed to the value of diversity, difference, and the imperatives of justice.
- Critical Thinking and Integrative Learning: UT students must be able to integrate reasoning, questioning, and analysis across traditional boundaries of viewpoint, practice, and discipline.
- Scientific and Quantitative Reasoning and Literacy: UT students must demonstrate the capacity to apply mathematical reasoning and scientific inquiry to diverse problems.
- Information Literacy: UT students must demonstrate the ability to find, organize, critically assess, and effectively use information to engage in advanced work in a challenging field of study. Students should demonstrate responsible, legal, creative, and ethical use of information.

The curricular components through which these goals are met are as follows:

**I. Skill areas** (9 Semester Hours)

Courses intended to fulfill these two areas must be at a nonintroductory level, (that is beyond college entry instructional level). English composition courses should emphasize expository prose writing. Precollege-level, English as a second language (ESL), creative writing, and speech courses will not fulfill this requirement. Mathematics courses build on and extend beyond three years of college preparatory math (including algebra II). Precollege-level math courses such as arithmetic, plane geometry, beginning and intermediate algebra will not fulfill this requirement.

- English Composition I and II (1110 or higher) (6 credit hours)
- Mathematics (1180 to 2600) (3 credit hours)
II. Competency / Subject areas (21-24 Semester Hours - to include at least two courses totaling 6 hours in each of the following areas. Students must choose two courses from different disciplines.)

- Humanities
- Social sciences
- Natural sciences (including at least one lab)
- *Diversity (one Diversity of U.S. Culture and one non-U.S. Culture)
- One additional general education/OTM course

*Students may satisfy one of the two multicultural requirements with at most one course that simultaneously fulfills a second area of the general education curriculum.

†Students must complete a placement test or satisfy prerequisites in order to enroll in one of these courses.
‡Indicated course is part of both the University Undergraduate General Education and the Ohio Transfer Module.

General Education Curriculum Courses

I. Skill Areas

A. English Composition (select composition I and one course from the composition II list)

College Composition I (ENGL 1110)
‡College Composition II: Acad. Disciplines & Discourse (ENGL 1130) ..................................................... 3
‡College Composition II: Writing the Community (ENGL 1140) .............................................................. 3
*‡College Composition II: Language and Identity (ENGL 1150) ................................................................. 3
‡Sci-Tech Report Writing (ENGL 2950) ........................................................................................................ 3
‡Organizational Report Writing (ENGL 2960) ............................................................................................... 3
Honors Readings Conference I (HON 1010) ................................................................................................. 3
Honors Readings Conference II (HON 1020) ................................................................................................. 3

B. Mathematics (select one course from the following):

Mathematics for Liberal Arts (MATH 1180) ............................................................... 3
Mathematics for Elementary Education II (MATH 1220) ............................................. 3
‡College Algebra (MATH 1320) ................................................................................................. 3
‡Trigonometry (MATH 1330) ................................................................................................. 3
‡College Algebra & Trigonometry (MATH 1340) ................................................................. 4
Calculus with Applications to Business and Finance (MATH 1730) .................................................. 5
‡Mathematics for the Life Sciences I (MATH 1750) ................................................................................. 4
‡Mathematics for the Life Sciences II (MATH 1760) ................................................................................. 3
Calculus I for Mathematicians, Scientists & Educators (MATH 1830) ......................................................... 4
Calculus II for Mathematicians, Scientists & Educators (MATH 1840) ....................................................... 4
‡Single Variable Calculus I (MATH 1850) ......................................................................................... 4
‡Single Variable Calculus II (MATH 1860) ......................................................................................... 4
‡Elementary Linear Algebra (MATH 1890) ......................................................................................... 3
‡Honors Calculus I (MATH 1920) ................................................................................................. 4
‡Honors Calculus II (MATH 1930) ................................................................................................. 4
Calculus for Engineering Technology I (MATH 2450) ................................................................. 4
Calculus for Engineering Technology II (MATH 2460) ................................................................. 4
‡Introduction to Statistics (MATH 2600) ................................................................................................. 3

+Students must complete a placement test or satisfy prerequisites in order to enroll in one of these courses.
II. Competency/Subject Areas

A. Humanities

Humanities

Such a course is likely to reside in the classics, literature, history, language, religion or philosophy. Humanities general education courses should be broad-based; narrowly focused courses will generally not fulfill this requirement. In order to qualify for the general education curriculum, a course must fulfill at least one, and should strive for a preponderance, of the five criteria below:

a. Provide an introduction to a particular humanities discipline;
b. Provide historical perspectives of our world;
c. Provide an overview of philosophical systems that compete for our attention;
d. Provide a broad understanding of literary or cultural currents of the past and/or the present; and,
e. Present cross-cultural perspectives.

After completing the humanities general education curriculum, a student should be able to:

1. **Communicate effectively**: All general education programs include a component for writing; many also include a component for oral communication or presentation
2. **Evaluate arguments in a logical fashion**: Competence in analysis and logical argument are explicit learning goals for most general education programs, although these skills go by a variety of names (e.g., critical thinking, analysis, logical thinking, etc.)
3. **Employ the methods of inquiry characteristic of natural sciences, social sciences, and the arts and humanities**: The tools for solving problems vary across disciplines; general education introduces students to methods of inquiry in several fields of study and thereby prepares students to integrate information from different disciplines
4. **Acquire an understanding of our global and diverse culture and society**
5. **Engage in our democratic society**: One of the overarching goals of general education is to prepare students to be active and informed citizens, the development of a disposition to participate in and contribute to our democracy is of full equal importance to the goal of having the skills to do so intelligently.

(Select two courses; minimum of six hours total from the following; no more than one course from any discipline):

**Art History**

Art of History (ARTH 1500) .................................................. 3
Aspects of Ancient Art (ARTH 2000) ..................................... 3

**History**

‡Europe to 1600 (HIST 1010) ............................................. 3
‡Europe from 1600 (HIST 1020) ........................................... 3
‡World History to 1500 (HIST 1050) ................................. 3
‡World History since 1500 (HIST 1060) ......................... 3
*‡The Contemporary World (HIST 1070) .......................... 3
*‡East Asia to 1800 (HIST 1080) ................................. 3
*‡East Asia from 1800 (HIST 1090) ............................. 3
*‡Latin American Civilizations (HIST 1100) .................... 3
*‡African Civilizations (HIST 1110/AFST 1110) ............ 3
*‡Middle East Civilization (HIST 1120) ......................... 3
America to 1865 (HIST 2010) ......................................... 3
America from 1865 (HIST 2020) .................................... 3
*‡Ancient Near East (HIST 2040/CLC 2040) ................. 3
‡Ancient Greece (HIST 2050/CLC 2050) ...................... 3
‡Ancient Rome (HIST 2060/CLC 2060) ....................... 3
Literature

‡Reading Fiction (ENGL 2710) ............................................. 3
‡Reading Drama (ENGL 2720) ............................................. 3

Cultural History (HON 2010) ...........................................

(HON 2020)........................................................................ 3
*‡Multicultural Literatures: The Non-European World
(HON 2030)........................................................................ 3

Music

‡Introduction to Music (MUS 2210) .................................... 3

*‡History of Jazz (MUS 2220/AFST 2220) ........................... 3
*‡Musical Diversity in the United States (MUS 2250) ....... 3
*‡Cultures and Music of Non-Western Styles (MUS 2420) 3

Philosophy

Intro to Logic (PHIL 1010) .................................................... 3
‡Critical Thinking (PHIL 1020) ............................................. 3
‡Intro to Philosophy (PHIL 2200) ........................................ 3
‡Contemporary Moral Problems (PHIL 2400)...................... 3

Religion

*World Religions (REL 1220) ............................................ 3
‡Introduction to Religion (REL 2000) .................................. 3
*‡Understanding the Monotheistic Religions (REL 2300) ... 3
‡Old Testament/Tanakh (REL 2310) ................................... 3
‡New Testament History and Ideas (REL 2330) .................. 3

Theatre

‡Introduction to Theatre (THR 1100) .................................. 3

B. Social Sciences

Courses intended to fulfill the social science competency should be broad, survey-type courses that emphasize methods
of thinking and approaches to problems rather than merely material specific to that field. A general education course in
social science should integrate factual, institutional, methodological and basic theoretical issues involved in the study of
society or human behavior. The course should emphasize critical thinking across a broad range of social and behavioral
topics. Ideally, such a course will be interdisciplinary – for example, an economics course might deal not only with
principles of economics, but also with politics, psychology, geography, anthropology and/or sociology. Generally, such
courses may not be suitable for prospective majors.

In order to qualify for the general education curriculum in social science, a course need not contain all of the elements,
but should strive for a preponderance, of the following criteria:

a. Provide an introduction to social science theory and/or methodology;
b. Reveal, describe, analyze and critically evaluate the connections between and among human beings and their
place in the world, whether ethical, cultural, physical, or social;
c. Demonstrate knowledge of the diversity of social, economic and political institutions and processes, and their
interrelationship within the United States and/or world;
d. Provide orientations toward collective behavior;
e. Present cross-cultural orientations;
f. Provide multivariable explanations of social issues;
g. Provide macro (institutional/societal) and micro (individual and small group) approaches; and,
h. Provide frameworks or settings for applied learning, knowledge or skills.
In addition, a student who completes the general education curriculum in social sciences should be able to:

The course directly emphasizes at least one of the learning outcomes for the Transfer Module. Which of these learning outcomes are addressed and how:

a. Communicate effectively: All general education programs include a component for writing; many also include a component for oral communication or presentation

b. Evaluate arguments in a logical fashion: Competence in analysis and logical argument are explicit learning goals for most general education programs, although these skills go by a variety of names (e.g., critical thinking, analysis, logical thinking, etc.)

c. Employ the methods of inquiry characteristic of natural sciences, social sciences, and the arts and humanities: The tools for solving problems vary across disciplines; general education introduces students to methods of inquiry in several fields of study and thereby prepares students to integrate information from different disciplines

d. Acquire an understanding of our global and diverse culture and society

e. Engage in our democratic society: One of the overarching goals of general education is to prepare students to be active and informed citizens, the development of a disposition to participate in and contribute to our democracy is full of equal importance to the goal of having the skills to do so intelligently.

(Select two courses; minimum of six hours total from the following; no more than one course from any discipline):

**Anthropology**
- Introduction to Anthropology (ANTH 1020) .......................... 3
- Introduction to Archaeology (ANTH 2020) .......................... 3
- World Pre-History (ANTH 2750) ........................................ 3
- Cultural Anthropology (ANTH 2800/LST 2800) ...................... 3
- African American Culture (ANTH 2900/SOC 2900) ............... 3

**Economics**
- Intro. to Economic Issues (ECON 1010) ............................. 3
- Principles of Macroeconomics (ECON 1150) ....................... 3
- Principles of Microeconomics (ECON 1200) ....................... 3

**Geography**
- Human Geography (GEPL 1010) ........................................ 3
- Environmental Geography (GEPL 1100) ............................. 3

**Political Science**
- American National Government (PSC 1200) ....................... 3

**Psychology**
- Principles of Psychology (PSY 1010) ................................. 3

**Sociology**
- Introduction to Sociology (SOC 1010) ............................... 3
- Social Problems (SOC 1750) ........................................... 3
- American Society (SOC 2100) .......................................... 3
- Communities (SOC 2410) .............................................. 3
- Race, Class & Gender (SOC 2640/LST 2640/WGST 2640) .... 3
- African American Culture (SOC 2900) ............................ 3
C. Natural Sciences

A course intended to fulfill the natural sciences competency should expose students to the process of scientific inquiry and encourage development of a perspective of science in the world. Such a course should provide not mere facts, but an understanding of the basic issues, methodologies and theories that drive inquiry in the major disciplinary areas of the sciences.

Courses would normally be drawn from the biological sciences, environmental sciences, geology, chemistry, physics and astronomy. Emphasis should be placed on reasoning skills rather than recall of scientific content or a high level of skill in mathematics or reading.

In order to qualify for the general education curriculum in natural sciences, a course need not contain all of the elements, but should strive for a preponderance, of the following criteria:

a. Provide an understanding of the nature of science in general and of major scientific concepts;

b. Provide analysis and evaluation of scientific information;

c. Provide discipline specific principles and information;

d. Present applications and demonstrate the value of the discipline to society in general; and,

e. Introduce scientific reasoning skills.

In addition, a student who completes the general education curriculum in natural sciences should be able to:

The course directly emphasizes at least one of the learning outcomes for the Transfer Module. Which of these learning outcomes are addressed and how:

a. Communicate effectively: All general education programs include a component for writing; many also include a component for oral communication or presentation

b. Evaluate arguments in a logical fashion: Competence in analysis and logical argument are explicit learning goals for most general education programs, although these skills go by a variety of names (e.g., critical thinking, analysis, logical thinking, etc.)

c. Employ the methods of inquiry characteristic of natural sciences, social sciences, and the arts and humanities: The tools for solving problems vary across disciplines; general education introduces students to methods of inquiry in several fields of study and thereby prepares students to integrate information from different disciplines

d. Acquire an understanding of our global and diverse culture and society

e. Engage in our democratic society: One of the overarching goals of general education is to prepare students to be active and informed citizens, the development of a disposition to participate in and contribute to our democracy is full of equal importance to the goal of having the skills to do so intelligently.

(Select two courses; minimum of six hours total from the following including one laboratory; no more than one course from any discipline):

Anatomy/Physiology
Anatomy & Physiology I (KINE 2560) ........................................ 3

Astronomy
‡Survey of Astronomy (ASTR 1010) .................................... 3

### D. Diversity

This requirement aims to foster an understanding of and respect for different cultures and peoples, both within and outside the United States, through the study of their beliefs, customs, histories, values and interrelationships. (Select one course from Diversity of U.S. Culture and one course from non-U.S. Culture for a total of six hours):

*Students may satisfy one of the two multicultural requirements with at most one course that simultaneously fulfills a second area of the general education curriculum.*

#### 1. Diversity of U.S. Culture

A diversity of U.S. culture course includes, but is not restricted to, an examination of the economic, political, philosophical, social or artistic life of distinct cultural communities in the United States. Cultural communities may include but are not limited to communities based on race, ethnicity, class, gender, sexual orientation, beliefs and disability.

A student who completes the diversity of U.S. culture requirement should be able to:

- Explain the cultural relationships between dominant and nondominant cultures within the U.S;
- Describe how diverse cultural communities contribute to the development of U.S. culture; and,
- Compare complex social structures within diverse U.S. cultural communities.
(At minimum, select one course of at least three hours from the following):

Multicultural Approaches for Art Appreciation (AED 3130) .. 3
Introduction to Africana Studies (AFST 1100) .................. 3
Foundations of Black Intellectual History (AFST 2100) ....... 3
*African American Culture (ANTH 2900/SOC 2900) ........... 3
Indians of North America (ANTH 3920) .......................... 3
The Irish-American Experience (ANTH 4860) .................... 3
*Visual Construction of Gender (ARTH 3820/WGST 3020) ... 3
Managing Diversity in the Workplace (BMGT 2700) .......... 3
Cultural Communications in the Workplace (BMGT 2750).... 3
Multicultural Literature (CI 4360) ................................ 3
Disability in the United States (DST 2020) ....................... 3
Economics of Gender (ECON 3050/LST 3050/WGST 3650) ... 3
Economic History of the African American Community
(ECON 3490/AFST 3490) ................................................ 3
*‡College Composition II: Language and Identity (ENGL 1150) ... 3
Folklore (ENGL 3730/AMST 3730) ................................. 3
Women and Literature (ENGL 3750/WGST 3750) .......... 3
Language in the African American Community
(ENGL 4140/LING 4140/AFST 4140) ............................... 3
African-American Writers Before the 20th Century
(ENGL 4650/AFST 4650) ................................................. 3
African-American Literature in the 20th Century
(ENGL 4660/AFST 4660) ................................................. 3
Native American Literature and Culture (ENGL 4690) ....... 3
Geography of U.S. and Canada (GEPL 3050) .................. 3
American Indian History (HIST 2340) ............................ 3
The American West (HIST 3160) .................................... 3
African-American History to 1865 (HIST 3250/AFST 3250) 3
African-American History from 1865 (HIST 3260/AFST 3260) 3
Ethnic America (HIST 3310) ......................................... 3
Indians in Eastern North America (HIST 3320) ................. 3
Western American Indians (HIST 3330) ........................... 3
The Early Frontier (HIST 3350) ...................................... 3
American Labor and Working-Class History I (HIST 3480) .. 3
Women in American History (HIST 3600/WGST 4510) ..... 3
Women in Early America (HIST 4210) ...................... 3
History of Native American Religious Movements (HIST 4310) ... 3
Far Western Frontier (HIST 4340) .......................... 3
Selected Topics in African-American History
(HIST 4420/AFST 4420) ................................................. 3
Slavery in America (HIST 4430/AFST 4430) ...................... 3

*‡Multicultural Literatures: The North American Experience
(HON 2020) ................................................................. 3
*‡History of Jazz (MUS 2220/AFST 2220) ...................... 3
*‡Musical Diversity in the United States (MUS 2250) ........ 3
Feminism & Philosophy (PHIL 3540/WGST 3550) .......... 3
Women in American Politics (PSC 2210/WGST 2610) ..... 3
Race & Public Policy (PSC 4540) ............................... 3
*‡Race, Class & Gender (SOC 2640/LST 2640/WGST 2640) .. 3
Racial and Ethnic Minorities in the US (SOC 4660) .......... 3
African Americans in the U.S. (SOC 4670/AFST 4670) .... 3
Gender Roles (SOC 4820/WGST 4140) ............................. 3
*Introduction to Social Welfare (SOCW 1030) .................... 3
Diversity in Contemporary Society (TSOC 2000) ............... 3
Introduction to Gender Studies: Gender, Sex & Differences
(WGST 2010) ............................................................. 3
2. Non-U.S. Culture

A non-U.S. culture course includes, but is not restricted to, an examination of the economic, political, philosophical, social or artistic life of communities outside the United States that did not contribute to the dominant culture in the United States.

A student who completes the non-U.S. culture requirement should be able to:

- Demonstrate awareness of cultural communities outside the United States;
- Demonstrate knowledge of responsible citizenship in a global society;
- Explain the cultural relationships between dominant and non-dominant populations outside the United States;
- Compare complex social structures within diverse cultural communities outside the United States; and,
- Recognize contemporary global issues facing a non-U.S. culture.

(At minimum, select one course of at least three hours from the following):

- Introduction to the African Experience (AFST 1200) .......... 3
- Foundations of Culture in the African Diaspora (AFST 2200) 3
- Human Society Through Film (ANTH 2100) ...................... 3
- Cultural Anthropology (ANTH 2800/LST 2800) ................. 3
- Food, Health Society (ANTH 3300) ............................... 3
- Peoples of the World: An Evolutionary Approach (ANTH 3850) 3
- Peoples of Subsaharan Africa (ANTH 3940) ....................... 3
- Biocultural Ecology (ANTH 4730) .................................. 3
- Medical Anthropology (ANTH 4760) .............................. 3
- Anthropology of Religion (ANTH 4820/LST 4820) ............. 3
- Peasant Society (ANTH 4890) ........................................ 3
- Asian Art (ARTH 2100) ................................................ 3
- Ethnographic Art (ARTH 2200) ....................................... 3
- Topics in Ethno Art (ARTH 3270) .................................. 3

*Students may satisfy one of the two multicultural requirements with at most one course that simultaneously fulfills a second area of the general education curriculum.

General Academic Policies

The policies listed below are general policies for the University. Students should consult their advisers for college-specific academic policies.

Full-Time Status

A student must carry a minimum of 12 semester hours each term to be considered a full-time student. Students should carry an average of 15 to 16 hours of course work each semester to complete bachelor’s degree requirements in the usual eight semesters of full-time study (four semesters of full-time study in an associate’s degree program).
Class Rank

Class rank is based upon the number of semester hours completed and is determined as follows:

- Freshman 0-29.9 hours
- Sophomore 30-59.9 hours
- Junior 60-89.9 hours
- Senior 90+ hours

Course Numbering System

University course numbers follow this system:

**Undergraduate**

- 0500-0990 Nondegree credit
- 1000-1990 Primarily for freshmen and sophomores
- 2000-2990 Sophomores, juniors and seniors
- 3000-3990 Juniors and seniors
- 4000-4990 Advanced undergraduates

**Graduate**

- 5000-5990 Master’s level
- 6000-6990 Advanced master’s level
- 7000-7990 Doctoral level
- 8000-8990 Advanced doctoral level
- 9000-9990 College of Law

Credit for Repeated Courses

Credit for any repeated course will apply only once toward degree requirements. Grades for all attempts at the course will appear on the student’s official academic record (official transcript) and will count toward the GPA, unless the grade has been deleted. See the policy on GPA Recalculation for Repeated Courses.

Undergraduate Academic Policies

- 3364-71-01 Academic Standing
- 3364-71-02 Enrollment status: full time, part time, and audit
- 3364-71-03 Class Rank
- 3364-71-04 Academic dishonesty
- 3364-71-05 Academic Grievance
- 3364-71-06 Academic forgiveness
- 3364-71-07 Repeating a course and calculating GPA
- 3364-71-08 Adding and/or dropping a Course
- 3364-71-09 Dual Degrees
- 3364-71-10 Residency requirement for a degree
- 3364-71-11 Grades and grading
- 3364-71-12 Priority registration
- 3364-71-13 Graduation with honors distinction; Dean’s list; President’s list
- 3364-71-14 Missed class policy
- 3364-71-15 Confidentiality of student records (FERPA)
- 3364-71-16 Administrative adjustment for extenuating circumstances
- 3364-71-17 Credit for prior learning
- 3364-71-18 Veteran and service members support and assistance
Registration Policies

Adding a Class or Registering Late
A student may add a course or register late within the first five calendar days of a new semester, excluding summer, with no signature required as long as a seat is available. Students wishing to add a class between the sixth and 15th calendar days inclusively of a new term may be able to do so with an approved signature. A late registration fee is assessed for initial registrations on or after the first day of the semester.

Dropping a Class
During the first 15 calendar days of the term (prorated for summer and special sessions), a student may drop from a class with no record on the student’s transcript. A student may drop a course or courses electronically through the fifteenth calendar day of the term.

Withdrawing from a Class
A student withdrawal (W) occurs when a student gives formal notice of his/her intent to withdraw from class(es) at the University. After the add/drop period and before the end of the tenth week of class, withdrawals can be processed online through the myUT portal (provided there are no holds), and can also be processed at Rocket Solution Central (RSC) located in Rocket Hall, Room 1200 regardless of whether or not there are holds. Failure to drop or withdrawal from a course for which a student has stopped attending may result in a grade of "F". Specific drop and withdrawal dates for a term are listed on the University’s academic calendar or by contacting Rocket Solution Central (RSC) 419.530.8700. The instructor’s permission is not required to withdraw from class(es). The student will be given a grade of W on his or her transcript, indicating a withdrawal from class.

Withdrawal deadlines for summer term sessions and special sessions that do not meet at the standard start/stop dates of the term will be proportional to those for regularly scheduled terms. The student should check with Rocket Solution Central (RSC) to determine the withdrawal deadlines for summer terms and special sessions.

In the event that a student becomes critically ill or injured during the course of the semester, the student should contact the Registrar’s Office for information on the Medical Drop/Withdrawal process. There are deadlines associated with this process so contact to the Registrar’s Office should be made as soon as possible.

WARNING
Once a withdrawal is processed, it cannot be rescinded. Based on the date of withdrawal, fees may or may not be adjusted. Since withdrawn courses reduce enrolled hours, withdrawing from courses may have an adverse effect on a student’s financial aid benefits, scholarships, loan deferments, athletic eligibility, health insurance, veteran’s benefits, degree requirements, or other areas. Students should contact the appropriate department for guidance prior to withdrawing.

Withdrawal Policies of Colleges
Colleges may limit the total number of withdrawals a student may accumulate. Consult the appropriate college section of this catalog.

Academic Course Overload
A student who wants to enroll for more than 21 semester hours in a semester or 16 total hours during the summer must have a signature from the college dean.
Refund Policy

Policies related to refund of fees for changes of schedule are presented in the University’s Schedule of Classes for the semester or “The University of Toledo Finance Brochure.” The date used to determine eligibility for refund shall be the date the drop transaction is processed. Failure to attend class, giving notice to an instructor, stopping payment on a check that was used to pay fees, or similar unofficial notice to any University office shall not be considered official notice.

The University’s refund policy includes provisions to conform to the Higher Education Amendments of 1998 and the “Return of Title IV Funds” regulations published on Nov. 1, 1999.

Registration/Scheduling

Information related to scheduling/registration procedures is described on the Office of the Registrar’s Web site at http://registrar.utoledo.edu/ScheduleOfClasses/default.asp. Students with disabilities may have priority registration through the Student Disability Services.

</tr>
</tbody>
</table>

* No effect on grade point average
The Grade of Incomplete (IN)
The grade of IN is assigned only in extraordinary cases when unexpected conditions prevent the student from completing the requirements of the course within the term of enrollment. The student must complete the required work before the end of the following semester in which the grade is received (excluding summers); otherwise the grade will be converted to a grade of F by the Office of the Registrar. The student may initiate a request for an additional semester to complete the work for the grade (excluding summers). The extension is granted upon the approval of the faculty member and the associate dean of the college offering the course. The incomplete grade will not be considered in computing the student’s grade point average.

The Grade of Progress in Review (PR)
For master’s and doctoral theses and dissertations, for undergraduate individual-study courses, and for special projects at the undergraduate and graduate levels that may not be completed at the end of a particular grading period, the grade of PR may be given to denote work in progress. It will not be considered in computing the grade point average. Except in certain cases involving continuing graduate students graduating with a master’s degree, the grade of PR must be removed from the student’s record before the student may graduate.

The Audit Grade Option (AU)
The notation AU appears on the student’s record when he or she enrolls in a course for audit. AU is not a grade and no credit is granted. An auditor is not required to complete assignments or tests, nor is the instructor required to grade any of the student’s work in the course. The student must declare this option by the 15th calendar day of the term. A student auditing a course pays the same as for a course being taken for credit. Financial aid does not pay for audited courses.

Pass/No Credit (PS/NC) Grade Option
Students may elect to enroll in certain undergraduate courses for Pass/No Credit rather than an A-F grade. Students must complete a petition to take a class Pass/No Credit and obtain the approval of their college before the end of the 15th calendar day of the term. Grades of C or better will be changed to PS, and grades of C-, D+, D, D- and F will be changed to NC. The grades of PS and NC do not affect the grade point average. Students should consult their college regarding any limitations that may exist for this option.

Grade Changes
A. IN or PR to a letter grade: After work is completed, the instructor will complete a change of grade form and forward it to the Office of the Registrar.
B. All letter grade to letter grade changes must be forwarded to the college office for final approval. They are then submitted to the Office of the Registrar.

GPA Recalculation Policy for Repeated Courses
Under certain conditions, students who have retaken a course and earned a higher grade may petition to have the first grade excluded from their grade point average. If the petition is approved, the Office of the Registrar will be notified, and the student’s transcript will show the notation “Repeat (Excluded from GPA)” next to the original course and the notation “R” next to the retaken course.

Credit for any repeated course will apply only once toward degree requirements. Grades for all attempts at the course will appear on the student’s official academic record (official transcript) regardless of whether or not the grade has been deleted. All grades, including those for repeated courses, will be included in the determination of eligibility for honors, fellowships, or other distinctions accruing on the basis of GPA. A copy of the approved petition will become part of the student’s permanent record file.
A student may petition to have a grade excluded from GPA computation under the following conditions:

1. The repeated course must be completed prior to the granting of the first bachelor’s degree, and the grade deletion petition must be submitted no later than one semester after graduation.

2. Before petitioning, a student must have retaken the same course (or the renumbered substitute for that course) in the same department at The University of Toledo and earned a higher grade in the course retaken.

3. No more than a total of 12 semester hours or the equivalent of 16 quarter hours of course work may be deleted from the student’s transcript. A college may adopt a more stringent requirement.

4. This policy applies only to the first recorded grade in a course that a student has repeated.

5. Subject to the limitations described above, applications will be approved unless the instructor attests that the original grade was given for academic dishonesty.

This policy will apply to all students admitted fall 1997 or later. It does not apply to graduate and post-baccalaureate professional studies.

**Grade Point Average (GPA)**

A student’s cumulative grade point average is computed by dividing the total number of quality hours into the total number of quality points earned including F grades for all repeated courses that have not been approved for deletion on the basis of petition by the student. To obtain a degree or certificate in an undergraduate program, the student must have the proper number of credit hours in the courses required for the degree and a cumulative grade point average of at least 2.0. Grade point average requirements may be higher in certain colleges and in certain majors; this information is available in the individual college listings.

**Higher Education Grade Point Average**

A student’s higher education (overall) grade point average includes all course work taken at all institutions of higher education, including UT (unadjusted by Grade Deletions or the Academic Forgiveness Policy). The higher education GPA will be used for purposes of determining eligibility for University, collegiate, departmental or professional honors and other recognition based upon the student’s undergraduate academic career and record of academic performance.

**Academic Forgiveness Policy**

Under certain conditions, an undergraduate student who re-enrolls in The University of Toledo after an absence from the University (or any academic institution of higher education) is permitted the opportunity to have his/her academic standing calculated from the point of readmission. Once the student has demonstrated the ability to sustain a satisfactory level of academic performance, all grades of C-, D+, D, D-, F, E, P and WF are forfeited. Grades of A, A-, B+, B, B-, C+, C and PS only will be counted for credit. The following students are eligible to petition for the Academic Forgiveness Policy:

1. Former students who have not been enrolled at UT or any other accredited academic institution of higher learning for a period of at least two calendar years, during which time the student has a documented enlistment in the U.S. Armed Forces.

or

2. Former students who have not been enrolled at UT or any other accredited academic institution of higher learning for a period of at least three calendar years.

Students who would be eligible for academic forgiveness will follow the established procedures for readmission. Upon completion of 24 semester hours of graded academic course work in a bachelor’s degree program, or 16 semester hours of graded academic course work in an associate’s degree program and a minimum time of two semesters as well as a
minimum grade point average of 2.5 in courses since readmission, the student may elect to apply for academic forgiveness by submitting a written petition to the dean of the college.

If the dean grants academic forgiveness:

1. The previous grade point average is deleted.

2. Credits from all courses taken during the previous enrollment at UT with a grade of C- or lower are removed (although the grades are retained on the academic transcript with the notation “Academic Forgiveness Policy”).

3. Credits for all courses taken during the previous enrollment at UT with a grade of C or better as well as PS only will be counted for credit.

4. All calculations of quality hours, quality points and cumulative GPA will be adjusted.

The Academic Forgiveness Policy applies to all grades, including pass and fail, earned during the previous enrollment period at UT. If a student received a grade of C-, D+, D or D- during the previous enrollment period for a course that is required in the degree program that the student is pursuing, the student must either retake the course or the dean of the college must approve a suitable substitution.

Under provisions of the Academic Forgiveness Policy, a student must be re-enrolled at UT for a minimum of 32 semester hours before graduation. Grades from all courses ever taken at UT and the resulting GPA (unadjusted by the Academic Forgiveness Policy) will be used for purposes of determining eligibility for University, collegial, departmental or professional honors or other recognition.

A student may petition for the application of the Academic Forgiveness Policy to his or her record only one time in his or her career at UT. This policy is only available for undergraduate course work taken at UT and only for undergraduate students earning a first undergraduate degree. Students may not petition for GPA recalculation under the University’s GPA Recalculation Policy after they have used the Academic Forgiveness Policy. Note: This policy does not apply to graduate studies.

**Medical Withdrawal Policy**

The purpose of this policy is to assist students who wish to drop or withdraw from classes for medical reasons.

A Medical Drop/Withdrawal request from students will be granted in the event of catastrophic/serious illnesses, injuries or conditions that seriously impair and/or incapacitate the student and impair the student’s ability to attend classes. *Approved medical drops/withdrawals will be at the sole discretion and judgment of the chief of medicine at the Student Medical Center, and when fitting, in consultation with the appropriate college dean.* To maintain the student’s confidentiality, a release of information form will be obtained from the student prior to the Student Medical Center contacting the college dean.

1. Students are advised to contact the Student Medical Center within 10 calendar days from the onset of the condition that necessitates absence from class. Requests will be considered up through the last day of classes within the semester in question.

2. Relevant information is needed in order to process a request for a Medical Drop/Withdrawal. Each applicant will be given the necessary forms, which request demographic information and clinical documentation, such as the date of the onset of illness or injury, diagnosis, hospitalization dates, treatment received and the prognosis.
3. Following thorough review of this documentation, a recommendation will be made and the student will be notified by mail within three days concerning the decision. Appropriate University offices will be notified by the Student Medical Center in cases of approval, i.e., Registrar’s Office and college dean. Please note that an approved medical drop/withdrawal will affect all of the student’s grades. Completed modular/flex classes (eight-week sessions) will not be affected.

4. Students for whom the date of onset occurs during the first 15 calendar days of the semester term will be eligible for a 90 percent refund. After the 15th calendar day of the semester and up until the end of the 10th week, a 60 percent refund will be granted for any approved medical drop. No refund in tuition will be granted for a date of on-set beyond the 10th week. Note: Refund requests for financial aid recipients will be granted on a case-by-case basis depending upon financial aid stipulations.

5. If a Medical Drop/Withdrawal is approved, re-enrollment to the University of Toledo must be approved by the chief of medicine, prior to registering for subsequent classes. It is requested that the student contact the Student Medical Center at minimum one week prior to registration. The following documentation is required from the student’s attending physician or psychiatrist:
   • Any limitations or restrictions imposed on the student
   • Date the student may resume classes

6. Note: The chief of medicine may request further evaluation of the student’s condition prior to making a reenrollment decision.

7. In the event of a denied medical drop, the student may appeal within seven calendar days of the date of denial to the senior director of Health and Wellness. A review committee consisting of the Health and Wellness senior director, chief of medicine, student advocate, a representative from the dean of students, and a member of the college dean’s office will meet and a recommendation will be made. The student will be contacted with the appeal decision within 20 calendar days of the request.

**Petition for Administrative Adjustment**

In certain extenuating circumstances that occur outside the normal policies and deadlines of the University, discretionary drop/withdrawal/schedule adjustments may be granted. A student must petition the Office of the Registrar within one year of the term for which the adjustment is requested and must provide a written statement explaining why an administrative adjustment is requested. This written statement must include dates, details, any financial request, documentation supporting the explanation, and a completed Course Request Form or Withdrawal Form as appropriate. Students with medical requests to drop classes for personal illness or injury should contact the Student Medical Center at 419.530.3493.

The Petition for Administrative Adjustment can be found on the Web at [http://www.utoledo.edu/offices/registrar/pdfs/Administrative%20Adjustment%20Form%202015.pdf](http://www.utoledo.edu/offices/registrar/pdfs/Administrative%20Adjustment%20Form%202015.pdf) or in the Office of the Registrar.

**Academic Probation**

1. A student whose cumulative GPA is less than 2.0 is automatically placed on probation until a 2.0 cumulative GPA is achieved. In the College of Engineering, a student earning a 1.5 average in any semester regardless of his or her cumulative grade point average will be placed on probation. Please refer to the College of Pharmacy section in the catalog for specific policies regarding academic probation.

2. As long as a student remains on academic probation, enrollment restrictions may be imposed by the student’s college.
Academic Suspension

Students may be suspended from the University if they fail to maintain the required cumulative GPA. A student under academic suspension may not enroll in classes at UT for a period of at least one semester. Students should refer to the statements of colleges and centers for information regarding their specific policies and grade point averages. A cumulative GPA on attempting specific levels of course work defined in items 1-6 below leads to suspension.

1. Less than 1.0 after attempting 10-19 semester hours
2. Less than 1.5 after attempting 20-29 semester hours
3. Less than 1.7 after attempting 30-39 semester hours
4. Less than 1.8 after attempting 40-49 semester hours
5. Less than 1.9 after attempting 50-59 semester hours
6. Less than 2.0 after attempting 60 semester hours

Each college and the Student Success Center will set its own conditions for readmission. After accumulating 60 credit hours without suspension, a student may be suspended if the student falls below a cumulative GPA of 2.0 for two consecutive semesters.

Consult the probation and suspension policies for each college for more specific information. The Graduate School and the Colleges of Engineering and Pharmacy have separate and distinct policies from the other colleges.

Policy Statement on Academic Dishonesty

Academic dishonesty will not be tolerated. Among the aims of education are the acquisition of knowledge and development of the skills necessary for success in any profession. Students are responsible for knowing what constitutes academic dishonesty. If students are uncertain about what constitutes plagiarism or cheating, they should seek the instructor’s advice. Examples of academic dishonesty include, but are not limited to:

1. Plagiarizing or representing the words, ideas or information of another person as one’s own and not offering proper documentation;
2. Giving or receiving, prior to an examination, any unauthorized information concerning the content of that examination;
3. Referring to or displaying any unauthorized materials inside or outside of the examination room during the course of an examination;
4. Communicating during an examination in any manner with any unauthorized person concerning the examination or any part of it;
5. Giving or receiving substantive aid during the course of an examination;
6. Commencing an examination before the stipulated time or continuing to work on an examination after the announced conclusion of the examination period;
7. Taking, converting, concealing, defacing, damaging or destroying any property related to the preparation or completion of assignments, research or examination;
8. Submitting the same written work to fulfill the requirements for more than one course.

While academic integrity is particularly the responsibility of the student, the faculty members also have a responsibility. Assignments and tests should be constructed and proctored so as to discourage academic dishonesty. Faculty members are expected to inform their students explicitly as to what materials and procedures are authorized for use in the preparation of assignments or in examinations (e.g., the use of calculator, computer, text materials, etc.). Should cases of academic dishonesty be found among students, the instructor may choose to counsel the student, or the following sanctions may be imposed:

1. The student may be assigned an F for the work in question.
2. The student may be assigned an F for the course. In this case, the instructor should inform the dean and the student of this action. The dean will make certain that the student receives the F grade and is not permitted to withdraw from the course.
3. The student may be placed on probation or suspended for some definite period of time, dismissed or expelled by the dean if either the seriousness of the offense or a record of repeated offenses warrants it. A notation that such a sanction has been imposed will be made part of the student’s permanent record. It is expected that the dean will consult with the instructor and the student in making such a judgment, and that the dean will notify the student of the sanction imposed and of the appeals procedure.

A student found to be academically dishonest by a faculty member may appeal according to The University of Toledo Academic Grievance Procedure, which follows.

**Academic Grievance Procedure**

The University of Toledo recognizes a student’s right to due process. The University understands the need to assure that student grievances about faculty actions are evaluated fairly and equitably and, for this purpose, UT has an established academic grievance policy and procedures for undergraduate and graduate students.

**Honors**

**Graduation with Honors**

Baccalaureate students graduate with scholastic distinction on the basis of the higher education (overall) grade point averages. The higher education grade point average includes all course work taken at all institutions of higher education, including the UT GPA (unadjusted by Grade Deletions or the Academic Forgiveness Policy). These averages and the citation they merit on the student’s degree are as follows: 3.3, cum laude; 3.6, magna cum laude; 3.9, summa cum laude. Students must have taken 80 percent of their course work on the regular grading system, minus any credits earned in courses where the student has no choice in receiving a P/NC grade, to qualify for honors.

Students graduating with an associate’s degree will receive a scholastic distinction of “high scholarship” if their overall GPA is a 3.3 or higher.

Transfer students should note that The University of Toledo will include all course work taken at all institutions of higher education in the calculation to determine if a student will graduate with honors. All college course work taken is computed in determining eligibility for graduation with honors, although no student will be awarded a level of honors above that indicated by The University of Toledo cumulative GPA.

Note: The University of Toledo requires a minimum of 30 semester hours of standard letter-graded courses from UT in order to qualify for graduation with honors.

**President’s List**

Each semester, except summer, full-time students (12 or more quality hours, graded A through F) earning a 4.0 GPA are selected for recognition by being named to the President’s List. Because of the co-op programs, full-time students in the College of Engineering will be eligible for the President’s List during the summer term.

**Dean’s List**

Each semester, except summer, full-time students (12 or more quality hours, graded A through F) earning a 3.5 or above GPA are selected for recognition by being named to the Dean’s List. Because of the co-op programs, full-time students in the College of Engineering will be eligible for the Dean’s List during the summer term.

**Dean’s Recognition List**

The Dean’s Recognition List is used to recognize part-time students for academic excellence. This recognition will occur in the summer for the previous academic year’s performance. For this distinction a student must:

1. Be enrolled for both semesters of an academic year and complete a total of nine to 22 hours graded A through F between the two semesters;
2. Be a part-time student for the academic year; and
3. Earn a cumulative GPA of 3.5 or better for each semester.

*Please refer to the individual college sections for more specific information on scholastic distinction.*
Student Support Services

Center for Experiential Learning and Career Services
Location: Student Union Room 1533
Phone: 419.530.4341
Email: celcs@utoledo.edu
Web site: www.utoledo.edu/success/celcs/index.html

The Center for Experiential Learning and Career Services (CELCS) works to connect students to meaningful learning experiences and assist students with determining a major and career exploration. The Center for Experiential Learning and Career Services provides career planning services for students and alumni of the University. The professional staff will assist UT students and alumni to help them clarify and implement their academic and career goals. Career Services offers individual counseling appointments, personality and occupational interest inventories, classroom presentations and workshops. Career exploration, job readiness and job search strategies, identification of part-time and full-time career employment opportunities, and on-campus interviews are available to students seeking work experience.

It is recommended that students connect with CELCS in their first year; begin looking into internship opportunities in their second year; attend job readiness workshops and work at internships during their junior year; and schedule on-campus interviewing sessions in their senior year. It is beneficial for students to attend job fairs throughout their academic career to learn about career opportunities within their major. Students are also encouraged to utilize Ohio Means Jobs.

University Counseling Center
Locations: Rocket Hall Room 1810
Phone: 419.530.2426
Web site: www.utoledo.edu/studentaffairs/counseling/

The University Counseling Center provides individual, couples, family, and group counseling and referral services to enrolled students for personal growth, increased self-awareness, family and interpersonal issues, depression and anxiety, as well as acute problems and crises. The center offers outreach and consultation services to University students, faculty and staff. Training opportunities for doctoral-level clinical psychology, counselor education and supervision and masters in social work graduate students are available. Services are free and counseling records are confidential.

Dean of Students Office
Location: Student Union Room 2509
Phone: 419.530.2256
Web site: www.utoledo.edu/studentaffairs/dos/

The mission of the Office of the Dean of Students is to ensure that students accomplish their educational and personal goals within the context of the broader academic purpose of the University. The Office of the Dean of Students promotes the development of, and enhances the educational experience for, students through intentionally designed co-curricular opportunities and through institutional policy development on students' behalf.

Catharine S. Eberly Center for Women
Location: Tucker Hall Room 0168
Phone: 419.530.8570
Web site: www.utoledo.edu/centers/eberly/index.html

The purpose of the Catharine S. Eberly Center for Women is to serve the women of the University and the larger Toledo communities by advocating for women's equity in education, work and health. Founded in 1978, the center was re-named in 1980 in honor of Catharine S. Eberly, who helped to establish the center and who served with distinction as a
trustee of The University of Toledo from 1974 to 1979.

Student Disability Services
Location: Rocket Hall 1820
Phone: 419.530.4981   VP: 419.386.2189   TTY: 419.530.2612
Web site: www.utoledo.edu/offices/student-disability-services/index.html

For students with disabilities, Student Disability Services offers assistance and a variety of services in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. The University of Toledo provides aids such as note taker services, enlargement of materials, oral/sign language interpreters, Braille transcription, special examination procedures, secondary academic advising, electronic text (e-text) and barrier removal assistance.

Student Medical Services
Location: Student Medical Center
Phone: 419.530.3451
Web site: www.utoledo.edu/healthservices/student/index.html

The Student Medical Center is a nationally accredited health care facility staffed with Board Certified physicians and Certified nurse practitioners that offers students, faculty, and staff a variety of services, including primary and acute medical care; women’s health care; psychiatric services; laboratory testing; prescription and over-the-counter medication; alcohol and substance abuse programming; sexual assault victim advocacy and educational/prevention programming; free/confidential HIV/AIDS testing; allergy injections and other immunizations; and student health insurance; and the Medical Drop/Withdrawal process. Charges are assessed for office visits, procedures, laboratory work and pharmacy. Third party billing is provided for those with health insurance. University Counseling Center services are available at the Student Medical Center and in the Armory.

The Center for International Studies and Programs (CISP)
Location: Snyder Memorial 1000
Phone: 419.530.5268
Fax: 419.530.5266
Email: CISP@utoledo.edu

The Center for International Studies and Programs (CISP) supports internationalization efforts at The University of Toledo by creating links among students, faculty and staff, visiting scholars, and the community that foster cross-cultural understanding and appreciation. The Center encourages global citizenship through innovative educational, cultural and service learning programming and through student and scholar exchanges. CISP is committed to the belief that effective cross-cultural interaction leads to global understanding and ultimately to a more rewarding human experience and to a better, more peaceful world. CISP houses the American Language Institute, the Confucius Institute, the Office of International Student and Scholar Services and the Office of Education Abroad.

Education Abroad Office
The Education Abroad Office serves as a key resource at UT in regard to international education opportunities. The office collaborates with the many academic departments in creating and administering education-abroad programs for undergraduate and graduate students, as well as in the transfer of academic credit. One of the most important responsibilities of the office, however, is to provide resources and guidance to students before, during, and after a study abroad experience. The office also arranges and conducts pre-departure and re-entry sessions for students. In addition, the office provides information and support to UT faculty for various international opportunities, such as short-term teaching abroad and faculty development activities. Finally, the office provides financial support to students in the form of travel grants, and administers the various U.S. Student Fulbright Awards, the National Security Education Program grants, and other special scholarships and grants.
The Education Abroad Office is located in Snyder Memorial Room 1120. For more information, call 419.530.4234 or e-mail eduabroad@utoledo.edu.

Office of International Student and Scholar Services

Location: Snyder Memorial Suite 1000
Phone: 419.530.4229
Web site: www.utoledo.edu/cisp/international/index.html

The Office of International Student and Scholar Services (OISS) provide services primarily to the international student population. OISS assists these individuals with new student orientation, location of housing, cultural adjustment, immigration information and personal emergencies. Approximately 800 international students from more than 70 nations attend The University of Toledo.

Within OISS, the American Language Institute (ALI) at The University of Toledo offers intensive English language courses and cultural orientation to individuals and companies. ALI students receive intensive English instruction in academic and test-taking skills essential for success in an American university.

Academic Support Services - Tutoring

Whether you are looking to improve a course grade, freshen up on study skills, check and strengthen your understanding of a topic, review assignments, or learn new test taking strategies, the LEC tutors can assist you. Stop in and meet face-to-face with a highly trained tutor. Statistics show, the more you visit, the greater the possibility of increasing your GPA.

Learning Enhancement Center

Locations: Carlson Library, B0200
Phone: 419.530.2176
E-mail: lec@utoledo.edu
Web site: www.utoledo.edu/success/lec/

The Learning Enhancement Center (LEC) provides tutoring services to all University of Toledo students. The LEC’s mission is to provide all University of Toledo students with accessible, professional academic support services that enhance success and retention. Providing free walk-in tutoring in science, math, business and foreign languages. Online tutoring is also available in math, statistics, biology and accounting; students can post questions or log on for synchronous tutoring. LEC also offers Supplemental Instruction: Peer-led study sessions for targeted courses and Academic Workshops include Praxis I preparation, Creative Problem Solving, Turning Notes into Learning Tools, Reading for Information and Taking the Guesswork Out of Test Taking, and more.

Student Athlete Academic Services

Locations: Larimer Athletic Complex, Room 2030
Phone: 419.530.3540
Web site: www.utoledo.edu/success/saas/index.html

Student Athlete Academic Services (SAAS) is a student-centered, university resource which supports the academic enrichment and life skill development of all Rocket student-athletes. The Department of Athletics at The University of Toledo recognizes the unique needs of student-athletes’ healthy balance of meeting athletic demands while maintaining satisfactory academic standards.
SAAS provides a variety of services to assist student-athletes with their academic progress. Services include guidance with course scheduling, targeting (a time management program), study table, making appointments with appropriate university offices, individual/group tutoring, and academic and career counseling. Located in Larimer Athletic Complex, the Rocket Academic Center includes staff offices, a tutoring room, and a computer lab with 13 desktop workstations.

**TRIO Student Support Services**
Locations: Carlson Library, B0200
Phone: 419.530.2176
Email: triosss@utoledo.edu
Web: [www.utoledo.edu/success/trio/](http://www.utoledo.edu/success/trio/)

TRIO Student Support Services is a federally funded program that provides a comprehensive range of academic and other support services to low-income, first-generation and disabled students who need assistance in academic and personal development to enhance their chances of graduation. Students are accepted freshman year through senior year and remain with the program for the duration of their undergraduate studies.

TRIO Student Support Services provides the following functions:
- Identification and recruitment of enrolled students in need of assistance who meet federal program criteria of first-generation, disabled, low-income or a combination of these;
- Student individual and group support;
- Academic counseling and personal advising in order to enhance retention and graduation; and
- Collaboration with University of Toledo student programs in order to enhance student experiences leading to retention and graduation.

For more information, contact TRIO Student Support Services at 419.530.3609.

**Writing Center**
Location: Carlson Library, 0130
Phone: 419.530.2176
Email: writingcenter@utoledo.edu
Web: [www.utoledo.edu/success/writingcenter/index.html](http://www.utoledo.edu/success/writingcenter/index.html)

The Writing Center offers free writing assistance to students, faculty and staff. Students receive personal tutoring on all types of writing at any stage of their writing process – term papers and essays, resumes and application letters, professional publications, dissertations and theses. Faculty and staff use the center for grants and other professional texts. Visit the Writing Center’s Web site for e-mail tutoring, online handouts and writers’ resources, and for help with Internet research. The Writing Center is a free service open to UT students, staff, and faculty. The Writing Center provides face-to-face tutoring for writers in all disciplines working on various types of writing projects. Works with current UT undergraduate and graduate students, faculty and staff on writing projects.

**Office of Multicultural Student Services**
Location: Multicultural Student Center - Room 2500
Phone: 419.530.2261
Web site: [https://www.utoledo.edu/studentaffairs/oemss/](https://www.utoledo.edu/studentaffairs/oemss/)

The Multicultural Student Center (MSC) is responsible for guiding the University community in the process of promoting awareness of and appreciation for The University of Toledo’s diverse populations (racial, ethnic, gender, religious, and sexual orientation, disability, socio economic and cultural). The center puts an emphasis on exploring the indigenous roots of African-American, Asian-American, Latino-American, and Native American students to enhance the University’s
recruitment and retention efforts.

Through the center’s services and programs, all University of Toledo students gain exposure to diverse populations thus fostering understanding, acceptance, and cross-cultural communication.

**Office of Recreation**

Location: Student Recreation Center  
Phone: 419.530.3700  
Web site: [https://www.utoledo.edu/studentaffairs/rec/](https://www.utoledo.edu/studentaffairs/rec/)

The Office of Recreation, a member of the Division of Student Life, provides The University of Toledo community with quality, student-centered recreation and wellness programs and services that enrich the mind, body and spirit. The primary goal of the Office of Recreation is to convey to the University community the joy and exhilaration experienced by including recreation and wellness as healthy elements of daily life. Opportunities are offered to explore one’s limits, experience achievement and practice wholesome stress-management techniques. Activities regularly promote social interaction within the culturally diverse University community. Students are continually challenged to examine their values and life choices in the search to build a meaningful identity and understand themselves and others. The numerous competitive and cooperative interchanges provide an ideal climate for learning to respect the dignity and worth of the individual, as well as the importance of team development. Services provided to students through the Student Recreation Center include:

- Drop-in recreation  
- Intramurals  
- Sports clubs  
- Red Cross certification classes  
- Swim lessons  
- Group exercise classes  
- Wellness center

**Residence Life**

Location: Ottawa House West  
Phone: 419.530.2941  
Web site: [http://www.utoledo.edu/studentaffairs/reslife/index/index.html](http://www.utoledo.edu/studentaffairs/reslife/index/index.html)

University housing is a place to call home – a place where you can relax after a day of classes, hang out with your friends, eat a freshly cooked meal, and get involved in learning and activities. Room arrangements include single and double occupancy and suites of four to six. Living-Learning Communities are available for those interested in the arts, service-learning, career and academic planning along with cluster floors for pharmacy, business, education, and arts and science.

**Sexual Assault Education and Prevention Program**

Location: Counseling Center, Rocket Hall 1810  
Phone: 419.530.3431  
Web site: [https://www.utoledo.edu/studentaffairs/SAEPP/](https://www.utoledo.edu/studentaffairs/SAEPP/)

The Sexual Assault Education and Prevention Program (SAEPP) works to create a safe campus community for everyone through educational efforts designed to reduce the incidence of sexual assault, stalking, sexual harassment and relationship violence. The SAEPP coordinator also serves as an advocate for survivors of these crimes, providing pressure-free, confidential support and information and accompaniment through campus and community systems. If you or a friend has been victimized or if you would like more information, call the SAEPP coordinator. You also can call to get involved in SAEPP programs and outreach or to schedule a speaker for your group. Because violence can happen to anyone, SAEPP services are available to all students, male and female, in an atmosphere respectful of all cultural backgrounds and sexual orientations.
Office of Student Involvement
Location: Student Union Room 3504
Phone: 419.530.4944
Email: studentinvolvement@utoledo.edu
Web site: www.studentactivities.utoledo.edu

The Office of Student Involvement (OSI) seeks to build community and is committed to providing students with opportunities for involvement that will enhance and complement their UT experience. OSI oversees many University wide events including Parents and Family Day, Homecoming, Student Activities Fairs, Student Organization Recognition Night and Songfest. OSI oversees nearly 200 student organizations and is responsible for distributing and monitoring student organization budgets, allocating office space, moderating list serves for student organizations and advisers, forming new student organizations, servicing mailboxes, maintaining files, and supplying programming assistance. OSI also is responsible for the Leadership UT renewable scholarship program. Students apply for admission into this prestigious program when they apply for admission to the University.

Ask Rocky
Location: Student Union Room 2525
Phone: 419.530.2571
Email: AskRocky@utoledo.edu
Web site: www.ombuds.utoledo.edu

Ask Rocky is a one-stop-shop that provides students with answers to general questions about UT. Ask Rocky can also help you learn of various ways to connect to the University through student organizations, community activities, and leadership opportunities. Services of Ask Rocky include:

- Providing support and answers for students who may have general questions about UT.
- Offering miscellaneous resources such as campus maps, campus directories, area attractions, important dates, and departmental hours.
- Information regarding student organizations, including a list of all organizations, how to join an organization, and how to start an organization.
- Providing a calendar of campus events, including sporting events and ticket information.
