Mission

The University of Toledo is a national, public research university where students obtain a world-class education and become part of a diverse community of leaders committed to improving the human condition in the region and the world.

VISION

The University of Toledo will be a nationally ranked, public research university with internationally recognized expertise and exceptional strength in discovery, teaching, clinical practice and service.

VALUES

Excellence

Student-centeredness

Research and Scholarship

Professionalism and Leadership

Diversity

History of The University of Toledo

The University of Toledo began in 1872 as a private arts and trades school offering painting and architectural drawing as its only subjects. In the 145 years since, the University has grown into a comprehensive institution offering more than 250 undergraduate and graduate programs to more than 18,000 students from around the world. The history of its development is a remarkable story.

In a pamphlet published in 1868 titled “Toledo: Future Great City of the World,” Jesup Wakeman Scott articulated a dream that led him to endow what would become The University of Toledo. Scott, a newspaper editor, expressed his belief that the center of world commerce was moving westward, and by 1900 would be located in Toledo. To help realize this dream, in 1872 Scott donated 160 acres of land as an endowment for a university to train the city’s young people.

The Toledo University of Arts and Trades was incorporated on Oct. 12, 1872, to “furnish artists and artizans [sic] with the best facilities for a high culture in their professions.” Scott died in 1874, a year after the University opened in an old church building downtown. The school was short-lived, however, closing in 1878 due to a lack of funds. On Jan. 8, 1884, the assets of the University were given by Scott’s sons to the city of Toledo and the school reopened as the Toledo Manual Training School. It offered a three-year program for students who were at least 13 years old in academic and manual instruction.

Dr. Jerome Raymond was appointed the first president in 1908. He expanded the school’s offerings by affiliating with the Toledo Conservatory of Music, the YMCA College of Law, and the Toledo Medical College, and he helped to create the College of Arts and Sciences. These changes moved the University toward becoming a baccalaureate-degree granting institution, but the school struggled through years of inadequate finances and legal battles over control.

In 1914, Dr. A. Monroe Stowe became president and led the University on its first organized path of development. He founded the College of Commerce and Industry (currently the College of Business and Innovation) in 1914, and the College of Education (today the Judith Herb College of Education) in 1916. Enrollment grew from 200 students to 1,400.
As evidence that the University was maturing, student participation in extracurricular activities increased. In 1919, Student Council was created, and two students started a newspaper called *The Universi-Teaser*. In 1915, the students petitioned for an intercollegiate athletic program. Football began in 1917, although the first game was a 145-0 loss to the University of Detroit. The sports teams received their nickname, the “Rockets,” in 1923 from a newspaper writer who thought the name reflected the football team’s playing style.

By the 1920s, Toledo University was a growing institution, limited only by the size of buildings that housed it. Classes were held in several small buildings downtown. In 1922, the University moved into an automobile mechanics training facility that had been constructed for World War I on the original Scott plot of land. While twice the size of the old buildings, this location was less than ideal. Its limitations became evident when an enrollment increase of 32 percent in one year produced a critical shortage of space.

The prospects for a new, permanent home for the University improved in 1928 when Dr. Henry J. Doermann became president. His first activity was to initiate plans for a new campus. To pay for the proposed buildings, that year the city placed a bond levy before Toledo’s voters. A campaign by faculty and students led to the levy’s passage by 10,000 votes and less than a year before the start of the Great Depression. Doermann wanted the new campus to reflect the best design elements of European universities because he felt such architecture would inspire students. It took 400 men less than one year to build University Hall and the Field House in the Collegiate Gothic style.

While enrollments remained stable at UT during most years of the Depression, the University’s finances were strapped. Dr. Philip C. Nash, who became president following Doermann’s sudden death, instituted drastic measures to cut costs. Funds from the federal government’s New Deal programs helped by paying for new buildings and student scholarships.

While the Depression decade determined in many ways if the University would survive, it was World War II and its aftermath that transformed UT into the modern university it is today. The impact of the war was felt almost immediately. The military contracted with UT to offer war-training programs for military and civilian personnel. Student life also changed with the war. With a dwindling number of male students, women assumed leadership roles on campus, and intercollegiate basketball and football were suspended. And, tragically, more than 100 UT students were killed in the war. After the war, the GI Bill of Rights provided a way to reward veterans for their service by paying their college tuition, and more than 3,000 veterans took advantage of the program at UT.

In 1947, Wilbur W. White replaced Nash, who had died the previous year. White proposed a progressive 10-year development plan, but he died in 1950 before any new buildings were completed. His successor, Dr. Asa S. Knowles, oversaw the completion of several buildings, including a new library in 1953. Knowles resigned the presidency in 1958. His last official act was to meet with Toledo City Council to discuss the future financing of the University. As a municipal university, more than 12 percent of the city’s budget was allocated to the UT, and Knowles felt this was not sustainable. Council members suggested the University consider acquiring financial assistance from the state.

It was left to President William S. Carlson to pursue the issue. In 1959, bills introduced in the legislature for a state subsidy for the Ohio’s three largest municipal universities stalled, and the University’s financial situation worsened. Fortunately, a 2-mill levy in 1959 passed by 144 votes, raising $1.7 million a year for UT. But the universities of Akron, Cincinnati and Toledo continued to press for state financial assistance, and finally, on July 1, 1967, The University of Toledo became part of the state’s system of higher education. In addition to tuition subsidies for students, state support provided capital improvement money for a campus building boom.

College students became more politically active in the 1960s, and student protests became frequent. Most at UT were peaceful, although protests in opposition to the war in Vietnam led to several arrests. In 1970, the campus remained calm following the deaths of four student protesters at Kent State University. A protest by black students after the killing of students at Jackson State University in Mississippi temporarily closed University Hall in May 1970, but this ended when Carlson met with the students and reached a peaceful accord.

UT marked its centennial in 1972 with a year of celebration. That year Carlson retired, and Dr. Glen R. Driscoll was selected
as his successor. Driscoll oversaw further expansion of the University’s physical plant. Centennial Mall, a nine-acre landscaped area in the center of campus, replaced parking lots and Army barracks in 1980. In 1985, Driscoll retired and was replaced by Dr. James D. McComas, who continued the expansion of the University’s facilities. His tenure at UT was brief, however, as he resigned in 1988.

Dr. Frank E. Horton was selected to be The University of Toledo’s 13th president in October 1988. To meet the challenges of the 1990s, Horton began a lengthy strategic planning effort to chart a course of targeted, purposeful growth. To help achieve the plan’s many goals, in 1993 the University launched a successful $40 million fund-raising campaign. The University continued to expand its physical environs with the renovation of commercial buildings into classrooms. The university also formalized its relationship with the Toledo Museum of Art with the completion of the Center for the Visual Arts on the museum’s grounds. The university also built the Lake Erie Research Center at Maumee Bay State Park.

Significant growth in the 1990s was not only in buildings, but also in technology. The University joined OhioLINK, a statewide library network, in 1994. The internet became accessible in residence halls and offices. Technological improvements allowed students to register for classes and check their grades online. The university also began to experiment with offering classes via distance learning.

In 1999, Dr. Vik Kapoor became the University’s 14th president following Horton’s retirement. Kapoor embarked on a restructuring program that included major resource reallocation and administrative reorganization. The Community and Technical College, established in 1968 on the University’s Scott Park campus, was abolished. In June 2000, Kapoor resigned, and was replaced the following year by Dr. Daniel Johnson.

Johnson’s agenda focused on reconnecting the University to the community through outreach and engagement activities, and the University’s mission was rewritten to describe UT as a metropolitan research university. Planning began on a science and technology corridor to encourage research partnerships with businesses. Construction projects on the campus included renovations to several older buildings, including the Memorial Field House, which was transformed from a basketball arena into a classroom building and reopened in 2008 after years of standing empty.

In 2006, the University saw another fundamental change with the merger of UT and the Medical University of Ohio, which had been founded as a separate state-supported institution in 1964. As part of the merger, Dr. Lloyd Jacobs, who had been president of MUO, was named president of the merged university. UT became one of few universities nationwide to offer degrees in medicine, law, engineering, business, pharmacy, and education. In 2015, UT welcomed its first female president, Dr. Sharon Gaber. Gaber has worked to increase enrollment, retention, and fundraising, and has overseen the implementation of an agreement to partner UT’s medical education with ProMedica. She has also led the university in efforts to create a new strategic plan and a new campus master plan.

Despite the challenges facing higher education in the 21st century, The University of Toledo today is an amazing success story. Many of its faculty and academic programs have worldwide reputations, and its main and health science campuses are recognized as architectural gems. If the past is any indication, the challenges will be met, and the institution will continue its path of growth and success.

Accreditation and Standards

Accrediting Bodies

The University of Toledo is accredited by the Commission on Institutions of Higher Education of the North Central Association, 30 North LaSalle St., Suite 2400, Chicago, IL 60602-2504 312.263.0456. Listed below are other professional organizations in which the University holds membership, or which approve the quality of its educational programs, or both.
Accreditation Board for Engineering and Technology, Inc. (ABET)
Accreditation Council for Graduate Medical Education (ACGME)
Accreditation Council for Occupational Therapy Education
Accreditation Council for Pharmacy Education
Accreditation Review Commission on Education for the Physician Assistant
American Bar Association
American Chemical Society
American College of Surgeons Comprehensive Education Institute
American Council on the Teaching of Foreign Languages
American Psychological Association Commission on Accreditation
Association for Middle Level Education/National Middle School Association
Association to Advance Collegiate Schools of Business (AACSB) International
Commission on Accreditation for Health Informatics and Information Management
Commission on Accreditation for Respiratory Care
Commission on Accreditation in Physical Therapy Education
Commission on Accreditation of Athletic Training Education
Commission on Accreditation of Medical Physics
Commission on Collegiate Nursing Education
Commission on Dental Accreditation
Council for Exceptional Children
Council for the Accreditation of Counseling and Related Educational Programs
Council for the Accreditation of Educator Preparation
Council on Academic Accreditation in Audiology and Speech-Language Pathology
- American Speech and Hearing Association
Council on Education for Public Health
Council on Social Work Education
Council on Social Work Education – Commission on Accreditation
Educational Leadership Constituent Council
International Reading Association
Liaison Commission Medical Education
Michigan Certification Board for Addiction Professionals
National Accrediting Agency for Clinical Laboratory Sciences
National Association for the Education of Young Children
National Association of School Psychologists
National Association of Schools of Art and Design
National Association of Schools of Music
National Athletic Training Association
National Council for Social Studies
National Council of Teachers of English
National Council of Teachers of Mathematics
National Recreation and Park Association
- Council on Accreditation of Parks, Recreation, Tourism and Related Professions
National Science Teachers Association
Assessment

The University of Toledo community undertakes the assessment of student learning outcomes to discover the extent to which students are acquiring knowledge, skills, beliefs and attitudes as a consequence of participation in their respective academic programs.

Assessment of student learning occurs at a variety of levels, including at the institution, college, department and program level. It is frequently based on multiple measures that vary according to the discipline.

The University uses the knowledge gleaned from assessment activities to promote program improvement.

Admission Requirements for Direct-From-High School, First-Time Freshmen: Summer 2017, Fall 2017, Spring 2018 Terms

First-time Freshmen: Includes the subcategory of "direct-from-high school" students, which are those who will be attending UT the summer or fall immediately following their high school graduation. Students who have been enrolled in post-secondary, dual enrollment or Tech Prep while in high school are considered direct-from-high school students. Students who took college courses during the summer immediately following high school graduation and are enrolled at UT the following fall are also considered direct-from-high school students.

Other subcategories of first-time freshman students include adult students (those who have never attended college other than during high school) and GED holders who have never attended college. Please see the Adult/Transfer pages.

Direct-From-High School Requirements

For admission to UT, a direct-from-high school student is required to:

- Complete minimum college preparatory curriculum course work:
  - 4 years/units of English
  - 4 years/units of math (including algebra I and II and geometry or equivalent)
  - 3 years/units of natural science
  - 3 years/units of social science
- Pass all parts of the Ohio Graduation Test (applies to in-state students only) or show proof of having met all high school graduation requirements.

Required for Unconditional Direct Admission:

- 15 ACT/740-780 SAT (taken prior to March 2016) or 830-860 SAT (taken after March 2016) and a minimum 2.5 GPA
- 16 ACT/790 SAT (taken prior to March 2016) or 870 SAT (taken after March 2016) and above with a minimum 2.0 GPA

Subject to Review:

- 15 ACT/740-780 SAT (taken prior to March 2016) or 830-860 SAT (taken after March 2016) and a 2.0-2.49 GPA
- 16 ACT/790 SAT (taken prior to March 2016) or 870 SAT (taken after March 2016) and above but less than a 2.0 GPA

Based upon a student's major and the ACT or SAT score, students may be required to take placement tests, which will assist in placing students into courses.

UT’s code for test score submission, if not on an official high school transcript is: ACT: 3344  SAT: 1845

If a student does not meet one or more of these requirements, they may submit an appeal form that delineates their college readiness. The appeal will be reviewed by an admission committee. Appeal forms should be submitted online as soon as possible, with a final deadline of August 1.

Note: No direct-from-high school student will be admitted to the University after classes have started except with the approval of the Provost or their designee.
There will be an admission cutoff date of July 31 for all direct-from-high school students applying with below a 2.0 GPA and below a 19 ACT (910 SAT combined reading and math score) for receipt of all admission materials. Students applying after July 31 may be deferred to spring semester.

**High School Transcripts**

All students (excluding GED holders) must send an official high school transcript to the Office of Undergraduate Admission at the time of application. In addition, students will need to submit an official final high school transcript, complete with a stamped graduation date, to the Office of Undergraduate Admission upon graduating from high school. For first-time freshman final acceptance and college/program placement will be offered based upon the submission of an official final high school transcript (8th semester) with a stamped graduation date.

• Final high school transcripts can be sent to: The University of Toledo, Office of Undergraduate Admission, Mail Stop 306, 2801 West Bancroft St., Toledo, OH 43606.

**Home School Students**

Home school students are required to submit an official, signed and dated transcript detailing courses taken (and those in progress), related grades and official ACT and/or SAT scores. In addition, for diplomas issued to Ohio students after July 1, 2015, a diploma with the language set forth in Ohio Revised Code (ORC) 3313.6110 or the official letter of excuse issued by the district superintendent for the student's final year of home education must be submitted to UT by August 1.

**College/Program Admission Standards**

UT colleges and programs have specific admission criteria that must be met. Programs may have additional criteria not listed here; please check the program's Web site for the most complete information. Admitted students who do not meet the specific college/program requirements will be offered admission to other programs, such as the Center for Exploratory Studies, which will assist students in gaining admission. In the following chart, GPA requirements are based on final cumulative (8th semester) GPA, not semester GPA; the ACT score refers to a composite score; and the SAT score is a combined reading and math score.

Note for students interested in pre-professional programs: Students can choose to be in any major with a concentration of pre-medical, pre-law, pre-veterinary, or pre-dental.

**Pre-Med, Pre-Dent, Pre-Vet Concentrations Requirements:**

• 3.2 GPA and 25 ACT/1150 SAT (taken prior to March 2016) or 1220 SAT (taken after March 2016)

The Bac/M.D. program is available within the College of Arts & Letters and the College of Natural Sciences & Mathematics.

**Bac/M.D. Program Recommendations:**

• 3.5 GPA and 28 ACT/1260 SAT (taken prior to March 2016) or 1320 SAT (taken after March 2016). Contact the pre-medical advisor for details.

**College of Arts & Letters**

• 2.5 GPA or 20 ACT/950 SAT (taken prior to March 2016) or 1030 SAT (taken after March 2016)

Students not meeting these requirements will be admitted to the Department of Exploratory Studies.
Psychology

Students will be admitted to pre-psychology until they earn 30 credit hours and a 2.5 GPA

Music Program

Audition required (call 419.530.2448 for an appointment)

College of Business and Innovation

Bachelor of Business Administration programs
• 2.8 GPA or 25 ACT/1150 SAT (taken prior to March 2016) or 1220 SAT (taken after March 2016)

Information Technology program
• 2.5 GPA; and
• 21 ACT/990 SAT (taken prior to March 2016) or 1070 SAT (taken after March 2016); and
• 20 ACT/480 SAT (taken prior to March 2016) or 510 SAT (taken after March 2015) mathematics sub-score

Students not meeting these requirements will be admitted into an associate’s degree in the College of Business and Innovation. Upon meeting a 2.4 UT college GPA, students are permitted to transfer into the programs of their choice.

Applied Organizational Technology Associate Degree programs
• 2.0 GPA or 18 ACT/870 SAT (taken prior to March 2016) or 950 SAT (taken after March 2016)

Students not meeting these requirements will be admitted to the Department of Exploratory Studies.

College of Engineering

Engineering Science Programs
• 3.0 GPA; and
• 22 ACT/1030 SAT (taken prior to March 2016) or 1110 SAT (taken after March 2016); and
• 22 ACT/520 SAT (taken prior to March 2016) or 550 SAT (taken after March 2016) mathematics sub-score; and
• 4 years of high school math (fourth-year emphasis on trigonometry or pre-calculus) and high school chemistry; high school physics is strongly recommended

Students not meeting these requirements will be reviewed for the Engineering Technology programs.

Bioengineering B.S./M.D. program
• Recommended 3.5 GPA and 28 ACT/1260 SAT (taken prior to March 2016) or 1320 SAT (taken after March 2016). Contact the bioengineering adviser for details.

Engineering Technology programs
• 2.5 GPA; and
• 21 ACT/990 SAT (taken prior to March 2016) or 1070 SAT (taken after March 2016); and
• 20 ACT/480 SAT (taken prior to March 2016) or 510 SAT (taken after March 2016) mathematics sub-score

Students not meeting these requirements will be admitted to the Department of Exploratory Studies.
Information Technology program
• 2.5 GPA and
• 21 ACT/990 SAT (taken prior to March 2016) or 1070 SAT (taken after March 2016); and
• 20 ACT/480 SAT (taken prior to March 2016) or 510 SAT (taken after March 2016) mathematics subscore

Students not meeting these requirements will be admitted to the Department of Exploratory Studies.

College of Health and Human Services

For all programs not listed below:
• 2.7 GPA or 21 ACT/990 SAT (taken prior to March 2016) or 1070 SAT (taken after March 2016)

Exercise Science
• 3.0 GPA or 21 ACT/990 SAT (taken prior to March 2016) or 1070 SAT (taken after March 2016) and
• 20 ACT/480 SAT (taken prior to March 2016) or 510 SAT (taken after March 2016) mathematics subscore
• high school biology and chemistry with grade of C or better

Criminal Justice, Nurse Paralegal Certificate, Paralegal Studies, Social Work, and Undecided
• 2.5 GPA or 19 ACT/910 SAT (taken prior to March 2016) or 990 SAT (taken after March 2016)

Students not meeting these requirements will be admitted to the Department of Exploratory Studies.

College of Natural Sciences and Mathematics
• 2.5 GPA or 20 ACT/950 SAT (taken prior to March 2016) or 1030 SAT (taken after March 2016)

Students not meeting these requirements will be admitted to the Department of Exploratory Studies.

BS in Biology (Department of Biological Sciences)
• 2.75 GPA
• Students not meeting the BS in Biology minimum GPA requirement but meeting the college requirements will be admitted to the BA in Biology.

College of Nursing

All students admitted into the pre-nursing BSN curriculum with:
• 2.75 GPA and 19 ACT/910 SAT (taken prior to March 2016) or 990 SAT (taken after March 2016)

Upon completion of the pre-nursing curriculum, there is a competitive admission process for the professional sequence. Students not meeting these requirements will be admitted to the Department of Exploratory Studies.

College of Pharmacy and Pharmaceutical Sciences

All students admitted into the pre-professional program with
• 2.5 GPA or 20 ACT/950 SAT (taken prior to March 2016) or 1030 SAT (taken after March 2016)
• Beginning with the Fall 2016 catalog year, all international students, regardless of graduating from a U.S. high school, and students who are U.S. citizens or permanent residents and did not graduate from a U.S. high school are required to submit an internet-based TOEFL with the following minimum criteria prior to admission into the College of Pharmacy and Pharmaceutical Sciences:
1) A minimum total score of 80 iBT AND
2) A minimum score of 18 in each of the four sub-categories of the iBT (reading, listening, speaking, and writing)

Students not meeting these requirements will be admitted to the Department of Exploratory Studies.

Contingent admission to the Professional Division is available on a competitive basis. To be considered, the following must be completed in the year proceeding fall admission:
• Achieve and report by December 1, 2016, a 29 ACT/1300 SAT (taken prior to March 2016) or 1360 SAT (taken after March 2016) and a 3.75 GPA in a college preparatory high school curriculum
• Application submitted by December 1, 2016

Additional materials will be requested. Final notification of contingent admission status will occur in mid-January.

Judith Herb College of Education
• 2.7 GPA or 21 ACT/990 SAT (taken prior to March 2016) or 1070 SAT (taken after March 2016)

Students not meeting these requirements will be admitted to the Department of Exploratory Studies.

University College: Department of Exploratory Studies

Quest Program - for undecided majors
• 2.0 GPA or 19 ACT/910 SAT (taken prior to March 2016) or 990 SAT (taken after March 2016)

A student who has a specific college preference but is undecided on a major within that college may apply as undeclared to that college. Students who are undecided about their college and major will be admitted into the QUEST program.

Jesup Scott Honors College 2017-2018 Admission Requirements

Here are the overall requirements for direct-from-high school students applying to the Jesup Scott Honors College:
• High school GPA and ACT test score indicative of a well-prepared student, which MUST meet the required minimum of BOTH a 3.5 high school GPA and a 25 ACT/1150 SAT test score.

• Your academic credentials should be combined with a significant high school leadership and/or work experience that indicates a high level of motivation and performance that could translate into high academic performance at the university

• The applicant must apply to the Honors College after being admitted to the University of Toledo with the appropriate GPA and ACT scores. To do so, you must complete our supplemental Honors application - a link to which shall be e-mailed to you a few days after your acceptance to UT if you indicated interest in the JSHC on your general application. The Honors College application is short, but does include an essay not to exceed 500 words on the following topic: Reflect on a time when you challenged a belief or idea. What prompted you to act? Would you make the same decision again?

Here are the overall requirements for current UT students applying to the Jesup Scott Honors College:
• Cumulative college GPA of 3.3
• The student must have completed the first semester of college classes but have earned no more than 60 credit hours

The student must contact an Honors College Success Coach by calling 419-530-6030 to obtain and fill out the Honors College application form for current students.
2017-2018 Admission Requirements for Adult and Transfer Students

Note: These admission requirements are for the Spring 2017, Summer 2017, Fall 2017, and Spring 2018 terms.

Adult Students: first time freshmen who have been out of high school one semester and never taken college courses at another university since high school graduation, students who are military or veteran, or students with a GED. Students who enroll the fall semester after their high school graduation and took college courses during high school or the summer immediately following graduation are considered traditional first-time freshman (please see the direct-from-high school pages).

For unconditional admission, UT requires adult students to:

- Complete minimum college preparatory curriculum course work:
  - 4 years/units of English
  - 4 years/units of math (including algebra I and II and geometry or equivalent) for 2014 graduates and beyond,
  - and only 3 years of math needed for graduates prior to 2014
  - 3 years/units of natural science
  - 3 years/units of social science
- Submit a high school cumulative GPA of 2.0 or higher; in this case, no ACT/SAT scores will be needed.
- Students who are 25 years of age or older, or a current member of the U.S. military or veterans are admitted regardless of GPA; no ACT/SAT scores will be needed.
- Students who do not fall into either of these categories and have a high school cumulative GPA under 2.0 must submit a minimum 15 ACT (740-780 SAT, if taken before March 2016. Or a 830-860 SAT, if taken after March 2016). If a student does not meet this requirement, they may submit an appeal form that delineates their college readiness. The appeal will be reviewed by a committee. Appeal forms should be submitted as soon as possible, with a final deadline of August 1.
- Based upon a student’s major and the ACT or SAT score, students may be required to take placement tests, which will assist in placing student in courses.

High School Transcripts: All students (excluding GED holders) must send an official high school transcript, complete with a stamped graduation date, to the Office of Undergraduate Admission.

National Student Clearinghouse: The University of Toledo will complete a check of the NSC on all adult applications. We will verify if any institutions were previously attended and, if needed, edit your application to show any institutions not listed. Official transcripts from these institutions would be required for admission.

GED Holder Requirements: The above ACT/SAT requirements do not apply to GED holders. However, many of our academic colleges require ACT/SAT scores for direct admission into a program. Students utilizing the GED must submit an official copy of their GED (General Education Development) diploma and scores. You can obtain a copy of your GED from the Department of Education in the state where you took the GED test.

Adult Admission Requirements
Adult students over the age of 25 can be admitted to the university without official ACT or SAT test scores. However, most colleges do require test scores for direct admission into their programs. Students who do not meet these requirements will be admitted to University College.

Adult students under the age of 25 who do not meet the requirements below will be admitted into University College: Department of Exploratory Studies.
*The SAT test was redesigned and scores were changed as of March 2016. In the requirements below OLD SAT refers to tests taken prior to March of 2016; NEW SAT refers to tests taken after March of 2016*

Pre-professional programs: Students can choose to be in any major with a concentration of pre-medical, pre-law, pre-veterinary, or pre-dental.

**Pre-Med, Pre-Dent, Pre-Vet Concentrations Requirements:**

3.2 GPA and 25 ACT/1150 old SAT/1220 new SAT

**College of Arts and Letters**

2.5 GPA or 20 ACT/950 old SAT/1030 new SAT

*Psychology*: students are admitted to pre-psychology unless they have 30 semester hours of earned college credit

*Music Program*: audition required (call 419.530.2448 for an appointment)

**College of Business and Innovation**

*Bachelor of Business Administration programs*

Students 25 years of age or older or military or veteran status: 2.4 GPA

Students under the age of 25: 2.8 GPA

*Information Technology program*

2.5 GPA and
21 ACT/990 old SAT/1070 new SAT and
20 ACT/480 old SAT/510 new SAT mathematics sub-score

*Associate Degree Programs*

2.0 GPA or 18 ACT/870 old SAT/950 new SAT

**Judith Herb College of Education**

2.7 GPA or 21 ACT/990 old SAT/1070 new SAT

**College of Engineering**

*Engineering Science programs*

3.0 GPA and
22 ACT/1030 old SAT/1110 new SAT and
22 ACT/520 old SAT/550 new SAT mathematics sub-score and
High School Chemistry and
4 years of High School Math, including pre-calc or trig

*Engineering Technology programs*

2.5 GPA and
21 ACT/990 old SAT/1070 new SAT and
20 ACT/480 old SAT/510 new SAT mathematics sub-score
Information Technology program
2.5 GPA and
21 ACT/990 old SAT/1070 new SAT and
20 ACT/480 old SAT/510 new SAT mathematics sub-score

College of Health and Human Services

Any but those listed below
2.7 GPA or 21 ACT/990 old SAT/1070 new SAT

Exercise Science
3.0 GPA or 21 ACT/990 old SAT/1070 new SAT and
20 ACT/480 old SAT/510 new SAT mathematics sub-score and
High School Biology and Chemistry of ‘C’ or better

Criminal Justice, Nurse Paralegal Certificate, Paralegal Studies, Social Work and Undecided
2.5 GPA or 19 ACT/910 old SAT/990 new SAT

College of Natural Science and Mathematics

2.5 GPA or 20 ACT/950 old SAT/1030 new SAT

B.S. in Biology (Department of Biological Sciences)
2.75 GPA
Students not meeting the BS in Biology minimum GPA requirement but meeting the college requirements will be admitted to the college as B.A. in Biology

College of Nursing

All students admitted into pre-nursing BSN with:

2.75 GPA and 19 ACT/910 old SAT/990 new SAT
Upon completion of the pre-nursing curriculum there is a competitive admission process for the professional sequence

College of Pharmacy and Pharmaceutical Sciences

Students are admitted into pre-pharmacy with:

2.5 GPA or 20 ACT/950 old SAT/1030 new SAT
Upon completion of the pre-pharmacy curriculum there is a competitive admission process for the professional sequence.

Beginning with the Fall 2016 catalog year, all international students, regardless of graduating from a U.S. high school, and students who are U.S. citizens or permanent residents and did not graduate from a U.S. high school are required to submit an internet-based TOEFL with the following minimum criteria prior to admission into the College of Pharmacy and Pharmaceutical Sciences:

1.) A minimum total score of 80 iBT AND
2.) A minimum score of 18 in each of the four sub-categories of the iBT (reading, listening, speaking, and writing)

Students not meeting these requirements will be admitted to University College or the Department of Exploratory Studies.
University College

Department of Exploratory Studies - Undecided Majors
2.0 GPA or 18 ACT/870 old SAT/950 new SAT/or no scores

Adult Students who are 25 years of age or older or military/veteran:

Liberal Studies
2.0 GPA or 19 ACT/910 old SAT/990 new SAT/or no scores

Associate of Arts in General Studies
2.0 GPA or 18 ACT/870 old SAT/950 new SAT/or no scores

Adult Students who are under the age of 25 and not military/veteran:

Quest (undecided)
2.0 GPA or 19 ACT/910 old SAT/990 new SAT

Associate of Arts in General Studies
2.0 GPA or 19 ACT/910 old SAT/990 new SAT

*A student who is undecided about their college and major will be admitted into the Department of Exploratory Studies. A student who is working on the requirements and/or prerequisites to get into the college and major of their choice will be admitted into the Department of Exploratory Studies.

Transfer Students Admission Requirements
Students with college credits taken fall semester of the year they graduated from high school or later. Students who took college courses during high school or the summer immediately following graduation are considered traditional first-time freshmen.

Official transcripts from all institutions previously attended are required for admission to The University of Toledo.

Transfer students with a minimum higher education GPA of 2.0, for all work taken, who do not meet college/program admission requirements below will be admitted to University College: Department of Exploratory Studies.

New Transfer: A student who has previously attended another institution and is looking to transfer to UT for the first time.

Transfer Re-Admits: students who attended UT, then attended another institution, and are coming back to UT. If your higher education GPA is under a 2.0, your file will be reviewed before you are re-admitted to UT. Transfer re-admit students with under a 2.0 higher education GPA are not eligible for financial aid.

Conditional Admits: transfer student with a higher education GPA under 2.0 may be admitted on a one term conditional basis to University College: Department of Exploratory Studies. Your first semester GPA at UT must be at least a 2.0 to remain at UT. A completed application and all official transcripts must be received 10 days prior to the start of the term.
**Guest Students**: students who are attending another institution and take classes at UT to transfer back to their home institution. Students are only allowed to attend for one semester at a time. UT needs proof of good academic standing from the home institution and student must be able to provide proof of any prerequisites taken for courses they intend to take at UT. Visit [http://www.utoledo.edu/admission/guests.html](http://www.utoledo.edu/admission/guests.html) for more information and to apply.

**Placement Tests**: Based on a student’s major and previous college coursework, you may be required to take placement tests.

**National Student Clearinghouse**: The University of Toledo will complete a check of the NSC on all transfer applications. We will verify previous institutions attended, and if needed, edit your application to show any institutions not listed.

**Suspension/Dismissal Policy**: If a student has been suspended or dismissed from another institution, they will be required to provide additional documentation to UT. We will honor an academic suspension from another school up to one year. A student will not be able to attend classes at UT until that year of academic suspension has completed. Students suspended or dismissed for disciplinary reasons will be reviewed on a case-by-case basis.

**Transfer Admission Standards:**

In the following list, the GPA requirement is based upon the higher education GPA (total reflecting all college work).

**Pre-Med, Pre-Dent, Pre-Vet concentration Requirements**:

- 3.0 GPA

**College of Arts and Letters**

- Any major but Psychology  
  2.0 GPA

- Psychology  
  2.5 GPA and 30 semester hours of college credit  
  Students will be admitted to pre-psychology until they have earned 30 total semester hours of college credit and a 2.5 GPA

- **Music**: Audition required (call 419.530.2448 for an appointment)

**College of Business and Innovation**

- **Bachelor of Business Administration programs**  
  2.4 GPA  
  2.75 Higher Education GPA for accounting majors  
  2.75 GPA in accounting principle courses with no grade below C

- **Bachelor of Applied Organizational Technology program**  
  2.25 GPA and  
  Applied or technical associate degree earned from a regionally accredited institution
Information Technology program  
2.25 GPA

Applied Organizational Technology Associate Degree programs  
2.0 GPA

Judith Herb College of Education

GPA requirements based on transfer hours:  
0-29.9 Semester Hours = 2.3 GPA  
30-59.9 Semester Hours = 2.5 GPA  
60+ Semester Hours = 2.7 GPA (overall and in chosen major)

College of Engineering
Transfer students cannot be admitted as undecided within Engineering

Engineering Science programs  
2.75 GPA and  
"C" or better in college calculus equivalent to MATH 1850 and general chemistry equivalent to CHEM 1230

Students not meeting these requirements will be reviewed for the Engineering Technology Programs.

Engineering Technology programs  
2.0 GPA

Information Technology program  
2.25 GPA

College of Health and Human Services

Any but those listed below  
2.7 GPA

Criminal Justice, Nurse Paralegal Certificate, Paralegal Studies, Social Work, and Undecided  
0-29.9 semester hours = 2.2 GPA  
30-59.9 semester hours = 2.4 GPA  
60+ semester hours = 2.5 GPA

Certificate for Health Information Administration  
2.7 GPA and  
Bachelor’s Degree with the following courses - medical terminology, pathophysiology, statistics, anatomy, and physiology 1&2

College of Natural Science and Mathematics

2.0 GPA
College of Nursing

All students admitted into pre-nursing BSN with:

- 2.75 GPA and
- 12 graded semester hours or 18 graded quarter hours

Upon completion of the pre-nursing curriculum there is a competitive admission process for the professional sequence.

All RN-BSN students admitted into pre-nursing with:

- 2.5 GPA and
- Active, unencumbered licensure as a Registered Nurse. RN graduates from diploma or non-accredited nursing programs are required to submit a portfolio with application to nursing major

Upon completion of the pre-nursing curriculum there is a competitive admission process for the professional sequence.

College of Pharmacy and Pharmaceutical Sciences

Students are admitted into pre-pharmacy with:

- 2.7 GPA

Upon completion of the pre-pharmacy curriculum there is a competitive admission process for the professional sequence.

Beginning with the Fall 2016 catalog year, all international students, regardless of graduating from a U.S. high school, and students who are U.S. citizens or permanent residents and did not graduate from a U.S. high school are required to submit an internet-based TOEFL with the following minimum criteria prior to admission into the College of Pharmacy and Pharmaceutical Sciences:

1.) A minimum total score of 80 iBT AND
2.) A minimum score of 18 in each of the four sub-categories of the iBT (reading, listening, speaking and writing)

Students who are not Ohio residents and/or have completed course work at a non-Ohio institution will be considered on an individual basis. Such applicants with below 3.0 are rarely considered.

Students are encouraged to apply for fall semester although spring and summer admission is also permitted based on the applicant's needs. It is recommended that application materials be received no later than May 1 for admission, and at least six weeks prior to the start of classes for spring or summer admission.

University College

Liberal Studies

- 2.0 GPA
- 25 years of age or older or military/veteran status

Individualized Programs

- 2.0 GPA and
- 20 semester hours/30 quarter hours of earned college credit

Professional Studies

- 2.0 GPA and
- Earned associate degree or completion of 60 semester hours of credit or permission of college
Associate of Arts in General Studies
2.0 GPA

Department of Exploratory Studies: Undecided Majors
2.0 GPA
25 years of age or older or military/veteran status

Department of Exploratory Studies: Quest for undecided students
2.0 GPA
Under the age of 25 and not military/veteran status

Transfer students who have a specific college preference but are undecided on a major within that college may apply as undeclared to that college. However the College of Engineering does not accept undecided transfer students, and they will be admitted into University College: Department of Exploratory Studies. Students who are undecided on their college and major will be admitted into the Department of Exploratory Studies.

General Undergraduate Degree Requirements

Earned Hours Required for a Degree
The University of Toledo requires a student to earn a minimum of 60 semester hours to be awarded an associate’s degree. A minimum of 120 semester hours must be earned to be awarded a bachelor’s degree. Some colleges/programs require that more than the minimum of 60-120 hours be earned to be awarded the degree, the additional coursework is required to meet professional accreditation or licensing requirements. In addition, a student must have a cumulative University of Toledo GPA of at least 2.0 in order to qualify for graduation. For specific information, consult the individual college sections of this catalog. Earned hours are those hours that each college of the University counts toward fulfilling specific degree program requirements. Hours counted toward degree requirements may vary depending on the college/degree program a student enrolls in and is pursuing.

Residency Requirement for a Degree
Every college of The University of Toledo requires a student to earn a specific number of hours as a University of Toledo student. Some colleges require a specific number of hours be taken as a student registered in that college. In addition, residency hours may be required to be earned in specific classes, specific programs and/or in specific semesters prior to the proposed semester when the student plans to graduate.

Graduation Application Process
A student nearing the completion of a degree program must complete the “Application for Graduation” online through the myUT portal https://myut.utoledo.edu/portal. It is under the Student tab, My Records.

For undergraduate students, the deadline for applying to graduate is the 11th week of the fall semester for spring graduation and the 11th week of the spring semester for summer or fall graduation. The deadlines for law and graduate students may differ. Deadline dates can be found here: http://www.utoledo.edu/offices/registrar/graduation_app_deadlines.html.
Students who do not graduate the semester for which they applied to graduate, but anticipate degree completion the following semester, must reapply by completing another application no later than the 15th day of the next semester in which they expect to graduate.

Failure to apply for graduation means that the student’s graduation date will be postponed.

**Dual Degrees**

The university recognizes a student may want to earn two degrees simultaneously as part of their undergraduate academic experience. Students may earn more than one bachelor’s degree or associate’s degree or a bachelor’s and associate’s degree concurrently. Students interested in earning two or more degrees simultaneously should consult the colleges from which they wish to earn the degrees for specific rules and requirements. Policies related to fee assessment for dual degrees are presented in the “The University of Toledo Finance Brochure,” found on the [Financial Aid website](#).

**Areas of Study**

The following list represents the programs of study offered by The University of Toledo. Each area is described later in this catalog.

**Undergraduate**

- Accounting
- Accounting Technology
- Adolescent and Young Adult Education
- Adult Liberal Studies
- Africana Studies
- American Studies
- Anthropology
- Applied Organizational Technology
- Art
- Art History
- Asian Studies
- Astronomy
- Biochemistry
- Bioengineering
- Biology
- Business Management Technology
- Chemical Engineering
- Chemistry
- Civil Engineering
- Communication
- Computer Network Administration
- Computer Science and Engineering
- Computer Science and Engineering Technology
- Computer Software Specialist Technology
- Construction Engineering Technology
- Cosmetic Science
- Criminal Justice
- Disability Studies
- Early Childhood Education (Pre-K-3)
- Economics
- Electrical Engineering
- Electrical Engineering Technology
- Electronic Commerce
- English
- Entrepreneurship, Family, and Small Business
- Environmental Engineering
- Environmental Sciences
- Environmental Studies
- Exercise Science
- Film and Video
- Finance
- Financial Services
- French
- General Studies
- General Studies (2-year)
- Geography
Geology
German
Global Studies
Health Care Administration
Health Information Administration
History
Human Resource Management
Individualized Programs
Information Services and Support
Information Systems
Information Technology - Business
Information Technology - Engineering
International Business
Law and Social Thought
Management
Marketing
Mathematics
Mechanical Engineering
Mechanical Engineering Technology
Media Communication
Medical Technology
Medicinal and Biological Chemistry
Middle Childhood Education 4 - 9
Middle East Studies
Multi-Age Education (Pre-K - 12)
Music
Nursing
Operation and Supply Chain Management
Organizational Leadership and Management
Paralegal Studies

Pharmaceutics
Pharmacology and Toxicology
Pharmacy Administration
Philosophy
Physics
Political Science
Pre-Business
Pre-Law
Pre-Medical, Pre-Dental, and Pre-Veterinary
Pre-Pharmacy
Professional Sales
Professional Studies
Programming and Software Development
Psychology
Public Health
Recreational Therapy
Religious Studies
Respiratory Care
Social Work
Sociology
Spanish
Special Education Intervention Specialist
Speech Language Pathology
Technical Studies
Theatre
Undecided
Urban Studies
Visual Arts
Women's and Gender Studies

Graduate Programs

Graduate Programs

College of Medicine and Life Sciences Programs

College of Law Programs
Placement Testing

Placement tests and ACT (or SAT) scores are utilized by departments to place students into the correct math, chemistry, and foreign language courses based on skill level. Placement tests need to be taken BEFORE you attend new or transfer student orientation. No appointments are needed for tests available in the Main Campus Test Center. Information on taking placement tests specific to academic majors can be found at Placement Testing Services. Below are placement tests that may be required by a program of study:

Mathematics Placement Tests: All baccalaureate degrees at UT require at least one mathematics course. The major you plan to pursue, your math ACT or SAT score, and/or the score(s) from your mathematics placement test(s) will be used by your adviser to determine your first mathematics course. The mathematics placement test can be taken an online through ALEKS or as a paper based exam in the Main Campus Test Center. ALEKS is an online system that uses adaptive questioning to quickly and accurately assess student knowledge. It can be accessed on any computer with internet access that meets the system requirements.

Foreign Language Placement Test: If you have one or more years of foreign language from high school, take the placement test in that language to assess your skill level. The test covers grammatical structures, vocabulary, and reading comprehension. French, German, Japanese, Latin, and Spanish foreign language placement tests can be completed at the Main Campus Test Center (Field House, Room 1080). Other languages such as Arabic and Chinese must be scheduled through the Foreign Language Department.

Chemistry Placement Test: If the curriculum of your major requires you to complete CHEM 1230, General Chemistry I, in most cases you will be required to take a chemistry placement test through ALEKS Chemistry Placement Test or a paper based test is available in the Main Campus Test Center. Exceptions occur if you have an AP Chemistry score of 3 or higher, transfer credit equivalent to CHEM 1090 or CHEM 1230 at UT, or if you have not completed any high school chemistry course. If you have not completed at least a year of high school chemistry you will enroll in CHEM 1090, Elementary Chemistry before taking CHEM 1230.

Chemistry for Health Sciences Placement Test: If your major or program requires you to complete CHEM 1120, Chemistry for Health Sciences, you will be required to take a chemistry placement exam (*Nursing and Respiratory Care ONLY*). Exemptions occur if you meet one of the following criteria: a) you have transfer credit equivalent for CHEM 1110 or 1120 at UT, or b) have not completed any high school chemistry course. If you have not completed at least a year of high school chemistry, you will be enrolled in CHEM 1110 – Elementary Chemistry for the Health Sciences. The Chemistry for Health Sciences placement test is a computer-based exam only available at the Main Campus Test Center.

If you have any questions regarding placement tests, contact an academic adviser in your college. Academic advisers will be available during your orientation program to assist you. Students with disabilities who need assistance with placement tests are encouraged to contact Student Disability Services for support services and/or accommodations.

Program 60: Special Program for Senior Citizens

Program 60 provides educational experiences at reduced rates to individuals 60 years of age or older who have resided in Ohio for the for at least the last 12 consecutive months. Enrollment is limited to space availability, which is determined on the last day of the regular registration period and may only audit courses. UT will waive tuition costs for seniors who wish to audit (register and attend, but not earn credit) college courses. Residents of Ohio who are 60 years of age or older may audit credit courses on a space-available basis. Students must apply for admission and register for courses through University College. The University of Toledo is governed by the Ohio Revised Code in administering this program. Ohio Revised Code may be viewed at http://codes.ohio.gov/orc/3345.27. Individuals 60 years of age or older who wish to earn a college degree or credit for UT courses must apply for admission and pay current tuition and fees as a general UT student.
Ohio Statewide Transfer Policy

The Official Catalog Statement on the Ohio Articulation and Transfer Policy is (at the time of catalog printing) under revision. Therefore, changes to this section will be made available on the Web at http://catalog.utoledo.edu/ once The University of Toledo receives the updated and approved catalog statement from The Ohio Board of Regents.

Transferology

Transferology is a statewide Web-based higher education transfer information system. Transferology shows how courses taken at one institution transfer and apply to degree programs at another institution, providing information about degree requirements at colleges and universities across the state. To access, log onto www.transferology.com.

Transferology is the first stop for students who are looking to transfer to UT. Students can enter their previous and current course work into a free user account then see which courses at UT they have earned credit. Remember if a course is not in Transferology this does not mean it does not transfer. It means we just need to review it for a transfer equivalency. This extra step ensures that the student gets the best evaluation for the transfer work.

Transfer Module

The Ohio Board of Regents, following the directive of the Ohio General Assembly, developed a statewide policy to facilitate students’ ability to transfer credits from one Ohio public college or university to another in order to avoid duplication of course requirements. Since independent colleges and universities in Ohio may or may not be participating in the transfer policy, students interested in transferring to independent institutions are encouraged to check with the college or university of their choice regarding transfer agreements.

The Ohio Board of Regents’ Transfer and Articulation Policy established the transfer module, which is a subset or entire set of a college or university’s general education program. The transfer module consists of 36 to 40 semester hours (or 54 to 60 quarter hours) of courses in the following areas: English, mathematics, arts and humanities, social and behavioral sciences, natural and physical sciences, and interdisciplinary study.

A transfer module completed at one college or university will automatically meet the requirements of the transfer module at another college or university once the student is admitted. Students may be required, however, to meet additional general education requirements at the institution to which they transfer.

Since many degree programs require specific courses that may be taken as a part of the general education or transfer module program at an institution, students are encouraged to meet with an academic adviser at the institution to which they plan to transfer early in their academic career. Advisers should be consulted regarding the transfer module and general education courses and any specific program requirements that can be completed before transfer.

Acceptance of Transfer Credit

1. Students who have completed an associate’s degree from a state-assisted Ohio institution with a cumulative GPA of 2.0 or better will receive transfer credit for all college-level courses that they have passed (D- or better).

2. Students who have not earned an associate’s degree will receive transfer credit for all college level courses taken prior to the Fall semester of 2005 in which a grade of C or better was earned. Starting with courses taken in Fall 2005 students will receive credit for all college level courses in which a grade of D- or better was earned. Grades of F are transferred, however, no credit hours are awarded.

Admission to a given institution, however, does not guarantee that a transfer student automatically will be admitted to all majors, minors or fields of concentration at the institution. Once admitted, transfer students shall be subject to the same regulations governing applicability of catalog requirements as all other students. Further, transfer student shall be accorded the same class standing and other privileges as all other students on the basis of the number of credits earned. All residency requirements must be completed successfully at the receiving institution prior to the granting of a degree.
Responsibilities of Students

In order to facilitate transfer with maximum applicability of transfer credit, prospective transfer students should plan a course of study that will meet the requirements of a degree program at the receiving institution. Specifically, students should identify early in their collegiate studies an institution and major to which they desire to transfer. Further, students should determine if there are language requirements or any special course requirements that can be met during the freshman or sophomore year. This will enable students to plan and pursue a course of study that will articulate with the receiving institution’s major. Students are encouraged to seek further information regarding transfer from both their adviser and the college or university to which they plan to transfer.

The University of Toledo’s Transfer Credit Appeal Process

If a transfer student believes there is an error in his or her Transfer Credit Evaluation (TCE), or has questions regarding the evaluation or application of transfer credit toward degree requirements, he or she should first contact the Transfer Center in the Registrar Office. The filled out Transfer Credit Appeal Form and course syllabi can be emailed to Transfer@utoledo.edu or dropped off at the Office of the Registrar in Rocket Hall, room 1100, to the attention of the Director of Transfer Credit Evaluation.

A student disagreeing with the application of transfer credit has the right to appeal the decision by following the procedure below.

Appeals must be received by the last day of the semester following the original transfer credit evaluation.

The appeal process is as follows:

1. The student contacts the departmental chair and provides a written appeal. The departmental chair has 7 days from receipt of the appeal to respond in writing to the student.

2. If the issue is not resolved to the student’s satisfaction at step 1, the student contacts the dean of his or her UT college and provides a copy of the appeal and the department decision. A final college decision rests with the office of the dean. The dean has 7 days from receipt of the appeal to respond in writing to the student.

3. If the issue is not resolved to the student’s satisfaction after steps 1 and 2, the student submits a copy of the appeal, as well as the college decision, to the provost. The Provost’s Office will provide an institution-wide perspective. The provost has 7 days from receipt of the appeal to respond writing to the student. If the request is denied, the written correspondence to the student will outline the process for appealing to the state-level articulation and transfer appeals review committee of the Ohio Board of Regents.

Ohio Transfer Module Courses

The following list represents The University of Toledo Ohio Transfer Module courses. The transfer module, as directed by the Ohio Board of Regents, includes courses in the following areas: English, mathematics, arts and humanities, social and behavioral sciences, natural and physical sciences, and interdisciplinary studies.

Note: Completion of The University of Toledo transfer module requires course work above that which fulfills the general education core curriculum. Students should consult their academic adviser for further information.

Ohio Transfer Module
(https://www.ohiohighered.org/transfer/transfermodule/modules, click on University of Toledo)

A Transfer Module is a subset or a complete set (in some cases, the institution's Transfer Module may satisfy the entire set of general education requirements) of a college's or university's general education requirements that represents a body of knowledge and academic skills common across Ohio colleges and universities, containing 36-40 semester hours of courses in the fields of (1) English; (2) mathematics; (3) arts/humanities; (4) social and behavioral sciences; (5) natural sciences; and (6) interdisciplinary coursework (optional).
**Course Reporting System** ([https://reports-cems.transfercredit.ohio.gov/ap/6?13069133303922::NO:6](https://reports-cems.transfercredit.ohio.gov/ap/6?13069133303922::NO:6))

The Ohio Transfer Module (OTM) Approved Courses Reporting System will help you identify Transfer Module approved courses that are guaranteed to transfer and apply toward related general education subject areas at Ohio’s public colleges and universities.

You can search by the OTM Subject Area that transfers as a general credit and/or by individual English and Math courses under the Learning Outcome (LO)-Based OTM Subject Area that transfers as a direct equivalent. Check out the [Ohio Transfer Module (OTM) main page](http://www.utoledo.edu/offices/treasurer/finance_brochures.html) to learn more about the Ohio Transfer Module.

**Determining Ohio Residency** ([http://codes.ohio.gov/orc/3333.31](http://codes.ohio.gov/orc/3333.31))

Status as a resident of Ohio shall be defined by the chancellor of the Ohio board of regents by rule promulgated pursuant to Chapter 119. of the Revised Code. No adjudication as to the status of any person under such rule, however, shall be required to be made pursuant to Chapter 119. of the Revised Code.

**Michigan Reciprocity Agreement**

Michigan and Ohio have entered into an agreement whereby The University of Toledo agrees to accept, at resident tuition rates, any resident of Monroe County (Michigan). Any student so admitted must meet all regular admission requirements of The University of Toledo, including those for the specific program for which admission was sought. Following the initial determination of residency status, any changes must be requested through formal application with the residency committee at least one month (30 days) prior to the beginning of the term for which the reclassification is requested. Eastern Michigan University agrees to accept Ohio residents at resident tuition rates.

**Fees and Financial Aid**

A complete schedule of student fees is provided in “The University of Toledo Finance Brochure,” which is published annually by the Bursar’s Office or may be found on the Web at [http://www.utoledo.edu/offices/treasurer/finance_brochures.html](http://www.utoledo.edu/offices/treasurer/finance_brochures.html).

The University of Toledo has a wide variety of financial aid programs available to qualifying students. Information regarding federal, state and institutional aid through the Office of Student Financial Aid (OSFA) may be obtained through the University’s Web site: [http://www.financialaid.utoledo.edu](http://www.financialaid.utoledo.edu). The OSFA also annually publishes information that provides complete information on the types of financial aid available, the application process, satisfactory academic progress, and other pertinent issues. You also may contact the OSFA for additional information regarding scholarships available at The University of Toledo. All students must be U.S. citizens or eligible noncitizens of the U.S. as defined by the U.S. Department of Education and must be enrolled in a program leading to a degree or certificate in order to qualify for federal and state aid programs.

**Earning Alternative College Credit**

**Advanced Placement (AP)**

High school students who enroll in college-level courses and who demonstrate superior achievement in the appropriate Advanced Placement examinations offered by the College Entrance Examination Board may submit results of their examinations to the Offices of Admissions as part of their application for admission. These examinations are offered in May, and the candidate may, if desired, choose to take them by consulting with the secondary school college counselor or principal.
On recommendation of the departments concerned, full college credit may be granted for such work or certain prerequisite courses may be waived to permit the student to enroll in more advanced courses. Entering students who receive enough credit to qualify as sophomores will be ranked as sophomores. Please contact the appropriate department for further information.

Advanced placement credit may be granted by the following subject departments: art, art history, biology, chemistry, computer science, economics, English, foreign languages, history, mathematics, music, physics, political science and psychology.

**College Level Examination Program (CLEP)**
A student may earn college credit by taking the College Level Examination Program (CLEP) tests, offered at the Scott Park Testing Center, Room 1200, if college credit has not been earned in the area in which credit is sought and the student is not currently enrolled in a course in that area. Students should consult the college in which they are enrolled to determine the specific credit limitations. Students should take the CLEP examinations before entrance or transfer. Although it is recommended that these exams be taken prior to enrolling in classes at The University of Toledo, students may, with an adviser’s permission, take the exam within their program of study.

**Duplicate Credit in CLEP and AP**
Within existing college and University limitations, when a student presents CLEP and Advanced Placement scores in the same area, credit will be given for the CLEP or AP, whichever is the higher number of credit hours. In no case will CLEP and AP credits be added or combined. The individual department may decide which course credit is to be given if alternate course credit is possible.

**International Baccalaureate**
The University of Toledo will award credit for a minimum score of 4 on the higher level examination of the International Baccalaureate (IB).

An incoming freshmen student who wants his/her IB examination test scores equated for course credit at the University is responsible for having his/her official IB scores submitted directly to the University. The University expects the student to submit IB examination scores at least one month prior to matriculation in order to facilitate a timely assessment of the scores. IB examination test scores should be submitted to the Office of Undergraduate Admissions at the University.

Upon receipt, the student’s IB test scores will be evaluated in accord with the University’s transfer policies and transfer credit evaluation procedures for the catalog year in which the student matriculates. The student’s test scores and choice of major determines the application of the credits awarded from the IB examinations.

The UT course equivalency for each course within each subject group will be established by faculty within the department most closely aligned with the subject content and learning outcomes of the IB diploma course (s).

A student who earns credit in a course that is equivalent to an IB examination will not be given credit for the IB examination credit. A student may not apply for IB credit after they matriculate. IB credit will not be assigned to the record retroactively.

The Provost and Vice President for Academic Affairs or designee will review the awarding of credit through the International Baccalaureate Diploma program annually each May in accordance with the state’s policies on transfer and articulation.
**Prior Learning Assessment**

Some colleges and departments grant credit for certain courses in which the student had previous work or life experiences, and can demonstrate their knowledge by having this prior work assessed through Credit by Exam or Portfolio Development. A maximum of 30 credit hours may be obtained through portfolio and/or credit by exam toward a baccalaureate degree and 15 total hours toward an associate degree. Credits earned through any prior learning method do not fulfill college residency requirements. A student must earn a grade of C or better to have credit recorded. Students must be enrolled during the term in which the credit is to be recorded. The Prior Learning Assessment program follows a course-match model with a fee of $100 per course for either method. The method for credit is determined by the faculty of the course for which credit is sought. Additional resources and information are available at [http://www.utoledo.edu/uc/pla/](http://www.utoledo.edu/uc/pla/). Also see 3364-71-17 Credit for Prior Learning Policy.

**University Undergraduate Core Curriculum**

The University of Toledo (UT) Core Curriculum consists of 36 - 42 credit hours of coursework that provides the educational foundation for all undergraduate degree programs. The UT Core exposes students to a range of disciplines that gives breadth to the learning experience, prepares students for advanced coursework in their degree programs, and develops students as lifelong learners who will thrive in and contribute significantly to a constantly changing global community.

The UT Core Curriculum gives students critical reasoning skills to explore complex questions, grasp the essence of social, scientific and ethical problems, and arrive at nuanced perspectives. It hones the ability of students to communicate artistically, orally and in writing. It allows students to recognize their place in history and culture, and to appreciate their connection to others in a multicultural world. It prepares students to be thoughtful, engaged citizens in a participatory democracy. It requires students to explore the whole range of the liberal arts, both for the intrinsic value of doing so and in preparation for study in their degree programs. It provides students with insight into the social and behavioral sciences; familiarity with the history, aesthetics, and criticism of all aspects of human culture, including the fine arts; and experience in the scientific, philosophical and mathematical processes required to examine theoretical and natural phenomena.

**Core Curriculum Learning Outcomes:**

Assessment of the core curriculum is organized into five student learning outcomes. Below are the outcome definitions.

- Communication: UT students must demonstrate abilities to communicate meaningfully, persuasively, and creatively with different audiences through written, oral, numeric, graphic and visual modes.

- Personal, Social, and Global Responsibility: UT students must demonstrate understanding of and critical engagement in ethical, cultural, and political discourse and capacity to work productively as a community member committed to the value of diversity, difference, and the imperatives of justice.

- Critical Thinking and Integrative Learning: UT students must be able to integrate reasoning, questioning, and analysis across traditional boundaries of viewpoint, practice, and discipline.

- Scientific and Quantitative Reasoning and Literacy: UT students must demonstrate the capacity to apply mathematical reasoning and scientific inquiry to diverse problems.

- Information Literacy: UT students must demonstrate the ability to find, organize, critically assess, and effectively use information to engage in advanced work in a challenging field of study. Students should demonstrate responsible, legal, creative, and ethical use of information.
The **core** curricular components through which these learning outcomes are met are as follows:

I. **Skill areas** (9 Semester Hours)

A. English Composition courses (minimum 6 hours) emphasize expository prose writing. Creative writing and speech courses will not fulfill this requirement but may be found in II Distributive, A. Arts and Humanities.

B. Mathematics courses (minimum 3 hours) provide an analytical foundation for quantitative problem solving that build on and extend beyond three years of college preparatory math.

II. **Distributive areas** (18 or more Semester Hours - to include at least two courses totaling 6 hours in each of the following three areas. Students must choose two courses from different disciplines.)

A. Arts & Humanities courses (minimum 6 hours). Arts courses should introduce students to the basic principles, history, concepts and criticism of the fine arts or performing arts. Humanities courses should provide historical, literary and philosophical perspectives of our world. Both Arts and Humanities courses may also introduce skills and techniques to communicate perspectives artistically, orally and/or in writing.

B. Social Science courses (minimum 6 hours) integrate factual, institutional, methodological and basic theoretical issues involved in the study of society or human behavior. Social science courses should emphasize methods of thinking and approaches to solving social and economic problems rather than merely reviewing factual material specific to that field.

C. Natural Science courses (minimum 6 hours) expose students to the process of scientific inquiry and encourage development of a scientific perspective. Natural science courses should not merely provide facts, but also an understanding of the basic issues, methodologies and theories in the major disciplinary areas. At least 1 hour of coursework in this category must include a hands-on laboratory component.

III. **Electives**

Students must take 9 additional hours of courses from I. Skills, B. Math or II. Distributive described above. Students should work with their adviser to select the appropriate courses to take, as many degree programs have specific core course requirements.

IV. **Multicultural Courses**

Students must take one course from each of the following categories:

A. Diversity of U.S. Culture courses (minimum 3 hours) examine the economic, political, philosophical, social or artistic life of distinct cultural communities within the United States. Communities may include, but are not limited to, communities based on race, ethnicity, class, gender, sexual orientation, beliefs, and disability.

B. Non-U.S. Culture courses (minimum 3 hours) examine the economic, political, philosophical, social or artistic life of communities outside the United States.

Students may satisfy both of the multicultural requirements with courses that simultaneously fulfill a second area of the core curriculum. One Multicultural course may be a course that also meets one of the requirements in II. Distributive Area, and the other may be a course that also meets one of the requirements in III. Electives, as stated above.

The result is a Core Curriculum with 36 to 42 credit hours of coursework. Students should work with their adviser to select the appropriate courses to take in the core. It is important to note that many programs require their students to take specific core courses which are foundational to that course of study.
Students must earn a 2.0 GPA or higher across courses used to satisfy their core curriculum requirements.

Ohio Transfer Module

All course categories in the UT Core contain courses that are part of the University of Toledo’s Ohio Transfer Module (OTM). Students who are considering transferring to another Ohio institution of higher education should select courses that are marked as part of UT’s OTM to guarantee transferability. Non-OTM courses are not guaranteed to transfer into another institution’s general education category. To facilitate transfer to other Ohio institutions of higher education, all OTM courses in these categories are clearly identified as OTM courses.

Core Curriculum Courses

I. Skill Areas

A. **English Composition** (select composition I and one course from the composition II list)

   Composition I
   
   ENGL 1110 College Composition I........................................3 OTM

   Composition II
   
   +ENGL 1130 College Composition II:
   
   Acad. Disciplines & Discourse........................................3 OTM
   
   +ENGL 2950 Sci-Tech Report Writing ................................3 OTM
   
   +ENGL 2960 Organizational Report Writing ............................3 OTM
   
   HON 1010 Ideas, Innovation, & Society I ............................3
   
   +HON 1020 Ideas, Innovation, & Society II.........................3
B. Mathematics (select one course from the following):

- MATH 1180 Reasoning with Mathematics ......................... 3 OTM
- MATH 1200 Mathematical Modeling and Problem Solving 4
- MATH 1210 Mathematics for Education Majors I .................. 3
- MATH 1220 Mathematics for Elementary Education II ........ 3 OTM
- MATH 1320 College Algebra ............................................. 3 OTM
- MATH 1330 Trigonometry ................................................ 3 OTM
- MATH 1340 College Algebra & Trigonometry .................. .5 OTM
- MATH 1730 Calculus with Applications to Business and Finance .............................................. 5 OTM
- MATH 1750 Mathematics for the Life Sciences I .............. 4 OTM
- MATH 1760 Mathematics for the Life Sciences II ............. 3 OTM
- MATH 1830 Calculus I for Mathematicians, Scientists & Educators ............................................. 4 OTM
- MATH 1840 Calculus II for Mathematicians, Scientists & Educators ............................................. 4 OTM
- MATH 1850 Single Variable Calculus I ....................... 4 OTM
- MATH 1860 Single Variable Calculus II ...................... 4 OTM
- MATH 1890 Elementary Linear Algebra ...................... 3 OTM
- MATH 2450 Calculus for Engineering Technology I .......... 4 OTM
- MATH 2460 Calculus for Engineering Technology II ......... 4 OTM
- MATH 2600 Introduction to Statistics ......................... 3 OTM

+Students must complete a placement test or satisfy prerequisites in order to enroll in one of these courses.

II. Distributive Areas

A. Arts and Humanities

Such a course is likely to reside in the arts, classics, literature, history, language, religion or philosophy. Arts and Humanities courses should be broad-based; narrowly focused courses will generally not fulfill this requirement. In order to qualify for the core curriculum, a course must fulfill at least one, and should strive for a preponderance, of the five criteria below:

a. Provide an introduction to a particular arts or humanities discipline;

b. Provide historical perspectives of our world;

c. Provide an overview of philosophical systems that compete for our attention;

d. Provide a broad understanding of literary or cultural currents of the past and/or the present; and,

e. Present cross-cultural perspectives.

After completing the arts and humanities core curriculum, a student should be able to:

1. Communicate effectively: All core curriculum programs include a component for writing; many also include a component for oral communication or presentation

2. Evaluate arguments in a logical fashion: Competence in analysis and logical argument are explicit learning goals for most core curriculum programs, although these skills go by a variety of names (e.g., critical thinking, analysis, logical thinking, etc.)

3. Employ the methods of inquiry characteristic of natural sciences, social sciences, and the arts and humanities: The tools for solving problems vary across disciplines; the core curriculum introduces students to methods of inquiry in several fields of study and thereby prepares students to integrate information from different disciplines

4. Acquire an understanding of our global and diverse culture and society

5. Engage in our democratic society: One of the overarching goals of the core curriculum is to prepare students to be active and informed citizens, the development of a disposition to participate in and contribute to our democracy is full of equal importance to the goal of having the skills to do so intelligently.

(Select two courses; minimum of six hours total from the following; no more than one course from any discipline):

*NU* Indicates a course that is also a Non-U.S. Culture Multicultural Course

*US* Indicates a course that is also a Diversity of U.S. Culture Multicultural Course
B. Social Sciences

Courses intended to fulfill the social science area should be broad, survey-type courses that emphasize methods of thinking and approaches to problems rather than merely material specific to that field. A core curriculum course in social science should integrate factual, institutional, methodological and basic theoretical issues involved in the study of society or human behavior. The course should emphasize critical thinking across a broad range of social and behavioral topics. Ideally, such a course will be interdisciplinary – for example, an economics course might deal not only with principles of economics, but also with politics, psychology, geography, anthropology and/or sociology. Generally, such courses may not be suitable for prospective majors.

In order to qualify for the core curriculum in social science, a course need not contain all of the elements, but should strive for a preponderance, of the following criteria:

- Provide an introduction to social science theory and/or methodology;
- Reveal, describe, analyze and critically evaluate the connections between and among human beings and their place in the world, whether ethical, cultural, physical, or social;
- Demonstrate knowledge of the diversity of social, economic and political institutions and processes, and their interrelationship within the United States and/or world;
- Provide orientations toward collective behavior;
- Present cross-cultural orientations;
- Provide multivariable explanations of social issues;
- Provide macro (institutional/societal) and micro (individual and small group) approaches; and,
- Provide frameworks or settings for applied learning, knowledge or skills.

In addition, a student who completes the core curriculum in social sciences should be able to:

- Communicate effectively: All core curriculum programs include a component for writing; many also include a component for oral communication or presentation
- Evaluate arguments in a logical fashion: Competence in analysis and logical argument are explicit learning goals for most core curriculum programs, although these skills go by a variety of names (e.g., critical thinking, analysis, logical thinking, etc.)
- Employ the methods of inquiry characteristic of natural sciences, social sciences, and the arts and humanities: The tools for solving problems vary across disciplines; the core curriculum introduces students to methods of inquiry in several fields of study and thereby prepares students to integrate information from different disciplines
- Acquire an understanding of our global and diverse culture and society
- Engage in our democratic society: One of the overarching goals of general the core curriculum is to prepare students to be active and informed citizens, the development of a disposition to participate in and contribute to our democracy is full of equal importance to the goal of having the skills to do so intelligently.

**C. Natural Sciences**
A course intended to fulfill the natural sciences area should expose students to the process of scientific inquiry and encourage development of a perspective of science in the world. Such a course should not merely provide facts, but an understanding of the basic issues, methodologies and theories that drive inquiry in the major disciplinary areas of the sciences.

Courses would normally be drawn from the biological sciences, environmental sciences, geology, chemistry, physics and astronomy. Emphasis should be placed on reasoning skills rather than recall of scientific content or a high level of skill in mathematics or reading.

In order to qualify for the core curriculum in natural sciences, a course need not contain all of the elements, but should strive for a preponderance, of the following criteria:

a. Provide an understanding of the nature of science in general and of major scientific concepts;
b. Provide analysis and evaluation of scientific information;
c. Provide discipline specific principles and information;
d. Present applications and demonstrate the value of the discipline to society in general; and,
e. Introduce scientific reasoning skills.

In addition, a student who completes the core curriculum in natural sciences should be able to:

a. Communicate effectively: All core curriculum programs include a component for writing; many also include a component for oral communication or presentation
b. **Evaluate arguments in a logical fashion**: Competence in analysis and logical argument are explicit learning goals for most core curriculum programs, although these skills go by a variety of names (e.g., critical thinking, analysis, logical thinking, etc.)

c. **Employ the methods of inquiry characteristic of natural sciences, social sciences, and the arts and humanities**: The tools for solving problems vary across disciplines; the core curriculum introduces students to methods of inquiry in several fields of study and thereby prepares students to integrate information from different disciplines

d. **Acquire an understanding of our global and diverse culture and society**

e. **Engage in our democratic society**: One of the overarching goals of the core curriculum is to prepare students to be active and informed citizens, the development of a disposition to participate in and contribute to our democracy is full of equal importance to the goal of having the skills to do so intelligently.

+Students must complete a placement test or satisfy prerequisites in order to enroll in one of these courses.

III. Electives

Students must take 9 additional hours from any of the above categories: I.B Math, II.A Arts and Humanities, II.B Social Sciences or II.C Natural Sciences.

IV. Multicultural Areas

This requirement aims to foster an understanding of and respect for different cultures and peoples, both within and outside the United States, through the study of their beliefs, customs, histories, values and interrelationships.

(Select one course from Diversity of U.S. Culture and one course from non-U.S. Culture for a total of six hours. Students may satisfy both of the multicultural requirements with courses that simultaneously fulfill one course in II Distributive (II.A Arts and Humanities or II.B Social Sciences) and one course in III Electives):

A. Diversity of U.S. Culture

A Diversity of U.S. Culture course includes, but is not restricted to, an examination of the economic, political, philosophical, social or artistic life of distinct cultural communities in the United States. Cultural communities may include but are not limited to communities based on race, ethnicity, class, gender, sexual orientation, beliefs and disability.

A student who completes the diversity of U.S. culture requirement should be able to:

- Explain the cultural relationships between dominant and non-dominant cultures within the U.S;
- Describe how diverse cultural communities contribute to the development of U.S. culture; and,
- Compare complex social structures within diverse U.S. cultural communities.

At minimum, select one course of at least three hours from the following:

- AED 3130 Multicultural Approaches for Art Appreciation .... 3
- AFST 1100 Introduction to Africana Studies ................. 3
- AFST 2100 Foundations of Black Intellectual History ....... 3
- AFST 3600 Entrepreneurship and the Black Community ...... 3
- AFST 3900 Perspectives on African American Education ..... 3

**B. Non-U.S. Culture**

A Non-U.S. Culture course includes, but is not restricted to, an examination of the economic, political, philosophical, social or artistic life of communities outside the United States that did not contribute to the dominant culture in the United States.

A student who completes the non-U.S. culture requirement should be able to:

- Demonstrate awareness of cultural communities outside the United States;
- Demonstrate knowledge of responsible citizenship in a global society;
- Explain the cultural relationships between dominant and non-dominant populations outside the United States;
• Compare complex social structures within diverse cultural communities outside the United States; and,
• Recognize contemporary global issues facing a non-U.S. culture.

(At minimum, select one course of at least three hours from the following):

**General Academic Policies**

The policies listed below are general policies for the University. Students should consult their advisers for college-specific academic policies.

**Full-Time Status**

A student must carry a minimum of 12 semester hours each term to be considered a full-time student. Students should carry an average of 15 to 16 hours of course work each semester to complete bachelor’s degree requirements in the usual eight semesters of full-time study (four semesters of full-time study in an associate’s degree program).

**Class Rank**

Class rank is based upon the number of semester hours completed and is determined as follows:

- Freshman 0-29.9 hours
- Sophomore 30-59.9 hours
- Junior 60-89.9 hours
- Senior 90+ hours

**Course Numbering System**

University course numbers follow this system:

**Undergraduate**

| 0500-0990 | Non-degree credit |
| 1000-1990 | Primarily for freshmen and sophomores |
| 2000-2990 | Sophomores, juniors and seniors |
| 3000-3990 | Juniors and seniors |
| 4000-4990 | Advanced undergraduates |
Graduate
5000-5990   Master’s level
6000-6990   Advanced master’s level
7000-7990   Doctoral level
8000-8990   Advanced doctoral level
9000-9990   College of Law

Credit for Repeated Courses
Credit for any repeated course will apply only once toward degree requirements. Grades for all attempts at the course will appear on the student’s official academic record (official transcript) and will count toward the GPA, unless the grade has been deleted. See the policy on GPA Recalculation for Repeated Courses.

Undergraduate Academic Policies
3364-71-01 Academic Standing
3364-71-02 Enrollment status: full time, part time, and audit
3364-71-03 Class Rank
3364-71-04 Academic dishonesty
3364-71-05 Academic Grievance

3364-71-10 Residency requirement for a degree
3364-71-11 Grades and grading
3364-71-12 Priority registration
3364-71-13 Graduation with honors distinction; Dean's list; President's list
3364-71-14 Missed class policy
3364-71-15 Confidentiality of student records (FERPA)
3364-71-16 Administrative adjustment for extenuating circumstances
3364-71-17 Credit for prior learning
3364-71-18 Veteran and service members support and assistance
3364-71-19 Posthumous degree awards
3364-71-20 International baccalaureate diploma

Registration Policies
Adding a Class or Registering Late
A student may add a course or register late within the first five calendar days of a new semester, excluding summer, with no signature required as long as a seat is available. Students wishing to add a class between the sixth and 15th calendar days inclusively of a new term may be able to do so with an approved signature. A late registration fee is assessed for initial registrations on or after the first day of the semester. After the 15th day, students wishing to add a course may petition to do so with the Request for Non-Funded Late Registration form. This will require signatures from the instructor of the course, the Dean or designee from the student's College Office, as well as approval from the appropriate Provost.
**Dropping a Class**

During the first 15 calendar days of the term (prorated for summer and special sessions), a student may drop from a class with no record on the student’s transcript. A student may drop a course or courses electronically through the fifteenth calendar day of the term.

**Withdrawing from a Class**

A student withdrawal (W) occurs when a student gives formal notice of his/her intent to withdraw from class(es) at the University. After the add/drop period and before the end of the tenth week of class, withdrawals can be processed online through the myUT portal (provided there are no holds), and can also be processed at Rocket Solution Central (RSC) located in Rocket Hall, Room 1200 regardless of whether or not there are holds. Failure to drop or withdrawal from a course for which a student has stopped attending may result in a grade of "F". Specific drop and withdrawal dates for a term are listed on the University's academic calendar or by contacting Rocket Solution Central (RSC) 419.530.8700. The instructor’s permission is not required to withdraw from class(es). The student will be given a grade of W on his or her transcript, indicating a withdrawal from class. Withdrawal deadlines for summer term sessions and special sessions that do not meet at the standard start/stop dates of the term will be proportional to those for regularly scheduled terms. The student should check with Rocket Solution Central (RSC) to determine the withdrawal deadlines for summer terms and special sessions.

In the event that a student becomes critically ill or injured during the course of the semester, the student should contact the Registrar’s Office for information on the Medical Drop/Withdrawal process. There are deadlines associated with this process so contact to the Registrar’s Office should be made as soon as possible.

**WARNING:**

Withdrawing from a course(s) will result in a grade of "W", which will appear on your official transcripts. Once a withdrawal is processed, it cannot be rescinded. Based on the date of withdrawal, fees may or may not be adjusted. Since withdrawn courses reduce your enrolled hours, withdrawing from courses may have an adverse effect on financial aid benefits, scholarships, loan deferments, athletic eligibility, health insurance, veteran's benefits, degree requirements, or other areas. If you are uncertain what effect withdrawing from the course(s) would have, it is recommended that you contact the appropriate department for guidance.

**Withdrawal Policies of Colleges**

Colleges may limit the total number of withdrawals a student may accumulate. Consult the appropriate college section of this catalog.

**Academic Course Overload**

A student who wants to enroll for more than 21 semester hours in a semester or 16 total hours during the summer must have a signature from the college dean. An undergraduate student who attempts 21 semester credit hours in fall and/or spring (18 semester hours for graduate students) is considered to be on Academic Overload. In order to register for additional hours, above those set limits, students should contact their college office. If approved, the college office will notify the Registrar's Office and your maximum hours will be increased, allowing you to add additional courses.

**Refund Policy**

Policies related to refund of fees for changes of schedule are presented in the University’s Schedule of Classes for the semester or “The University of Toledo Finance Brochure.” The date used to determine eligibility for refund shall be the date the drop transaction is processed. Failure to attend class, giving notice to an instructor, stopping payment on a check that was used to pay fees, or similar unofficial notice to any University office shall not be considered official notice.

The University’s refund policy includes provisions to conform to the Higher Education Amendments of 1998 and the “Return of Title IV Funds” regulations published on Nov. 1, 1999.
Registration/Scheduling

Information related to scheduling/registration procedures is described on the Office of the Registrar’s Web site at http://www.utoledo.edu/offices/registrar/. Students with disabilities may have priority registration through the Student Disability Services.

</tbody>
</table>

* No effect on grade point average

The Grade of Incomplete (IN)

The grade of IN is assigned only in extraordinary cases when unexpected conditions prevent the student from completing the requirements of the course within the term of enrollment. The student must complete the required work before the end of the following semester in which the grade is received (excluding summers); otherwise the grade will be converted to a grade of F by the Office of the Registrar. The student may initiate a request for an additional semester to complete the work for the grade (excluding summers). The extension is granted upon the approval of the faculty member and the associate dean of the college offering the course. The incomplete grade will not be considered in computing the student’s grade point average.
The Grade of Progress in Review (PR)

For master’s and doctoral theses and dissertations, for undergraduate individual-study courses, and for special projects at the undergraduate and graduate levels that may not be completed at the end of a particular grading period, the grade of PR may be given to denote work in progress. It will not be considered in computing the grade point average. Except in certain cases involving continuing graduate students graduating with a master’s degree, the grade of PR must be removed from the student’s record before the student may graduate.

The Audit Grade Option (AU)

The notation AU appears on the student’s record when he or she enrolls in a course for audit. AU is not a grade and no credit is granted. An auditor is not required to complete assignments or tests, nor is the instructor required to grade any of the student’s work in the course. The student must declare this option by the 15th calendar day of the term. A student auditing a course pays the same as for a course being taken for credit. Financial aid does not pay for audited courses.

Pass/No Credit (PS/NC) Grade Option

Students may elect to enroll in certain undergraduate courses for Pass/No Credit rather than an A-F grade. Students must complete a petition to take a class Pass/No Credit and obtain the approval of their college before the end of the 15th calendar day of the term. Grades of C or better will be changed to PS, and grades of C-, D+, D, D- and F will be changed to NC. The grades of PS and NC do not affect the grade point average. Students should consult their college regarding any limitations that may exist for this option.

Grade Changes

A. IN or PR to a letter grade: After work is completed, the instructor will complete a change of grade form and forward it to the Office of the Registrar.

B. All letter grade to letter grade changes must be forwarded to the college office for final approval. They are then submitted to the Office of the Registrar.

GPA Recalculation Policy for Repeated Courses

Under certain conditions, students who have retaken a course and earned a higher grade may petition to have the first grade excluded from their grade point average. If the petition is approved, the Office of the Registrar will be notified, and the student’s transcript will show the notation “Repeat (Excluded from GPA)” next to the original course and the notation “R” next to the retaken course.

Credit for any repeated course will apply only once toward degree requirements. Grades for all attempts at the course will appear on the student’s official academic record (official transcript) regardless of whether or not the grade has been deleted. All grades, including those for repeated courses, will be included in the determination of eligibility for honors, fellowships, or other distinctions accruing on the basis of GPA. A copy of the approved petition will become part of the student’s permanent record file.

A student may petition to have a grade excluded from GPA computation under the following conditions:

1. The repeated course must be completed prior to the granting of the first bachelor’s degree, and the grade deletion petition must be submitted no later than one semester after graduation.

2. Before petitioning, a student must have retaken the same course (or the renumbered substitute for that course) in the same department at The University of Toledo and earned a higher grade in the course retaken.

3. No more than a total of 12 semester hours or the equivalent of 16 quarter hours of course work may be deleted from the student’s transcript. A college may adopt a more stringent requirement.
4. This policy applies only to the first recorded grade in a course that a student has repeated.

5. Subject to the limitations described above, applications will be approved unless the instructor attests that the original grade was given for academic dishonesty.

This policy will apply to all students admitted fall 1997 or later. It does not apply to graduate and post-baccalaureate professional studies.

**Grade Point Average (GPA)**

A student’s cumulative grade point average is computed by dividing the total number of quality hours into the total number of quality points earned including F grades for all repeated courses that have not been approved for deletion on the basis of petition by the student. To obtain a degree or certificate in an undergraduate program, the student must have the proper number of credit hours in the courses required for the degree and a cumulative grade point average of at least 2.0. Grade point average requirements may be higher in certain colleges and in certain majors; this information is available in the individual college listings.

**Higher Education Grade Point Average**

A student’s higher education (overall) grade point average includes all course work taken at all institutions of higher education, including UT (unadjusted by Grade Deletions or the Academic Forgiveness Policy). The higher education GPA will be used for purposes of determining eligibility for University, collegiate, departmental or professional honors and other recognition based upon the student’s undergraduate academic career and record of academic performance.

**Academic Forgiveness Policy**

Under certain conditions, an undergraduate student who re-enrolls in The University of Toledo after an absence from the University (or any academic institution of higher education) is permitted the opportunity to have his/her academic standing calculated from the point of readmission. Once the student has demonstrated the ability to sustain a satisfactory level of academic performance, all grades of C-, D+, D, D-, F, E, P and WF are forfeited. Grades of A, A-, B+, B, B-, C+, C and PS only will be counted for credit. The following students are eligible to petition for the Academic Forgiveness Policy:

1. Former students who have not been enrolled at UT or any other accredited academic institution of higher learning for a period of at least two calendar years, during which time the student has a documented enlistment in the U.S. Armed Forces.

   or

2. Former students who have not been enrolled at UT or any other accredited academic institution of higher learning for a period of at least three calendar years.

Students who would be eligible for academic forgiveness will follow the established procedures for readmission. Upon completion of 24 semester hours of graded academic course work in a bachelor’s degree program, or 16 semester hours of graded academic course work in an associate’s degree program and a minimum time of two semesters as well as a minimum grade point average of 2.5 in courses since readmission, the student may elect to apply for academic forgiveness by submitting a written petition to the dean of the college.

If the dean grants academic forgiveness:

1. The previous grade point average is deleted.

2. Credits from all courses taken during the previous enrollment at UT with a grade of C- or lower are removed (although the grades are retained on the academic transcript with the notation “Academic Forgiveness Policy”).

3. Credits for all courses taken during the previous enrollment at UT with a grade of C or better as well as PS only will be counted for credit.
4. All calculations of quality hours, quality points and cumulative GPA will be adjusted.

The Academic Forgiveness Policy applies to all grades, including pass and fail, earned during the previous enrollment period at UT. If a student received a grade of C-, D+, D or D- during the previous enrollment period for a course that is required in the degree program that the student is pursuing, the student must either retake the course or the dean of the college must approve a suitable substitution.

Under provisions of the Academic Forgiveness Policy, a student must be re-enrolled at UT for a minimum of 32 semester hours before graduation. Grades from all courses ever taken at UT and the resulting GPA (unadjusted by the Academic Forgiveness Policy) will be used for purposes of determining eligibility for University, collegial, departmental or professional honors or other recognition.

A student may petition for the application of the Academic Forgiveness Policy to his or her record only one time in his or her career at UT. This policy is only available for undergraduate course work taken at UT and only for undergraduate students earning a first undergraduate degree. Students may not petition for GPA recalculation under the University’s GPA Recalculation Policy after they have used the Academic Forgiveness Policy. Note: This policy does not apply to graduate studies.

**Administrative Adjustment for Extenuating Circumstances**

The purpose of the policy is to provide students who experience unavoidable, extenuating circumstances or catastrophic illness the opportunity to petition the university for an administrative adjustment. This policy is for extenuating circumstances and does not supersede the missed class policy.

Extenuating circumstances are defined as situations that significantly interfere with the student’s academic work and/or ability to attend classes that arise during the semester, and are beyond the student’s control. Serious injuries or illnesses, death of an immediate family member, or a military call to active duty are examples of circumstances that might be regarded as extenuating.

This policy applies to all undergraduate students. Each college may publish detailed implementation strategies specific to that college.

**Regardless of the circumstances, a student withdrawal from most or all classes may affect the student’s financial aid and/or satisfactory academic progress.**

An official withdrawal results in a grade of “W” recorded on the student’s transcript for courses in session on the date of withdrawal. No credit is earned. The student’s grade-point average is not affected.

The date used to determine eligibility for financial adjustments shall be the date the student stopped attending as verified by the instructors as a result of the extenuating circumstances. The financial adjustments are based on the policies of The University of Toledo. It is the student’s responsibility to read and understand the policies on student fees and accounts as published and posted at [http://www.utoledo.edu/offices/treasurer/finance_brochures.html](http://www.utoledo.edu/offices/treasurer/finance_brochures.html) and important registration dates for each semester as published and posted at [http://www.utoledo.edu/offices/registrar/registration.html](http://www.utoledo.edu/offices/registrar/registration.html).

This comprehensive policy will cover petitions based on both academic and medical circumstances. Financial adjustments may be granted in certain situations.
(1) Academic adjustment refers to discretionary drop/withdrawal/schedule adjustments due to extenuating circumstances. A course “drop” will only be considered in the first 15 calendar days of the term pro-rated for summer and parts of term less than full term. After the fifteenth calendar day (pro-rated for summer and parts of term less than full term), a withdrawal may be processed.

(2) Medical adjustment refers to medical circumstances that interfere with the student’s ability to participate in academic activities. A medical adjustment approval can be made for all or some of the courses in the term for which the adjustment is requested. Medical requests must indicate when and how the student’s condition prevented class attendance and include documentation from a licensed healthcare provider. It is important to note that if a medical adjustment is approved, a medical registration hold is placed on the student’s record by the registrar’s office, and the student will be blocked from all future registration until the hold is removed. The removal of the medical hold will only be processed after the student’s documented healthcare provider supplies verification that the student’s condition is resolved with a minimum of a good prognosis to return to the University. In addition to a medical hold, any other registration holds must be resolved through the appropriate offices prior to registering for subsequent terms. If the student is registered for future terms, those courses will be dropped by the registrar’s office.

The Petition for Administrative Adjustment is found on the Web at [http://www.utoledo.edu/offices/registrar/forms.html](http://www.utoledo.edu/offices/registrar/forms.html) in the registrar’s office.

Students must complete the petition for administrative adjustment and attach their written statement and supporting documentation or the petition will be denied. A student must submit all the appropriate documents/forms to the registrar’s office within twelve calendar months of the last day of classes for the term for which the adjustment is requested. Student responsibilities:

(1) Consider alternatives to an administrative adjustment (i.e., schedule adjustment, incomplete grade, support services, GPA Recalculation Policy for Repeated Courses: [http://www.utoledo.edu/offices/registrar/student_records/gpa_recalculation.html](http://www.utoledo.edu/offices/registrar/student_records/gpa_recalculation.html))

(a) Students with a diagnosis/disability requiring accommodations are encouraged to notify Student Disability Services at 419.530.4981 or [http://www.utoledo.edu/offices/student-disability-services/](http://www.utoledo.edu/offices/student-disability-services/)

(2) Consult with instructors, academic advisor, and/or the financial aid office to explore your options and the consequences of an approved or denied Petition for Administrative Adjustment.

(a) Financial aid recipients who subsequently withdraw or change enrollment status may jeopardize their financial aid depending on the withdrawal date and the type of aid. An approved adjustment can result in federal grants and/or loans being returned to the Department of Education. A reduction of the load obligation could cause a balance due on the University of Toledo student account.

(b) Fee adjustments to parking, meal plan, residence life, or health insurance must be made by student-initiated contact with the appropriate office.

(3) Complete the Petition for Administrative Adjustment – including all of the following:

(a) A written “reason/explanation” statement detailing the extenuating circumstances, how the unavoidable circumstances interfered with academic progress, the action that is being requested, and the reason why the petition for an administrative adjustment should be granted.

(b) Indicate the term for the request including the dates of attendance and/or the last date attended. Medical requests must also list the date of the onset of the illness, when and how the impairment interfered with academic progress, the date(s) professional care was obtained for the medical request and the date(s) of hospitalization (if appropriate).
(c) Attach supporting documentation and/or verification documents on official letterhead pertaining to the extenuating circumstances. Students petitioning for Medical requests must contact the registrar’s office (registrar@utoledo.edu or 419.530.4845) for an initial consult and to obtain additional application materials to be included with the Petition for Administrative Adjustment including a signed “Physicians’ Verification of Medical Circumstances” form.

3364-71-16 Administrative Adjustment for Extenuating Circumstances 4

(d) Sign and date the petition.

(e) Submit the completed petition to the registrar’s office within twelve calendar months of the last day of classes for the term for which the adjustment is requested. Petitions for administrative adjustment will not be accepted during final exam week or later.

(4) Students will be notified in writing of the decision of the request for an adjustment. Do not assume the petition for extenuating circumstances has automatically been approved. Students should monitor their student account for fee adjustments at http://myut.utoledo.edu/

(5) In the event of a denied petition for an administrative adjustment, the student has the right to appeal, with the final authority being the Administrative Adjustment Review Committee. Appeals are limited to those situations where additional relevant information is provided by the student that was not included in the original Petition for Administrative Adjustment. Appeals must be submitted to the registrar’s office in written format within 30 calendar days of the denial letter. Petitions submitted late are not appealable decisions.

Petition for Administrative Adjustment

In certain extenuating circumstances that occur outside the normal policies and deadlines of the University, discretionary drop/withdrawal/schedule adjustments may be granted. A student must petition the Office of the Registrar within one year of the term for which the adjustment is requested and must provide a written statement explaining why an administrative adjustment is requested. This written statement must include dates, details, any financial request, documentation supporting the explanation, and a completed Course Request Form or Withdrawal Form as appropriate. Students with medical requests to drop classes for personal illness or injury should contact the Student Medical Center at 419.530.3493.

The Petition for Administrative Adjustment can be found on the Web at http://www.utoledo.edu/offices/registrar/pdfs/Administrative%20Adjustment%20Form%202015.pdf or in the Office of the Registrar.

Academic Probation

1. A student whose cumulative GPA is less than 2.0 is automatically placed on probation until a 2.0 cumulative GPA is achieved. In the College of Engineering, a student earning a 1.5 average in any semester regardless of his or her cumulative grade point average will be placed on probation. Please refer to the College of Pharmacy section in the catalog for specific policies regarding academic probation.

2. As long as a student remains on academic probation, enrollment restrictions may be imposed by the student’s college.

Academic Suspension

Students may be suspended from the University if they fail to maintain the required cumulative GPA. A student under academic suspension may not enroll in classes at UT for a period of at least one semester. Students should refer to the statements of colleges and centers for information regarding their specific policies and grade point averages. A cumulative GPA on attempting specific levels of course work defined in items 1-6 below leads to suspension.
1. Less than 1.0 after attempting 10-19 semester hours 
2. Less than 1.5 after attempting 20-29 semester hours 
3. Less than 1.7 after attempting 30-39 semester hours 
4. Less than 1.8 after attempting 40-49 semester hours 
5. Less than 1.9 after attempting 50-59 semester hours 
6. Less than 2.0 after attempting 60 semester hours 

Each college and the Student Success Center will set its own conditions for readmission. After accumulating 60 credit hours without suspension, a student may be suspended if the student falls below a cumulative GPA of 2.0 for two consecutive semesters.

Consult the probation and suspension policies for each college for more specific information. The Graduate School and the Colleges of Engineering and Pharmacy have separate and distinct policies from the other colleges.

Policy Statement on Academic Dishonesty

Academic dishonesty will not be tolerated. Among the aims of education are the acquisition of knowledge and development of the skills necessary for success in any profession. Students are responsible for knowing what constitutes academic dishonesty. If students are uncertain about what constitutes plagiarism or cheating, they should seek the instructor’s advice. Examples of academic dishonesty include, but are not limited to:

1. Plagiarizing or representing the words, ideas or information of another person as one’s own and not offering proper documentation;
2. Giving or receiving, prior to an examination, any unauthorized information concerning the content of that examination;
3. Referring to or displaying any unauthorized materials inside or outside of the examination room during the course of an examination;
4. Communicating during an examination in any manner with any unauthorized person concerning the examination or any part of it;
5. Giving or receiving substantive aid during the course of an examination;
6. Commencing an examination before the stipulated time or continuing to work on an examination after the announced conclusion of the examination period;
7. Taking, converting, concealing, defacing, damaging or destroying any property related to the preparation or completion of assignments, research or examination;
8. Submitting the same written work to fulfill the requirements for more than one course.

While academic integrity is particularly the responsibility of the student, the faculty members also have a responsibility. Assignments and tests should be constructed and proctored so as to discourage academic dishonesty. Faculty members are expected to inform their students explicitly as to what materials and procedures are authorized for use in the preparation of assignments or in examinations (e.g., the use of calculator, computer, text materials, etc.). Should cases of academic dishonesty be found among students, the instructor may choose to counsel the student, or the following sanctions may be imposed:

1. The student may be assigned an F for the work in question.
2. The student may be assigned an F for the course. In this case, the instructor should inform the dean and the student of this action. The dean will make certain that the student receives the F grade and is not permitted to withdraw from the course.
3. The student may be placed on probation or suspended for some definite period of time, dismissed or expelled by the dean if either the seriousness of the offense or a record of repeated offenses warrants it. A notation that such a sanction has been imposed will be made part of the student’s permanent record. It is expected that the dean will consult with the instructor and the student in making such a judgment, and that the dean will notify the student of the sanction imposed and of the appeals procedure.
A student found to be academically dishonest by a faculty member may appeal according to The University of Toledo Academic Grievance Procedure, which follows.

**Academic Grievance Procedure**

The University of Toledo recognizes a student’s right to due process. The University understands the need to assure that student grievances about faculty actions are evaluated fairly and equitably and, for this purpose, UT has an established academic grievance policy and procedures for undergraduate and graduate students.

**Honors**

**Graduation with Honors**

Baccalaureate students graduate with scholastic distinction on the basis of the higher education (overall) grade point averages. The higher education grade point average includes all course work taken at all institutions of higher education, including the UT GPA (unadjusted by Grade Deletions or the Academic Forgiveness Policy). These averages and the citation they merit on the student’s degree are as follows: 3.3, cum laude; 3.6, magna cum laude; 3.9, summa cum laude. Students must have taken 80 percent of their course work on the regular grading system, minus any credits earned in courses where the student has no choice in receiving a P/NC grade, to qualify for honors.

Students graduating with an associate’s degree will receive a scholastic distinction of “high scholarship” if their overall GPA is a 3.3 or higher.

Transfer students should note that The University of Toledo will include all course work taken at all institutions of higher education in the calculation to determine if a student will graduate with honors. All college course work taken is computed in determining eligibility for graduation with honors, although no student will be awarded a level of honors above that indicated by The University of Toledo cumulative GPA.

Note: The University of Toledo requires a minimum of 30 semester hours of standard letter-graded courses from UT in order to qualify for graduation with honors.

**President’s List**

Each semester, except summer, full-time students (12 or more quality hours, graded A through F) earning a 4.0 GPA are selected for recognition by being named to the President’s List. Because of the co-op programs, full-time students in the College of Engineering will be eligible for the President’s List during the summer term.

**Dean’s List**

Each semester, except summer, full-time students (12 or more quality hours, graded A through F) earning a 3.5 or above GPA are selected for recognition by being named to the Dean’s List. Because of the co-op programs, full-time students in the College of Engineering will be eligible for the Dean’s List during the summer term.

**Dean’s Recognition List**

The Dean’s Recognition List is used to recognize part-time students for academic excellence. This recognition will occur in the summer for the previous academic year’s performance. For this distinction a student must:

1. Be enrolled for both semesters of an academic year and complete a total of nine to 22 hours graded A through F between the two semesters;
2. Be a part-time student for the academic year; and
3. Earn a cumulative GPA of 3.5 or better for each semester.

*Please refer to the individual college sections for more specific information on scholastic distinction.*
Center for Experiential Learning and Career Services

Location: Student Union Room 1533
Phone: 419.530.4341
Email: celcs@utoledo.edu
Web site: www.utoledo.edu/success/celcs

The Center for Experiential Learning and Career Services (CELCS) provides comprehensive career planning services for all UT students and alumni in order to clarify and implement their academic and career goals.

- CELCS professional staff can assist with career exploration and selection of a major
- CELCS offers scheduled and walk-in appointments, addressing professional development needs including: resume, CV, and cover letter writing assistance; mock interviews; professional dress and etiquette; social media presence and job search strategies. CECLS staff can also customize presentation addressing those topics for classrooms, student organizations and UT departments.
- On campus student employment is administered out of the CELCS office including the posting of on campus positions and the processing of student employment documentation.
- CELCS works with employers to secure part-time, full-time and experiential learning opportunities. Rocket Jobs is the online employment database where students/alumni can review and apply for positions. CELCS also hosts multiple employer networking and recruitment events throughout the year.

It is recommended that students connect with CELCS in their first year; begin looking into internship opportunities in their second year; attend job readiness workshops and work at internships during their junior year; and schedule on-campus interviewing sessions in their senior year. It is beneficial for students to attend job fairs and other employer networking events throughout their academic career to learn about career opportunities within their major. Students are also encouraged to utilize Ohio Means Jobs.

University Counseling Center

Locations: Rocket Hall Room 1810
Phone: 419.530.2426
Web site: www.utoledo.edu/studentaffairs/counseling/

The University Counseling Center provides individual, couples, family, and group counseling and referral services to enrolled students for personal growth, increased self-awareness, family and interpersonal issues, depression and anxiety, as well as acute problems and crises. The center offers outreach and consultation services to University students, faculty and staff. Training opportunities for doctoral-level clinical psychology, counselor education and supervision and masters in social work graduate students are available. Services are free and counseling records are confidential.

We provide services in accordance with the codes of ethics of the helping professions and standards of the American Psychological Association, American Counseling Association and the International Association of Counseling Services, Inc. as well as to the rules and regulations of the State of Ohio.
Dean of Students Office
Location: Student Union Room 2509
Phone: 419.530.8852
Email: deanofstudents@utoledo.edu
Web site: www.utoledo.edu/studentaffairs/dos/

The mission of the Office of the Dean of Students is to ensure that students accomplish their educational and personal goals within the context of the broader academic purpose of the University. The Office of the Dean of Students promotes the development of, and enhances the educational experience for, students through intentionally designed co-curricular opportunities and through institutional policy development on students’ behalf.

Catharine S. Eberly Center for Women
Location: Tucker Hall Room 0168
Phone: 419.530.8570
Web site: www.utoledo.edu/centers/eberly/index.html

The Catharine S. Eberly Center for Women, located on main campus, serves everyone within the University as well as the greater Toledo community. The Center educates, empowers and engages through a variety of free personal and professional development classes and services. From the Lecture and Film Series and free printing in the computer lab to yoga and self-defense for women to scholarships and a lactation room, the Center offers a great variety of resources. The Eberly Center is also home to Kate’s Closet, which provides professional attire to female students and community members at no cost.

Student Disability Services
Location: Rocket Hall 1820
Phone: 419.530.4981 VP: 419.386.2189 TTY: 419.530.2612
Web site: www.utoledo.edu/offices/student-disability-services/index.html

Student Disability Services (SDS) works with faculty and colleges to identify and ensure the provision of reasonable academic accommodations to otherwise qualified students who self-identify as having a disability and complete the process of registering with SDS. SDS supports students with physical, emotional/psychological, and learning disabilities in all UT colleges including undergraduate, graduate, and professional programs. SDS values human diversity and recognizes disability as an important aspect of diversity. SDS serves as an advocate for students with disabilities while encouraging and helping students develop effective self-advocacy skills.

Student Medical Services
Location: Student Medical Center
Phone: 419.530.3451
Web site: www.utoledo.edu/healthservices/student/index.html

The Student Medical Center is a nationally accredited health care facility staffed with Board Certified physicians and Certified nurse practitioners that offers students, faculty, and staff a variety of services, including primary and acute medical care; women’s health care; psychiatric services; laboratory testing; prescription and over-the-counter medication; alcohol and substance abuse programming; sexual assault victim advocacy and educational/prevention programming; free/confidential HIV/AIDS testing; allergy injections and other immunizations; and student health insurance; and the Medical Drop/Withdrawal process. Charges are assessed for office visits, procedures, laboratory work and pharmacy. Third party billing is provided for those with health insurance. University Counseling Center services are available at the Student Medical Center and in the Armory.
Center for International Studies and Programs (CISP)

Location: Snyder Memorial 1000  
Phone: 419.530.5268  
Fax: 419.530.5266  
Email: CISP@utoledo.edu

The Center for International Studies and Programs (CISP) supports internationalization efforts at The University of Toledo by creating links among students, faculty and staff, visiting scholars, and the community that foster cross-cultural understanding and appreciation. The Center encourages global citizenship through innovative educational, cultural and service learning programming and through student and scholar exchanges. CISP is committed to the belief that effective cross-cultural interaction leads to global understanding and ultimately to a more rewarding human experience and to a better, more peaceful world. CISP houses the American Language Institute, the Confucius Institute, the Office of International Student and Scholar Services and the Office of Education Abroad.

Education Abroad Office

The Education Abroad Office serves as a key resource at UT in regard to international education opportunities. The office collaborates with the many academic departments in creating and administering education-abroad programs for undergraduate and graduate students, as well as in the transfer of academic credit. One of the most important responsibilities of the office, however, is to provide resources and guidance to students before, during, and after a study abroad experience. The office also arranges and conducts pre-departure and re-entry sessions for students. In addition, the office provides information and support to UT faculty for various international opportunities, such as short-term teaching abroad and faculty development activities. Finally, the office provides financial support to students in the form of travel grants, and administers the various U.S. Student Fulbright Awards, the National Security Education Program grants, and other special scholarships and grants.

The Education Abroad Office is located in Snyder Memorial Room 1120. For more information, call 419.530.4234 or e-mail eduabroad@utoledo.edu.

Office of International Student and Scholar Services

Location: Snyder Memorial Suite 1000  
Phone: 419.530.4229  
Web site: www.utoledo.edu/cisp/international/index.html

The Office of International Student and Scholar Services (OISS) Provides advising services with respect to immigration and visa matters, work permission, orientation, cultural adjustment and personal concerns. Staff is dedicated to assist and services to international students at The University of Toledo, helping students transition to life at UT and in the United States.

Academic Support Services - Tutoring

Whether you are looking to improve a course grade, freshen up on study skills, check and strengthen your understanding of a topic, review assignments, or learn new test taking strategies, the LEC tutors can assist you. Stop in and meet face-to-face with a highly trained tutor. Statistics show, the more you visit, the greater the possibility of increasing your GPA.
Learning Enhancement Center
Locations: Carlson Library, 0200 (lower level)
Phone: 419.530.2176
E-mail: lec@utoledo.edu
Web site: www.utoledo.edu/success/lec/
The Learning Enhancement Center (LEC) provides free tutoring services to all UT students. The LEC’s mission is to provide UT students with accessible, professional, academic support services that enhance success and retention. The LEC provides tutoring on a walk-in basis for undergraduate science, math, statistics and foreign language courses. UT’s highly-trained tutors help students prepare for tests, understand new concepts and improve proficiency. Students may access online tutoring, where they can chat live with a tutor or post a question. An eTutor and student share a live workspace, where they communicate through various tools, including chat, voice and video, whiteboard, file sharing and application sharing. The LEC also offers Supplemental Instruction (SI) which is a series of peer-led, weekly study sessions for students enrolled in select courses. The SI method has been proven to increase understanding of coursework and improve grades. SI is free and available to students enrolled in the course offering the program. Academic Workshops are available in a variety of topics including: Praxis test preparation, ACT preparation, study skills, time management and note-taking skills. Individualized appointments are available for students interested in maximizing their learning potential. The LEC website provides a variety of resources for academic development.

Student-Athlete Academic Services
Locations: Larimer Athletic Complex, Room 2030
Phone: 419.530.3540
Web site: www.utoledo.edu/success/saas/index.html
Student Athlete Academic Services (SAAS) is a student-centered, university resource which supports the academic enrichment and life skill development of all Rocket student-athletes. The Department of Athletics at The University of Toledo recognizes the unique needs of student-athletes’ healthy balance of meeting athletic demands while maintaining satisfactory academic standards. SAAS provides a variety of services to assist student-athletes with their academic progress. Services include guidance with course scheduling, study table, making appointments with appropriate university offices, individual/group tutoring, and academic and career counseling. SAAS is located in Larimer Athletic Complex, the Rocket Academic Center includes staff offices, tutoring rooms, and a computer lab with desktop workstations.

TRIO Student Support Services
Locations: Carlson Library, 0300
Phone: 419.530.3849
Email: trioss@utoledo.edu
Web: www.utoledo.edu/success/trio/
TRIO Student Support Services is a federally funded program that provides a comprehensive range of academic and other support services to low-income, first-generation and disabled students who need assistance in academic and personal development to enhance their chances of graduation. Students are accepted freshman year through senior year and remain with the program for the duration of their undergraduate studies.

TRIO Student Support Services provides the following functions:
• Identification and recruitment of enrolled students with academic need who meet federal program criteria of first-generation, disabled, low-income or a combination of these;
• Student individual and group support in the form of advising, mentoring, and tutoring;
• Academic advising and monitoring in order to enhance persistence;
• Career and financial aid counseling, graduate school and money management mentoring to improve economic outcomes beyond graduation; and
• Collaboration with University of Toledo student programs in order to enhance student experiences leading to retention and graduation.
Writing Center
Location: Carlson Library, 0130 (lower level)
Phone: 419.530.2176
Email: writingcenter@utoledo.edu
Web: www.utoledo.edu/success/writingcenter

The Writing Center offers free writing assistance to all UT students. Our writing tutors are educated in various disciplines and can assist with a variety of assignments. They offer individual instruction to students at any stage of academic or personal writing. Students may meet with Writing Center tutors to generate ideas, organize notes and thoughts, and receive feedback on drafts or complete papers. The following are often reviewed by our tutors: essays, research papers, creative writing, theses, dissertations, grant proposals, professional publications and scholarship/job applications. The Writing Center’s website has many writing resources, including information on proper grammar, revision and editorial recommendations and various citation styles. All writing tutorials require an appointment. Appointments can be scheduled online via the Writing Center webpage.

Office of Multicultural Student Success
Location: Multicultural Student Center - Room 2500
Phone: 419.530.2261
Web site: http://www.utoledo.edu/studentaffairs/omss/

The mission of the Office of Multicultural Student Success (OMSS) is to create a supportive campus environment for students of various cultures and diverse backgrounds. In addition, we provide opportunities and avenues for college success for underrepresented students beginning in the eighth grade and continuing on through college graduation. Through its programs and services, OMSS will enhance the recruitment and retention efforts of the Division of Student Affairs and explore the indigenous roots of African American, Asian American, and Latino American, Native American and LGBTQ (Lesbian, Gay, Bi-sexual, Transgender, Questioning, and Ally) students.

Sponsored Programs include:

• Heritage Months: Black History Month, Hispanic Heritage Month, Asian Pacific Islander History Month, Women’s History Month, LGBTQ (Lesbian, Gay, Bi-sexual, Transgender, Questioning, Ally) History Month, Filipino American Heritage Month, Native American History Month, Jewish American Heritage Month
• Multicultural Graduation Recognition Ceremonies
• Mentoring/Advising: TAWL (Geared toward minority women), Success Advising, PRIMOS (The English translation for “cousins,” is geared toward first-year Latino students), S.U.C.C.E.E.D (Students United for a Courageous, Creative, Educated & Empowered Destiny is geared toward Lesbian, Gay, Bi-sexual, Transgender, Questioning, and Ally students)
• M.O.R.E. (Multicultural Orientation Resources for Excellence): Early move-in to assigned residence halls, meet multicultural student leaders, meet multicultural faculty/staff, be informed about mentorship programs, learn about resources to support students and families, opportunity to become acclimated to the campus before the semester starts

Email: omss@utoledo.edu
Facebook: https://www.facebook.com/profile.php?id=100011271121674
Instagram: https://www.instagram.com/omss_ut/
Twitter: https://twitter.com/UT_OMSS
Office of Recreational Services
Location: Student Recreation Center
Phone: 419.530.3700
Website: [http://www.utoledo.edu/studentaffairs/rec/](http://www.utoledo.edu/studentaffairs/rec/)

The Office of Recreational Services, a member of the Division of Student Affairs, provides The University of Toledo community with quality, student-centered recreation and wellness programs and services that enrich the mind, body and spirit. The Office of Recreational Services is the premier service provider to the University of Toledo Community for healthy lifestyle options and developmental opportunities for student success. Opportunities are offered to explore one’s limits, experience achievement and practice wholesome stress-management techniques. Activities regularly promote social interaction within the culturally diverse University community. Students are continually challenged to examine their values and life choices in the search to build a meaningful identity and understand themselves and others. The numerous competitive and cooperative interchanges provide an ideal climate for learning to respect the dignity and worth of the individual, as well as the importance of team development. Services provided to students through the Student Recreation Center include:

- Drop-in Recreation
- Intramurals
- Sports Clubs
- Red Cross certification classes
- Swim lessons
- Group Exercise Classes
- Climb Wall
- High Ropes Course
- Summer Camp for Children 5-12
- Multiply Facilities on the Main Campus and Health Science Campus
- Student Employment Opportunities

Residence Life
Location: Ottawa House West
Phone: 419.530.2941
Website: [http://www.utoledo.edu/studentaffairs/reslife](http://www.utoledo.edu/studentaffairs/reslife)

University housing is a place to call home – a place where you can relax after a day of classes, hang out with your friends, eat a freshly cooked meal, and get involved. Arrangements include single, double, and triple occupancy rooms in suites of four to six or in traditional style residence halls. Living Learning and special interest Communities are available for those interested or majoring in the arts, business, health professions, wellness, politics, or law. Specific housing is also available for students that belong to the honors college, the Multicultural Emerging Scholars Program, as well as those looking for gender neutral or substance free living.

Sexual Assault Education and Prevention Program
Location: Counseling Center, Rocket Hall 1810
Phone: 419.530.3431
Website: [https://www.utoledo.edu/studentaffairs/SAEPP/](https://www.utoledo.edu/studentaffairs/SAEPP/)

The Sexual Assault Education and Prevention Program (SAEPP) works to create a safe campus community for everyone through educational efforts designed to reduce the incidence of sexual assault, stalking, sexual harassment and relationship violence. The SAEPP coordinator also serves as an advocate for survivors of these crimes, providing pressure-free, confidential support and information and accompaniment through campus and community systems. If you or a friend has been victimized or if you would like more information, call the SAEPP coordinator. You also can call to get involved in SAEPP programs and outreach or to schedule a speaker for your group. Because violence can happen to anyone, SAEPP services are available to all students, male and female, in an atmosphere respectful of all cultural backgrounds and sexual orientations.
Office of Student Involvement & Leadership
Location: Student Union Room 3504
Phone: 419.530.4944
Email: studentinvolvement@utoledo.edu
Website: http://www.utoledo.edu/studentaffairs/osi/
The Office of Student Involvement & Leadership (OSIL) is committed to building community and providing students with opportunities for involvement that will enhance and complement their UT experience. OSIL oversees many university-wide events including Weeks of Welcome, Student Involvement Fairs, Parent and Family Weekend, Homecoming, and Student Organization Awards Gala. The office supports a variety of areas, including student organizations, OrgSync (online student organization and events management system), Greek Life (fraternities and sororities), Campus Activities & Programming, Student Activities Board, Commuter Students Services, leadership programs, and Levis Leadership UT (a prestigious four-year, scholarship-based leadership program for incoming students). OSIL is responsible for supporting over 280 student organizations, distributing and monitoring student organization budgets, assisting with the formation of new student organizations, training student leaders, and providing event planning assistance.

Ask Rocky
Location: Student Union Room 2525
Phone: 419.530.4606 or 419.530.2932
Email: AskRocky@utoledo.edu
Website: www.utoledo.edu/askrocky
Ask Rocky is a one-stop-shop that provides students with answers to general questions about UT. Ask Rocky can also help students learn of various ways to connect to the University through student organizations, community activities, and leadership opportunities. Services of Ask Rocky include:

- Providing support and answers for students who may have general questions about UT.
- Offering miscellaneous resources such as campus maps, campus directories, area attractions, important dates, and departmental hours.
- Information regarding student organizations, including a list of all organizations, how to join an organization, and how to start an organization.
- Providing a calendar of campus events, including sporting events and ticket information.
