ARTICLE 1

PREAMBLE

- 1.1 This Agreement governs relations between the Medical University of Ohio, represented by members of the Board of Trustees, hereinafter referred to as the "Employer", and Ohio Council 8, American Federation of State, County, and Municipal Employees (AFSCME) AFL-CIO, and AFSCME Local 2415 AFL-CIO, hereinafter referred to as the "Union" has as its purpose the promotion of harmonious relations between the Employer and the Union; the establishment of an equitable and peaceful procedure for the resolution of differences; and the establishment of conditions of employment.

ARTICLE 2

TOTAL INTEGRATION

- 2.1 This Agreement contains the full and complete agreement between the Employer and the Union, eliminating all prior and contemporaneous oral agreements. The wages, hours, terms, and other conditions of employment in this Agreement supersede any related Ohio laws, including all specifications under those laws. Specifications under related Ohio laws that are not specifically written into this Agreement shall not append its terms. Except where this Agreement has superseded Ohio laws, including all specifications under those laws, terms and conditions not included in this Agreement remain governed by state and federal law.
- 2.2 In the event any article, section or appendix is declared illegal, this contract shall be reopened on such article, section or appendix. The Employer and the Union shall meet to negotiate a lawful alternate provision. However, such negotiation shall not affect the enforcement or validity of any other provision of the Agreement. In the event the parties cannot reach agreement, the issue(s) shall be submitted to mediation. If the parties cannot reach an agreement through the mediation, the Mediator shall submit a written report within fifteen (15) calendar days from the conclusion of the mediation. The report shall contain the Mediator's proposed solution to the issue(s) outstanding and a rationale in support of the solution.

The party's legislative bodies must accept or reject the Mediator's finding within twenty (20) calendar days from the postmark of the finding. The rejection of the Mediator's report must be by simple majority of those voting. If not rejected, the Mediator's solution is deemed accepted and incorporated into the rest of the agreement.

In the event either party rejects the Mediator's report, the Union is free to take concerted job actions in compliance with relevant State law and the Employer is free to implement its last, best offer. The cost of the Mediator shall be born equally between the parties.

- 2.3 The parties have met and have brought forth all written documents or agreements for consideration of whether such agreements shall continue as part of the terms and conditions of the Agreement. Any such agreements not brought forward during negotiations shall be deemed null and void.

ARTICLE 3

PLEDGE AGAINST DISCRIMINATION AND COERCION

- 3.1 The provisions of the Agreement shall be applied equally to all employees without discrimination as to age (over 40), sex, marital status, race, color, creed, handicap, disability, national origin, ancestry, political affiliation, or union activity. The Employer and the Union agree that harassment on the basis of any of the above-mentioned classifications may exist in the workplace and will not be tolerated. Any and all claims of discrimination or harassment by employees subject to the terms of this Agreement may be resolved by the grievance procedure.
- 3.2 The Union recognizes its responsibility as bargaining agent and agrees to represent all employees without discrimination, interference, restraint, or coercion.
- 3.3 The Union shall be provided with a copy of the Affirmative Action Plan of the Medical University of Ohio and any amendments made thereto. The employer shall discuss any proposed amendment to the plan before a change is made.

ARTICLE 4

MANAGEMENT RIGHTS

- 4.1 The Employer retains the sole right to manage its operations and direct the working force, including the right to determine the methods, means and personnel by which the Employer's operations shall be conducted, to direct the schedule, shift and location of the work of employees; to maintain order and efficiency in its operations and facilities; to subcontract; to promulgate reasonable work rules; and to hire, lay off, assign, and promote employees; subject only to such regulations governing the exercise of these rights as expressly provided by this Agreement.
- 4.2 The Employer retains the sole right to discipline, suspend, and discharge employees for just cause, including violation of any of the terms of this Agreement provided that in exercising this right it will not act in violation of this Agreement.
- 4.3 The above rights of Management are not all-inclusive, but indicate the type of matters or rights which belong to and are inherent in Management. Any of the rights, powers and authority the Employer had prior to entering into this collective bargaining agreement are retained by the Employer except as expressly and specifically abridged, delegated, granted, or modified by this Agreement.

ARTICLE 5

RECOGNITION

- 5.1 The Employer recognizes the Union as the sole and exclusive bargaining agent for employees in the classified and unclassified service.
- 5.2 Exceptions are supervisors, administrators, middle managers, persons employed in highly and strictly confidential positions, employees in the payroll, Human Resources budget departments, Office of Institutional Advancement, University Health Services (current positions only) as of date of ratification,

students as defined in ORC 4117, salaried personnel, grant-funded personnel (defined as those whose sources of payroll are at least 50% discretionary accounts), contract personnel, and those employees occupying classifications listed in Article 5, Sections 4 and 5 herein. Policemen, policewomen and guards as defined in the collective bargaining act (security officers and radio dispatchers) are further excluded from the unit as are all other types of employees referred to in the exclusionary provisions of Section 4117.01(C) (1) through (14) of the Revised Code. Temporary employees referred to in Article 35 are also excluded from the bargaining unit.

5.3 Supervisory employees shall be defined as any individual having authority, in the interest of the Employer, to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward or discipline other employees, or responsibility to direct them, or to adjust their grievances, or effectively to recommend such action, if in connection with the foregoing the exercise of such authority is not of a merely routine or clerical nature, but requires the use of independent judgment.

If the classification is to be included in the bargaining unit, then the parties shall negotiate the rate of pay for the classification.

ARTICLE 6

TIME DOCUMENTATION

6.1 The Medical University of Ohio has the obligation under the Fair Labor Standards Act to record all time worked by employees. Compliance with this provision is the responsibility of supervisory personnel. If it is necessary for an employee to be relieved from work duties or be away from the work area, the employee must obtain approval from the supervisor. While on paid time, employees are not allowed to leave the premises, defined, for the purpose of this Article, as the Employer's grounds, unless prior approval is obtained from the employee's supervisor. Reasonable requests will be honored.

- 6.2 Employees whose duties require them to leave the premises are required to document departure and return, in accordance with departmental practices.
- 6.3 Employees are to document hours worked in accordance with the Medical University of Ohio practices and procedures. All employees will document their time worked by using the same recording method, except where such recording methods are not presently in place or available. Nothing in this agreement shall preclude an effort by the Medical University of Ohio to develop a uniform system.
- 6.4 Time logs shall be kept only in the place designated by the department.

ARTICLE 7

CALL-BACK PAY AND ADMINISTRATIVE LEAVE

- 7.1 When an employee is required to return to work after the end of regular work hours, the employee shall be paid three (3) hours of pay no matter how short a time actually worked. Such hours shall be recognized as hours of work for the purposes of the current policy of overtime calculation. An employee called back to work shall not be eligible to receive additional call-back pay if called back again within one (1) hour after clocking out. There will be no maximum on the number of call-back pays.
- 7.2 The call-back provision shall not apply when an employee continues to work after the regular work schedule without leaving the work site, or when an employee is called into work early and continues to work into the regular work shift.
- 7.3 When employees are called back to work on an emergency, and said employees perform services which would prohibit them from having ten (10) hours off prior to the beginning of their next regularly scheduled shift, employees may request permission from their supervisor to use Administrative Leave in one hour or more blocks. After having ten (10) hours off, the employee may be required to report to their regularly scheduled shift. The Employer agrees to provide forty (40) hours of Administrative Leave per calendar year for classified and unclassified employees in the bargaining unit. Requests by employees shall not be unreasonably denied.
- 7.4 During the life of this agreement, the parties will create a joint committee to explore alternatives to solving the call-back provisions and other alternatives.
- 7.5 Employees in departments requiring on-call status will receive two dollars (\$2.00) per hour that they are scheduled to be on-call, but not at work.

ARTICLE 8

EARLY LEARNING CENTER

- 8.1 The Early Learning Center shall be operated as a center for the care of children of employees who work at the Medical University of Ohio and of children of members of the general public when space allows.
- 8.2 Applications will be considered in the order in which they are received.
- 8.3 Vacancies shall first be offered to employees then to the general public

- 8.4 Staffing and operating guidelines will conform to licensing requirements as set forth by the State of Ohio as a minimum.

ARTICLE 9

CORRECTIVE ACTION

Types of Offences:

- 9.1 An employee may be subject to corrective action for incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, or any failure of good behavior, or any other acts of misfeasance, or nonfeasance in office, use of alcohol or abusive drugs while on duty, or for other just cause.
- 9.2 The Employer will ordinarily follow the principle of progressive corrective action through a system of coaching, Level 1 oral/written warning, Level 2 written warning, Level 3 Pre-Discharge Written Warning with an Optional Suspension of up to five (5) unpaid days, and Level 4 Discharge. However, it is also recognized that a combination of various corrective actions against an employee or an act of a serious nature may prompt the Employer to consider and bypass one or more of the corrective steps outlined above. If the Employer bypasses any of the corrective steps, the Employer agrees to notify the Union within a reasonable time of such action. Should the action take place outside normal business hours, the Employer shall notify the Union within twenty-four (24) business hours excluding Saturday, Sunday and Holidays.
- 9.3 Corrective action shall be taken with discretion, so as not to cause public embarrassment to the employee. An employee may have a Union Representative present when corrective action is taken if the employee desires.
- 9.4 Level 3 Pre-Discharge Warning with an Optional Suspension and Level 4 Discharge Hearing:

Employees shall be afforded an opportunity for a Level 3 Pre-Discharge/written warning with an unpaid suspension as well as a Level 4 discharge hearing before the Head of Human Resources or his/her designee during their regularly scheduled working hours, or a mutually agreeable time, prior to being discharged or suspended without pay. Prior to such hearing, the charges shall be reduced to writing with a copy to the employee and the Union. Employees required to attend such hearings will be paid for actual hours spent in such hearings. In special cases, an employee may be suspended without pay pending a hearing by the supervisor or Human Resources Department, but such hearing must be held within 72 hours, excluding Saturday, Sunday and Holidays after such suspension. Employees who fail to appear at their scheduled hearing for any reason shall forfeit their right to a hearing provided reasonable notification of the hearing was provided. In such cases, appropriate corrective action may be given to the involved employee without a hearing.

- 9.5 Corrective action must be based on charges which have been presented to the employee, or to a Union Representative, not more than seven (7) working days (excluding weekends and holidays) after management confirms the facts underlying the incident.

- 9.6 Coachings will be filed in the departmental file and shall not be appealable beyond level 1 of the Grievance Procedure. Level 1 Oral/Written Warning and Level 2 Written Warning shall not be appealable beyond Level 3 of the Grievance Procedure.
- 9.7 After twelve (12) months, corrective action records which have resulted in coaching, Level 1 oral/written warning or Level 2 written warning shall be disregarded in subsequent corrective action. Upon written request by the employee, level 1 and level 2 records shall be removed from the employee's personnel file after twelve (12) months. All records of corrective action (except for coaching) shall be maintained only in the Human Resources Department.
- 9.8 Corrective action records which have resulted in a Level 3 Pre-Discharge/Written Warning (with or without an unpaid suspension option) shall be disregarded in subsequent corrective action or in considering the employee for promotion, transfer or voluntary demotion after twenty-four (24) months, provided there have been no subsequent suspensions in the intervening period. Upon written request by the employee, these records shall be removed from the employee's personnel file after twenty-four (24) months, provided there have been no subsequent suspensions in the intervening period.
- 9.9 Notwithstanding the provisions of Sections 9.7 and 9.8 above, any employee's corrective action for harassment or violence shall be maintained in the employee's personnel file and active for three years and can be used as an additional basis for discipline at any time if the employee engages in similar conduct.

ARTICLE 10

EDUCATIONAL REIMBURSEMENT

- 10.1 The Employer will provide the opportunity for tuition reimbursement for job related courses provided the courses are related to jobs at the Medical University of Ohio (courses that can be applied toward an Associate, Baccalaureate or Graduate degree) taken at an educationally accredited college, university, or technical school for all regular full-time and regular part-time employees who are budgeted twenty (20) hours a week or more. All courses are subject to prior approval from the department head.
- 10.2 The Employer will reimburse regular full-time employees seventy-five percent (75%) for the cost of tuition only for the courses taken up to a maximum of \$3,000.00 per calendar year. Regular part-time employees (20 hours a week or more) will be reimbursed seventy-five percent (75%) tuition only for courses taken up to a maximum of \$1,500.00 per calendar year. Employees who sign a three year contract to stay at the Medical University of Ohio will be reimbursed one hundred percent (100%) of the cost of tuition for the courses taken up to a maximum of \$3,000.00 per calendar year. (If an employee leaves during the three (3) year period, repayment will be made at 15% of the additional 25% in the first year; 10% of the additional 25% in the second year; and 5% of the initial 25% in the third year.)
- 10.3 Vocational courses taken by regular full-time employees may qualify for education reimbursement provided such are job related and with prior approval of the department head. Regular part-time employees (20 hours a week or more) will be reimbursed seventy-five (75%) tuition only for one (1) vocational course per quarter/semester up to ten (10) credit hours. Tuition cost will be reimbursed upon documented presentation of a "C" or 2.0 grade, "pass" or better.

ARTICLE 11

EMPLOYEE HEALTH CARE INSURANCE

- 11.1 The Employer will provide regular full-time employees and eligible regular part-time employees and their eligible dependents for the duration of this Agreement with a health insurance/hospitalization program which is the same or similar in design and benefit levels to those in force July 1, 2006. An additional option to migrate to a Consumer Directed Health Plan will be offered during the term of this agreement, if available. In the event a Consumer Directed Health Plan is offered, MUO may require all eligible new hires after December 31, 2007 to be enrolled in the Consumer Directed Health Plan.
- 11.2 The employer agrees that the employee contribution amounts for hospitalization and medical/surgical coverage shall be:

Eligible full-time employees:

Single coverage

7/1/06 – 12/31/06 20% of the full monthly premium
1/1/07 – 12/31/07 22% of the full monthly premium
1/1/08 – 12/31/08 25% of the full monthly premium
1/1/09 – 6/30/09 25% of the full monthly premium

Family coverage

7/1/06 – 12/31/06 20% of the full monthly premium
1/1/07 – 12/31/07 22% of the full monthly premium
1/1/08 – 12/31/08 25% of the full monthly premium
1/1/09 – 6/30/09 25% of the full monthly premium

Eligible part-time employees:

Single coverage

7/1/06 – 12/31/06 40% of the full monthly premium
1/1/07 – 12/31/07 44% of the full monthly premium
1/1/08 – 12/31/08 50% of the full monthly premium
1/1/09 – 6/30/09 50% of the full monthly premium

Family coverage

7/1/06 – 12/31/06 40% of the full monthly premium
1/1/07 – 12/31/07 44% of the full monthly premium
1/1/08 – 12/31/08 50% of the full monthly premium
1/1/09 – 6/30/09 50% of the full monthly premium

If the full monthly premium does not exceed a 15% increase from the previous years, the parties agree that for the health care plan year that begins 1/1/09, the full monthly premium increase will not exceed the lesser of the previous two years increase experience.

- 11.3 The Employer shall provide hospitalization and medical/surgical coverage for which the payment schedule is based on site of care. Current employees will be at 90/10 percent coinsurance (after any

applicable deductibles) effective July 1, 2006. All new hires as of January 1, 2007 will be at 80/20 percent coinsurance (after any applicable deductibles). As of June 30, 2009, all employees will be at 80/20 percent coinsurance (after any applicable deductibles).

- 11.4 Employees who are covered under the Medical University of Ohio's health care policy and go on an unpaid leave of absence, may elect to continue their benefits by paying 100% of the monthly premium. Health benefits for unpaid leaves of absence covered under Family and Medical Leave may be continued by paying regular monthly employee contribution amounts for up to twelve (12) weeks in a twelve-month period, based on remaining eligibility.
- 11.5 After consultation with the Union, the Employer may establish reduced hours, leave programs, or schedules of work which will allow employees to work less than a forty (40) hour week (full-time) and still receive full-time benefits.
- 11.6 Eligible regular part-time employees may continue to participate by contributing scheduled employee portions in effect as of July 1, 2006. Such contribution shall be made by payroll deduction. Eligible part-time employees are those employed in a continuing regular part-time position budgeted at twenty (20) hours or more each week. The Medical University of Ohio may offer benefits to employees at a lower FTE at its discretion.

During the term of this agreement, the Medical University of Ohio agrees to provide an on-site employee health clinic whereby employees can be seen by a health care provider within 24 hours of the request (business hours).

In addition, the Medical University of Ohio and AFSCME agree to continue the Benefits Advisory Committee.

- 11.7 When a full time employee's spouse, who is employed full time, has an available employer paid hospitalization policy where the employers percentage of cost sharing is the same or more than the Medical University of Ohio (which is 78% effective 1/1/07 and 75% effective 1/1/08), said spouse must enroll in that policy for the fullest extent possible in order to qualify for Medical University of Ohio coverage. If a spouse of a bargaining unit member declines hospitalization coverage as specified above because the spouse elected a different benefit or cash payment when employer provided hospitalization was available, said spouse shall not be eligible for Medical University of Ohio coverage. Where both a husband and wife are employed by Medical University of Ohio, they will have the option to take only one (1) family policy or a single health insurance policy each. Failure to return verifications of insurance will result in cancellation of Medical University of Ohio sponsored coverage.
- 11.8 If the Employer provides a Flexible Benefits Plan in accordance with IRS regulations, the parties agree to meet to discuss the inclusion of the bargaining unit in said programs. In accordance with IRS regulations employees shall be given the opportunity to participate in the Section 125 Premium Conversion Program which provides for payment of the employees portion of the health care premium cost with pre tax dollars.
- 11.9 Eligible employees may participate in a flexible spending account plan for out-of-pocket medical expenses and/or dependent care assistance expenses. For all employees hired after January 1, 1994, a 6-month period of employment must be completed before enrollment eligibility occurs. New employees may enroll after six (6) months of employment effective January or July, whichever

comes first. Enrollment periods will be the month preceding the effective date. Any employees meeting the 6-month employment requirement may elect or re-elect participation in December for a January 1 plan effective date each year.

11.10 PRESCRIPTION PLAN

Full-time regular and eligible regular part-time employees may have a prescription filled by the UMC Out-Patient Pharmacy Monday through Friday between the hours of 9:00 a.m. and 6:00 p.m. Non-emergent prescriptions can be dropped off in the OP Pharmacy during normal business hours or in the prescription drop box at any time but will only be available to be picked up in the OP pharmacy between the aforementioned hours. Dropping off their non-emergent prescriptions in a drop box will accommodate third shift employees. Those prescriptions will be filled and available for pick up either during regular OP pharmacy hours or at the inpatient window the next worked shift. Only payroll deduction, Credit or Debit Cards will be accepted for payment. Emergent prescriptions when the OP pharmacy is closed will continue to be filled and picked up in the inpatient pharmacy. Only payroll deduction, Credit or Debit Cards will be accepted for payment. Employees may be able to fill prescriptions under their spouse's health plan as well as pick up over the counter medications and other supplies. No prescription will be filled if the drug or generic equivalent as prescribed by the physician is not included in the UHC formulary. Employees will sign a statement verifying that the prescription is for either themselves or for an eligible Internal Revenue Service dependent residing in the employee's household. Employees attempting to use the prescription plan for a person(s) other than themselves or an IRS dependent living in the household will be disciplined up to and including termination.

11.11 Prescriptions may be filled for up to a 3 month period based on valid Physician order and the following formula being applied for each prescription. The copayment of generics will be a flat \$10 fee up to a three month supply. The copayment for physician authorized dispensed as written (DAW) or a name brand with no generic available furnished under the plan will be 22% of the average wholesale drug cost and a \$5.00 dispensing fee for the term of the agreement with a cap on the employee's portion of the drug cost of \$400 per individual and \$800 per family per calendar year. If an employee insists/wants a brand name drug when a generic is available, they will have to pay 100% of the difference between the generic cost and the brand name drug cost. Also, the Medical University of Ohio and its TPA will allow for a 10-day supply of prescription drugs available from participating/network pharmacies that may be utilized when the Medical University of Ohio's outpatient pharmacy is closed, when the employee is out of the area on vacation, or a child who is away at college, etc. Once employees hit a cap (either \$400 individual or \$800 family), they will only pay a \$5.00 copayment for each prescription. Employees will be responsible for maintaining records to verify that the cap has been reached. The cap will not be applicable to drugs utilized for the treatment of infertility.

11.12 OPTICAL PLAN

The Employer will continue to provide an optical plan for employees and eligible dependent (IRS definition) family members residing in the employee's household. The Employer will provide this benefit at a cost not to exceed six dollars (\$6.00) per eligible full-time regular employee per month. The deductible shall be fifteen dollars (\$15.00) for each utilization. Eligible regular part-time employees may participate in the optical plan at no cost to the Employer. Eligible part-time

employees who elect this benefit will pay the monthly premium by payroll deduction and will agree to participate in the plan for at least twenty-four (24) consecutive months.

11.13 DENTAL PLAN

The Employer will continue to provide dental coverage at current levels or higher if mutually agreed for regular full-time employees but may provide services through a closed panel or Preferred Provider Program. Regular part-time employees may enroll in the dental program at designated times by paying 100% of the premium charged to MUO or 100% of the cost as determined by the third party administrator of a self-funded plan. Individuals who enroll and subsequently withdraw from the dental plan may not re-enroll until an open enrollment period, which occurs at least 12 months after withdrawal.

11.14 LIFE INSURANCE

The Employer shall continue to provide regular full-time employees with term life insurance in accordance with the following schedule:

15 years and over	\$25,000 coverage
10 to 15 years	\$20,000 coverage
5 to 10 years	\$15,000 coverage
Less than 5 years	\$10,000 coverage

ARTICLE 12

FILLING OF VACANCIES

- 12.1 All classified and unclassified bargaining unit vacancies in the same job classification in Environmental Services, Food and Nutrition Services (Food Service Workers only), Facilities Maintenance, Telecommunications (Operators only), and Respiratory Care (Technicians only) which occur as a result of an employee being promoted, transferred, demoted, terminated, or as the result of a new position being created, will be filled by the most senior employees in the department expressing interest in the position. The satisfactory work record requirements in section 12.10 do not apply to senior employees filling vacancies under this section.
- 12.2 If the vacancy is not accepted by the most senior employees in the departments in the classifications outlined in Section 12.1 above, and for vacancies in all other departments, the vacancy will be posted for four (4) working days (excluding weekends and holidays). Employees must submit their bids for a vacancy during the four (4) working days of posting. The posting shall be removed at 4:30 p.m. on the fourth day and bids will not be accepted after that time.
- 12.3 Job postings shall contain the date of the posting, the pay range of the job, the job title, the initial reporting location, the normal working hours, a summary of the duties and a list of the required qualifications or training necessary and notice of whether a test will be administered for the position. However, the qualifications, special training, or test must fairly represent the duties of the position. Such identification in no way restricts the Employer's right to alter the job as previously held as long as such alterations are not prohibited elsewhere in this Labor Agreement.

Nothing in this section restricts Management's right to establish or to modify the normal working hours originally posted for the position. Such changes or modifications shall be done only for legitimate business reasons. Except for changes made unit-wide on the shift, should employees be reassigned to another shift, rescheduled on a regular basis to work different days than initially assigned for their position, or have their starting time changed by 4 hours or more, the employees shall be allowed to bump in accordance with Article 19. Before making such changes in an individual employee's position, the Employer shall canvas the shift in the unit for qualified volunteers.

In those cases where an individual employee's starting time is being changed by fewer than 4 hours, the employer shall first make a request for qualified volunteers. If no qualified employee volunteers, then the Employer shall make the change in the position of the least senior qualified employee on the shift in the unit.

A full position description shall be available in the Human Resources Department. The Union shall receive a copy of each posted position. The employee shall be responsible for verifying their qualifications for the job in accordance with all of the specifications and requirements outlined in the posted position. Failure to do so shall disqualify the employee from consideration for the position. The Human Resources Department shall provide the Union with a copy of the Statistical Information Sheet including the name of the employee chosen for the position.

- 12.4 All postings shall be distributed and placed on appropriate Medical University of Ohio bulletin boards by the Employer.
- 12.5 All non-probationary employees are eligible to bid on posted jobs.
- 12.6 The successful applicant will assume the position within twenty-one (21) days unless such transfer would have an adverse effect on operational needs. The Union will be advised in writing of any delay beyond the twenty-one (21) day period specified in the preceding sentence. An employee who has been awarded a job as a result of this process shall not be eligible to bid on another position during the probationary period.
- 12.7 Employees may not receive a lateral transfer or voluntary demotion more than once in any twelve (12) month period except to change their full-time equivalency (FTE) from part-time to full-time or vice versa once in a twelve (12) month period unless approved by mutual agreement of the parties. If employees return to their previous positions by their request, they shall not be permitted to bid again for one (1) year unless approved by mutual agreement of the parties.
- 12.8 In the event bargaining unit employees withdraw their bids, or decline a position after the list of three (3) employees are certified to the department or unit, other bargaining unit employees, or, if none are available, non-bargaining unit personnel will be considered to insure a total of three (3) certified candidates for the department manager's consideration until a candidate is awarded the position and it is accepted.
- 12.9 Upon written request, individuals who are not successful bidders may receive the name of the individual selected and the reason for their non-selection from the Human Resources Department.
- 12.10 Bargaining unit employees who are in the classification of the vacancy, and all other bargaining unit employees, shall be qualified to bid for the vacancy if: (1) they meet the current required

qualifications specified on the posting; and (2) they have a satisfactory work record with no active level 2 or level 3 corrective actions.

Qualified bidders shall be ranked by seniority. The factors considered to select the candidate for the vacancy shall include: (1) the employee's qualifications compared to the requirements for the job listed in the posting; (2) seniority; (3) experience; (4) education/training (certifications, specialty classes, training sessions, etc.); and (5) prior work record (conduct, attendance, etc.). The selection shall be made from the three (3) most senior qualified employees to fill the vacancy. If fewer than three (3) qualified bargaining unit employees bid on a vacancy, qualified non-bargaining unit individuals may be considered. An outside candidate must be better qualified for the vacancy to be selected over a bargaining unit member for the position.

- 12.11 If no employee bids on a job opening or no one has the basic qualifications to perform the job, the position can then be filled by someone from outside to be determined by the Human Resources Department.
- 12.12 The parties recognize the need to establish intermittent, contingency and/or academic year positions and such positions shall be in the bargaining unit. Contingent positions will be defined as positions utilized on an as needed basis that will be determined by departmental needs. Operational needs/minimum shift requirements will be communicated in writing to staff as soon as practicable. Such positions shall be ongoing but shall normally not exceed 1000 hours per year except academic year positions. The Employer will provide a quarterly print-out on the number of hours worked by intermittent and contingency employees. Any discrepancies regarding the number of hours worked will be discussed in a Labor/Management meeting. If a discrepancy or problem cannot be resolved in a Labor/Management meeting a grievance may be filed at Step 3 by the Union.
- 12.13 The parties recognize two categories of contingent employees: regular and premium contingent staff. Premium contingent positions may be paid up to a 25% premium without sick leave or other benefits except for provisions afforded under article 15. Regular contingents shall accrue sick time, receive holiday compensation as defined in article 15, but are not entitled to any other benefits including contingent premium pay.

ARTICLE 13

The funeral leave shall not extend beyond the date of the funeral, even if a balance of the five (5) days exists. If the funeral is out of town (500 miles round trip), one day from the balance of the initial five (5) days may be used for return travel. Each full-time or regular part-time employee shall be granted a leave of absence not to exceed one (1) day to attend the funeral of former immediate family members. Pay for such leave shall be deducted from the employee's accumulated sick leave up to the maximum of hours scheduled on the days taken off. If sufficient sick leave is not available the employee may be granted a leave of absence without pay for up to five (5) consecutive working days for current immediate family (excluding weekends and holidays).

13.2 The employer may request proof before approving payments for funeral leave.

ARTICLE 14

DISPUTE RESOLUTION PROCEDURES

14.1 Purpose:

The purpose of this Article is to provide an effective method for settlement of disputes. The Medical University of Ohio and AFSCME encourage informal resolution to employee complaints. To that end, employees should present such complaints for review and discussion as soon as possible. Such review and discussions should be held with a view to reaching understanding which will resolve the dispute without the need of recourse to either the formal grievance process (if applicable) or the formal workplace resolution process prescribed by this Article. Each are separate and distinct, and have their own unique processes of resolution (see below). The resolution of a grievance prior to its appeal in writing to Step 3 shall not establish a precedent binding on the University or AFSCME.

14.2 Definitions:

- A. Grievance: If a dispute arises over the interpretation or application of any specific provision of this Agreement or term of employment specifically provided for by this Agreement, it shall be defined as a grievance.
- B. Workplace Issue: If a dispute arises that is not a violation of this Agreement then it may be deemed a workplace issue. The workplace issue process cannot be used for the purpose of establishing or changing policy, or for performance appraisals.
- C. Mediation: Mediation is a process where the parties enlist the help of a neutral third party in fashioning the parties' own solution to the problems underlying their dispute. Mediators do not impose solutions but serve rather to facilitate communication and imagination amongst the parties.

14.3 Eligibility:

Employees who have not yet passed their new hire probationary period cannot utilize the grievance process. If a probationary employee alleges unlawful conduct or unlawful discrimination, they may use the workplace issue process only. Non-employees (except for AFSCME Council 8 representatives) are ineligible to participate in the workplace issue process.

14.4 Time Limits:

Failure to initiate or appeal a workplace resolution form within the time limits specified in the separate processes described below shall be deemed a waiver of the grievance/workplace issue. Failure at any level of the respective dispute resolution processes to communicate the decision within the specified time limits shall permit the grievant and/or their representative to proceed to the next level.

14.5 Informal Level:

For a dispute that arises over the interpretation or application of any specific provision of this Agreement or term of employment specifically provided for by this Agreement or for a dispute that arises that is not a violation of this agreement, the employee, with or without a Union Representative, shall complete a Workplace Issues Resolution form and meet with the immediate supervisor or appropriate manager as soon as possible, but not later than ten (10) working days after the event(s) giving rise to the problem or the employee knew or should have known of the event(s) giving rise to the problem. The immediate supervisor or manager will meet with the employee and the parties will attempt to reach a mutually satisfactory resolution within ten (10) working days of the receipt of the Workplace Issues Resolution form. A copy of the form will be provided to Human Resources. Also, a copy of the supervisor's decision must be provided to Human Resources.

If, after the informal level, labor or management deem the issue to be a grievance per the definition provided above, than the following will occur (if either party deem the issue to be a workplace issue, then 14.20 will be followed):

GRIEVANCE PROCESS

14.6 Level 1 – Next Level of Supervision

- A. If the grievance is not settled during informal discussions, the employee and/or their Union Representative shall reduce all facts concerning the grievance to writing on the Workplace Issues Resolution form, and present it to the next level of supervision for discussion and settlement within 10 (ten) working days of the conclusion of the informal discussion outlined in Section 14.5 above.
- B. In reducing the grievance to writing, the employee shall set forth with reasonable clarity; the nature of the act or acts on which the grievance is based, the time such acts occurred, the identity of the jobs and employees covered by the grievance, the provisions of the Labor Agreement which have been violated and the remedy requested.
- C. The next level of supervision shall answer within ten (10) working days after the grievance has been presented. The answer shall set forth in written detail and with reasonable clearness the facts and provisions of the Labor Agreement on which the decision is based.

14.7 Level 2 – Next Level of Supervision

If the written grievance is not settled at Level 1, it shall be submitted to the next level of supervision or department administrator for discussion and settlement within ten (10) working days of management's response at Level 1. The next level of supervision or department administrator shall answer within ten (10) working days after the grievance has been presented for discussion and settlement. The answer shall set forth in written detail and with reasonable clearness the facts and provisions of the Labor Agreement on which the decision is based. .

- 14.8 Grievances resulting from filling of vacancies, seniority, or from corrective action issued by the Human Resources Department resulting in unpaid suspension or termination will be submitted to Level 3 of the Grievance Procedure within ten (10) working days after the event occurs.

14.9 Level 3 – Department/Division Vice President or Designee and Appointing Authority or Designee

If the written grievance is not settled at Level 2, it shall be presented by the employee or a Union Representative to the office of the appropriate department/division Vice President and Appointing Authority and/or designee within 10 working days after management’s response at Level 2. A hearing will be scheduled within ten (10) working days after management’s response at Level 2 unless the union or employee formally withdraws the grievance in writing. The Vice President or Vice President’s designee and the Appointing Authority or designee shall respond to the grievant within ten (10) working days after receipt of the grievance or ten (10) working days after the close of the hearing.

14.10 Level 4 – Mediation (Optional)

Any grievance may be submitted to mediation by either the University or AFSCME in accordance with the then applicable rules of the American Arbitration Association, Federal Mediation and Conciliation Service, or SERB within ten (10) business days of receiving the request to proceed to mediation. An alternative mediator may be selected with mutual agreement of the University and AFSCME.

14.11 Level 5 - Arbitration

Any grievance alleging violation of this collective bargaining agreement which remains unresolved after having been fully processed, pursuant to the grievance procedure set forth above, may be submitted to binding arbitration, providing the Union serves written notice of demand to arbitrate the grievance or dispute upon the Employer within ten (10) working days after receipt of Employer’s written decision under Level 3 above. If the parties are unsuccessful in mediation, the Union has 10 working days after the mediation session or after receipt of the mediation report to submit to arbitration. The grievance shall be submitted to arbitration in accordance with the following procedure:

14.12 Procedure:

The parties hereby establish a panel of the following six (6) arbitrators:

- | | |
|------------------------|-----------------------|
| 1. Dr. David M. Pincus | 4. Phyllis E. Florman |
| 2. Nicholas Duda, Jr. | 5. Howard Silver |
| 3. Hyman Cohen | 6. Dennis Minni |

Within ten (10) days of receiving a notice to arbitrate, the parties shall randomly select one of the above-listed arbitrators. The arbitrator shall be notified as soon as possible of their selection and a hearing shall be scheduled as soon as possible. For discharge cases, an arbitration hearing will be scheduled to be held within one hundred and fifty (150) days of the receipt by the Union of the the Medical University of Ohio’s third step answer or step 4 mediation session / report. Except as provided hereafter, failure to meet these time limits will result in the grievance being considered withdrawn by the Union. If the time limits are exceeded through no fault of the Union, the grievance shall not be considered withdrawn. Nothing in this section shall preclude the parties from extending the time limits set forth herein by mutual written agreement.

14.13 Rules:

The arbitrator shall limit the decision strictly to the interpretation, application, or enforcement of the specific Articles of this Agreement, and the arbitrator shall be without power or authority to make any decisions contrary to, inconsistent with, modifying, or varying in any way the terms of this Agreement.

The decision of the arbitrator resulting from an arbitration of grievances hereunder shall be in writing and sent to the Head of Human Resources and the Union Representative. The decision of the arbitrator made within his jurisdiction shall be final and binding on the parties.

- 14.14 All expenses incidental to the selection of the arbitrator, the fee and all other expenses relating to the proceeding itself will be shared equally between the Union and the Employer.
- 14.15 The arbitrator shall render a written award which is complete enough to allow the parties to determine the basis of his decision as quickly as possible after the hearing, but no later than thirty (30) days after the hearing has been held or the arbitrator receives the parties' post-hearing briefs. If a grievance has not been timely processed at any level of the grievance procedure by the Union, it shall be deemed waived and the arbitrator shall be barred from hearing it. It is the intent of the parties to process grievances as quickly as possible as they arise.
- 14.16 The grievant may be present at any level of the grievance procedure if there is a discussion of the grievant's problem between the Employer and the Union. By the same token, the grievant may or may not choose to have union representation at any level of this procedure. The Employer will provide the Union with a copy of all written responses.
- 14.17 It is understood and agreed that by mutual agreement of the parties, any level of the grievance procedure may be omitted and/or the time limits at any step may be extended for a specified period of time in writing.
- 14.18 No grievance may be settled individually with an employee that is contrary to the terms of this Agreement. No agreement shall be made with an employee individually at any meeting provided in this article without the Union being offered an opportunity to have a representative present.
- 14.19 Any financial remedy resulting from an award granted herein, shall be limited to up to six (6) months or one-half (1/2) the time owed, whichever is greater, not to exceed a maximum of 12 months.
e.g.,
 - 3 months = 3 months

WORKPLACE RESOLUTION PROCESS:

14.20 Purpose:

The parties recognize that some workplace issues or problems may arise which are not violations of this collective bargaining agreement. Therefore, a workplace issues resolution process is created to ensure open lines of communication and to promote flexible and creative solutions on non-contractual issues and problems, with the goal of maintaining a harmonious working environment while achieving the organization's mission of education, healthcare and service delivery.

14.21 Labor / Management Team:

If the manager and employee are unable to reach a satisfactory resolution at the informal level, the employee may within ten (10) working days submit the Workplace Issues Resolution form to the Human Resources Department and request that a joint labor-management team meet to discuss and resolve the issue. A joint labor-management team will meet to discuss and resolve the issue. The decision of the joint labor-management team will be final in resolving such issues and cannot be grieved or arbitrated. A copy of the decision will be copied to all parties involved.

14.22

No workplace issue may be settled individually with an employee that is contrary to the terms of the policies and procedures of the Medical University of Ohio.

Employees must provide a disability slip from a licensed physician which clearly shows a disability "from" and "to" date. Failure to do so may result in forfeiture of other protections contained in this article. Employees who notify supervision of such intent, and produce a valid disability slip, will automatically be paid sick time for up to 7 days (assuming that the employee has accumulated enough sick time hours) for disability periods which have been approved by the Physician of Record in their Bureau of Workers' Compensation claim.

However, employees who have accumulated enough hours of sick time may arrange to continue to use sick time for BWC related disability periods longer than seven (7) days by notifying their supervisor in writing that they choose to do so, and by providing a valid disability slip. The extent of sick time used under this provision shall not exceed those hours used in the forty-five (45) work days immediately-after the date of injury, at which point the employee must revert to BWC benefits. In the event that sick time is exhausted during this period, the employee may elect to use accrued vacation and/or compensatory time by notifying their supervisor. Neither vacation nor compensatory time used will be re-credited. Employees will continue to accrue sick time and vacation time for the period they have chosen to continue receiving sick time, vacation time, or compensatory

time. When the employee reverts to BWC benefits, this accrual will cease. However, qualified employees shall continue to be carried on hospitalization benefits for up to one year from the date of the injury. Employees will accumulate seniority for up to one year while on approved BWC disability leave.

- 16.3 Employees with officially approved BWC claims may request that all sick time used during the forty-five (45) work days immediately following their injury be re-credited to their sick time balance. Periods considered will be those for which the employee has produced a valid disability slip which clearly states the "from" and "to" dates of the disability period, and is signed by the physician of record in the claim. Such requests will not be accepted until the claim has been finally adjudicated.
- 16.4 Holidays which occur during the time the employee is carried on the regular payroll shall be compensated as a holiday and not charged to injury leave.
- 16.5 Employees who return to work prior to the expiration of the forty-five (45) work day period provided herein, and then are disabled at a later date due to the same injury, may use the unused portion of the forty-five (45) work days and thereafter follow the procedure outlined in the Article.

Regular employees with eight (8) or more years seniority who would otherwise be laid off, after following A, B, C, D, and E as described above, shall have the right to displace the least senior employee on the same shift if available or any other shift with the same or next lower full-time equivalency (FTE) in a comparable pay range or a lower classification within the bargaining unit provided their seniority entitles them to do so, and they have the current qualifications and ability to perform the available work. Satisfactory performance must be demonstrated within a period of up to 90 calendar days.
- G. Employees who have held a position within the prior two (2) years and completed the probationary period for that position shall have the right to displace the least senior equivalent (FTE) employee in that classification prior to being laid off.

19.2 If an employee who fills a vacancy in accordance with section A above, or bumps in accordance with sections B, C, D, E, and F above, is determined by the Employer not to be properly qualified or able to perform the job, the employee shall be allowed to fill any available vacancy for which the employee is qualified. - 19.7 No employee shall be promoted or hired into a bargaining unit classification in which a layoff occurred, unless all employees in the affected classification on the recall list have been sent recall notices. Temporary layoffs, for less than thirty (30) working days, shall be by Medical University of Ohio seniority within affected job classification and shift. This section will not be used for the purpose of avoiding the payment of unemployment compensation.

- 1. Employees shall be given a hand-delivered notice fourteen (14) days before the effective date of a temporary layoff. If mailed, the notice shall be mailed at least seventeen (17) days before the effective date of a temporary layoff.
- 2. Employees shall be recalled in the reverse order in which they were laid off.

19.9 Bumping Procedure for Staff Nurses

If the Medical University of Ohio determines that layoffs or job abolishments are necessary, the Medical University of Ohio shall determine from which nursing units and shift the layoffs or abolishments shall be required. Once the Medical University of Ohio has made the above decision, those nurses affected may exercise their rights to bump other less senior nurses subject to the restrictions specified in Sections 2, 3, and 4 of this article.

- A. Nurses may bump into positions in the following units for which they are qualified. For purposes of this section, qualified shall mean at least one year of work experience in a same or similar position within the past two years and the ability to perform the job with a maximum of 30 calendar days orientation.

Operating Room
 Hemodialysis
 Cardiovascular Lab
 Surgical ICU
 ICCU
 Medical ICU/Neuro ICU
 PACU

Emergency Department

However, the Medical University of Ohio reserves the right to discontinue bumping (and, therefore, no bumping will be permitted) when in the judgement of the Medical University of Ohio further bumping would displace a significant number of current employees on a unit or a shift which would result in a situation which compromises the quality of patient care or would negatively impact the quality of patient care.

- B. Nurses may bump into any other nursing unit, not listed in A above, for which they qualify. However, bumping will be discontinued (and, therefore, no further bumping will be permitted) when bumping results in 30% of turnover or changeover in a unit and no more than half of the above 30% may impact any one shift.

- 20.2 Employees who are required by their supervisor to be on-call or work during their scheduled lunch period, shall be assigned an alternate lunch period if possible by their supervisor. In the event employees are required to work during their lunch and, in fact, miss their lunch period, such employees shall notify their immediate supervisor in writing as soon as possible but no later than the end of the employee's next work day. If verified by the supervisor, thirty (30) minutes shall be credited to the employee's time card and such time shall be included in the calculation of overtime.

Sick time used will not be counted in the calculation of weekly overtime.

- E. The Employer will make reasonable efforts to minimize the use of mandatory overtime.

- 23.3 The Employer will make every effort to equalize overtime, and call-in overtime on a fiscal year basis between employees in the same classification and in the same department or unit. To facilitate the equalization of overtime or call-in overtime, the Employer will maintain a rotating overtime list, showing the number of hours of overtime worked for each employee in the same classification in each department or unit. Employees who decline overtime, or who cannot be contacted to work call-in overtime will be charged with the actual hours of overtime they would have otherwise worked for purposes of determining overtime equality. Employees who are unequal at the end of each year shall not be compensated, but shall be given an opportunity, within a reasonable period of time, to become equal, as overtime work becomes available. Overtime opportunities need not be offered to employees during their probationary period.

- 23.4 Employees entitled to receive overtime or premium pay shall be entitled to accrue those hours as compensatory time up to eighty (80) hours. Promotional probationary employees may be returned to the same or similar position from which they came if the employee is unable to perform the job satisfactorily. Employees may request to return to the same position from which they came within the first thirty (30) calendar days. Appropriate salary adjustments will occur at one hundred twenty (120) days. Employees who voluntarily demote themselves are considered on probation for the first 120 calendar days. Such employees if their performance is deemed unsatisfactory will have the right to fill an available vacancy for which they qualify.
- 26.3 Employees who transfer laterally from one job to another may request to return to the same position from which they came within the first thirty (30) calendar days. ARTICLE 28

REST PERIOD

- 28.1 All employees will be scheduled a fifteen (15) minute rest period during each four (4) hours of the shift. If employees are required by their supervisor to work during their scheduled rest period, the supervisor shall schedule an alternate rest period.
- 28.2 If an employee regularly works at a site which is a considerable distance from the closest designated break area where employees may take their scheduled fifteen (15) minute rest, the Labor/Management meeting shall establish the length of additional time to be granted to such employee or employees for travel purposes to and from the rest area.

ARTICLE 29

SAFETY AND HEALTH COMMITTEE

- 29.1 The Medical University of Ohio Safety Committee will be established in accordance with guidelines determined by the Joint Commission on Accreditation of Healthcare Organizations. Members of the Committee will be those positions specifically directed by the Joint Commission on Accreditation of Healthcare Organizations, plus three (3) union members, a chairman, and others deemed appropriate.
- 29.2 The Safety Committee will meet and review those matters recommended by the Joint Commission on Accreditation of Healthcare Organizations; Occupational Safety and Health Act; and appropriate state and city safety rules and directives. The Chairman of the Committee shall have the discretion to cancel a scheduled meeting, provided a majority of Committee members support the cancellation.
- 29.3 The Committee shall recommend those actions, procedures, and rules necessary to ensure that the Medical University of Ohio is in compliance with all appropriate safety rules and regulations.
- 29.4 Employees are encouraged to report all safety violations and concerns. The Union Representatives shall bring safety complaints from employees to the Safety Committee and the Committee will attempt to resolve its complaints within a reasonable time.
- 29.5 Advance written notice of Safety Committee meetings, place, date and time will be provided to all members. Should a regularly scheduled meeting need to be postponed, the postponement notice will include the rescheduled meeting time.

ARTICLE 30

SENIORITY

- 30.1 Seniority shall be defined as the uninterrupted length of continuous service in a position within the Bargaining Unit with the Medical University of Ohio and/or predecessors of the Medical University of Ohio. Seniority shall be measured in calendar days of employment. Any employee under jurisdiction of this Agreement transferred or promoted to a position with the Employer not under this Agreement may be returned without loss of seniority already earned to the date of transfer.

- 30.2 The term "continuous service" as used in this Agreement, shall be so construed that absence from employment due to illness, accident, other approved leaves of absence or layoffs up to two (2) years due to lack of work or funds shall not cause a break in the term "continuous service." It shall, however, be broken for any of the following reasons:
- A. Quit or voluntary resignation;
 - B. Discharge for cause;
 - C. Failure to return to work at scheduled expiration of leave of absence;
 - D. A leave of absence may be cancelled and service broken if the employee performs other work without the Employer's knowledge;
 - E. An employee absent from work for three (3) consecutive working days without notification in accordance with departmental procedures will be considered a voluntary quit and will cancel all previous seniority except in case of extreme personal emergency, such case to be reviewed by Management and the Union.
 - F. An employee on layoff who fails to report for work within ten (10) days after being notified by registered mail at their last known address on file in the Human Resources Department will be considered as a voluntary quit and this will cancel all seniority and re-employment rights unless the Human Resources Department has been properly notified and has agreed to the extension of time. If an employee is to be separated under this section the Union shall be notified and shall have five (5) working days in which to determine if there are extenuating circumstances which prevented the laid off individual from responding. The parties agree to meet within the five (5) days to consider the possible extension of the reporting time by the Employer.
- 30.3 The Employer will provide up-to-date classification seniority lists to the Union. These lists shall be kept up to date and give the employee's date of employment in the classification and total seniority. The list shall be available for all employees to examine.

ARTICLE 31

SICK TIME PROGRAM & LEAVES OF ABSENCES

31.1 Eligibility:

This Article applies to all full time, part time and contingent employees who earn sick time.

31.2 Accruals of Sick Time:

Employees shall accumulate sick leave at the rate of four and six-tenths (4.6) hours for each eighty (80) hours of completed service in an active pay status including vacation and sick leave, but not including time on an unpaid leave of absence. Accrual of sick leave shall be unlimited. Employees may use sick leave, upon approval of the responsible administrative officers, for absences due to personal illness, injury, exposure to contagious disease which could be communicated to other employees, pregnancy and/or

childbirth and related conditions, and to illness, injury or death in the employee's immediate family.

31.3 Proper Notification Defined:

Employees who are unable to report to work shall be responsible for directly notifying their immediate supervisor, or their designee prior to the beginning of their work shift. Existing departmental call-in procedures will continue. Employees will be informed of the names of supervisors and/or designees who are to be called concerning inability to work due to illness. Employees shall be eligible for sick leave payment if they are prevented from calling in prior to the shift by acts of nature or other events documented by a police accident report, hospital admission, or Emergency Room slip. Each and every late call off will be considered a separate violation covered under Article 9 "Corrective Action".

31.4 Definitions:

Sick Day: means an employee is not present or not in attendance for any portion of a scheduled shift for a period of time of two (2) hours or beyond due to 31.1 reasons. Two (2) sick days shall be assessed for each sick day incurred on the weekends. (Only one sick day will be assessed if the weekend shift is made up within twelve (12) months of the occurrence) One "sick day" is also equivalent to: a) two (2) lates/early outs; or b) four (4) tardies.

Early Out: means an employee who leaves work due to 31.1 reasons for a period of time less than two (2) hours and is treated in the same manner as lateness below. This is equivalent to ½ of a sick day as defined above.

Lateness: means reporting to work 13 clicks up to less than two (2) hours late for a scheduled shift. Upon the inception of an automated time and attendance system, late will be defined as 5 minutes or more up to one hour and 59 minutes after the employee's shift begins and tardies will cease to exist. This is equivalent to 1/2 of a sick day as defined above. Leaving work without prior approval before the employee's scheduled shift ends will be considered a code of conduct issue under article 9.

Tardiness: means reporting to work 6 clicks up to 12 clicks of the time clock late for a scheduled shift. This is equivalent to ¼ of a sick day as defined above.

Weekend: for all shifts, except for the internal agency, begins 10:59 P.M. on Friday and ends 10:59 P.M. on Sunday each week.

Rolling Twelve (12) Month Period: will be considered by beginning with the most recent occurrence of a sick day or its equivalent and counting twelve (12) consecutive months backwards.

Shift: is defined as a scheduled period of time of at least 4 hours.

31.5 Exclusions:

The following sick leave time off under Article 31 shall not be assessed as a sick day: (1) sick leave for medical reasons that have been properly certified by a health care provider as a serious health condition of the employee or of a family member under the FMLA; (2) sick leave used for pregnancy and/or child birth and related conditions; (3) sick leave used as personal leave in section 31.7; and (4) unpaid medical leave in section 31.14. In addition, the following time off shall not be assessed as a sick day: (1) funeral leave

deducted from sick leave under Article 13, section 13.1; (2) vacation time charged to earned sick leave under Article 46, section 46.9; (3) injury leave in Article 16, regardless of whether or not a workers compensation claim is filed provided that one could reasonably deduce that it was work related and contracted at work, including a workplace exposure as categorized by a certified health care provider in University Health Services or other equivalent department; (4) administrative leave in Article 7, section 7.3; and (5) sick leave taken off by part-time employees under section 31.1 that results in an absence, including normal days off, of five (5) consecutive calendar days.

31.6 Trades:

An employee may have another employee cover the employee's shift that the employee would have taken off as a sick day. Trades shall only be made between employees in the same classification. All trades must have prior approval of the employee's supervisor. Up to twelve (12) hours prior notice must be provided for trades. Trades cannot create overtime. The person accepting the trade will be assessed one (1) sick day if that person does not report to work in accordance with the trade.

31.7 Corrective Action:

For purposes of corrective action, the following table describes the corrective action intervals and summarizes the action required:

	* Corrective action intervals for sick days				
Sick day levels or equivalents	5	7	9	11	12
Action required	* Coaching	* Level One oral/written warning	* Level Two written warning	* Level Three written warning/pre-discharge	* Level 4 Termination

* Or the appropriate level of corrective action under Article 9 when prior active corrective action exists.

Disciplinary action issued for violation of the Sick Leave Program will be active for one (1) year from date of issue except for Level 3 Written Warning/Pre-discharges will be active for 24 months. Terminations will be appealed at level 3 of the grievance process.

31.8 Termination Hearing (Level 4):

Any employee who is recommended for discharge shall be entitled to a hearing with the Head of Human Resources (or their designee), their supervisor, the supervisor's direct supervisor, and union representation within 72 hours, excluding weekends and holidays. The participants will be limited to those individuals only unless mutually agreed to.

31.9 Relationship between Article 9 "Corrective Action" and Article 31 "Sick Time Program and Leaves of Absence":

Notwithstanding the progressive disciplinary levels outlined above, an employee's misconduct shall be additional grounds for the employee's discipline at the next level of progressive discipline

Example 1: Employee currently has a Level 2 Written Warning for misconduct. Within 12 months of that Level 2 Written Warning, employee accumulates the equivalent of five (5) sick days. The employee would receive a Level 3 Written Warning/Pre-discharge for having accumulated the equivalent of five (5) sick days for absenteeism.

Example 2: Employee accumulates the equivalent of five (5) sick days and receives a coaching. Employee then engages in minor misconduct within one rolling year from the date of the coaching. Employee's coaching for absenteeism is added to employee's misconduct for a Level 1 Oral/Written Warning. During the same rolling one (1) year period, and within one (1) year of the Level 1 Oral/Written Warning, employee accumulates the equivalent of two (2) additional sick days for a total of seven (7) sick days. Employee's discipline for accumulating the equivalent of seven (7) sick days is a Level 2 Written Warning

31.10 Redemption Program:

Beginning on July 1, 2006, if a bargaining unit member has a level of corrective action for attendance as their most recent corrective action AND who goes a full 180 calendar days starting with the day after the last sick day equivalent without any tardies, lates, early outs, or sick days, misconduct or poor job performance that resulted in corrective action according to Article 9 (e.g., the employee works all assigned shifts without incident), will be eligible to remove the last two sick day equivalents and have the last formal corrective action for attendance removed.

The redemption period (180 calendar days) will start over with the next sick day, tardiness, lateness, early out or formal corrective action of any kind.

Any approved non-FMLA leave of absence or any approved full time FMLA will extend the 180 calendar day timeframe equal to the amount of time on an approved non-FMLA leave / Full time FMLA.

The request for redemption must be executed by the employee. Management is NOT responsible for tracking this program. Employees themselves are accountable. Any request to management will be reviewed 180 calendar days back from the date of the request.

Examples but not to be considered an all inclusive listing:

- (1) An employee receives a coaching for five (5) sick day equivalents. They go 180 calendar days without any tardies, lates, early outs, sick days, misconduct or poor job performance. They do not take any full time leave of absence including full time FMLA. They can request from their manager that the last two sick day equivalents be removed AND the coaching be removed.
- (2) An employee receives a Level 1 Oral/Written Warning for code of conduct. They then receive a Level 2 Written Warning for five (5) sick day equivalents. They also receive a Level 3 Written Warning for code of conduct. They are deemed ineligible for the redemption program since their last corrective action is for code of conduct, not attendance.
- (3) An employee receives a Level 1 Oral/Written Warning for seven (7) sick day equivalents on January 1st. They then take an approved full time FMLA from March 1st through March 31st. Their 180 calendar day period begins on the first day after the sick day equivalent which triggered the

discipline and is frozen as of the last day in February and then begins again on April 1st until August 1st.

31.11 Belief of Abuse:

If the Employer has reason to believe that sick leave is being abused, the Employer reserves the right to initiate corrective action. Sick leave abuse includes but is not limited to a pattern of using sick leave before and after weekends, before and after holidays, before and after normal days off, on certain days of the week, or in a manner inconsistent with the request, e.g., for personal reasons.

When the Employer has reasonable belief of abuse, the Employer may request the employee to provide a medical certificate from their attending physician to qualify for sick leave reimbursement. Falsification of the attending physician's certificate shall be grounds for corrective action up to and including dismissal.

31.12 Excessive Leave Time:

If an employee requests a sick leave exceeding more than two (2) weeks time which request is based upon a certificate from employee's attending physician and the Employer has reason to believe that the length of time is excessive, the Employer reserves the right to seek a second medical opinion from a physician selected by it to examine the employee. If the employee fails or refuses to submit to an examination by a physician selected by the Employer, sick leave benefits for such employee shall forthwith terminate. If Employer's physician certifies that the length of sick leave requested by employee's physician is excessive, employee's sick leave will terminate on the date certified by Employer's examining physician. The dispute as to the length of sick leave time employee should be compensated for shall be resolved by the grievance procedure set forth herein. Application for sick leave with intent to defraud will result in dismissal and refund of monies paid.

31.13 Personal Leave:

Non-probationary full and part-time employees, based on their previous year's actual hours paid, may use, on a pro-rated basis, up to twenty-four (24) hours of earned but unused sick leave for personal reasons other than illness or injury. Personal leave chargeable to sick leave may be used in any block of time, but cannot exceed the employee's current daily schedule (e.g., a sixteen (16) hour employee working four (4) hours per day can only take up to four (4) paid hours off per day). Employees will arrange time off for personal leave with their supervisor in advance of the requested absence and the Employer shall grant the time off, subject to the availability of minimum personnel in each department or unit to maintain regular operational needs. Any unused personal time may be cashed out in the last payroll check of each calendar year. The employee's request for cash out must be submitted by the first week of December of each calendar year.

31.14 Unpaid Leave of Absence

An employee may request an unpaid leave of absence for medical reasons not to exceed six (6) months per request. The Employer shall require a physician's statement specifying the employee's inability to report to work and the probable date of recovery to verify the necessity of such leave. The employee shall provide such medical information as soon as practicable. Accrued sick leave, vacation leave, and compensatory time must be exhausted prior to the granting of such unpaid leave of absence. Unpaid leaves of absence in excess of the Family Medical Leave Act (FMLA) shall be granted at the sole discretion of Management. If an employee is unable to return to work within six (6) months of the start of the original leave of absence

but is able to return by the end of an authorized unpaid leave of absence that extends beyond that time, he will be able to bid on any open positions for which he is qualified. If there are no open positions for which the employee qualifies, or the Employee does not successfully bid on a position, or if an employee is unable to return to work at the expiration of the unpaid leave of absence, termination from the employment with the Medical University of Ohio is automatic, unless the employee is waiting for a decision from OPERS on a disability retirement application.

When employees on leave produce certificates from a doctor indicating the date which said employees may return to work, and that such employees are capable of performing the essential and material duties of the job, such employees must be returned to the same position if they have been off twelve (12) weeks or less. In the case of a medical leave of absence due to a valid workers compensation case, an employee will be returned to the same or similar position for up to one (1) year from the date the leave of absence began. There are no job restoration rights beyond these time limits. Such employees shall be returned no later than two (2) weeks after the certified date of return. If due to documented medical reasons that restrict a returning employees' capability to perform within their classification, the Employer shall inform such employees of their right to apply for open positions for which they would be capable of performing or make a reasonable accommodation for the employee's disability.

Unpaid FMLA's and non-FMLA unpaid leaves run concurrently. The intent of the 6-month maximum unpaid leave period typically means 6 months total per illness/injury in a rolling 12 month period, and that months/days do not need to be consecutive (see below).

The parties agree to change the OUR Program policy to reflect that employees who are on unpaid leaves of absence (FMLA or non-FMLA) and return to work either under the OUR program or to their regular position and work for less than 4 months and go back off on an unpaid leave (FMLA or non-FMLA) for the same illness/injury within a rolling 12 month period will have the two leave periods counted together for a total of 6 months.

- For example, if an employee is off on an unpaid leave (FMLA or non-FMLA) for 5 months and they “return to work” under the OUR program for 3 months and/or they do not progress in accordance with that policy and are subsequently placed/apply for another leave which includes unpaid leave time (FMLA or non-FMLA), the maximum amount of time that the employee can be approved for (unpaid leave) is 1 additional month, to equal the maximum of 6 months.
- For example, if an employee is off on an unpaid leave (FMLA or non-FMLA) for 3 months and they return to their regular job and work for 3 months and request an additional leave which includes unpaid leave time (FMLA or non-FMLA) for the same illness/injury, the maximum amount of time that the employee can be approved for (unpaid leave) is an additional 3 months, to equal a maximum of 6 months.
 - However, if an employee is off on an unpaid leave (FMLA or non-FMLA) for 3 months and they return to their regular job and work for 4 months and request an additional leave which includes unpaid leave time (FMLA or non-FMLA) for the same illness/injury, they will be eligible to receive an additional 6 months.

The parties agree that the job restoration rights for an employee returning to work from an unpaid leave of absence that extends beyond 12 weeks but less than 6 months has been, and is defined as, “same or similar position”.

31.15 Return to Work:

The parties acknowledge the employer’s right to require a fitness for duty exam upon any employees request to return to work. If the return to work certification is incomplete, inconsistent or confusing, or if MCO has reason to doubt either the validity or the accuracy of the certificate, a fitness for duty examination may be conducted by a neutral third party physician.

31.16

One-fourth (1/4) of an employee's accrued but unused sick leave credit up to a maximum of two hundred forty (240) hours will be paid to the estate of any employee who has completed ten (10) or more years of active service with the Medical University of Ohio, whose death occurs during active employment.

31.17 Family and Medical Leave Act (FMLA):

Employees will be eligible for leaves under the Family and Medical Leave Act once they have completed twelve (12) months of employment (not necessarily continuous) with the Medical University of Ohio, and have worked 1250 hours in the twelve (12) months preceding the date the leave is to begin. Employees not eligible for leaves under the Family and Medical Leave Act will be considered for other types of leave, as appropriate, according to other sections of this labor agreement or the Medical University of Ohio policy.

For additional information regarding FMLA, please see policy 05-072.

31.18 Cash Out/Incentive Programs:

Employees who have a minimum of 240 hours accumulated sick leave in a calendar year, and who do not exceed the maximum hours annually as outlined below, may cash out in the last payroll of each calendar year the following amounts of surplus accumulated sick leave:

SICK TIME HOURS USED ANNUALLY ALLOWABLE SICK TIME CASH OUT ANNUALLY

0 - 8 hours	80 hours X employee hourly rate
9 hours - 16 hours	60 hours X employee hourly rate

The sick leave exclusions listed above, and the sick leave used as Personal Leave above, are not considered sick time hours used annually.

Part-time employees who are at least .50 FTE or greater are also eligible for the annual cash out above on a pro-rated basis and must have a minimum of 120 hours accumulated sick time.

- Employee who applies for sick leave cash out is eligible/ineligible based on their union/non-union and FTE status as of December 31st.

- 31.16 will apply to all employees FTE .5 to .99. Sick leave cash out is pro-rated for all employees under 1.0.

Per the Memorandum of Understanding on July 11, 2003, both sick time hours used and sick time hours paid out are pro-rated for all employees FTE .5 to .99.

ARTICLE 32

SICK LEAVE PAYMENT UPON RETIREMENT

32.1 Employees may receive cash payment for sick leave at retirement per the following:

All classified and unclassified employees who have completed ten (10) or more years of active service with the Employer, and who are eligible and have applied for retirement benefits from one of the retirement systems of the State of Ohio, may elect to be paid in cash for one-fourth of their accrued but unused sick leave credit. This payment will be based upon the employee's rate of pay at the time of retirement. The maximum payment allowed will be one-fourth (1/4) of 960 hours (30 days). Upon accepting such payment all sick leave accrued up to that time will be eliminated. Such payment will be made only once to any employee. Such temporary employees shall not replace regular employees or be used to fill vacancies permanently. It may be necessary for temporary employees to exceed the standard probationary period when such employees are replacing regular employees who are on an approved leave of absence. The extension of time must be agreed to on an individual-by-individual basis by the parties to this Agreement.
- 35.2 If the Employer decides to subcontract out any work currently being performed on a regular and reoccurring basis by members of the bargaining unit, which would result in a reduction in the work force, then in such event, Employer agrees to notify the Union thirty (30) days in advance of entering into a subcontract. Employer will meet with the Union within the thirty (30) day period to discuss the issue with the Union, and particularly whether or not the work can be performed by the bargaining unit employees at a lower cost than the subcontracting. It is recognized that said authorization card is a matter between the Union and its members, therefore, any dispute between the parties to said authorization card and any finding against either party as a result of such dispute and/or litigation shall not be the responsibility of the Employer. The Union membership card is an agreement between the employee and the Local. The Employer shall not be involved in that agreement.

- 38.5 If an employee is transferred or promoted to a position outside the bargaining unit, then union dues or fair share deduction from the employee shall cease.

The provisions of such leaves of absence shall be administered in accordance with the applicable sections of the Ohio Revised Code and Administrative Rules of the Director of Administrative Services.
- 44.2 An employee, while on leave of absence without pay, does not earn sick leave or vacation credit. However, the time spent on authorized leave of absence is to be counted in determining length of service for purposes of determining vacation eligibility or for other purposes where length of service is a factor.
- 44.3 All available vacation or compensatory time shall be exhausted before unpaid leave is granted, except leaves without pay of one shift up to twelve (12) hours or less which may be granted upon approval of the immediate supervisor, or an unpaid leave of absence in connection with an approved workers' compensation claim.

Employees may be assigned the next calendar day off of scheduled work at the discretion of the supervisor. Compensation paid at the double time rate for working the unscheduled shift shall not be used to determine the employee's hourly rate for purposes of calculating overtime pay for that work week. This provision will not be applicable when the employee's schedule is changed with 24 or more hours notice.

In each instance where vacation leave is changed to sick leave because of either hospitalization or death in the immediate family, documentation of such shall be presented to the employer for reviewing and approval to adjust the vacation leave.
- 46.10 Personal Time and Compensatory Time shall not be included with vacation hours for requested vacation time off on a vacation slip. Personal Time and Compensatory Time must be requested on a separate request time-off form.

56.1 POLICY: STATEMENT

Use of controlled substances which cause intoxication or impairment on-the-job poses risks to the Employer, the affected employee and to co-workers. Recognizing that drug and alcohol abuse are treatable illnesses which should be dealt with initially by treatment and education, it is the Employer's policy to prevent and rehabilitate rather than terminate the employment of workers who are drug or alcohol dependent. The authorized Medical University of Ohio Representative must document in writing who is to be tested and why the test was ordered, including the specific objective facts constituting reasonable suspicion and the names of any informants or sources of the information. A standard drug testing custody and control form must be used. All specimen containers, bottles, vials and bags used to store and/or transport specimens shall be sealed with evidence tape and labeled in the presence of the employee and/or Union representative if available. At all times practicable, samples shall be stored in a secured and refrigerated atmosphere until tested or delivered to the testing lab representative.
- H. The Medical University of Ohio and the Union shall choose a list of the laboratories which may be utilized for toxicology testing on a yearly basis. The laboratory selected by the Employer to conduct the analysis must be experienced and capable of quality control, documentation, chain of custody, technical expertise, and demonstrated proficiency in urinalysis testing.
- I. The employee and Union shall be provided a copy of the laboratory report of both specimens.
- J. No discipline shall be imposed until the employee has had seventy-two (72) hours from notification of a positive test to seek tests of the same specimen by another certified laboratory as

specified above. Seeking another test shall not be cause for discipline nor used against an employee in an arbitration proceeding.

56.6 LABORATORY ANALYSIS PROCEDURES

- A. The testing or processing phase shall consist of a two-step procedure. A specimen initially testing positive will undergo an additional confirmatory test. An initial positive report will not be considered positive, rather it will be classified as confirmation pending or presumptive positive.
- B. The initial test will be performed by an immunoassay test. The cutoff levels (positive detection) for screening tests are expressed in nanograms per milliliter (ng/ml), or billionths of a gram per thousandths of a liter and will be according to current DOT standards at the time of testing.
- C. A confirmation test will be performed on all initial positive tests. The cutoff levels for confirmation tests are according to current DOT standards at the time of testing.
- D. All test results are to be reviewed by a Certifying Scientist. Test results must be completed as soon as possible.
- E. Tests which are below the levels set forth above shall be determined as negative. If test results are negative, all Human Resources documentation regarding supervisory observations and testing will be destroyed and the Union will be notified.
- F. A MRO shall examine all positive confirmed test results to determine if there is an alternative medical explanation for the positive test result. Before making a final decision as to whether a positive test is valid, the MRO must provide the employee with an opportunity to discuss the test result. If the MRO determines there is a legitimate medical explanation for the positive test result, the MRO shall report to the Employer that the test is negative.

56.9 CHEMICAL DEPENDENCY PROGRAMS

- A. An employee testing positive for drugs or alcohol under the provision of the policy shall have the option of entering into a chemical dependency program in lieu of discipline. If the employee successfully completes such a program and is not disciplined for substance abuse for eighteen (18) months following the initial charge, the discipline shall be revoked and the employee's record cleared of the offense, and it shall not be used as a basis for any other disciplinary action in the future.
- B. After evaluation, the program utilized by the employee must be sufficient to meet the rehabilitation needs of the employee.
- C. Employees temporarily unfit to perform the duties of their position because of drug or alcohol abuse may use sick leave, vacation leave, compensatory time, and light duty assignment, if available, and leave without pay during absences required as part of the rehabilitation process.

An employee may, at any time, voluntarily enter a chemical dependency program. This may be done through an employee assistance program or by direct contact with the other providers of such services. Employer knowledge gained by the employee's voluntary admission or participation in a chemical dependency treatment program shall not be used as the basis for discipline.

Information regarding treatment of employees in chemical dependency programs shall remain confidential and shall not be released to the public.

Although an employee will not be subject to disciplinary action where the employee voluntarily submits to a treatment program prior to being tested as provided in this Article, the Employer has the right to insure that the employee is fit for duty when a request for reinstatement is made.

56.11 DUTY ASSIGNMENT AFTER TREATMENT

Once an employee who tests positive successfully completes rehabilitation and is fit for duty, the employee shall be returned to the regular duty assignment. Duty reassignment during treatment shall be at the discretion of the Employer based on each individual's circumstances. If follow-up care is prescribed after treatment, this care may be imposed as a condition of continued employment. The Employee may be tested on a random basis for eighteen (18) months no more than three (3) times the first six (6) months, two (2) times the second six (6) months and one (1) time the third six (6) months. treatment and positive drug test results shall be retired to a closed medical record. The employee shall be given a fresh start with a clean administrative record, except that other discipline records shall be retained as may be provided for elsewhere in this Agreement.

56.12 RIGHT OF UNION PARTICIPATION

At any time, the Union, upon request, if available, will have the right to inspect and observe any aspect of the drug testing program up to the giving of a specimen.
