This report is provided as part of The University of Toledo's commitment to safety and security on all campuses and satisfies the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, formerly the Federal Crime Awareness and Campus Security Act of 1990.

Dear Campus Community Member:

Thank you for taking the time to review the 2013 University of Toledo Annual Security and Fire Safety Report for 2012. Nothing is more fundamental to us than your safety. We believe every person learning, living, working and receiving health care on The University of Toledo campuses has the right to a safe and secure environment, free of harassment and biased-based incidents of any kind. This report will provide you with important facts and information about campus safety, programming, and incident reporting.

Keeping UT safer and harassment-free is an ongoing and collaborative effort involving close partnerships between UT Public Safety, the Administration Team, the Office of Student Experience, Student Government and external partners like local block watch leaders and area law enforcement agencies. Prevention is our focus. The easiest situation to manage is one that never happens.

This year the University has partnered with Life-line Response to bring a new security application to your smartphone. The ‘app’ turns a smartphone into a handheld panic button, notifying police and providing a GPS location when activated. The University of Toledo Police Department is also on Facebook and is committed to providing quality content including the latest safety information and bulletins from events on and off campus.

Remember, the most important partner is you, the citizen. When an emergency or harassment type incident does arise, you need to know what to do and how to report it. Please take a moment to review the many programs and services available and help sustain a safer UT.

Jeffrey C. Newton
Director / Chief of Police
The Office of Public Safety was established as part of the Administration Team in the spring of 2012 and consists of the four departments: Police, Health Science Security, Environmental Health and Radiation Safety and Public Safety Services. The new Office of Public Safety brings together all areas of the university with a primary mission of safety under one director. The result is a coordinated approach to making The University of Toledo a safer environment to learn, work, live and heal.

Department of Environmental Health and Radiation Safety

419.530.3600

Mike Valigosky, Director

Nearly all research activities that occur on University campuses involve hazardous and dangerous materials. Therefore training, monitoring and other safeguards need to be in place. The Mission of the Environmental Health and Radiation Safety Department is as follows:

“The mission of the Environmental Health and Radiation Safety Department is to develop, implement and monitor programs of environmental and occupational safety and health as necessary to protect the health and safety of faculty, staff, students and campus visitors, and to provide compliance with applicable regulations.”

The staff is interested in hearing your suggestions and concerns relating to the overall safety of the campus. Please use the information listed on the Contact Us page to reach a member of the staff.

The Environmental Health and Radiation Safety Department is located at The University of Toledo Medical Center (UTMC), Room 0235 on the Health Science Campus and in Transportation Center, Rooms 1200 A-D on the Main Campus. The Radiation Safety Office can be found UTMC, Room 0259. The Environmental Health and Radiation Safety Department works diligently to make our campuses safer by developing, implementing and monitoring programs of environmental and occupational safety. The Environmental Health and Radiation Safety Department is also very involved in emergency planning, training exercises, and actual events. On average the University as a whole conducts well over 100 exercises or actual events in a calendar year on all of its campuses and within the Medical Center. Each event is evaluated and improved action plans are developed to better respond to emergencies in the future.
Police

Mission Statement

The University of Toledo Police Department (UTPD) is a professional police agency dedicated to providing excellence in service and safety while promoting a rich educational experience.

Vision Statement

The vision of the UTPD is to become a formative leader and innovator in campus safety and law enforcement.

About The University of Toledo Police Department—Law Enforcement Authority

The UTPD is located in the Transportation Center on the Main Campus and a substation in room 007 of the Mulford Library on the Health Science Campus. UTPD provides 24-hour uniformed police services to all three campuses serving a daily population of more than 31,000 students, faculty, staff, employees, patients and visitors, making UTPD one of the most active police departments in northwest Ohio.

All UTPD officers are sworn State of Ohio Peace Officers commissioned by the Ohio Peace Officer Training Academy. Police Officers are entrusted through the Board of Trustees in accordance with Ohio Civil Service Law and Section 3345.04 of the Ohio Revised Code. University law enforcement officers have misdemeanor and felony arrest authority, as well as all other enforcement powers granted to peace officers in the state of Ohio. UTPD officers are subject to all training and education requirements established by the Ohio Peace Officers’ Training Council and The University of Toledo.

UTPD officers require a professional demeanor, exceptional judgment and the right disposition. Officers are carefully selected through a comprehensive hiring process and have demonstrated knowledge and skill through a rigorous field training period. In addition to providing excellent police services, officers continue to train and gain knowledge throughout their law enforcement career.

Mutual Aid and Public Safety Partnerships

The UTPD maintains strong partnerships with local, state and federal public safety agencies. By virtue of concurrent jurisdiction and in some cases shared jurisdiction, a close working relationship is in place with the Toledo Police Department, Toledo Fire, Ottawa Hills Police Department, the Lucas County Sheriff’s Office, the Ohio State Highway Patrol, and the Federal Bureau of Investigation. The UTPD is an active member of several important public safety collaborations including: The Metro Toledo Criminal Justice Administrators, State University Law Enforcement Administrators, the Lucas County OVI Task Force, Toledo Metro Drug Task Force and the Northwest Ohio Joint Terrorism Task Force. The UTPD participates and holds several mutual aide agreements including the Northwest Ohio Regional Law Enforcement Mutual Aid Agreement and the Mutual Aid Agreement among participating Universities in Ohio.
Police

Community Policing

UTPD officers are active in community policing, a philosophy promoting partnerships between law enforcement and the community served. Officers are assigned to specific areas of responsibility such as Parks Tower residence hall or the Student Recreation Center, and spend time becoming familiar with the students and staff and the unique challenges found in the area. Relationships are developed and the officer is viewed as a resource and educator on safe habits and practices. Officers attend meetings with students and staff and help develop solutions to problems. Programming such as theft prevention methods, alcohol/drug awareness and sexual assault prevention are also provided through community policing.

Team Policing Unit ‘618’

Emergencies - 9-1-1
Non-emergency 419.936.2000

A UTPD police officer and a Toledo Police Department (TPD) officer partner to work a unique collaboration known as unit 618. The Officers are assigned fulltime to the unit which has been keeping the Bancroft Hills and Secor Gardens neighborhood safer for both students and permanent residents since 1994. During the academic year, the team policing unit is on duty Tuesday through Saturday, 8 p.m. to 4 a.m. The crew is dispatched through the TPD.

Dispatch Communications

The UTPD Communications Center is the hub of all manner of communications pertaining to public safety. When a person activates an emergency Code Blue phone or calls extension 2600, a police dispatcher will answer and assist. Dispatchers are well trained and certified in the use of the county-wide 911 computer aided dispatch system, as well as accessing a number of local, state and national law enforcement databases.

Investigations

Two full-time detectives are responsible for investigating serious crimes on campus. UT detectives also work with other area law enforcement agencies, including the Northwest Ohio Joint Terrorism Task Force, the U.S. Secret Service for dignitary visits, the FBI on cyber-crime cases, and working with Toledo Police, the Lucas County Sheriff’s Office, and the Village of Ottawa Hills Police on various crimes related to the University.
Health Science Campus Security

Emergencies—419.530.2600
Security—419.383.2601

Uniformed, unarmed security officers provide an additional layer of safety and customer services for the University of Toledo Medical Center and clinical enterprise. Health Science Campus (HSC) security officers are carefully screened through a rigorous hiring process and extensive field training experience. Officers patrol the buildings and parking areas by bike, vehicle and foot and provide important services to persons on the health science campus. The security department is also responsible for fire and intrusion alarm monitoring, security cameras, door access and lost and found and patient valuables. Additionally, the department coordinates regular emergency preparedness drills and training with students and staff. The security office is located at 007 Mulford Library.

Public Safety Support Services

Overview

Public Safety Support Services is responsible for parking enforcement, Rocket Patrol, key control, and fingerprinting/background checks.

Parking Enforcement

419.530.4100

The University of Toledo provides parking for use by the University's students, faculty, staff, patients, affiliates, visitors and other persons or groups whose activities are consistent with the mission of the University. The Parking Enforcement Office is responsible for administering the university policy on parking and is located in the 1400 Transportation Center.

The university does issue citations for parking infractions including but not limited to: Illegally parked in handicapped spot, no registration, failure to observe posted parking restrictions, parked in the grass. Parking citations and bills issued to active students, faculty, and staff are sent via university email. You may appeal a citation or pay a bill online at: http://myparking.utoledo.edu

For parking registration and information, please visit them in the Student Union, room 1570, (419)530.2900 or online at: http://parkingservices.utoledo.edu

For more information on the parking rules and regulations, click on the following link: Parking Policy.
Public Safety Support Services

Rocket Patrol

Every year, approximately twenty-five (25) student employees of the Public Safety Support Services Office known as Rocket Patrol assist UTPD by enforcing parking regulations, responding to motorists needing assistance, securing buildings and providing support at major campus events. Rocket Patrol carries radios and serves as extra eyes and ears for the UTPD, reporting any suspicious individuals and activities to the police dispatcher. Rocket Patrol students can be identified by a polo style shirt patrolling the campus by vehicle and/or on foot.

Key Control

419.530.KEYS

The Key Control office is located on the Main Campus in the Transportation Center, room 1400, and is responsible for receiving and processing requests for university keys. The office works closely with the university locksmiths to provide keys in a timely manner. Requests forms may be found online at Key Control

Fingerprint / Background Checks

419.530.4439

Public Safety Support Services offers Ohio BCI&I and FBI electronic fingerprinting services through the WebCheck program and traditional ink card fingerprint submissions for students, faculty and staff to the many academic programs and licensure applications requiring background checks. For details on cost and to make an appointment, go to the fingerprint and background check website: https://www.utoledo.edu/depts/police/Fingerprinting.html

Lt. Julie Lavey electronically fingerprints student, Michael Kaylor utilizing the Ohio WebCheck system
Voluntary Reporting

Crimes, suspicious activity, safety hazards, or campus emergencies (including medical and fire emergencies), should be reported promptly to the UTPD dialing 419.530.2600 (or extension 2600 from any on-campus telephone); 9-1-1; or from any emergency telephone throughout the Main Campus, Health Science Campus, or Scott Park Campus. Most emergency telephones are labeled ‘Emergency’ and have a blue flashing light that flashes when activated. Elevators are also equipped with emergency telephones.

For Emergencies, contact the UTPD at (419)530.2600 or 9-1-1
For non-emergencies, contact the UTPD at (419) 530.2601

You may also report a crime in person by visiting the UTPD at:
Main & Scott Park Campuses: 1515 South Towerview—Transportation Center—Toledo, Ohio 43606
Health Science Campus: 3025 Library Circle—Mulford Library (room 007) - Toledo, Ohio 43614

To report a crime or other emergency occurring in the Toledo community surrounding the Main Campus, Health Science Campus, or the Scott Park Campus, contact the Toledo Police Department (TPD):

For Emergencies, contact TPD at 9-1-1
For non-emergencies, contact TPD at (419)936.2000

You may also report a crime in person by visiting the TPD Scott Park District Station at:
Toledo Police Department / Scott Park District Station: 2301 Nebraska Avenue—Toledo, Ohio 43607

Confidentiality

Ohio’s public records law (Ohio Revised Code § 149.43) does not permit the University to promise confidentiality to those who report crimes to anyone except counselors at the University Counseling Center or, under certain circumstances, to a physician or nurse at the Student Medical Center or a hospital. Some off-campus reports also may be legally confidential—e.g. reports to clergy or health care professionals.

To protect privileged relationships, reports to persons operating in the role of a professional counselor, medical professional, or pastoral counselor remain confidential in all but legally recognized exceptions and therefore are not included in the annual crime statistics report.

False Reporting

False reporting to a police department is a criminal offense and a very serious matter. False reports unnecessarily create alarm in the community and direct police resources in inefficient ways, costing untold man hours. For these reason, The UTPD pursues criminal charges in any verified case of false reporting. Never falsely report a crime or incident to a police department. Contact the UTPD if you believe an erroneous report has been provided to a police or a University official. Please remember, missing or lost property is not stolen property. Report honestly and responsibly.

Anonymous Reporting

The UTPD has an anonymous reporting tool on the UTPD website. Members of the campus community that wish to report crimes anonymously are encouraged to do so through the web tool. Reports received and corroborated with other evidence are included in the Annual Security Report. The anonymous reporting tool and web location is a part of all Timely Warning alerts and may be found at the following link: Anonymous Reporting.
Reporting: *See it! Hear it! Report it!*

**Reporting to a Campus Security Authority (CSA)**

The University of Toledo Police Department (UTPD) is the primary department accepting information about criminal activity. In some circumstances, a person may prefer to report a crime to other university officials. The university has designated employees who have significant responsibility for student and campus activities as Campus Security Authorities (CSA). The list of designated CSAs can be found here and include but are not limited to:

The university recognizes that roles and responsibilities of university employees continually evolve and change. Therefore in addition to the designated CSAs, the Office of Public Safety sends an annual communication to deans, directors and department heads defining a Campus Security Authority and discussing the responsibility of those that may fit the definition in an attempt to broadly promote a culture of reporting criminal events.

For more information on CSA designations, responsibilities, training and reporting forms click on the following link: [CSA’s](#).

**Missing Student Reporting [419.530.2600—University of Toledo Police Department]**

The University of Toledo takes the report of a missing person seriously. All missing person reports shall be reported to the UTPD. If the student is determined to be missing from a location not within the jurisdiction of the UTPD, the reporting person will be directed to file a missing person police report with the agency of jurisdiction.

Beginning each fall semester, the Office of Residence Life will request each campus housing student to designate an emergency contact person or persons to be contacted in the event the student is determined missing by law enforcement. Missing person contact information is registered confidentially and accessible only to authorized campus officials and disclosed only to law enforcement personnel in the furtherance of a missing person investigation. The Dean for the Student Experience or designee will attempt to notify the emergency contact person or persons no less than twenty-four (24) hours after the time the student is determined missing by law enforcement.

To view the University’s policy on Missing Students follow the hyperlink: [Missing Student Notification](#).

Safety Awareness Communications

Overview

An informed UT is a safer UT. We use several communication tools to notify students, faculty, staff, patients and visitors of events that may affect safety. Some safety alerts are legally required, consistent with the federal act known as the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. UT takes a broad approach to communication and provides information beyond what is legally required including significant incidents in student living areas off campus, as that information is made available.

Receiving alerts does not necessarily reflect an increase in crime, but is an outcome of UT’s aggressive communicative philosophy. UT feels a broad and liberal distribution of safety information allows members of the campus community the opportunity to make more informed choices regarding personal safety.

In the event of an emergency, the UTPD will determine the appropriate emergency notification systems used to deliver emergency messages to the campus community. UT may use any or all communication resources to disseminate information depending on the nature of the emergency and the surrounding circumstances.

Information pertaining to incidents and emergencies on campus will be disseminated to the larger public via media organizations through University Communications or individuals involved in emergency response on campus, as designated.

Click here for more information regarding the University's Emergency Communication Plan.

Timely Warnings

The Timely Warning is an alert designed to give students, faculty, and staff notification of a crime occurring on campus that constitutes a danger to the University of Toledo community. Such information is a valuable tool in heightening safety awareness and obtaining assistance from the community which may lead to an arrest and conviction of the perpetrator. Every effort is made to balance getting the alert out as quickly as possible, with ensuring the information being provided is accurate. The release of the Timely Warning alert is subject to the availability of facts concerning the incident.

The determination to issue a Timely Warning is the responsibility of the Office of Public Safety. The decision to issue the warning shall be decided on a case by case basis in light of all the facts surrounding a crime, including factors such as the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts. This warning is distributed by e-mail and may also be found at Timely Warnings. In certain circumstances, a bulletin will also be distributed around the campus area and on bulletin boards.

Daily Case Logs

The daily case log is maintained by the UTPD in effort to provide members of the campus community a record of both criminal and non-criminal incidents reported to campus police. This log provides for both the most recent incidents as well as an archive listing of past logs. Any logs prior to the online archive period may be requested from UTPD. View the most recent logs at: Daily Case Logs

Crime Awareness Bulletins

To educate the campus community on crime trends, UTPD issues Crime Awareness Bulletins. They are also used to seek the assistance of the campus community in identifying suspects or individuals involved in crimes. View Crime Awareness Bulletins at: Crime Awareness Bulletins.
Safety Awareness Communications

Public Address Systems

A public address system is a quick and reliable way to communicate emergency information. The University of Toledo uses a state of the art outdoor public address (PA) system to quickly inform the campus community of emergencies including weather events such as a tornado or other dangerous situations. The UTPD operates the PA system which uses loud tones to command your attention followed by “canned” prerecorded or live voice messages. The PA towers are located on the Main, Scott Park and Health Science Campuses and have been placed strategically to provide maximum coverage.

UT Alert Text Message Notification System

UT Alert is the University of Toledo’s emergency text message notification system. Alerts containing information on weather closures or other campus emergencies affecting safety or campus operations can be sent directly to your cell phone. Students, faculty and staff may sign up to receive text message and email alerts free of charge (standard text message rates may apply). To register, log into ‘myUT’ and find UT Alert under the resources tab or visit: UT Alert Registration.

The UT Alert system requires users to periodically update their accounts to keep user information as current as possible. Please visit the UT Alert page and scroll to the bottom of the screen and input your UTAD user name and UT Alert password. The system will give you the option to update your status and extend the duration of your enrollment in the UT Alert System. Please encourage your friends and colleagues to sign up so they have access to these urgent updates. You must renew your subscription each year.

Text-A-Tip

UT has initiated another tool to enhance campus safety with a Text-a-Tip service. Text-a-Tip allows anyone to funnel non-emergency information to The UTPD dispatchers with a few taps of a cell phone. Users simply input smart code 69050 and key the following in the text box: utpd, followed by one space, then the message. Once a tip is sent, the user will receive a return message.

Applications of the service could include reporting non-emergent suspicious persons, possible criminal activity and security issues, such as an unsecured building door. During incidents when quick response from officers or emergency medical personnel is needed, it is still best to call the UTPD at 419.530.2600.

LifeLine EDU

LifeLine EDU is a personal safety mobile ‘app’ for iPhone and Android devices. The ‘app’ is offered free to UT students, faculty, and staff with utoledo.edu domain e-mail addresses. Features include the ability to arm the ‘app’ so that when you remove your thumb from your phone screen, an alert can be sent to emergency responders; hands-free timer mode that sends an emergency alert if you have not deactivated the ‘app’ within a specified amount of time; GPS location tracking to assist emergency responders in pinpointing your exact location; and finally, the ‘app’ will alert up to seven contacts of your choice when an activation is received.
Safety Awareness Communications

Code Blue Emergency Phones

There are over 149 emergency telephones located along walkways, in parking lots, parking ramps (garages), elevators, and other common space areas, as well as major pedestrian routes, on the Main, Health Science, and Scott Park campuses. When activated, an emergency phone provides a direct, almost instantaneous link to the Police Dispatch Center. Because of the technology currently in use, the dispatcher immediately knows the caller’s location when the phone starts ringing.

Between dusk and dawn, police respond to the activation of emergency telephones even if no words are spoken. Despite their name, Emergency Phones are not just for emergencies. They are the campus community’s direct link to the police dispatcher, and can be used to: Request an escort, report a suspicious person or circumstance, obtain access to a building or room, request motorist assistance, report an elevator entrapment, etc.

University of Toledo & Internet Communication Resources

The following are online communication resources related to safety awareness:

UTPD: http://police.utoledo.edu
UT: http://utoledo.edu
UT News: http://utnews.utoledo.edu
UTPD on Facebook / QR Code:

Community Awareness Bulletins

The UTPD issues Community Awareness Bulletins when information is received about a significant incident occurring in a student living area off campus. The information contained in these bulletins is subject to change as facts and circumstances arise. The bulletins are in no way intended to be a comprehensive record of all reported off campus incidents. To prepare bulletins on incidents off campus, the UTPD relies on reports from citizens and other law enforcement agencies.

For more information about off campus incidents, contact the law enforcement agency serving that jurisdiction. Community Awareness Bulletins are inserted into the UT News e-mail update, posted on the UTPD web site, and posted on the UTPD Facebook page.

View bulletins at the following link: Community Awareness Bulletins
Safety Awareness Communications

Sex Offender Alerts

Each year the UTPD sends an email to students, faculty and staff describing the process to follow to receive information and alerts on registered sex offenders in Lucas County. To register, visit the Sheriff’s Office website at the following link: Lucas County Sex Offender Registry. You will be able to search county and state records for convicted sex offenders as well as sign up for automated sex offender alerts. Please note, sex offender registries reflect convicted sex offenders, which are only a small percentage of actual sex offenders, and most sex offenders commit assaults against people they know, rather than strangers.

EyeCitizen, the Active Blockwatch™
(A free service courtesy of the City of Toledo)

New this year, the City of Toledo now offers a free service entitled EyeCitizen. This service alerts subscribing members of crime information by sending a text and/or email alert with the address and type of crime reported as soon as the 9-1-1 call is dispatched. The EyeCitizen notification enables members to be aware that a crime may be occurring ‘real time,’ thus, making members more cautious and aware of their surroundings.

When a subscriber becomes an EyeCitizen member, s/he will be a member of the Active Blockwatch™ and be notified whenever a crime against property and/or person occurs within the selected monitoring area. Once registered, the subscriber will be able to select up to three (3) areas within the city of Toledo to monitor for criminal activity.

For more information on EyeCitizen, click on the following link: EyeCitizen.
Emergency Preparedness

Overview

The University of Toledo maintains an Emergency Operations Plan (EOP) developed from the International Association of Campus Law Enforcement Administrators (IACLEA) planning guide. The UT EOP is compliant with the National Incident Management System (NIMS) and utilizes the Incident Command System (ICS) and Hospital Incident Command System (HICS) to guide emergency management. The plan is managed and updated by the Office of Public Safety and may be viewed at the following link: Emergency Operations Plan.

Testing the Plan

It is not good enough to just have a plan. It’s equally important to regularly test the plan. On June 28th, at 9:30 am The University of Toledo conducted an unannounced hazardous chemical release exercise at the Research 1 building (R1). Response to the mock incident involved several segments of The University of Toledo Office of Public Safety including police, dispatch operations, and environmental health and radiation safety; as well as the City of Toledo Fire and Rescue Department. The exercise provided an opportunity for emergency responders to utilize incident command principles to coordinate a safe evacuation. All students, faculty, and staff located in the R1 building at the time of the exercise participated in a full evacuation. The UT Alert R1 notification group was also tested as well as specific procedures associated with a hazardous chemical release in the R1 building. A “hot wash” was conducted after the exercise and used to improve the procedure which governs the response to hazardous chemical releases in the R1 building.

Emergency Evacuation / Shelter in Place

In certain emergency situations, such as the release of hazardous materials, emergency responders may order the evacuation of certain offices or buildings, or instruct people in those facilities to shelter-in-place. It is possible that some emergency scenarios could result in one of these protective actions ordered for one part of campus and the other protective action for a different area of campus. When such actions are warranted, police, fire, safety or University officials will advise you of the appropriate action via UT Alert text message; radio and television stations; public address (PA) systems; loudspeakers; door-to-door notifications; and/or any other appropriate means.

The university performs at least four (4) evacuation drills per year in each residence hall. Additional evacuation drills and shelter-in-place drills are conducted in academic and hospital buildings. Evacuation and shelter-in-place drills are coordinated by the emergency preparedness coordinator, with the assistance of UTPD. Evacuation and shelter-in-place drills provide training for emergency responders and better prepares students, faculty, and staff for life saving action during a true emergency including: Recognizing an alarm, listening for instruction, locating exits, and assisting others who may be in need of assistance.

Click the below links for more information on emergency evacuation and shelter in place policies for the respective campuses:

University of Toledo Campuses
University of Toledo Health Science Campus
Emergency Preparedness

Responding to Emergencies

The University of Toledo Police Department (UTPD) responds to all reported emergency situations. Depending on the type of emergency, UTPD may also be assisted by other agencies such as Toledo Fire, Toledo Police, the Ohio State Highway Patrol, Ottawa Hills Police Department, the FBI, Secret Service, and/or other local, state, or federal agencies. In certain situations, command of the incident may be shared among responding agencies (unified command) or transferred to the agency with clear jurisdiction over a particular incident.

The university maintains a website dedicated to emergency preparedness located at the following hyperlink: Emergency Preparedness. The emergency preparedness website contains a link to the University’s Safety Video discussing what to do in a violent intruder situation as well as a PDF document of the University of Toledo Emergency Operations Plan, hospital codes and other important emergency information.

Tornado Warnings

Tornado’s represent a serious threat in Northwest Ohio during the spring and summer seasons. If a tornado warning is issued, the University PA sirens will be activated for 3 minutes followed by a voice message instructing persons to seek shelter. A UT Alert will also be sent out. University policy requires that normal activities cease immediately including any classes or exams that are taking place. All persons should then immediately seek shelter in the appropriate tornado safe waiting area.

Members of the campus community should remain in the protected area until the tornado or severe weather has passed. The University PA will activate and provide an “all clear” message in addition to a UT Alert text message announcing that the warning has been lifted. Classes and normal University business/operations will resume as permitted by the impact of the severe weather.

Snow Emergencies/Class Cancelation

Winter storms can present difficult driving conditions on the roadways of northwest Ohio. When conditions become dangerous, the University of Toledo may cancel classes and University sponsored events for the welfare and safety of everyone. Every effort will be made to notify the campus community in a timely manner of inclement weather closures.

The decision to cancel morning classes will be made by 6 a.m.; afternoon classes by 10 a.m.; and evening classes by 3 p.m. After an inclement weather situation is declared, University Communications shall notify the community through UT Alert, Email, website, the SNOW hotline 419.530.SNOW (7669) and local media.

Employees deemed “essential employees” will still need to report to work. Essential employees are predetermined. If you have a question about your status, check with a supervisor. UTMC never closes. For more information on the University’s inclement weather policy, click the following link: Inclement Weather Policy.

Safety and Security Initiatives

Night Watch (safe escorts)

419.530.3024

Although the campus is well lit, those traveling about the campus on foot should choose well-used routes. People who desire an escort to their destination during evening hours may utilize the Night Watch service. Night Watch provides escorts to the campus community from one UT building to another.

Night Watch provides a two-person team of trained students who assist members of the campus community requesting an escort. Employees are equipped with two-way radios and remain in constant contact with the police dispatcher. The service operates from dusk to early morning hours when school is in session.
Safety and Security Initiatives

Rape Aggression Defense (RAD) Training

Each year, The UTPD offers Rape Aggression Defense (RAD) training—a program of realistic, self-defense tactics and techniques for women only. It is a comprehensive course that begins with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. RAD is not a martial arts program. The class is taught by UTPD certified RAD Instructors. Students are provided with a workbook/reference manual, which outlines the entire physical defense program for reference and continuous personal growth. For more information, click the following link: RAD

A.L.I.C.E.
(Active Shooter—Violent Intruder Training)

The University of Toledo employs an Active Shooter & Violent Intruder presentation known as ALICE, which is an acronym for:

Alert
Lockdown
Inform
Counter
Evacuate

The objective of A.L.I.C.E. is to teach the student survival options in active shooter situations. ALICE encourages members of the campus community to take an active role in his/her own survival and lead others to safety.

The ALICE Program is designed to give a person or group of people, who may find themselves in a potentially life threatening situation, some mental and physical tools that could play a vital role in their survival.

To schedule a presentation or learn more about ALICE, contact the below e-mail address:

ALICE@utoledo.edu

For more information on ALICE, click on the following link: ALICE.

Closed Circuit Television Cameras (CCTV)

The University of Toledo deploys closed circuit television cameras in parking lots, buildings and other public areas. Cameras serve as a crime deterrent and provide an extra layer of security. Areas with cameras can be monitored quickly, providing valuable information to emergency responders. Video is also helpful during police investigations.
Trouble Shooting Life’s Challenges

Overview
The Troubleshooting Life’s Challenges (TLC) website provides members of the campus community with information and resources covering a variety of problems such as depression, alcohol and drugs, sexual assault, and bullying. The website also has an anonymous web reporting form that goes to the Office of Student Affairs which allows the University to act and assist a person in need of help. Please visit their link at: TLC.

The Sexual Assault Education and Prevention Program (SAEPP)

419.530.3431

The University of Toledo is committed to creating a community free from violence, sexual assault, sexual harassment, intimate partner violence, and stalking. Sexual assault can include any form of actual or attempted sexual activity perpetrated upon a person without the consent of that person and against that person's will.

Responsibility for obtaining consent lies with the person initiating or escalating sexual activity in an atmosphere free from coercion, force, or intoxication. Consent should be obtained verbally throughout sexual interaction. Silence does not constitute consent. Consent may be withdrawn at any point during sexual activity.

Sexual Assault Response / Prevention Policy

Education & Prevention

In keeping with best practices in the prevention of sexual and intimate partner violence, the University of Toledo is committed to primary violence prevention. Primary prevention focuses on stopping violence before it starts.

The Sexual Assault Education and Prevention Program (SAEPP) is a campus resource providing prevention programming including education about what everyone can do to create a violence-free UT, from ending survivor blaming to acting as empowered bystanders who safely stand up to violent or degrading behaviors and attitudes.
Office of Public Safety

Trouble Shooting Life’s Challenges

Advocacy

In addition to prevention and education, SAEPP provides to survivors confidential, pressure-free support and information about sexual assault reporting options, options for medical treatment and evidence collection, campus and community resources, and survivor’s rights of sexual assault. SAEPP advocates are available to accompany survivors and provide support during medical visits, law enforcement contacts, campus judicial hearings, and local court proceedings.

The advocate can also assist students with academic and on-campus housing accommodations. All university personnel should refer sexual assault survivors to SAEPP, located in Rocket Hall, room 1810.

To learn more, to schedule a speaker, or to get involved in UTURN, the SAEPP student group, contact the UT Sexual Assault Education and Prevention Program at 530-3431, visit SAEPP in Rocket Hall, room 1810 or follow the link for more information: Sexual Assault Education and Prevention Program

The UTPD Promise

The University of Toledo Police Department encourages the survivor of a sexual assault to call 419.530.2600 and file a report. We promise to:

1. Notify a sexual assault advocate to meet with the survivor.

2. Meet with the survivor privately, at the survivor’s place of choice, to take a report.

3. Not release the survivor’s name to the public or to the press.

4. Treat the survivor and the particular case with courtesy, sensitivity, dignity, understanding and professionalism.

5. Do our best to accommodate requests for a female or male officer.

6. Assist the survivor in arranging for any hospital treatment or other medical needs.

7. Fully investigate the case and help the survivor in achieving the best outcome. This may involve the arrest and full prosecution of the suspect responsible. The survivor will be kept up-to-date on the progress of the investigation and/or prosecution.

8. Continue to be available for the survivor, to answer questions, to explain the systems and processes involved (prosecutor, courts, etc.), and to be a listening ear if he/she so chooses.
Trouble Shooting Life’s Challenges

Student Code of Conduct – Sexual Assault

Sexual assault is a violation of the University of Toledo Student Code of Conduct. If a student is accused of a sexual assault, the accused student is subject to a hearing as prescribed under Student Code of Conduct. A student found responsible for a sexual assault is subject to any sanctions found under the Code up to and including disciplinary expulsion from the institution.

Accused Rights — The accused has a right to be presented with the charges in written form. The complainant, the accused student(s) and the judicial body have the privilege of presenting witnesses, subject to the right of questioning by all parties.

Survivor Rights — A student who files a disciplinary complaint which results in the Student Code of Conduct Officer or his/her designee bringing University charges of a Code violation has the following rights within the University conduct system:

1. The right to be kept informed of the status of proceedings throughout the process.

2. The right, in all disciplinary hearings and proceedings, to have the presence of an advocate, support person, counselor, or advisor as long as this person is a member of the University community (faculty, staff, or student). This person may consult with the student but not participate directly in the hearing.

3. The right to remain present throughout the disciplinary hearing, excluding Board deliberations.

4. The right to submit, orally or in writing, a survivor impact statement to any disciplinary Board and/or official.

5. The right to have past unrelated behavior excluded from any hearing except during the sanctioning phase of the hearing.

6. The right to be informed in writing of the outcome of the disciplinary hearing.

Survivors of sexual assault may have academic and living situation changed if changes are requested and reasonably available.

Sex Offender Alerts

Every year the UTPD sends out an email to students, faculty and staff on the process they may follow if they are interested in receiving information and alerts on registered sex offenders in Lucas County. To register, visit the Sheriff’s Office website at the following link: Lucas County Sex Offender Registry. You may search county and state records for convicted sex offenders as well as sign up for automated sex offender alerts. Please note that sex offender registries reflect convicted sex offenders, which are only a small percentage of actual sex offenders, and that most sex offenders commit assaults against people they know, rather than strangers.
Trouble Shooting Life’s Challenges

Counseling Center

419.530.2426

Free services are available for any regularly admitted, University of Toledo student who is currently enrolled at the University. The Counseling Center staff provides counseling (individual and group), mental health and wellness programming, and crisis intervention services to help students cope with the demands of college and to facilitate the development of life adjustment strategies. The Center aims to empower the student with the skills needed to attain educational goals at the University of Toledo.

Call or visit the Counseling Center to make an appointment during one of the scheduled screening times. For more information on the UT Counseling Center visit the following link: Counseling Center. Medical School students should visit HSC Health Services.

Suicide Prevention

Any member of the campus community may come into contact with a suicidal student. Being aware of the warning signs, how you can help, and facts about suicide can help you respond more effectively to such situations. Saving the life of a student might come down to you having the right knowledge and being available in the right place at the right time. The psychologists and counselors at the Counseling Center are available to students, faculty, and staff for consultation regarding these issues.

- Suicide is Preventable.
- Believed to be 2nd leading cause of death for college students (due to the lower rate of homicide in college population).
- Nearly 80% of college students who die by suicide never participate in counseling services.
- Nearly 1,100 suicides are projected to occur on college campuses this year.
- 8-24 year-olds think about suicide more often than any other age group.

Ohio Suicide Prevention Foundation – Lucas County, Ohio
Trouble Shooting Life’s Challenges

University of Toledo Policy on Alcohol, Tobacco, & Drugs

Policy Statement on Alcohol

The University of Toledo is a dynamic learning environment. Its students, faculty, staff, alumni, and guests interact in a wide variety of intellectual and social activities that extend outside of the classroom. We value and promote an environment of legal and responsible alcohol use and support alcohol-free environments. We recognize alcoholic beverages may be available at some campus activities. Such activities are consistent with the university's values when they foster moderation and safety in alcohol consumption.

The university complies fully with local, state, and federal regulations regarding the sale, possession and consumption of alcoholic beverages. The unlawful manufacture, possession, use or distribution of illicit drugs or controlled substances on university property or as part of university activities is strictly prohibited. All members of the university community are held responsible for their behavior and for respecting the rights of others. The university is committed to providing the community with education as it relates to illicit drug use, the consumption of alcohol in general and as it relates to high risk alcohol use, in particular. We provide programs, support and resources that promote making health-enhancing experiences a priority.

Party Smart UT! promotes healthy and safe decision making through education and accurate information. The website provides information about using alcohol responsibly and some ideas about how to have fun without endangering yourself or anybody else.

Employees or students who profess a dependency upon alcohol are directed to appropriate dependency programs. More information can be found at: Counseling Center.

Policy Statement on Tobacco

The University of Toledo Health Science Campus was made smoke-free and tobacco free on January 1, 2008. Smoking and tobacco use is strictly prohibited inside any building and on all grounds of the Health Science Campus including satellite locations. To view the policy governing tobacco, please visit the following link: University of Toledo HSC Smoke-Free and Tobacco-Free Policy.

The University of Toledo Main and Scott Park Campuses are also tobacco free, except in designated smoking areas. Smoking and tobacco use is also prohibited in all University owned or leased vehicles. For more information and a map of designated smoking areas, please visit the following link University of Toledo MC Smoke Free and Tobacco Free policy.

Policy Statement on Drugs

The possession, distribution and/or consumption of illegal drugs is prohibited on the University of Toledo Campus. Persons who are discovered to be in possession of illegal drugs can be charged criminally under the applicable state or federal statues, and may also be charged administratively under University of Toledo rules. The University of Toledo is committed to promoting and maintaining a work and academic environment that this free from illegal drug use. The University complies with all federal, state and local laws as well as the Federal Drug Free Schools and campus Safety Regulations.
Trouble Shooting Life’s Challenges

University Regulations Governing Alcoholic Beverages

The Ohio Revised Code includes the following statements:

(1) It is unlawful for a person under 21 years of age to purchase, consume, possess or transport any intoxicating liquor.
(2) It is unlawful to knowingly and falsely misrepresent one's age to obtain alcoholic beverages or to represent that another is of legal age for such purpose.
(3) It is unlawful to have in one's possession in a public place an open container of beer or intoxicating liquor.
(4) It is unlawful to consume any beer or intoxicating liquor in a motor vehicle.
(5) No person shall furnish or buy or contribute money to the purchase of alcohol for an underage drinker; and it is illegal to use false identification or provide false identification in the purchase of alcoholic beverages.

Regulations governing alcoholic beverages

The University permits alcoholic beverages on campus as part of the operation of licensed university facilities and for some social events.

(1) Facilities

Policies and procedures for specific University facilities may be in place. Such facilities include but are not limited to residence halls, the McComas Village, Student Union, Driscoll Alumni Center, Savage Hall, SeaGate Centre, the Glass Bowl, Libbey Hall, Dana Conference Center, Academic Commons, Hilton Inn, Garden Café, Bryan Student Lounge, Mulford Library and Collier Building. Such policies must be consistent with the University policy.

(2) Delivery

Delivery of any alcoholic beverages to any University property or facility, other than associated with the University’s liquor license and catering operations, is strictly prohibited.

(3) Independent Contractors/University Guests

Where the University is paying for or reimbursing expenses for consultants, contractors, or others doing business for the University, University shall not pay for or reimburse any alcoholic beverage purchases.
University Regulations Governing Alcoholic Beverages

(4) Sponsored University Functions

The use of alcohol at events held on The University of Toledo campuses is governed by the following rules:

(a) University funds may not be used to purchase alcoholic beverages.

(b) Alcoholic beverages will not be served free of charge at a campus event unless the event is approved in advance in writing by the vice president or a designee and the event is otherwise permitted by University policy.

(c) Unless otherwise approved in writing in advance by the vice president or a designee, alcoholic beverages must be sold by University dining services which are a licensed, insured vendor.

(d) The sponsoring organization, department, or approved user of facilities will oversee adherence to the alcohol policy, assume responsibility for the event and control and supervise the distribution of alcoholic beverages in accordance with all applicable laws, rules, and policies.

(e) Institutionally approved security must be present at all times during an event unless determined by the chief of University police to be unnecessary. All security costs will be the responsibility of the sponsoring organization.

(f) No one under the age of 21 is permitted to possess, serve, or consume any alcoholic beverage. At any event where alcoholic beverages are served and/or sold, approval for the event will be based upon the age of the event participants as well as the nature of the event. For example, an event at which the majority of participants are under the age of 21 will not have alcoholic beverages available for consumption. However, a designated, physically defined, monitored area may be utilized for those of age if approved in advance.

(g) All sale/use of alcoholic beverages on University property will be monitored by and subject to inspection by University officials.

(h) Although no person will possess or be served alcoholic beverages without proof of legal age, state law permits any individual 18 years or over to sell alcohol in a closed container, 19 years or older to serve an open container of alcohol and anyone over 21 to tend bar.

(i) No servers of alcohol may be permitted to consume alcoholic beverages while serving nor shall they be permitted to serve while intoxicated.

(j) Intoxicated people will not be served nor permitted to possess alcoholic beverages.

(k) At all events where alcohol is used, served, and/or sold, non-alcoholic beverages and unsalted foods must be made available in quantity sufficient for the number of guests. All food should be visible and available.

(l) Alcoholic beverages are not permitted to be sold or used prior to noon. For an event lasting three hours or more, sale or service must stop forty-five minutes prior to the end of the event. At no time may the sale/service of alcohol last more than three consecutive hours.

(m) The minimum charge for twelve ounces of beer will be $1.00. A lower price will be charged for the same amount of non-alcoholic beverage. Other alcoholic beverages should be priced so as not to promote excessive consumption.

(n) Under no circumstances may any alcoholic beverage be permitted to leave the approved area of the event. No alcoholic beverages may be brought into the event by an individual when alcoholic beverages are being served, and/or sold by event organizers.
Trouble Shooting Life’s Challenges

University Regulations Governing Alcoholic Beverages

(E) Process to obtain permission for University events where alcohol will be served

At events at which alcohol is served and in university facilities in which it is served, operators and event sponsors are responsible for complying with the laws of the state of Ohio, ordinances of the city of Toledo, and all policies of The University of Toledo.

An “F” permit is required for any events that serve alcoholic beverages on University property that are not covered by the University’s dining services liquor license. The administration for the Health Science Campus of the University does not review or approve “F” permits under any circumstance. All events must be conducted through the dining services liquor license. The University administration reserves the right in its sole discretion to refuse to sign any “F” permit for any reason whatsoever.

Depending on the associated division of the University, the following is the procedure for seeking approval of an “F” permit:

(1) Athletics. If an outside person or business would like to hold an athletic related event on University property, an “F” permit needs to be completed and given to the Associate Athletic Director for Development. The Associate Athletic Director for Development with the University’s Administrator for Risk Management will determine if the University’s insurance will cover such event or the requesting party needs to obtain insurance and provide proof thereof before the “F” permit will be processed any further. Upon verification of insurance coverage for the event, the Vice President/Director of Athletics will sign the “F” permit. It will then be forwarded to the Chief of Police who will sign that he has seen the “F” permit. The Chief of Police will then forward to the highest officer in finance at the vice presidential level for final sign off. The fully signed “F” permit will then be returned to the Associate Athletic Director for Development.

(2) Alumni. If an outside person or business would like to hold an alumni event on University property, an “F” permit needs to be completed and given to the Associate Vice President of Alumni Relations. The Associate Vice President of Alumni Relations with the University’s Administrator for Risk Management will determine if the University’s insurance will cover such event or the requesting party needs to obtain insurance and provide proof thereof before the “F” permit will be processed any further. Upon verification of insurance coverage for the event, the Vice President of Institutional Advancement will sign the “F” permit. It will then be forwarded to the Chief of Police who will sign that he has seen the “F” permit. The Chief of Police will then forward to the highest officer in finance at the vice presidential level for final sign off. The fully signed “F” permit will then be returned to the Associate Vice President of Alumni Relations.

(3) Student Event. If an outside person or business (or student organization, when applicable) would like to hold an event for students on University property, an “F” permit needs to be completed and given to the Dean for the Student Experience. The Dean for the Student Experience with the University’s Administrator for Risk Management will determine if the University’s insurance will cover such event or the requesting party needs to obtain insurance and provide proof thereof before the “F” permit will be processed any further. Upon verification of insurance coverage for the event, the Vice President for the Student Experience will sign the “F” permit. It will then be forwarded to the Chief of Police who will sign that he has seen the “F” permit. The Chief of Police will then forward to the highest officer in finance at the vice presidential level for final sign off. The fully signed “F” permit will then be returned to the Dean for the Student Experience.
University Regulations Governing Alcoholic Beverages

(a) Students and student organization are also required to complete the necessary paperwork to host a social event. This information can be found through the Office of Student Involvement, located in 2525 Student Union.

(b) The sponsoring organization will be prepared to provide, in writing, information to the purpose of the activity, number of participants, location, and whether the activity is public or private.

(F) Promotion of University events where alcohol will be served

It is the position of the University that alcohol use will not be promoted. Consistent with this position, the University will neither solicit nor accept any form of alcoholic beverage advertising or sponsorship for any University publication or in/on any University operated facility or property. In addition, the following guidelines shall be adhered to:

(1) Events where alcoholic beverages are used, served and/or sold shall not have alcohol or the consumption of alcohol as a theme. No element of an event where alcohol will be used, served, and/or sold shall encourage, in any manner, the consumption of alcohol. No event where alcohol is used, served, and/or sold shall be sponsored, in any manner, by an alcohol manufacturer, distributor, or retailer.

(2) Advertising for events where alcohol is used, served, and/or sold shall refer to alcohol in any manner other than "Legal Beverages Available" or "Beer Available." Advertising for "F" permit events cannot include the sale price of alcoholic beverages nor can it refer to the price advantage or amount available.

(G) Violations/Sanctions

Violation of University policies may result in disciplinary action. In addition, such matters may be reported by the University to appropriate law enforcement authorities. Violators will be subject to penalties which may include separation from the University or mandatory referral for treatment. The University shall implement and enforce the laws of the State of Ohio as stated in the Ohio Revised Code. It is the responsibility of each student, staff, and faculty member to familiarize him or herself with the appropriate sections of the Ohio Revised Code and the provisions of the policy and to conduct one’s self in a responsible and prudent manner.

(1) Violation of University policies by students will be addressed by the Student Code of Conduct.

(H) Alcohol and Drug Policy Sanction Guidelines

It is the responsibility of a university to be concerned with the overall development of its students. The emphasis in the administration of student conduct is placed upon treating behavioral problems in a manner that relates to the educational purposes of a university.

For a detailed list of sanctions: Alcohol and Drug Policy Sanction Guidelines
Trouble Shooting Life’s Challenges

University Regulations Governing Illicit Drugs

The unlawful manufacture, possession, use or distribution of illicit drugs or controlled substances on university property or as part of university activities is strictly prohibited. The University of Toledo expects students, faculty, staff, and volunteers, and campus visitors to abide by all applicable local, state, and federal laws regarding illicit drugs and controlled substances.

Legal Requirements

Under local, state, and federal laws, it is a crime to do any of the following.

A) Underage Drinking
   1) Purchase, order, pay for, or share the cost of alcohol if you are under 21.
   2) Possess alcohol if you are under 21.
   3) Consume alcohol if you are under 21, unless it is provided by and consumed in the presence of your parent, legal guardian, or adult spouse.
   4) Sell alcohol to, buy alcohol for, or furnish alcohol to anyone under 21, even if you are the parent, legal guardian or adult spouse in your own home, apartment, or residence hall room.
   5) Allow anyone under 21 who posses or consumes alcohol to remain in your home, apartment, or residence hall, or in other property that you own or occupy.

B) False Identification
   1) Show or give false information about your name, age, or other identification to purchase or obtain alcohol if you are under 21.
   2) Provide false information about the name, age, or other identification of another person under 21 to purchase or obtain alcohol for that person.

C) Open Container
   1) Have an open container of alcohol in your possession in any unlicensed public place.
   2) Have an open container of alcohol in your possession while driving or riding in or on a motor vehicle.
   3) Have an open container of alcohol in your possession while in or on a motor vehicle that is parked in or on a highway, street, or other place open to the public for parking.

D) Transportation
   1) If you are under 21, you are considered to be driving under the influence if your blood alcohol level is .02 or higher and .08 at age 21. Refusing an alcohol test results in an immediate administrative license suspension.
   2) Consume alcohol while in a motor vehicle.
   3) Drive while under the influence of alcohol.
   4) Be in physical control of a vehicle while drinking or under the influence of alcohol.
Trouble Shooting Life’s Challenges

E) Disorderly Conduct
   (1) Engage in conduct that offends, inconveniences, annoys, or alarms others or that poses a risk of physical harm to yourself, to others, or to property while you are voluntarily intoxicated.

F) Alcohol Sales
   (1) Hold an event where alcohol is sold, or an event where alcohol is provided without charge but there is an entrance fee, cover charge, or other fee without an appropriate permit. Information on how to obtain a temporary liquor permit is available from the Ohio Division of Liquor Control by phone at 614-387-7407 and on the web at http://www.com.ohio.gov/liqr/. You must also have permission to serve alcohol on campus from the appropriate university authorities: University of Toledo Policy on Alcoholic Beverages.

G) Illicit Drugs
   (1) Selling or offering to sell any controlled substance, or preparing or packaging any controlled substance for sale.
   (2) Distributing any controlled substance.
   (3) Knowingly obtaining, possessing, or using a controlled substance.

For more information see:
http://www.com.ohio.gov/liqr/

State of Ohio Alcohol and Drug Law Criminal Sanctions

Underage Drinking: Ohio Revised Code (O.R.C.) 4301.63 provides that no person under the age of 21 shall purchase beer or intoxicating liquor.

    Penalty for a violation: A fine of not less than $25 but not more than $100 may be imposed. The court may order that the fine be paid by the performance of public work at a reasonable hourly rate established by the court, and may specify the designated time in which the public work shall be completed.

False identification used to purchase alcohol for someone under 21: O.R.C. Section 4301.633 provides that no person shall knowingly furnish any false information as to the name, age, or other identification of any person under 21 years of age for the purpose of obtaining or with the intent to obtain, beer or intoxicating liquor for a person under 21 years of age, by purchase, or as a gift.

    Penalty for a violation: Violation of O.R.C. section 4301.633 is a misdemeanor of the first degree. The maximum penalty is imprisonment for not more than 6 months and a fine not more than $1,000.

False identification used to purchase alcohol by someone under 21: O.R.C. Section 4301.634 provides that no person under the age of twenty-one years shall knowingly show or give false information concerning the person’s name, age, or other identification for the purpose of purchasing or otherwise obtaining beer or intoxicating liquor in any place in this state where beer or intoxicating liquor is sold under a permit issued by the division of liquor control or sold by the division.

    Penalty for a violation: Violation of O.R.C. Section 4301.634 is a misdemeanor of the first degree, punishable by up to 6 months imprisonment and fines up to $1,000. If a false or altered state identification card was used in commission of a violation of O.R.C. Section 4301.634, the punishment is a first degree misdemeanor with a fine of at least $250 to $1,000 and up to six months imprisonment.
Trouble Shooting Life’s Challenges

State of Ohio Alcohol and Drug Law Criminal Sanctions

Open container in a motor vehicle: O.R.C. Section 4301.64 prohibits the consumption of beer or intoxicating liquor in a motor vehicle.

Penalty for violation: A violation of O.R.C. Section 4301.64 is a misdemeanor of the fourth degree punishable by up to thirty days in jail and a fine up to $250.

Furnishing or selling alcohol to someone under 21: O.R.C. Section 4301.69(A) prohibits any person from selling or furnishing beer or intoxicating liquor to an person under 21 years of age, or buying it for any person under the age of 21.

Penalty for violation: Violation of O.R.C. Section 4301.69(A) is a misdemeanor punishable by a fine of at least $500 but not more than $1,000, and in addition imprisoned for up to 6 months.

Underage purchase, possession or consumption of alcohol: O.R.C. Section 4301.69(E) provides that no underage person shall knowingly order, pay for, share the cost of, attempt to purchase, possess, or consume any beer or intoxicating liquor in any public or private place or knowingly be under the influence of any beer or intoxicating liquor unless he or she is accompanied by a parent, spouse, or legal guardian who is not an underage person, or unless the beer or intoxicating liquor is given for religious purposes or by a physician for medical purposes.

Penalty for violation: A violation of O.R.C. Section 4301.69(E) is a misdemeanor of the first degree. The maximum penalty is imprisonment for not more than 6 months and fine up to $1,000.

Driving while intoxicated: O.R.C. Section 4511.19 prohibits any person from driving a motor vehicle while under the influence of alcohol or drugs.

Penalty for violation: A violation of O.R.C. Section 4511.19 is misdemeanor of the first degree, the maximum penalty for which is a jail term of up to 6 months and a fine up to $1,000. In addition, the court may impose additional fines, community rehabilitation or intervention programs, and suspend or revoke the offender’s driver’s license. Additional penalties exist for repeat offenders of O.R.C. Section 4511.19.

Selling or distributing illicit drugs: O.R.C. Section 2925.03 prohibits any person from selling or offering to sell any controlled substance, preparing or packaging any controlled substance for sale, or distributing any controlled substances.

Penalty for violation: Anyone who violates this statute is guilty of drug trafficking. Violation of this statute is a felony, the level of which depends on the specific criteria set forth in Section 2925.03(C), including type and weight of drug. The minimum penalty for a fifth degree felony can include 6 to 12 months in jail and/or a fine up to $2,500. The maximum penalty for a first degree felony can include imprisonment up to 10 years and a fine up to $20,000.

Possessing or using illicit drugs: O.R.C. Section 2925.11 prohibits any person from knowingly obtaining, possessing, or using a controlled substance.

Penalty for violation: Violation of this statute is drug abuse, which may be a misdemeanor or a felony depending on the specific criteria set forth in Section misdemeanor, is punishable by imprisonment of up to 30 days and a fine up to $250. The maximum penalty, a first degree felony, is punishable by up to 10 years in prison and a fine up to $20,000.

This information is provided as a general summary of the major applicable laws. Laws frequently are amended and reinterpreted, and the application of law to specific situations generally requires an analysis of all of the facts and circumstances. This information should not be substituted for specific legal advice.
Trouble Shooting Life’s Challenges

State of Ohio Alcohol and Drug Law Criminal Sanctions

If you are charged with a crime it is a good idea to seek advice of an attorney. Legal representation is not permitted for student judiciary processes. Updates to these laws are generally reflected on the websites mentioned here, but individuals are ultimately responsible for knowing the laws. This information should not be substituted for specific legal advice.

The University of Toledo Code of Student Conduct and university policies and rules are campus behavior and safety standards that may result in sanctions, educational outcomes or penalties that are independent of any criminal considerations.

Violation of the laws referenced previously may also be a violation of The University of Toledo’s Code of Student Conduct and university policies and rules and could result in university sanctions. It should also be noted that the university's expectations for appropriate behavior are higher than those under the law.

Federal Drug Laws

Federal law prohibits the trafficking and illegal possession of controlled substances as outlined in 21 United States Code, Sections 841 and 844.

Depending on the amount possessed first offense maximum penalties for trafficking marijuana range from five years’ imprisonment with a $250,000 fine to imprisonment for life with a $4 million fine for an individual, and from five years’ imprisonment with a $1 million fine to imprisonment for life with a $20 million fine for more than one offender. Also depending on the amount possessed, first offense maximum penalties for trafficking Class I and Class II controlled substances (methamphetamine, heroin, cocaine, cocaine base, PCP, LSD, fentanyl analogue) range from five years’ imprisonment with a $2 million fine to imprisonment for life and a $4 million fine for an individual, and from five years’ imprisonment with a $5 million fine to imprisonment for life and a $10 million fine for more than one offender. First offense penalties for simple possession, 21 USCS §844, range from at most one years’ imprisonment or at least a $1,000, fine, or both; to at most 20 years’ imprisonment and at least a $1,000, fine.

Health Effects

Health Effects of Alcohol

Alcohol is a central nervous system depressant that is rapidly absorbed from the stomach and small intestine into the bloodstream. A standard drink equals 0.6 ounces of pure ethanol, or 12 ounces of beer; 8 ounces of malt liquor; 5 ounces of wine; or 1.5 ounces (a "shot") of 80-proof distilled spirits or liquor (e.g., gin, rum, vodka, or whiskey).
## Trouble Shooting Life’s Challenges

<table>
<thead>
<tr>
<th>Risks</th>
<th>Possible Health Effects</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Intoxication</strong></td>
<td>Intoxication can impair the brain function and motor skills. Intoxication increases the risk of death from automobile crashes, the leading cause of death of college-aged people.</td>
</tr>
<tr>
<td><strong>Heavy Drinking</strong></td>
<td>Heavy drinkers have a greater risk of liver disease, heart disease, sleep disorders, depression, stroke, bleeding from the stomach, sexually transmitted infections from unsafe sex, and several types of cancer (liver, mouth, throat, larynx and esophagus). They may have problems managing diabetes, high blood pressure, and other conditions.</td>
</tr>
<tr>
<td><strong>Injuries</strong></td>
<td>Drinking too much increases your chances of being injured or even killed. Alcohol is a factor, for example, in about 60% of fatal burn injuries, drowning, and homicides; 50% of severe trauma injuries and sexual assaults; and 40% of fatal motor vehicle crashes, suicides, and fatal falls.</td>
</tr>
<tr>
<td><strong>Birth defects</strong></td>
<td>Drinking during pregnancy can cause brain damage and other serious problems in the baby. Because it is not yet known whether any amount of alcohol is safe for a developing baby, women who are pregnant or may become pregnant should not drink.</td>
</tr>
<tr>
<td><strong>Alcohol use disorders</strong></td>
<td>Alcoholism or alcohol dependence is a diagnosable disease characterized by a strong craving for alcohol, and/or continued use despite harm or personal injury. Alcohol abuse, which can lead to alcoholism, is a pattern of drinking that result in harm to one's health, interpersonal relationships, or ability to work.</td>

### Substance Abuse Prevention and Assistance

All faculty, staff and students are encouraged to seek help early in the discovery of a problem with alcohol and/or other drugs, and to learn how to assist others with problems related to substance abuse. The earlier assistance is obtained, the less likely there will be serious, negative consequences resulting from an alcohol or other drug problem. Persons seeking assistance for a substance abuse problem will not be sanctioned by the university as a result of seeking such assistance. The following are some resources on campus and in the community for confidential assistance.

The **Alcohol, Tobacco and other Drug Prevention Committee** is committed to reducing substance abuse on campus through the creation of an environment fostering wellness and academic success. The Committee coordinates multidisciplinary prevention and treatment efforts, presentations, training and events.

Trouble Shooting Life’s Challenges

Anti-Harassment Policy Statement

The University of Toledo is committed to high standards of professional conduct by all members of the university community, including faculty, students, residents, physicians, volunteers, employees, supervisors, managers and executive officers.

The commitment to high professional standards and conduct includes maintaining an environment that is free from sexual harassment and other forms of harassment to enable all employees and students to perform to their highest level of potential. Harassment impedes the realization of the university’s vision to become a leader among academic institutions and health science centers in education, service and research. The university is committed to creating an educational environment that facilitates the acquisition of both the knowledge and the interpersonal skills needed to provide effective, professional and compassionate care.

The university is also committed to creating and maintaining a hostile free academic and working environment while at the same time protecting freedom of speech and preserving the widest possible dialogue within its instructional and research settings.

The UT Harassment Policy sets guidelines to create a safe and hospitable environment.

Office of Institutional Diversity

419.530.2508

Mission, Vision & Goals

Mission Statement

The Office of Institutional Diversity is an integral institutional mechanism that is committed to the development of a diverse, culturally inclusive environment that respects and values differences across the University of Toledo (UT) campus. The office works to insure that everyone has access to all services, accommodations and that personnel decisions comply with the UT non-discrimination policies.

Vision Statement

To become a leader among institutions of high learning for incorporating diversity into our curriculum, research, service, patient care, recruitment and retention of faculty, staff and students and one that encourages a free exchange of ideas and dialogue toward understanding issues of difference.
Trouble Shooting Life’s Challenges

Goals:

Goal 1 - To cooperatively coordinate institutional-wide efforts to increase the number of students from traditionally under-represented racial groups.

Goal 2 - To maintain involvement with the College of Medicine Admissions Committee.

Goal 3 - To provide support and serve as a resource for the African American Student Enrichment Initiative Office.

Goal 4 - To build and enhance partnerships with communities that support diversity at the University of Toledo and the surrounding communities.

Goal 5 - To promote the involvement of the institution in community unification efforts.

Goal 6 - To host the State of the State nation-wide conference and submit scholarly articles to major journals.

Goal 7 - To provide support services that assist in increasing the recruitment, retention and representation of diverse, faculty, administrators and staff to a level that is an appropriate reflection of the pool of availability for traditionally under-represented minority groups.

Goal 8 - To engage the entire UT community in an effort to foster a welcoming campus environment that respects differences and encourages inclusiveness; and one in which its members are diverse offering perspectives from which all can gain knowledge and skills.

Goal 9 - To provide support services that assist in increasing the recruitment, retention of diverse, faculty to a level that is an appropriate reflection of the pool of traditionally under-represented racial and minority groups that are available regionally and nationally.

Goal 10 - To update our ADA, Equal Opportunity and Sexual and Other Prohibited Harassment Policies.

Goal 11 - To continue our Cross Cultural Dialogue Series for the entire university community, and selecting intellectually stimulating speakers for MLK Unity Day and MLK Scholarship Dinner.

The Office of Institutional Diversity is an integral institutional mechanism committed to the development of a diverse, culturally inclusive environment that respects and values differences across the University of Toledo (UT) campus. The office works to ensure that everyone has access to all services, accommodations and that personnel decisions comply with the University’s non-discrimination policies.
Trouble Shooting Life’s Challenges

Anti-Harassment Education

To ensure that the campus community is knowledgeable about the policy and knows how to take appropriate actions for reporting and resolving complaints of harassment, a mandatory anti-harassment training program has been created.

The program, which includes viewing a 19-minute anti-harassment DVD, reading the harassment policy and taking a short quiz, was created by the Office of Institutional Diversity to make training comprehensive and convenient while fulfilling federal law requirements. The training can be taken online or via DVD and written quiz.

Members of the UT community can use their network username and password to link to the online training from the Monitor Intranet site. Training can take place from any computer connected to the Internet that has speakers and capable of playing Real Media video files. When training is successfully complete, the viewer completes a quiz online.

Title IX

419.530.4053--Title IX Coordinator

Harassing conduct creates a hostile environment and may interfere with or limits a student’s ability to participate in or benefit from the school programs. Harassment is usually a series of events however the less severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment. Indeed, a single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe. A single instance of sexual assault is sufficiently severe to create a hostile environment.

Title IX protects students from sexual harassment in a school’s education programs and activities. This means that Title IX protects students in connection with all the academic, educational, extracurricular, athletic, and other programs of the school, whether those programs take place in a school’s facilities, on a school bus, at a class or training program. Title IX also prohibits gender-based harassment, which may include acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping, even if those acts do not involve conduct of a sexual nature.

Pursuant to Title IX, the University does not discriminate on the basis of sex in admission to or employment in its education programs or activities. The University has designated Senior Human Resource Officer Kevin West as the university Title IX coordinator, responsible for coordinating all efforts to comply with and carry out its responsibilities under Title IX. All inquiries concerning the application of Title IX and its implementing regulations may be referred to the Title IX Coordinator.

Harassment Complaint Form

The Harassment Complaint Form may be used to initiate a harassment investigation. The form may be downloaded and once completed, delivered to the Office of Institutional Diversity, at: Academic Services, room 1070, on the Scott Park Campus.
Trouble Shooting Life’s Challenges

Anti-bullying Task Force

Bullying is hostile, destructive behavior, intentional and persistent in nature, directed at another individual. It can be perpetrated by a single individual or a group. Bullying can take on many forms; physical, verbal, relational and cyber. The Anti-bullying task force is helping create a safe environment by raising the level of awareness about the danger of bullying on college campuses. The task force works to stop bullying through several avenues, including periodic campus communications, presentations and a dedicated website that includes a web reporting tool allowing a person to anonymously report a bullying incident. Visit the website at Anti-bullying Task Force.

The SAFE PLACE LGBTQ Ally Training and Program

419.530.2261

The SAFE PLACE LGBTQ Ally Training and Program is sponsored by The Office of Multicultural Student Success and LGBTQA Initiatives. The SAFE PLACE program invites faculty, staff, graduate assistants, and resident advisors to open their office or building as a SAFE PLACE for Lesbian, Gay, Bisexual, Transgender, Queer and Questioning (LGBTQ) individuals and their Straight-Allies. Participants provide support, a listening ear, and a welcome environment by serving as a resource, an educator, and an advocate for a climate that not only tolerates but embraces diversity. SAFE PLACE strives to create a community of support and progressive change emblematic of UT’s commitment to the betterment of the human condition, and to celebrating diversity in all its wonderful variety.

For more information follow the hyperlink to the LGBTQA Initiatives website: LGBTQA Initiatives.

Employee Assistance Program

Through a local health partner, the University of Toledo offers comprehensive services to employees seeking help with alcohol, drugs, depression, anxiety and a broad range of life challenges. The program has helped many individuals achieve personal and professional goals and be the best employee and citizen. For more information on the Employee Assistance Program visit the following link: Employee Assistance.

Threat Management Team

419.530.3600

No one should work in a hostile environment. The University of Toledo has established a Threat Management Team to address workplace violence. The Threat Management Team provide a safer work environment for employees, students, faculty and visitors by providing;

- A quick, reasoned and appropriate response/investigation to threats of workplace violence;
- Recommended solutions to incidents of workplace violence, preventing repeat incidents.

Please report any incidents of workplace violence to the UTPD and the Threat Management Team.
Division of Student Affairs

419.530.2665

Overview

It is the responsibility of a University to be concerned with the overall development of its students. Intellectual growth is assisted in the classroom by furnishing academic knowledge and learning opportunities. The University also invests in the personal and social development of students, assisting students in becoming mature, responsible citizens.

Establishing standards of student conduct is one of the means through which this latter responsibility is fulfilled. The emphasis in the administration of student conduct is placed upon treating behavioral problems in a manner which relates to the educational purposes of the University.

Office for the Student Experience—Dean for the Student Experience

419.530.2471 or 419.530.2256

The mission of the Office for the Student Experience—Dean for the Student Experience is to ensure that students accomplish their educational and personal goals within the context of the broader academic purpose of the University. The Office promotes the development of, and enhances the educational experience for, students through intentionally designed co-curricular opportunities and through institutional policy development on the students' behalf.

The Office is dedicated to supporting the mission of The University of Toledo:

The mission of The University of Toledo is to improve the human condition; to advance knowledge through excellence in learning, discovery and engagement; and to serve as a diverse, student-centered public metropolitan research university.

The core values are:

I. Compassion, Professionalism and Respect: Treat every individual with kindness, dignity and care; consider the thoughts and ideas of others inside and outside of the University with a strong commitment to exemplary personal and institutional altruism, accountability, integrity and honor;

II. Discovery, Learning and Communication: Vigorously pursue and widely share new knowledge; expand the understanding of existing knowledge; develop the knowledge, skills and competencies of students, faculty, staff and the community while promoting a culture of lifelong learning;

III. Diversity, Integrity and Teamwork: Create an environment that values and fosters diversity; earn the trust and commitment of colleagues and the communities served; provide a collaborative and supportive work environment, based upon stewardship and advocacy, that adheres to the highest ethical standard;

IV. Engagement, Outreach and Service: Provide services that meet students’ and regional needs and where possible exceed expectations; be a global resource and the partner of choice for education, individual development and health care, as well as a center of excellence for cultural, athletic and other events;

V. Excellence, Focus and Innovation: Strive, individually and collectively, to achieve the highest level of focus, quality and pride in all endeavors; continuously improve operations; engage in reflective planning and innovative risk-taking in an environment of academic freedom and responsibility; and

VI. Wellness, Healing and Safety: Promote the physical and mental well-being and safety of others, including students, faculty and staff; provide the highest levels of health promotion, disease prevention, treatment and healing possible for those in need within the community and around the world.
The Office of Student Conduct is responsible for the adjudication of cases involving students who are accused of violating university rules, regulations, or policies; federal or state laws; and/or municipality ordinances. The University’s student conduct-related goals are: Provide students with due process; make students aware of the conduct process; recognize accountability and responsibility for their actions when applicable; and apply sanctions designed to assist students to prevent future occurrences and succeed in their educational endeavors.

The Student Conduct process is not a legal process and is separate from local, state, and federal court proceedings. Instead, the standard of responsibility is based on a preponderance of the evidence. The Student Code of Conduct applies to the conduct of all students and student organizations on the university premises. The code also applies to the off-campus conduct of students and student organizations in direct connection with:

- Academic course requirements or any credit-bearing experiences, such as internships, clerkships, field trips, study abroad, or student teaching;
- Any activity supporting pursuit of a degree, such as research at another institution or a professional practice assignment;
- Any activity sponsored, conducted, or authorized by the university or by registered student organizations;
- Any activity that causes substantial destruction of property belonging to the university or members of the university community or causes serious harm to the health or safety of members of the university community; or
- Any activity in which a police report has been filed and a summons or indictment has been issued or an arrest has occurred for a crime of violence.

The Conduct Office works closely with university officials as well as public safety agencies and stakeholders off campus to enforce the Student Code of Conduct. Upon written request, the university will disclose to the victim of a crime of violence or a non-forcible sex offense, the outcome of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of such an offense. If the alleged victim is deceased as a result of the offense, the university will provide the results of the disciplinary hearing to the next of kin, upon request.

Read campus policies and FAQs by clicking on the following link: Student Code of Conduct.
Division of Student Affairs

Weapons Restrictions FAQs

1. What university policies cover weapons?
   a. Weapons Restrictions – policy 3364-61-03
   b. The Student Code of Conduct – policy 3364-30-04 rule (13)
   c. Residence Life Living Guide

2. What does the Student Code of Conduct prohibit?
   Illegal or unauthorized possession, use or unauthorized storage of firearms, fireworks, ammunition, dangerous chemicals, switchblade knives, knives with blades three (3) inches or more, other weapons, or realistic replicas of weapons on university premises or use of any such item, even if it is legally possessed, in a manner that harms, threatens, or causes fear to others.

3. Do the same restrictions apply in a residence hall?
   Yes. The Residence Life Living Guide however further restricts knives of any kind, with the exception of culinary knives used solely in kitchenette areas for cooking purposes. Weapons such as BB guns, pellet guns, air/CO2 guns, paint or blow guns, martial arts weapons are also expressly restricted in residence halls and should not be shipped, delivered or brought into a residence hall. Stun guns are also not allowed in the residence halls.

4. What rules apply if I have a CCW permit?
   Possession of a valid concealed weapon permit authorized by the State of Ohio or any other state is not an exemption under this policy. An individual who has a valid CCW permit when on any UT property must lawfully secure the weapon in a locked vehicle.

5. May I carry mace or a “stun gun” for personal protection?
   While the university does not endorse carrying mace or stun guns, they are not expressly prohibited from campus (remember stun gun are restricted in the residence halls). Any use of a stun gun or mace must be a bonafide self-defense situation otherwise the user may be found responsible for applicable policy violations resulting in discipline up to and including expulsion and or termination.

6. Where may I find more information related to this topic?

Student Behavior Review Committee (SBRC)

419.530.2471 or 419.530.2256

Sometimes a student may struggle with a problem which places that student or even others in harm’s way. Most often the student is in need of some type of help or assistance. The Student Behavior Review Committee (SBRC) was formed to bring University resources together to address student safety situations and get students in need, the help they need.

Chaired by the Senior Vice President for the Student Experience, the SBRC consists of department heads from the UTPD, Residence Life, the Counseling Center, the Provost’s Office, the Dean for the Student Experience and Office of Student Conduct. The SBRC develops specific action plans and provides student intervention before a situation escalates. The SBRC has helped students suffering from eating disorders, relationship problems, medical and mental health issues, and other areas of need. The SBRC meets every other week and on an as needed basis. If you have a situation you need to report to the SBRC, please contact the Dean for the Student Experience at 419.530.2471 or 419.530.2256 or visit the Dean for the Student Experience website.

Office of Residence Life

419.530.2941

The University of Toledo has state of the art living centers known as ‘residence halls.’ Safety is the first priority for staff and students living, working and learning at UT. Under the Director of Residence Life, each residence hall is led by a Hall Director and Graduate Assistant. Resident Advisors (RAs) provide leadership on the floors of the residence halls and serve as the first line of security. RAs train and work with the Office of Public Safety to identify and address issues a resident may face in a residence hall.

Residence hall security is everyone’s responsibility. Students are asked to be vigilant concerning the security of the residence halls. Remember, your residence hall is your home. Never leave building doors propped open or allow an unknown person or persons to enter. All guests must register at the information desk and be escorted by residents of the building at all times. All residence halls have secure and controlled entry requiring a valid Rocket ID Card. Residents must carry their Rocket ID card at all times in order to be able to enter their assigned residence hall.

Never let anyone into your suite who you do not know. Suite doors should always remain locked, even when you are there. Respecting the privacy and space of others is necessary. It is illegal to enter another person’s suite uninvited. Individuals who enter a room uninvited may appear as being social or lost but actually may be looking for opportunities to commit crimes. Please report any suspicious incidents immediately to the UTPD at 419.530.2600.

To safeguard and protect the campus community, any lost keys, rocket cards, and any door which is not securing properly should be reported to Residence Life immediately. Never lend out or duplicate a key. The number one theft prevention measure is to keep individuals that do not belong in the residence halls out. Make sure that all guests are signed in and no unfamiliar person follows you into a building. While the social norm is to hold the door for a person entering behind you, building security is compromised when persons enter this way. If an unknown person appears suspicious and waiting for someone to enter in order to gain access, alert Residence Life staff immediately or call the UTPD at 419.530.2600.
Division of Student Affairs

Office of Academic Access (OA2)
419.530.6137

The Office of Academic Access (OA2) provides support services and accommodations for individuals with disabilities. About 54 million Americans – or one out of every five – have a disability. Their contributions enrich our communities and society as they live, work and share their lives. For more information, visit the following link: OA2.

Student Activities

Athletic Events / Contemporary Services Corporation (CSC)
419.530.4173 or 419.530.4180
Savage Arena, Room 1700-S

There is no experience like being in the stadium or arena when the Rockets win. UT Athletics and UTPD want you to have those experiences safely and responsibly. UTPD partners with UT Athletics and Contemporary Services Corporation (CSC) to provide for an effective and comprehensive game day management experience. CSC is a national leader in crowd management operations and guest services in the sporting event industry. This partnership assists in providing an efficient and effective operation that results in an accommodating and safe game day experience.

Never enter the field of play before, during or after a game. Post game celebrations quickly become dangerous and have resulted in serious injuries. Celebrate in the stands and always celebrate safely, in the moment of victory and in the hours after the game.

Student Government
419.530.4165

Student Government (SG) is the collective student voice on campus. SG voices the student’s needs and concerns to the administration and make sure that the student perspective is always heard. The UTPD partners with Student Government on initiatives like lighting surveys, UT Alert promotion, bike friendly initiatives and safety and education information. Working together provides all stakeholders with a sense of responsibility concerning safety on campus. Please get involved with SG and SG sponsored safety initiatives. For more information follow the link to the SG website: UT SG.

Student Commitment to Safety

Beyond practicing safe habits, many UT students participate in a variety of events throughout the academic year. Examples include the Silent Witness initiative aimed at stopping domestic and intimate partner violence and Take Back the Night, a visible way to take a stand against sexual violence, specifically violence against women.

Students have also formed campaigns around fan safety at athletic events and registration for UT’s important emergency text message system – UT Alert. Finally, students are the key contributors to important committees focused on safety including the Safety Awareness Committee and Neighborhood Relations Committee. Do your part in making UT safer, get involved!
Security and Access to Campus Facilities

Overview

The University of Toledo academic and administrative buildings are open during business hours to all university students, faculty, staff, and guests. Hours may vary from building to building depending on the buildings function and schedule of activities. Hours of operation may change due to holiday and break periods and semester session. After hours access to those with permission are provided through the Rocket Card. Residence Halls are secured 24 hours a day and access is provided to residents through the Rocket Card.

On the Main Campus and Scott Park Campus, card access is managed by Auxiliary Services:

Main Campus
Student Union 1570
419.530.2900
rocketcard@utoledo.edu

On the Health Science Campus a separate card is issued for access. Health Science Campus access cards are managed by the Hospital Security Department:

Health Science Campus
Mulford Library 018
419.383.2601
hsccardaccessrequest@utoledo.edu

Facilities and Construction

The university recognizes the important role facility maintenance and grounds plays in maintaining a safe campus. The Facilities and Construction Team work together with the Office of Public Safety and use an “all hazards” approach to continually assess the campus for ways to make it safer. Campus lighting plays an important role in deterring crime and creating an environment that feels safe at night. The University of Toledo has recently focused on upgrading outdoor lighting, using efficient and bright LED lights. All light poles are numbered making it easy to report a light in need of repair or replacement. The university relies on the community to report environmental and facility related safety issues; whether it be lighting, a door that is failing to secure, an uneven sidewalk or other hazards. Notify facilities and file a service request immediately when problems are discovered. There are many ways to file a service request:

Theft Prevention

Overview

The most frequent crime on campus is theft. Thefts are largely crimes of opportunity and preventable. Remember the responsibility to reduce incidents of theft is shared by everyone. The unsafe habits of one person leaving a door open or unsecure may lead to roommates, classmates and others becoming victims. It is imperative that members of the campus community partner with the UTPD to make our campuses safe and conducive for learning. Please be vigilant about security and report suspicious incidents immediately.

Residence Halls

The once utilitarian “college dorm room” has been transformed into a very modern living and learning environment. Advancements in technology have resulted in the popularity of HD flat screen televisions, portable media devices, smart phones, laptop computers, gaming systems and more. The high cost and easy portability of these items make them desirable to unscrupulous individuals. Please make sure suite doors and room doors are always locked and secured. It only takes a moment for a person to access an unlocked room and take thousands of dollars worth of merchandise. Nearly all thefts reported to the UTPD involved no forced entry. Please, keep suite and room doors secured.

Student Recreation Center

The Student Recreation Center encourages you to secure all items in a locked locker. Coin lockers (25 cents) are available in both the men’s and women’s locker rooms. Wallet lockers (5 cents) are available just outside of the entryway to the women’s locker room.

A limited availability of locks may be checked out with a photo ID at the equipment issue desk (located on the lower level of the Recreation Center).

Bicycles

UT has two campus “bike pads” for members of the campus community located on the east side of the West Ramp and on the east side of Stranahan north. The bike pads provide a secure area to store your bike and helmet and other supplies. The centrally-located bike pads are surrounded by security fencing and surveillance cameras. Lockers are available for 25 cents. The area is accessible with a valid UT Rocket Card.

Register Valuables Online at ‘myUT’

Students, faculty, and staff may now register their valuables online via the ‘myUT’ web site. Simply logon to your ‘myUT’ account, click on the ‘personal information’ tab and select ‘Register Electronic Devices and Bikes.’ Here you will be able to record identification information related to your valuables including: Item, color, make, model, serial number, purchase date, and estimated purchase price. Should an item become lost or stolen, this registry will be an important resource when filing a police report and/or insurance claim.
Annual Security Reports

Preparing Annual Reports

Included in the annual crime statistics report are crimes that are reported to the following individuals or offices including but not limited to:

The University of Toledo Campuses

- The University of Toledo Police / Office of Public Safety
- Toledo Police Department
- Lucas County Sheriff
- Sylvania Township Police Department
- Oregon Police Department
- Ottawa Hills Police Department
- Toledo Metroparks / Park Ranger
- Ohio Department of Mental Health / Police
- Veterans Affairs / Police
- Conrail Police
- Division of Student Affairs / Dean for the Student Experience
- Office of Student Code of Conduct
- Office of Academic Affairs
- Office of Human Resources & Talent Development
- University of Toledo Medical Center
- Advisors to Recognized Student Organizations
- Athletics and Coaches
- Office of Residence Life

The University of Toledo’s Annual Security Report is the result of the efforts of many people on campus. Each year the offices and individuals listed above provide information for inclusion in the annual report. No formal police report is required for a crime to be included in the statistics. Every effort is taken to ensure that all persons required to report do so, and that statistics are as accurate and complete as possible. Information included in the annual report is reviewed for accuracy, completeness and readability.

If you have any questions or concerns regarding any of the statistics and information in this report, please contact the UTPD at 419.530.2601.

Annual Security Report Copies

Copies of the Annual Security Report may be printed in PDF format from the UTPD web site police.utoledo.edu or requested from the following office:

Department of Education Clery Act Definitions

On-Campus

Any building or property owned or controlled by The University of Toledo within the same reasonably contiguous geographic area and used by the University in direct support of, or in a manner related to, the University’s educational purposes, including residence halls; and

Any building or property that is within or reasonably contiguous to the area identified in the above paragraph that is owned by The University of Toledo but controlled by another person, frequently used by students, that supports institutional purposes.

On-Campus Student Housing (Residence Halls)

Any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus.

Non-Campus

Any building or property owned or controlled by a student organization that is officially recognized by The University of Toledo; or

Any building or property owned or controlled by The University of Toledo that is used in direct support of, or in relation to, the University’s educational purposes, frequently used by students and is not within the same reasonably contiguous geographic area of the University.
Annual Security Reports

Public Property

All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from campus.

Murder/Non-Negligent Manslaughter

The willful (non-negligent) killing of one human being by another. NOTE: Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded.

Negligent Manslaughter

The killing of another person through gross negligence.

Robbery

The taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault

An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. It is not necessary that injury result from an aggravated assault when a gun, knife or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed.

Burglary

The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes: Unlawful entry with intent to commit a larceny or a felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

Motor Vehicle Theft

The theft or attempted theft of a motor vehicle. (Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access, even though the vehicles are later abandoned – including “joy riding.”)

Arson

The willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another kind.
Annual Security Reports

Weapon Law Violations

The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: Manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; all attempts to commit any of the aforementioned.

Drug Abuse Violations

Violations of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include: Opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadone); and dangerous non-narcotic drugs (barbiturates, Benzedrine)

Liquor Law Violations

The violation of laws or ordinance prohibiting: The manufacturer, sale, transporting, furnishing, possessing of Intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; all attempts to commit any of the aforementioned. (Drunkenness and driving under the influence are not included in this definition).

Hate Offenses

Criminal offenses that manifest evidence of prejudice based on race, religion, national origin, sexual orientation, gender, gender identity, disability, or ethnicity are reported as Hate Crimes prescribed by the Hate Crimes Statistics Act (28U.S.C.534).

Larceny

The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.

Vandalism

To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by law.

Intimidation

To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Simple Assault

An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.
Annual Security Reports

Notes

a. "Public Property" statistics include police reports taken from other municipalities and Toledo Police that are adjacent to the University’s campuses, including: Toledo, Lucas County, Sylvania Township, Oregon, and the Village of Ottawa Hills. Every effort has been made to comply with the definitions contained in the Handbook for Campus Crime Reporting, however Public Property statistics provided by municipalities are not independently verified by the University, and may include reports of crimes that occurred in private residences or businesses or in other "non-campus" locations.

b. Municipal police departments provide statistics for Public Property and Non-Campus according to F.B.I. Uniform Crime Reporting (U.C.R.) requirements. Sex Offenses have been re-categorized pursuant to the Uniform Crime Reporting National Incident Based Reporting System (NIBRS), as required by the Campus Security Act.

c. The F.B.I. defines "forcible sex offenses" as rape and attempt (including penetration, no matter how slight, of the vagina or anus with any body part of object, or oral penetration by a sex organ of another person, without the consent of the victim); forcible fondling; forcible sodomy and sexual assault with an object. "Non-forcible sex offense" is defined as incest and statutory rape.

d. The City of Toledo includes statistics for incest, if any, in its statistics for forcible sex offenses

e. Hate crimes are crimes that manifest evidence that the victim was intentionally selected because of the victim's actual or perceived race, religion, national origin, sexual orientation, gender, gender identity, ethnicity or disability. Reportable hate crimes include the offenses of Aggravated Assault, Arson, Burglary, Manslaughter-Negligent, Murder and Non-Negligent Manslaughter, Motor Vehicle Theft, Robbery, Forcible Sex Offenses, Non-Forcible Sex Offenses, and other hate crimes involving bodily injury. Effective in 2009, reportable hate crimes include all of the offenses listed above as well as Larceny-Theft, and Simple Assault.

f. Public property statistics, if any, for alcohol arrests provided by other law enforcement agencies may also include statistics for driving while intoxicated (which are not a reportable offense in accordance with the Department of Education guidelines).

g. “Campus,” "Non-Campus" and "Public Property" statistics are provided by local municipalities, and these statistics reflect the most current data provided to the University. To the extent any of the crime statistics differ from previous reports, the figures in this year's report reflect the most current data provided to the University.

h. Some reporting jurisdictions may not provide or are unable to provide the University with statistics broken down specific to the Clery Act geographic areas.

i. Some reporting jurisdictions may fail to respond to requests from the University for applicable statistical information.
Crime Statistics

Daily Case Log

The UTPD assembles ‘Crime Logs’ in an effort to provide the campus community with general information as it relates to crime reported on and about the University of Toledo campuses. Because the UTPD takes reports of non-criminal incidents as well, the UTPD ‘Daily Case Log’ contains both Clery required log statistics as well as non-criminal incidents. ‘Crime Logs’ may be found on the UTPD website: Daily Case Log. This log provides UTPD activity beyond what is required pursuant to The Student Right to Know and Campus Security Act of 1990.

2012 Crime Statistics Chart Summary

Overview

The “Jeanne CLERY Disclosure of Campus Security Policy and the Campus Crime Statistics Act of 1998,” commonly referred to as the “CLERY Act,” requires institutions of higher education receiving Federal financial aid to report specified crime statistics on college campuses and to provide other safety and crime information to members of the campus community.

The Higher Education Opportunity Act (HEOA) of 2008 made several changes to the CLERY act and are hereby incorporated as part of The University of Toledo policy. This policy was prepared as part of The University’s commitment to security and safety on campus and to meet the requirements of the Student Right to Know and Campus Security Act of 1990 (amended November 1998 and renamed the CLERY Act and further amended by the Higher Education Opportunity Act of 2008). This act requires colleges and universities to prepare, publish, and distribute to all prospective students, current students and employees information pertaining to the university’s security policies, procedures, and programs.

The University of Toledo Police Department publishes crime statistics every year. The annual report is a summation of the crime statistics for the past three years. The Crime Statistics are listed below and can also be found archived at The University of Toledo Police Web Site: Crime Statistics.

DEFINITIONS

On-Campus

1. Any building or property owned or controlled by the University of Toledo within the same reasonably contiguous geographic area and used by the University in direct support of, or in a manner related to, the University’s educational purposes, including residence halls; and
2. Any building or property that is within or reasonably contiguous to the area identified in the above paragraph that is owned by The University of Toledo but controlled by another person, frequently used by students, that supports institutional purposes.

Non-Campus

1. Any building or property owned or controlled by a student organization that is officially recognized by The University of Toledo; or
2. Any building or property owned or controlled by The University of Toledo that is used in direct support of, or in relation to, the University’s educational purposes, frequently used by students and is not within the same reasonably contiguous geographic area of the University.

Public Property

1. All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from campus.

Alcohol Law Violations

1. The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages, not including driving under the influence and drunkenness.

Drug Law Violations

1. All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from campus.

Weapon Law Violations

1. The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: Manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; all attempts to commit any of the aforementioned.

**DEFINITIONS**

**On-Campus**

1. Any building or property owned or controlled by the University of Toledo within the same reasonably contiguous geographic area and used by the University in direct support of, or in a manner related to, the University’s educational purposes, including residence halls; and
2. Any building or property that is within or reasonably contiguous to the area identified in the above paragraph that is owned by The University of Toledo but controlled by another person, frequently used by students, that supports institutional purposes.

**Non-Campus**

1. Any building or property owned or controlled by a student organization that is officially recognized by The University of Toledo; or
2. Any building or property owned or controlled by The University of Toledo that is used in direct support of, or in relation to, the University’s educational purposes, frequently used by students and is not within the same reasonably contiguous geographic area of the University.

**Public Property**

1. All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from campus.

**Alcohol Law Violations**

1. The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages, not including driving under the influence and drunkenness.

**Drug Law Violations**

1. All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from campus.

**Weapon Law Violations**

1. The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: Manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; all attempts to commit any of the aforementioned.

Introduction

This Fire Safety Report is published annually in accordance with requirements established by the Higher Education Opportunity Act. Under these provisions, The University of Toledo will provide information with respect to campus fire safety practices and standards, including statistics regarding: Fire incidents in student housing; a description of fire safety systems in student housing; the number of mandatory fire drills in student housing; and information about our fire safety policies and training programs.

Department of Environmental Health and Radiation Safety

419.530.3600

Nearly all research activities that occur on University campuses involve hazardous and dangerous materials. Therefore training, monitoring and other safeguards need to be in place. The Mission of the Environmental Health and Radiation Safety Department is as follows:

“The mission of the Environmental Health and Radiation Safety Department is to develop, implement and monitor programs of environmental and occupational safety and health as necessary to protect the health and safety of faculty, staff, students and campus visitors, and to provide compliance with applicable regulations.”

The staff is interested in hearing your suggestions and concerns relating to the overall safety of the campus. Please use the information listed on the Contact Us page to reach a member of the staff.

The Environmental Health and Radiation Safety Department is located at The University of Toledo Medical Center (UTMC), Room 0235 on the Health Science Campus and in Transportation Center, Rooms 1200 A-D on the Main Campus. The Radiation Safety Office can be found UTMC, Room 0259. The Environmental Health and Radiation Safety Department works diligently to make our campuses safer by developing, implementing and monitoring programs of environmental and occupational safety. The Environmental Health and Radiation Safety Department is also very involved in emergency planning, training exercises, and actual events. On average the University as a whole conducts well over 100 exercises or actual events in a calendar year on all of its campuses and within the Medical Center. Each event is evaluated and improved action plans are developed to better respond to emergencies in the future.
Life Safety / Fire Safety

419.530.3607

The University of Toledo Fire and Life Safety Program operates out of the Facilities Maintenance and Construction department. Within this department there are six full-time State Certified Fire and Life safety technicians that are assigned to various buildings across the campuses of the University of Toledo. The life safety technicians ensure that all fire code violations are corrected in a timely manner. They maintain all suppression systems throughout the University campus. These include: fire pumps, fire extinguishers, chemical suppression hoods, halon or inergen systems and sprinkler systems.

They also oversee the work of any outside contractors that modify or repair University fire systems. In addition, the life safety technicians maintain all the University's fire detection systems to code. These include: fire alarms, smoke detectors, pull stations, horns and strobes and also adjust the time settings campus wide for all of the University's automatic electric clocks (from daylight savings to eastern standard and back) and make any repairs to the clocks as necessary.

The Fire and Life Safety Technicians with assistance from Environmental Health and Radiation Safety staff provide review of fire protection engineering plans along with capital projects. The fire and life safety techs also perform acceptance tests of new fire protection systems to allow for occupation of new built and renovated spaces.

Code compliance consultation also is a major function of life and fire safety staff and they are constantly serving as a liaison with local, state and federal regulatory agencies. Additionally, the Fire and Life Safety Technicians are responsible for the continued operation of proprietary fire alarm monitoring stations across our campuses. The Fire Safety Inspection Program is a joint effort between the Fire and Life Safety Technicians University Police, and the Safety and Health Staff members. These inspections consist of regular inspections of existing buildings conducted with the local and state fire authorities and by UT staff members. These are in the form of routine inspections and fire watches when fire systems may be impaired.

Environmental Health and Radiation Safety staff works with the state fire marshal and industrial commission to pre-inspect tents at all home football games and special events. In addition, staff from Environmental Health and Radiation Safety attend all home games and monitor all special event location for fire and life safety.

For more information about Fire and Life Safety at the University call 419-530-3607 or visit their web site: http://www.utoledo.edu/depts/safety/Life_Fire_Safety.html.
Fire Safety and Reporting

All fires are to be immediately reported to the UT Police Department:

419.530.2600

Residence Life staff receive annual intensive training in the areas of Life Safety and Fire Safety through the Department Environmental Health and Radiation Safety. Plans are in place in advance to accommodate students with special needs. The training includes the operation of fire extinguishers. Each residence hall is equipped with a fire suppression system and four full scale fire drills are conducted annually in each residence hall. In 2012 there were nine actively operating residence halls on campus containing over 3,700 students. The average evacuation times for the residence halls was 6.25 minutes from the activation of fire alarm to the last person exiting the building.

Web Site: State Fire Marshal

Fire Alarm Activation: What to Do

When the fire alarm is activated, all residents and guests must immediately leave the building using the nearest stairs and exits. Do not use the elevators. Follow the directions of the residence hall staff, police, safety and health, or fire department personnel. Rooms may be checked in order to confirm evacuation of all occupants.

Anyone who intentionally activates the fire alarm system when there is no fire is subject to prosecution through the criminal court system and/or disciplinary action through the University judicial system. The expected sanction for such a violation is suspension from the University for a minimum of one semester and remuneration of costs incurred.

Anyone who tampers with fire safety equipment or removes it from its proper location, other than for proper use, is subject to disciplinary action. The minimum University sanction for a first time violation is a $50 fine and may result in termination of the resident’s housing contract.

An example of the Fire Evacuation Sheet is contained on the following page.

REPORT INTENTIONAL FALSE ALARMS & INDUCING PANIC
Fire Safety and Reporting

R.A.C.E.

If you are involved in a fire, remember R.A.C.E. acronym to help you respond safely and correctly:

R = RESCUE
anyone in immediate danger from the fire, if it does not endanger your life

A = ALARM
sound the alarm by calling “2600” (on-campus locations only) and activating a pull station alarm box

C = CONFINE
the fire by closing all doors and windows

E = EXTINGUISH
the fire with a fire extinguisher, or EVACUATE the area if the fire is too large for a fire extinguisher.

Proper Use of Fire Extinguishers (P.A.S.S.)

To use fire extinguishers correctly, remember the P.A.S.S. acronym:

P = PULL
the pin on the fire extinguisher

A = AIM
the extinguisher nozzle at the base of the fire

S = SQUEEZE
or press the handle

S = SWEEP
from side to side until the fire appears to be out

Fire Extinguisher Selection

Virtually all fires are small at first and might easily be contained if the correct type of extinguisher is readily available and properly used. Use the information provided in the Fire Extinguisher Selection guide to insure that the type of extinguisher you choose is appropriate for the area and materials you are trying to protect.

The University of Toledo maintains over 6,500 individual fire extinguishers and fire suppression systems across its campuses. Click the following link for more information: Fire Extinguisher Selection.

Fire Escape Procedures

What you should and should not do when trying to escape from a fire. Familiarize yourself with the proper Fire Escape Procedures and in the event of a fire you will be prepared to respond quickly and correctly. Click the following link for more information: Fire Escape Procedures.
Fire Safety and Reporting

Student and Employee Guide to Portable Fire Extinguishers

When to Fight a Fire...

Fight the fire only if all of the following are true:
• Everyone has left or is leaving the building.
• The Fire Department or Campus Police is being called.
• The fire is small and confined to the immediate area where it started (waste basket, cushion, small appliance, etc.).
• You can fight the fire with your back to a safe escape route.
• Your extinguisher is rated for the type of fire you are fighting
• You know you can effectively operate a fire extinguisher.

Remember...

A portable fire extinguisher can put out a small fire or contain it until the Fire Department arrives. Portable fire extinguishers are not designed to fight a large or spreading fire. Even against small fires they are useful only under the right conditions.
• An extinguisher must be large enough for the fire at hand. It must be fully charged and in working order.
• The operator must know how to use the extinguisher quickly without taking time to read the directions.

When NOT to Fight a Fire...

There are times when you should not fight a fire with a portable extinguisher:
• If the fire is spreading beyond the immediate area where it started, or is already a large fire.
• If the fire could block your escape route.
• If you are unsure of how to properly operate the extinguisher.
• If you are in doubt whether the extinguisher is proper for the type of fire at hand.

If any one of these conditions is true, leave immediately. Close off the area and leave the fire to the Fire Department.

Protect Yourself at All Times

• Stay low to the ground and position yourself between six and eight feet away from the fire.
• Avoid breathing the heated smoke and fumes or the extinguishing agent.
• If the fire starts to spread or threatens your escape route, get out immediately.
• Make it a point to notice the locations of the fire extinguishers in your area.
• Pick up a fire extinguisher in a non-emergency situation, look at it, know its weight, and know the type of fire it will extinguish.
Fire Safety and Reporting

Portable Space Heaters and Halogen Floor Lamps

Special warnings and rules regarding the safe use of portable space heaters and the University's policy on prohibiting the use of halogen floor lamps in campus buildings are as follows. Click the following link for more information: Portable Space Heaters and Halogen Floor Lamps.

University of Toledo Procedures and Plans

Click on the links below to review the various procedures related to campus safety and security:
1. Emergency Preparedness
2. Safety
3. Life Safety
4. Security Management
5. Hazardous Materials

Fire Safety Tips and Information

Fire statistics; emergency preparedness; survival tips; pre-planning strategies; on-campus & off-campus emergency phone numbers; and more information click the following link: Fire Safety Tips and Information.

Higher Education Opportunity Act Definitions

Cause of Fire:

The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature (34 C.F.R. 668.49 (a)).

Fire:

Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner (34 C.F.R. 668.49 (a)).

Fire Drill:

A supervised practice of a mandatory evacuation of a building for a fire (34 C.F.R. 668.49 (a)).
Higher Education Opportunity Act Definitions

**Fire Log:**

(1) An institution that maintains on-campus student housing facilities must maintain a written, easily understood fire log that records, by the date that the fire was reported, any fire that occurred in an on campus student housing facility. This log must include the nature, date, time, and general location of each fire. (2) An institution must make an entry or an addition to an entry to the log within two business days, as defined under §668.46(a), of the receipt of the information. (3) An institution must make the fire log for the most recent 60-day period open to public inspection during normal business hours. The institution must make any portion of the log older than 60 days available within two business days of a request for public inspection. (4) An institution must make an annual report to the campus community on the fires recorded in the fire log. This requirement may be satisfied by the annual fire safety report described in paragraph (b) of this section (34 C.F.R. 668.49 (d)).

**Fire–Related Death:**

Any instance in which a person— (1) Is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or (2) Dies within one year of injuries sustained as a result of the fire (34 C.F.R. 668.49 (a)).

**Fire–Related Injury:**

Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause, while involved in fire control, attempting rescue, or escaping from the dangers of the fire. The term “person” may include students, employees, visitors, firefighters, or any other individuals.

**Fire Safety System:**

Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire. This may include sprinkler systems or other fire extinguishing systems, fire detection devices, stand-alone smoke alarms, devices that alert one to the presence of a fire, such as horns, bells, or strobe lights; smoke-control and reduction mechanisms; and fire doors and walls that reduce the spread of a fire (34 C.F.R. 668.49 (a)).

**Fire Statistics:**

(1) An institution must report statistics for each on-campus student housing facility, for the three most recent calendar years for which data are available, concerning— (i) The number of fires and the cause of each fire; (ii) The number of persons who received fire-related injuries that resulted in treatment at a medical facility, including at an on-campus health center; (iii) The number of deaths related to a fire; and (iv) The value of property damage caused by a fire. (2) An institution is required to submit a copy of the fire statistics in paragraph (c) (1) of this section to the Secretary on an annual basis (34 C.F.R. 668.49 (c)).

**Value of Property Damage:**

The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity. This estimate should include contents damaged by fire, and related damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption (34 C.F.R. 668.49 (a)).
Fire Causation Definitions

Incendiary:
Intentional

Accidental:
Unintentional

Natural:
Act of Nature

Undetermined:
Cause undetermined after investigation

2012 Fire Safety Statistics Charts and Information

This chart is published annually in accordance with requirements established by the Higher Education Opportunity Act. The Statistics are listed below and can also be found archived at The University of Toledo Police Web Site: Fire Log.
