After accessing the desired blog, you will see the most recent blog entry at the top of the screen. After reading the blog, click on the **Comment** button in the bottom right corner to add a comment to the blog.

Creating a Comment, Part 2

The screenshot shows a 'Comment' dialog box with a light blue background. At the top right are 'Cancel' and 'Add' buttons. Below the title is a red asterisk followed by 'Comment:'. A large white text area contains a purple rounded rectangle with the text 'Type your comment here'. Below this is a horizontal separator line. Underneath the line is a checkbox labeled 'Comment on Entry as Anonymous'. To the right of the checkbox is another purple rounded rectangle with the text 'Click Add when finished'. A red arrow points from this callout to the 'Add' button in the bottom right corner. The 'Add' button is highlighted with a grey background. To the left of the 'Add' button is another 'Cancel' button. In the bottom right corner of the text area, the text 'abc' is visible next to a small green checkmark icon.

You will now see a screen similar to the one above. Type your comment in the box that appears, and click the **Add** button in the bottom right corner to add the comment.
