- Old Agenda Items
 - Update on Fellows Planning – Taylor spoke about meeting with Dean Gruden. Deja was not able to meet up. Still working to feel out forming relationship with MEOF. Want to allow all student levels, Dean Gruden very supportive of shared Board positions. Regina will check in with Deja, and help to connect her with Deja. Fellows are very excited and Dean Gruden very happy about plans/framework.
 - Update from College Council – had been discussed at last College Meeting, but no decision yet. Mark Templin is heading up the constitutional review committee. Kate will follow up with Mark, and other committee members (Ed and Lynne).
 - Regina asked if there was a date that the decision needs to be made before April 26. So all decisions are somewhat on hold until that is sorted out. Each department told to keep going as is...so Becky says that it is likely that this committee will keep going as is until the rest is sorted out.
- New Items
 - We are going to plan on hosting an event in August or having them attend a meeting here in the fall. They were moving offices throughout this semester, and that has slowed down progress. There are only 3 instructional designers. Have a ready made PPT presentation can give. Have a lab. Kate will follow up with Dean on that date...
- Final Report
 - Kate and Regina will work on this, and start with suggestions of what our plans are for the fall (UT instructional designers for august college meeting?). They also have a lab...
- Goal Setting for next year
 - Kicking off with a student event...grilling with the Dean? And the Diversity Committee? First couple of weeks? We will reach out student affairs? Melissa Spann is on the committee, or to Eric Pilcher.

- Making an effort to connect with TABSE (Toledo Affiliation of Black School Educators).
- Connecting with Education track in Early College.
- Quattez suggests multicultural training
