

WANT TO DO RESEARCH?

UGRAD RESEARCH & BS/MS INFORMATION SESSION

It's never too early to start thinking about your future

Undergraduate research is a great way to get your brain thinking outside of your textbooks. Interested, but don't know where to start? Come learn more about how to get started, do research for co-op credit, take graduate level courses to satisfy your undergraduate program requirements to set yourself apart, start your MS while finishing your BS degree. Plus plenty of time to ask questions and eat pizza.

COLLEGE OF ENGINEERING
THE UNIVERSITY OF TOLEDO
Office of Graduate Studies and Research

Interested in research for curiosity or credit?

Want to find out how to get started?

Want to challenge yourself more in the classroom?

Thinking about a graduate school?

Want to fast-track a MS degree?
