Intellectual Protection and Patent Sign-Off Form College of Graduate Studies, The University of Toledo

The Intellectual Protection and Patent Sign-Off Form is designed to ensure that any invention contained in the dissertation, thesis, or research project is legally protected. Completing this form ensures that access to the document, or project, which might disclose an invention, is determined at the direction of the student and faculty advisor.

For assistance in determining if it is appropriate to request an access delay, please contact the University's Patent Technology Associate:

Mark W. Fox, M.S., J.D.
Office of Research Development
419.383.6907 (office phone)
mark.fox@utoledo.edu

Information about the technology transfer process is available at www.techtransfer.utoledo.edu.

Instructions: This form should be completed at the time that the dissertation, thesis, or scholarly project is submitted to the College of Graduate Studies. Please fill out all required sections, sign the form, and submit it to the College of Graduate Studies. Failure to submit this document could prevent or significantly delay the awarding of the degree.

I. Patent Protection for this University of Toledo Dissertation, Master's Thesis, or Scholarly Project.

Please choose one:

- We have reviewed this document or research project for potential new technology or patentable inventions and have determined that it does not warrant patent protection.
- We have submitted an Invention Disclosure to the University of Toledo's Office of Research Development for review by the Patent Commercialization Committee.

II. Access Delay for this University of Toledo Dissertation, Master's Thesis, or Scholarly Project.

Please choose one:

- We are not requesting a publication or cataloging delay for this dissertation, thesis or scholarly project. *Please proceed to signature section.*
- We are requesting a one-year delay for the public release or cataloging of this dissertation, thesis or scholarly project. *Please complete section III before proceeding to signature section.*

III. If you are requesting a one-year delay:

Please provide reasons for this request to delay access to this dissertation, thesis or scholarly project.

Please provide mailing address for student's copy of form.

Requests for an additional delay beyond the initial one year, require completion of a new "Intellectual Protection and Patent Sign-Off Form." As these requests require special consideration, additional documentation may be required. All requests for a delay in access to the document will be granted in increments of one year and must be received 30 days prior to the scheduled publication release date. Please see box below for scheduled publication release date.
