List all courses which comprise the certificate or degree and identify term offered (Summer/Fall/Spring):

The Master of Education in Elementary and Early Childhood Education (EECE) program is to be inactive effective Summer 2014. The term "elementary" is outdated and does not appropriately represent the current fields of studies in education. Students who wish to seek a Master of Education degree are well served in the other degree programs offered at the university (e.g., Master of Education in Early Childhood Education, Master of Education in Curriculum and Instruction, and Master of Education in Middle Childhood Education). The required notifications will be sent to OBOR.
