Intellectual Protection and Patent Sign-Off Form

The Intellectual Protection and Patent Sign-Off Form is designed to ensure that any invention contained in the thesis or dissertation and presentation/defense of the paper is legally protected. Completing this form ensures that access to the document or presentation/defense, which might disclose an invention, is determined at the direction of the student and faculty advisor. **Upon public disclosure of an invention all international patent rights are lost and a one-year bar date is set to file a patent in the U.S. or all rights are lost.**

For assistance in determining if it is appropriate to request an access delay, or a closed presentation or defense, please contact the UT Patent Technology Office:	Syed Kashif Haque, MS, MD Technology Transfer 419.530.6229 (office phone) Syed.Haque@utoledo.edu
---	---

Information about the technology transfer process is available at www.techtransfer.utoledo.edu.

Instructions: This form must accompany the *Defense Acceptance and Announcement form* and be submitted no later than fifteen (15) business days prior your scheduled defense date. If you do not have to defend, you must submit this document by the last day of term. Failure to submit this document could prevent or significantly delay the awarding of the degree. Electronic submission encouraged.

Name: _____	Rocket ID: _____
Degree: _____	in Program: _____
Research advisor/Chair: _____	Graduation: check one below May <input type="checkbox"/> Aug <input type="checkbox"/> Dec <input type="checkbox"/>
Title: _____	

I. Patent Protection for this University of Toledo Thesis or Dissertation.

Please check one:

- We have reviewed this document and presentation/defense for any potentially patentable new creation, discovery, or invention and have determined that it does not warrant patent protection.
- We have submitted or will submit an Invention Disclosure Form to the University of Toledo's Office of Research Development for review by the Patent Commercialization Committee.

II. Defense of Dissertation or Master's Thesis.

If the defense or presentation will include any proprietary or potentially patentable subject matter, it should not be open to the general public and should not be advertised as such.

Please check one:

- The presentation/defense of the above titled thesis/dissertation **WILL NOT** include proprietary or potentially patentable subject matter and should be open to the public.

- The presentation/defense of the above titled thesis/dissertation **WILL** include proprietary or potentially patentable subject matter and should **NOT** be open to the public.
- A defense is not required and will not be held.

III. Access Delay for this University of Toledo Dissertation or Master's Thesis.

Please check one:

- We are not requesting a publication or cataloging delay for this dissertation or thesis.
Please proceed to signature section.
- We are requesting a one-year delay for the public release or cataloging of this dissertation or thesis.
Please complete section IV before proceeding to signature section.

IV. If you are requesting a one-year delay:

Please provide reasons for this request to delay access to this dissertation or thesis. Attach documentation if necessary.

- Check here only if requesting a **renewal** of publication delay
Provide current email address to receive a copy of your approved renewal request

Requests for an additional delay beyond the initial one year require completion of a new "Intellectual Protection and Patent Sign-Off Form." As these requests require special consideration, additional documentation may be required. All requests for a delay in access to the document will be granted in increments of one year and must be received 30 days prior to the scheduled publication release date. Please see box below for scheduled publication release date.
