Minimum number of credit hours for completion (if changed):

Minimum number of credit hours for completion (if changed):

List all courses which comprise the certificate or degree and identify term offered (Summer/Fall/Spring)

List all courses which comprise the certificate or degree and identify term offered (Summer/Fall/Spring)

The description in the right-hand column is also attached for ease of reading

The purpose of this revision is to specify precisely the requirements for the Psychology PhD for the imminent updating of the graduate catalog. We have deleted 3 hours from the Core Courses and added 3 hours to the Concentration Courses, but the total required hours remains 57. The terms in which each course is offered will vary. All courses are offered on campus except for internships. (A copy of this information is attached for ease of reading).

Core Courses taken by all students: 44 hrs

Core Methods Courses = 12 credits
 Quantitative Methods in Psychology | PSY 6100 = 3 hrs
 Quantitative Methods in Psychological Research PSY 6130 = 3 hrs
 Design & Evaluation of Psychological Research PSY 6130 = 3 hrs
 Advanced Statistics Elective, approved by advisor = 3 hrs

Core Content Courses = 12 credits
 4 courses from the following list
 * Systems of Personality PSY 6200/7200 = 3
 * Cognitive Psychology PSY 6400/7400 = 3
 * Developmental Psychology PSY 6500/7500 = 3
 * Behavioral Neuroscience PSY 6600/7600 = 3
 * Social Psychology PSY 6700/7700 = 3

* Students specializing in the clinical area must demonstrate broad exposure to the current body of knowledge and methods in each of these areas. If this is not done through these courses it must be done with approval by the advisor and Director of Clinical Training through a seminar, course or other activity at the graduate level with sufficient reading (e.g., a workshop at a professional conference, online course). This exposure must be documented as directed in the handbook provided to clinical students.

Research Requirements = 20 credits
 M.A. Thesis PSY 6960 = 6
 Ph.D. Dissertation PSY 8960 = 14

Other
 Qualifying Exam passed by committee.
 Doctoral dissertation passed by dissertation committee.
 Minimum GPA 3.0
 If a student earns a grade of C+ or below in a course that

The purpose of this revision is to specify precisely the requirements for the Psychology PhD for the imminent updating of the graduate catalog. We have deleted 3 hours from the Core Courses and added 3 hours to the Concentration courses, but the total required hours remains 92. The terms in which each course is offered will vary. All courses are offered on campus except for internships.

Core Courses taken by all students: 44 hrs

Core Methods Courses = 12 credits

- Quantitative Methods in Psychology I PSY 6100 = 3 hrs
- Quantitative Methods in Psychology II PSY 6110 = 3 hrs
- Design & Evaluation of Psychological Research PSY 6130 = 3 hrs
- Advanced Statistics Elective, approved by advisor = 3 hrs

Core Content Courses = 12 credits

4 courses from the following list

- * Systems of Personality PSY 6200/7200 = 3
- * Cognitive Psychology PSY 6400/7400 = 3
- * Developmental Psychology PSY 6500/7500 = 3
- * Behavioral Neuroscience PSY 6600/7600 = 3
- * Social Psychology PSY 6700/7700 = 3

*Students specializing in the clinical area must demonstrate broad exposure to the current body of knowledge and methods in each of these areas. If this is not done through these courses, it must be done (with a approval by the advisor and Director of Clinical Training) through a seminar course or other activity at the graduate level with sufficient breadth (e.g., a workshop at a professional conference, online course). This exposure must be documented as directed in the handbook provided to clinical students.

Research Requirements = 20 credits

- M.A. Thesis PSY 6960 = 6
- Ph.D. Dissertation PSY 8960 = 14

Other

Qualifying Exam passed by committee.
Doctoral dissertation passed by dissertation committee.
Minimum GPA 3.0

If a student earns a grade of C+ or below in a course, that course will not be allowed to fill a requirement
If a student earns a second grade of C+ or below, that student will be dismissed from the doctoral program.

Concentration Requirements: 48 credits

<u>Clinical Area</u>	<u>Experimental Area</u>
<p><u>Systems of Psychology (6 credits)</u> Professional and ethical issues = 3 PSY 6260/7260 One of the following multicultural courses = 3 PSY 6050/7050 EDP/TSOC 8150</p>	<p><u>Specialty Seminars (9 credits)</u> Seminars should be in area of specialization and approved by the advisor; seminar courses outside of specialization must be approved by advisor and experimental coordinator.</p>
