ARS2980: Issues in Research and Scholarship

This is a summer seminar series, in which attendance is required for students participating in the FYSRE and USRCAP programs. The current ARS2980 syllabus will be posted on the Undergraduate Research website when the presenters for that summer have been confirmed. Even though attendance is required, formal registration for ARS2980 is optional.

Currently, this course is offered only during the summer.

**Catalog Description:**
Seminar series addressing various issues in research, including safe laboratory practices, regulatory compliance issues, and ethics issues in research, scholarship, and creative activities. Topics are chosen to be relevant to students in both the STEMM (Science, Technology, Engineering, Mathematics, and Medicine) and the non-STEMM disciplines.
