

University of Toledo
Doctorate of Physical Therapy Program
“Statement of Purpose”
Guidelines

Please prepare a 3-4 page narrative paper that addresses the two statements below. The paper should be double spaced, 12-point font, and with your last name in the upper right hand corner of each page.

1. Describe how you have been exposed to the profession of physical therapy and the knowledge you have obtained regarding the profession from these experiences. For example, you could describe your volunteer/work experiences in physical therapy or in other health care related areas if applicable.

2. Describe your life experiences, which may include civic and/or extracurricular activities in which you have been involved during your undergraduate years of college. Summarize how others and/or your community have benefited from your contributions through these activities.
