Copyright Violation (Blocking)

Customer Procedure

Primary Point of Contact: Chad Hrivnyak

Overview:

IT Security takes action on copyright violation notices submitted by RIAA, MPAA, SBA and other organizations.

Customer Procedure:

1) Notifications are primarily received via email sent to the abuse@utoledo.edu mailbox.
2) Notification must contain sufficient details that allow action to be taken such as offending IP address, time of offense, nature of offense, etc.

Measure of Completion:

Copyright violation blocking actions will be deemed completed when offending computers have been blocked.
