Dear Mr. Eakin:

We have read with a great deal of interest the copy of the book "Your Solar House" which you recently sent to us. Both you and the architectural profession are to be congratulated on this excellent piece of work.

We plan to call this new publication to the attention of our readers.

Very truly yours,

Dear Mr. Mac Nichol:  
 I take this means to thank you for the splendid book which your concern has given to the profession. It is indeed a great help in establishing "solar houses" in the minds of the public and giving them a better home in which to live.

Very truly,

Attention Mr. Earl Aiken  
General Sales Promotion Manager

Dear Mr. Aiken:

It has been the writer's privilege, for our company, to make the first digest or review of "Your Solar House".

Congratulations. It is one of the finest expositions and promotional efforts that we have been privileged to observe.

Our enthusiasm for Thermopane is both pioneering and factual. We believe we were one of the first distributors to put in a working stock. At the present time our warehouse contains possibly two and one half cars of Thermopane. It has not

CHAIRMAN BOARD OF DIRECTORS

Mr. G. P. MacNichol, Jr.  
Libbey-Owens-Ford Glass Company  
Toledo 3, Ohio

Dear June:

Thanks a lot for your thoughtfulness in sending me a copy of the new book "Your Solar House".

I looked through it with great interest and was very much impressed with the designs that are shown.

The information about the architects and other distinguished people who contributed was also most comprehensive, and there is no question but what people who are interested in designing a new home will get a lot of ideas out of a publication of this kind.

With kindest regards and many thanks, I am

Sincerely,

H. E. Lewis

Mr. F. E. Cazayoux  
Treasurer and Comptroller  
Libbey-Owens Ford Glass Company  
Toledo, Ohio

Dear Mr. Cazayoux:

On returning to the bank today, I was delighted to find your letter of October 24th enclosing copy of the very attractive book prepared by Simon and Schuster entitled "Your Solar House," and wish to express my thanks to you for sending this to me. I had an opportunity to glance through this briefly while in Mr. MacNichol's office the other day and am most pleased to have a copy of my own to add to my library here. This is indeed a fascinating book and should do a great deal to stimulate interest in your Solar House.

I understand my associate, George Farnsworth, wrote to you in my absence indicating our interest in working with you on the Solar House program through our various banking friends across the country. We will be delighted to hear from you if you feel there is any way we can fit into your plans in this way.

Mr. Monteith of your New York Office called me on the telephone today and said he would be glad to come down and explain your program to Mr. Farnsworth and me some time next week when both of us will be here.

With kindest regards,

Sincerely yours,

Vice President
