

2004 Presentations

Atallah, JN. *“Physical Examination pointers for low back pain.”* Primary Care Physician Retreat, Lexington KY, July 2004

Bhatt, SB. *The relationship between twitch depression and the train of four ratio during the onset and spontaneous offset of neuromuscular block produced by nondepolarizing muscle relaxants.* American Society of Anesthesiologists Annual Meeting, October 2004

Bhatt, SB. *Priming principle: Simulation in a pharmacokinetic-pharmacodynamic (PK-PD) model.* American Society of Anesthesiologists Annual Meeting, October 2004

Bhatt, SB. *Simulations of the twitch and twitch fade in response to TOF stimulation in a model of neuromuscular transmission.* American Society of Anesthesiologists Annual Meeting, October 2004

Bhatt, SB. *Time to peak submaximal neuromuscular block using four nondepolarizing muscle relaxants.* International Anesthesia Research Society, Annual Meeting, Tampa FL, March 2004

Marco, AP. *“Outcomes Management: Why we should care and how to tell if we are making a difference.”* Defiance Regional Medical Center, Defiance Ohio, January 2004

Marco, AP. *“Perioperative Considerations for the Subarachnoid Hemorrhage Patient”* 4th Annual Neurosurgery update conference, Medical College of Ohio, Toledo Ohio, March 2004

Marco, AP. *Presentation Judge,* Midwest Anesthesia Residents Conference, Rochester MN, March 2004

Marco, AP. *Program Moderator for Clinical Update Session* American College of Physician Executives Annual Meeting, Las Vegas Nevada, April 2004

Marco, AP. *“Clinical Update: Anesthesiology”* American College of Physician Executives Spring Institute, Las Vegas Nevada, April 2004

Marco, AP. *Moderator, Abstract Presentations,* Society for Ambulatory Anesthesia Annual Meeting, Seattle WA, May 2004

Papadimos, TJ. *The future of Cardiology and Cardiac Surgery.* Cardiovascular Medicine Lecture Series. St. Luke’s Hospital, Maumee Ohio, February 2004

Papadimos, TJ. *Cardiovascular Medicine Lecture Series.* St. Luke’s Hospital, Maumee Ohio, April 2004

Papadimos, TJ. *The Anesthesiologist as an epidemiologist, or how public health brings the operating room to the bench: The genetic evaluation of Toll-like receptors 2, 3 and 4.* Medical Microbiology and Immunology Seminar, Medical College of Ohio, Toledo Ohio, July 2004

Salvi, AR. *“Treatment of Cervical Pain”* 12th Annual Spine Conference, Neck pain and Cervical Spine Disorders, Medical College of Ohio, Toledo Ohio, January 2004

Salvi, AR. *“Management of Low Back Pain”* 4th Annual Neurosurgical Update, Medical College of Ohio, Toledo Ohio, March 2004
