32nd Psychopharmacology Update: Hot Topics

September 26, 2014
8:00 a.m. to 4:00 p.m.

The University of Toledo, Main Campus
2525 Student Union
Toledo, OH 43606
Room 2592

Location:

The 32nd Psychopharmacology Update: Hot Topics is a continuing education program for psychiatrists, psychologists, family medicine practitioners, internal medicine physicians, social workers, nurse practitioners, counselors and therapists. The goal of the Program is to provide attendees with up-to-date information on the use of pharmaceuticals for psychiatric diagnoses.

Learning Objectives by Presentation:

Psychopharmacology of HIV
- Define the classes of anti-retroviral medications (ART) used to treat HIV
- Identify the interactions between ART and commonly used psychotropic medications
- Define the interactions between ART and commonly used non-prescription psychotropic agents

Depression: Medication Review and Updates
- Review medications for depression
- Update audience on newer antidepressants
- Review pros and cons of various antidepressants

Dementia: Behaviors-Risky Targets
- Recognize dementia-related behaviors responsive to pharmacotherapy
- Select appropriate medications to reduce the impact of such behaviors on caregiving
- Identify the risks of pharmacological treatment of dementia-related behaviors

Chemical Dependence
- Define the neurocircuitry of addictive disorders
- Identify the principles of pharmacotherapy currently available
- Discuss and interpret emerging research and innovations in the field

Interpersonal Psychotherapy for Depression
- Describe the theoretical background of IPT and how it differs from Dynamic Interpersonal Therapy
- Describe the interpersonal inventory
- Describe the 4 IPT problems areas and strategies for addressing them

Trauma-Informed Therapy for Children and Teens
- Describe the definition of trauma
- List 3 ways trauma impacts a youth’s ability to function
- List 3 ways trauma-informed treatment is different (and more appropriate for traumatized children) from traditional therapy

The University of Toledo is accredited by the Accredit-
ation Council for Continuing Medical Education
(ACCME) to provide continuing medical education for physicians. The University of Toledo designates
this live activity for a maximum of 6.0 AMA PRA
Category 1 Credits™ . Physicians should claim only
the credit commensurate with the extent of their par-
ticipation in the activity.

The University of Toledo, Department of Psychiatry is approved by
the Ohio Psychological Association-MCE Program to offer continuing
education for psychologists. The University of Toledo, Depart-
ment of Psychiatry Provider No. 00P0-340967014, maintains re-
sponsibility for this program. This program has been approved for
6.0 credits.

This program has been approved for 6.0 credit hours of Continuing
Professional Education for Counselors and Social Workers by the
State of Ohio Counselors and Social Workers Board, Provider No.
RCX494101.

ACCREDITATION CONTINUED...

The 32nd Annual Psychopharmacology Update: Hot Topics
will be held on the University of Toledo’s Main Campus in
the Student Union. The Student Union is located centrally
on-campus. We have identified two lots, lot 10 and lot 13,
where attendees can park.

Inside the Student Union, the conference will be held on the
second floor, room 2592.

There will be Department of Psychiatry staff available in
the parking lots and in the Student Union to help attendees
get to the Student Union, room 2592.
