Thursday, Apr 18, 2013	LCME database: Student and faculty diversity and the learning environment	Drs. Ali and Mohamed
Thursday, Apr 25, 2013	LCME database: Executive summary	Dr. Gold

Objectives for each session:

As a result of the presentation, participants will be able to:

1. Describe the overall focus of each section of the LCME database – primary issues presented/discussed
2. Describe initiatives relevant to each section that were implemented during the course of the self-study
3. Describe how the initiatives (ED, MS and ER) were responsive to students' feedback (Independent Student Survey, GQ etc)
4. Describe any ongoing challenges or future plans relevant to each section of the self-study
5. Identify any previous areas of non-compliance found for our institution during the last survey visit as well as the standards most frequently found to be out of compliance related to each section of the database
