

Title of Clerkship: **Infectious Disease Elective - Sandusky AHEC (4 Weeks)**

Elective Year(s): Fourth Year Elective

Department: Internal Medicine

Type of Elective: Clinical Non-Clinical/Research Basic Science

Clerkship Site: Sandusky, Ohio

Course Number: MEDI714

Blocks Available: All, when preceptors are available

Number of Students/
Block: 1

Faculty: Michael Blank, M.D.

Elective Description/
Requirements: The student is expected to know how to evaluate patients who present with possible infectious diseases including, but not restricted to, fevers of unknown origin, acute febrile episodes, urinary tract infections, pneumonia, endocarditis, parasitic infestation, postoperative fever and AIDS. Decide upon the appropriate therapeutic and diagnostic approach for each patient evaluated; follow all patients on a daily basis; review the medical literature on diseases seen on service. The student should be able to perform and identify organisms on Gram stain and according to source, make a reasonable estimate of what the organisms are. Be familiar with the general microbiology laboratory and how it can be useful in patient management; and know the appropriate means of obtaining cultures from various sites.

Length of Clerkship: 2 weeks

Links to Core
Competencies: Educational Course Objectives
At the end of this elective, the student will be able to:

MK-4, PC-2, PC-3, PC-4, PC-7, PC-8
PC-8
