

Title of Clerkship: **Abdominal Radiology Elective - UTMC**

Elective Year: Fourth Year

Department: Radiology

Type of Elective: Clinical   x   Non-Clinical/Research \_\_\_\_\_ Basic Science \_\_\_\_\_

Clerkship Site: The University of Toledo Medical Center

Course Number: RADI703

Blocks Available: All blocks

Number of Students/ Block: 2

Faculty: Jacob Bieszczad, MD, Mark Buehler, MD, Robert Coombs, MD, Haitham Elsamaloty, MD, Terrence Lewis, MD, Stanley T. Pinsky, MD, Hassan Semaan, MD, Lee Woldenberg, MD, Jacob Zeiss, MD

Elective Description/ Requirements: Designed as a two week supplement following Introduction to Diagnostic Radiology. One will participate in two weeks of Abdominal Radiology daily clinical activities. Students will attend all Abdominal radiology departmental case conferences provided during the rotation and various interdisciplinary conferences when available.

Length of Clerkship: 2 weeks

Links to Core Competencies: Educational Course Objectives:

<p>IPC-2, PC7-PC10, PBL-1, SBP-1, SBP-2  IPC-2, MK1-MK4, PBL-7  PC7-PC10  MK1-MK4, PBL-7, PC7-PC10  PC-6, PC-7</p> <p>IPC-1, MK2-MK4, PB-4, PB-5,  PC-7, PC-8  IPC-1, IPC-2, PB-2, PB-3,  PC-8, PC-9, PC-10</p>	<ol style="list-style-type: none"> <li>1. Defend common abdominal radiology tests, including their accuracy, limitations and risks by utilizing ACR Appropriateness Criteria for common conditions.</li> <li>2. Discuss and interpret clinical abdominal radiology cases which provide clinical, radiologic, and pathologic correlations on various disease processes.</li> <li>3. Incorporate patient specific variables into ordering and interpreting appropriate abdominal imaging tests.</li> <li>4. Identify the different abdominal interventional procedures performed by radiology including their contraindications, risks and benefits.</li> <li>5. Identify radiation, contrast, and MRI safety concerns to minimize and quantify risk from common abdominal imaging studies.</li> <li>6. Communicate effectively with patients and clinicians when reporting imaging results or consulting on test appropriateness.</li> </ol>
---	---

Professionalism: UT/COM students will meet or exceed the institutional standards for professionalism as stated in the current Educational Program Objectives and the current Educational Course Objectives for the Sponsoring Department.

Instructional Methods: -Small-group, Clinical skills and Didactic Sessions  
-Lecture/Didactic sessions  
-Independent study  
-Observation of and participation in daily radiology cases  
-Observation of image guided procedures  
-Observation of and participation of technologies used in radiology including but not limited to CT, MRI, US, DR, and DM.  
-Review of teaching cases and discussion with faculty (PACS time)

Evaluation Methods:

1. Attendance
2. Evaluation of participation in small-group discussion during case conferences
3. Faculty/resident observation and assessment of clinical skills
4. End of rotation case presentations and online case submissions over the 2 weeks

Prerequisites: RADI 705, RADI 762

Clerkship Director: Jacob Bieszczad, MD

Clerkship Coordinator: Mary Carroll
