Educational Course Objectives:

1. Understand the normal anatomy of the urinary tract as it applies to urologic disorders
2. Describe common diseases presenting to the Urologist
3. Demonstrate ability to judiciously use radiographic and laboratory testing in evaluation and treatment of urologic disorders
4. Exhibit a refined ability in obtaining a history from patients, including sensitive areas such as sexual function and incontinence
5. Demonstrate the urologic physical examination
6. Display ability to assist in urologic diagnostic instrumentation and common urologic operations, including ability to catheterize the bladder
7. Demonstrate understanding of appropriate urologic care by the primary care physician and disorders requiring referral to a Urologist
8. Demonstrate appropriate demeanor in the treatment of urologic disorders: Elicit a meaningful voiding, impotence and incontinence listing.

Professionalism: UT/COM students will meet or exceed the institutional standards for professionalism as stated in the current Educational Program Objectives and the Educational Course Objectives for the Sponsoring Department.

Instructional Methods:

1. Office evaluation by students with guidance and review with preceptor.
2. Operating room observation and instruction, commensurate with knowledge and experience.
3. Inpatient rounds with preceptor.

Evaluation methods employed:

1. Formative review of clinical performance.
2. Faculty observation and evaluation.
3. Professional assessments
4. Attendance

Prerequisites: Successful completion of required third year clerkships.
