

Title of Clerkship: Cardiology Elective – St. Luke’s Hospital
Elective Type: Four Week Elective
Department: Internal Medicine
Clerkship Site: St. Luke’s Hospital, Maumee Ohio
Course Number: MEDI 705
Blocks available: By request.
Number of students per block: 1
Faculty: University of Toledo Cardiology Faculty assigned to St. Luke’s Hospital. Primary faculty member Dr. Colyer with others depending on schedule.

Elective Description/Requirements:
Successful completion of third year Internal Medicine Clerkship.

Length of Clerkship: 4 weeks

Course Description: Students will evaluate both new admissions and new consults. The student will be expected to follow these patients longitudinally throughout their hospital stay. Additionally students will participate in the reading of ECG’s, the supervision and interpretation of stress tests, the interpretation of echocardiograms, the performance of procedures including transesophageal echocardiograms, cardioversions and cardiac catheterizations. The primary teaching will be one on one and small group discussions related to individual patients. Students will be assigned topics to research and present on rounds. Additionally, during this rotation students will be expected to attend the Friday 7 AM cardiology didactic conference.
