

Call for Nominations

Department of Chemistry & Biochemistry

OUTSTANDING TEACHING ASSISTANT AWARD

For the 2015-2016 Academic Year

Have you had a chemistry teaching assistant that went above and beyond the call of duty? Do you know a T.A. that was successful where others had failed in helping you to understand (and maybe even love) chemistry?

The Chemistry & Biochemistry Department annually honors one outstanding T.A with a cash award.

We need **you** to help us determine who deserves this recognition!

- Teaching Assistants may be nominated by students enrolled in their laboratory or recitation section, or faculty associated with the course taught by the T.A.
- Your nomination will be kept confidential.
- Nomination forms are available in the Chemistry & Biochemistry Office (Bowman-Oddy 2022) or the Chemistry & Biochemistry Department Home Page
(<http://www.utoledo.edu/nsm/chemistry/>).
- The deadline for nominations is Friday, **March 18 2016** at 4 pm.

Nominate your favorite Chemistry T.A. from Fall 2015 or Spring 2016 Today!
