

Mars Watch 2016

The University of Toledo Brooks Observatory (atop of McMaster Hall) will be open to the public free of charge to view the 2016 opposition of the planet Mars.

Observing will start at 9:30 PM and continue until 10:30 PM on May 31st, June 1st and June 2nd. Guests may come and go anytime during that time. Guest are asked to meet in the campus-level lobby of McMaster Hall. Observing is dependent on clear skies.

Come see the newly renovated Brooks Observatory and Mars at its best.
