APPLICATION FOR COMPETITIVE BUCHMAN AWARDS - RESEARCH PROJECT

Directions:
1. Use the outline included in this application (starting on next page) to structure your application. Be sure to include all parts. Incomplete applications will be returned to the submitter without consideration.
2. Be as complete, brief, and specific as you can in addressing each part of the application.
3. Be sure to obtain signature of your Department Chair to assure that you have discussed your idea and application with each of them at least one time.

Application Materials: The application packet shall include the following items:
1. Cover sheet
2. Attestation of Criteria for Higher Consideration
3. Description of Research Program
4. Biosketch
5. Research Proposal
6. List of Potential Funding Agencies
7. Budget and Justification

Terms of Awards:
1. All awardees must expend funds within one year of award.
2. All expenditures must be consistent with University fiscal policies.
3. All awardees must submit a final report of their progress on the project one year after the award date. Specific guidelines will be provided.
APPLICATION FOR COMPETITIVE BUCHMAN AWARDS - RESEARCH PROJECT

Cover Page

Name and Credentials:

Rank:

Department:

Title of Proposed Work:

Title of Dissertation:

I attest that the proposed work is NOT equivalent to or a part of my dissertation:

Attestation of Criteria for Higher Consideration

Please indicate by marking an X by each criterion that applies to your proposal. Briefly describe (several sentences maximum) how your proposal addresses each criterion marked.

_____ My proposal is consistent with CON annual and/or longer-range goals
   Please identify the goal(s) to which your proposal relates:

_____ My project can make a tangible return on investment to the CON or University to occur within a 3-year span of time
   Please describe the return that you expect.

_____ Funding will accrue benefit to more than one faculty member and/or student
   Please describe who will benefit by a positive decision (besides yourself) and how they will benefit.

_____ My project will have residuals that can be made available to other faculty and/or students at project completion.
   Please describe these residuals and how you will make them available.

_____ I will make new interdisciplinary connections through this project.
   Please name or describe specific individual(s), their discipline, and their institutional affiliation with whom you will forge or cement a new relationship.
Description of Research Program

Provide a brief description of your research problem or focus (one paragraph):

In one sentence, state the long-term outcome or goal of your research work (the eventual endpoint of your research, i.e., what would be the main product of this line of investigation?"

For example: The long-term goal of this research program is to develop an effective, theory-driven intervention to eliminate pressure ulcers in community-residing adults who are long-term wheel-chair users.

Please describe briefly how this project relates to the long-term goal of your research work.
A. Personal Statement (Describe your qualifications for conducting the proposed project)

B. Positions and Honors

Positions and Employment:

Other Experience and Professional Memberships:

Honors and Awards:

C. Selected Peer-reviewed Publications (limit to 15)

D. Research Support

Ongoing

Completed
Research Proposal

Please insert your research proposal here. The proposal is limited to five pages, single-spaced, 12 point font (Times New Roman or Arial) with at least a 0.5 inch margin. The proposal must contain the following sections:

- Specific Aims, Significance and relationship to your long-term goal
- Summary of Supporting Literature
- Methods (Design, Site(s) and Sample, Measures, Procedures, and Data Analysis Plan)

List of Potential Funding Agencies

Please provide a list of at least three agencies that fund this type of research. Include evidence supporting this claim, such as documents, web-site, strategic plan, call for abstracts that relate to your research focus. Be specific.

Budget and Justification

1. List each item for which you propose to expend funds and the anticipated amount of funds to be spent for the item. Provide a total for all items

Describe
