Additional federal and state withholdings displayed with filing status and number of exemptions

PLEASE NOTE:

One-time, large payments will be taxed at your current tax bracket.

Later this spring, you will be able to view your paycheck online in Employee Self Service, with access through myUT portal using your UTAD account. More information about Employee Self Service will be provided soon.

For more information, contact the Payroll Office at 419.530.8780.

OTHER CHANGES:

If an employee has a salaried assignment and an hourly assignment in the same pay period, the employee will receive two checks from the new system — for example, a graduate student who is salaried and who also has an hourly job as a student worker. Taxes will be calculated individually for each paycheck.

Please note that you may see an increase in taxes when you receive large one time payments. Banner does not take into account the timing of retroactive payments and calculates all tax withholdings from government tax tables based on your filing status and exemptions.
