

September 5, 2017

The Honorable Sherrod Brown
United States Senate
713 Hart SOB
Washington, D.C. 20510

Dear Senator Brown:

As President of The University of Toledo I am writing in support of an important group of students at UT. I was very disappointed with the announcement from the White House this morning that the Deferred Action for Childhood Arrivals (DACA) program would soon end. I ask that you and your colleagues act quickly to pass legislation that would protect these students.

It is critical that Congress act promptly in support of legal protections for these vulnerable students by, at a minimum, codifying the provisions of the Deferred Action for Childhood Arrivals (DACA) policy into law. The planned DACA termination could disrupt the lives and education of many young people at UT that are important contributors to our region, campus, and community.

Diversity is a core value of the University. We believe our diversity makes us stronger, and we are committed to an environment of inclusion. The DACA students studying at UT are strong contributing members of our communities, and we ask that you support a swift legislative solution that would allow them to continue to pursue their education.

Please help protect our students. Thank you for your attention to this matter and please let me know if I can be of any assistance as this issue moves forward.

Sincerely,

Sharon L. Gaber, Ph.D.
President
