IMPROVE STUDENT ENGAGEMENT IN YOUR CLASSROOM USING LECTURE TOOLS

- Engage students with interactive questions:
  - Multiple choice / open-ended / image questions
- Empower your students to ask questions in real time.
- Determine which slides students consider confusing.
- Deliberately engage students using tablets, laptops and cellphones.
- Review detailed analytics to assess student in class performance.

We are very pleased to announce that the developer of LectureTools, Dr. Perry Samson, will be here on Thursday, February 20. Dr. Samson is a Professor of Atmospheric Science at The University of Michigan. Dr. Samson will demonstrate the features of LectureTools and also share with you his personal story – why he developed LectureTools and how it has helped him enhance his own teaching in large group settings.
