Naming Requests: Hotmer Family Hydrotherapy Center and Paul

Hotmer Field

Below is a request for two naming opportunities for your review and consideration. If you find the request acceptable, I respectfully ask that it be placed on a University of Toledo Board of Trustees agenda at a future meeting you deem appropriate. I have spoken with Brenda Lee, President of The University of Toledo Foundation, who has confirmed that the Foundation is in receipt of the gift commitments necessary to support the naming opportunities. Please let me know if you require additional information from me.

Paul Hotmer is a 1955 graduate of The University of Toledo College of Engineering (mechanical engineering). He also has a Master's degree in Industrial Engineering (1961) from UT. He has been an avid Rocket Fan and supporter for many years.

In recent years, Mr. Hotmer has made several major gift commitments to both Engineering and Athletics. He started with two pledge commitments of \$100,000 to name areas within the College of Engineering and in the new Chapman Basketball Complex at Savage Arena. He also recently made a commitment of \$250,000 to the College of Engineering to name the Maker Space area.

Mr. Hotmer has also established two new pledges for the Department of Intercollegiate Athletics. The first pledge is for \$250,000 to assist with the construction of a Hydrotherapy room at the Larimer athletic complex. The second is also for \$250,000 to assist with the relocation of the soccer field to the main campus in the fall of 2019. Mr. Hotmer and his family have expressed their interest in two separate naming opportunities in recognition for these gifts. The first is the naming of the Hydrotherapy Center. The suggested name for this area will be the "Hotmer Family Hydrotherapy Center". Mr. Hotmer has also expressed his interest in having the new soccer field named in his honor. The suggested name for the field will be "Paul Hotmer Field".

Thank you for considering my request.
