KY: Phil Barile       P2 BSPS Representative: ----
LKS: Danielle Pendice  P3 PharmD Representative: ----
PLS: Tiffany Hiddad    PP1 Representative: ----
SCCP: Sean Hackett    PP2 Representative: ----
SNPhA: Danielle Carroll Student Government: Emily Kramp

Welcome

Dean's Report

Dean Early
Two plus two program with Guangdong Pharmaceutical University, Guangzhou, China.
This opportunity has been provided to give students within the College opportunities to grow and develop. This allows our students to have a better culture and stand out. Students can take advantage of such opportunities by applying via an application that will be reviewed. If accepted, the College will provide money that will go towards the student’s travel. This sort of opportunity is something that takes work to maintain and time to create, due to the fact that interest has to be show by both Colleges and is in a manner that the relationship needs to constantly be kept up with constant contact between the Colleges.

Emily Kramp asked if the College could do something to improve the IPPE experiences, especially institutionally. This is due to some students getting placed very far away in relation to where they are.

Response: This is mainly due to the availability of sites and the fact that Colleges “buy” their way into institutions to get IPPE spots and the College does not want to overpay to get spots.
Andrew Schneider asks if we have representative go to schools to have direct outreach with schools.

Response: We do have a person who has their main role as being that contact that does outreach to schools. We also are moving our outreach more online in order to further connect with how students are now more active online than in print media. The contingency program is another way that the College helps promote the program.

The population of High School Graduates is dropping and thus the amount of students applying to Pharmacy School is going down. Prior to this, we hired Crystal Taylor to promote and recruit students via the Experience Days to help get students straight from High School. Since our program is a 2+4 program, this makes this position and recruitment imperative to fill our seats. Our program also does not participate in PHARMCAS, which allows us to take students that the college has developed and cultivated and bring them into the Professional Division. Would students be able to go back to their High School through Crystal and the IPPE program and promote Toledo?

Dave’s Running Shoes – the owner gave the Dean a stack of $10 off coupons for shoes. He previously knew the owner from the AHA.

Dr. Hinko
Suggestion Box
No suggestions in boxes on either Campus. We will see if there is something else to do for next semester to get suggestions.

Conduct Committee Report
There is a meeting currently going on. There are 2 conduct issues that require hearings today.

Secretary's Minutes
Danielle motions
Matt seconds

Treasurer's Report
The balance is $1509.95. Part will be used for Phield Day.

Old Business
Search Committee for Pharmacy Practice Chair
We meet this Thursday for the second time. We just approved the description for the position that will be used to advertise the position. The four students on the committee all get one vote as a collective whole towards voting for the replacement. We (Matt Jordan, Sean Hackett, Christian Darmahkasih, and Kyle Bailey) want to hear your opinions on the matter.
Student Organization Awards
Thank you everyone who sent in applications. The Office of Student Affairs is reviewing the applications right now and will be ready for Phield Day on 4/21! They will be announced at 3:30PM during the event, as of now.

Pharmacy Phield Day and Rummage Sale
This is next week (4/21) from 230-430PM! Thank you to all of the organizations that submitted events for the event. We are also having the Rummage sale during the event to have organizations sell off their extra merchandise.

Leadership Retreat Committee
This will be head by the Vice-President. People interested in being on the committee are Danielle Pendice, Danielle Carroll, and Phil Barile. PLS will also have a committee and this committee will work with to get the event planned.

Fraternity Advertising
Language will be added to make a 1-week ban the next semester for Fraternities that advertise early.

New Business
PSC as an Umbrella Organization
All organizations have to register with OSI. Student Council is an Umbrella Organization according OSI. This would require the Council to resubmit as an Umbrella Organization, which would manage budgets of organizations under it that have applied for University funds OR to rewrite our constitution to not be an Umbrella Organization. If the Council applies to be an Umbrella Organization then only the Council would need to apply for funds and then the money would be given to the organizations underneath based on what budgets are submitted to the Council are. This will make the Treasurer have a more active role since they will have an active role in applying and distributing money.

A majority of the Council votes to register through OSI as an Umbrella Organization. We will set up a meeting after Hannah meets with OSI to change language in the constitution and to talk about budgets.

Student Food Bank
We talked about a survey to ask students about their need of food or if they people would support that program. This will be tabled until fall and started then. Christian Darmahkasih has volunteered to be on the committee.
Elections

President – Matt Jordan, Emily Kramp
Result – Congrats to Matt Jordan our next President!
Vice President – Danielle Carroll, Danielle Pendice
Result – Congrats to Danielle Pendice our next Vice President!
Secretary – Rachel Badovick, Erin Shaffer
Result – Congrats to Erin Shaffer our next Secretary!
Treasurer – Danielle Carroll, Phil Barile
Result – Congrats to Danielle Carroll our next Treasurer!
Historian – Rachel Badovick
Result – Congrats to Rachel Badovick our next Historian!

Event dates to remember
Pharmacy Phield Day-April 21st @ 2:30pm
Phood for Phinals – Monday, Tuesday, Wednesday 830-1030 in Student Affairs, Tuesday Wednesday 730-930 in WO1227
