Dean's Report

Dean Early

Al Zaytoonah Faculty of Pharmacy, Amman, Jordan: Memorandum of Understanding Signed – Dr. Amanda Bryant-Friedrich is our ambassador between the two colleges. Al Zaytoonah’s Dean visited the University last summer and spent time in Dr. Bryant-Friedrich’s.

Spring Semester Arrival of Six Visiting Scholars from North Sichuan Medical University, Peoples Republic of China – Just like last semester, this semester there will be six visiting students from the North Sichuan Medical University. Two of our students had a rotation in their hospital this past summer.
These two opportunities are here to create chances for our students to study abroad and improve their studies while at these Universities.

Conduct Committee Report
The committee has not met this semester. There is a meeting to look at proactive ways to promote professionalism in the future.
Be aware of student of the month – we have until Thursday January 30th to submit nominations for January. We have been getting a lot of faculty nominations and not a lot of student nominations.

Treasurer's Report
No changes from December

Old Business
PSC Website and Calendar – ready to go – have representatives go in and update the calendar.
(https://sites.google.com/site/utcppspharmacystudentcouncil/)
We plan on having all organizations on there as well as PharmD and BSPS schedules. Student of the Month nomination form is also linked on the site.

Student Organization Awards
Amanda Ashley, Matt Jordan, Jacob Boyden all met at the beginning of the semester to figure it all out. They created 3 awards/categories to make it so that all organizations can participate in the awards. This way allows for organizations to enter based on how their reporting system and what type of organization they are (fraternity, service organization, etc.). The awards are Service Award, Patient Outreach Award, and Innovative Programming. Nominations will be a 1500 word essay as to why your organization is best for the award and to give specifics. Awards will be given out at Field day. Reports will be submitted in January. The award will be given for the previous year (January-December). If one organization wins an award in a category they cannot win another award in another category unless they go above and beyond or where they are the
only candidate for the award. The Student Affairs Faculty will be in charge of giving out these awards. We are also considering having Alumni to review the applications since they see the outreach in the community from another angle.

Stress Week/Month
We have been working to come up with activities that are hands on. Events to remember are at the bottom and we will be having events for the whole month to have a “Stress Free Month”. We are also working to set up a self-defense class. We are open for more ideas to help with this month.

New Business

Career Planning
Dr. Hinko to know what our perception as a student that the college provides for career planning. Examples include talking to your advisor about your career. End of the year surveys and graduating survey suggest that students would like more attention to career planning. Dr. Hinko is not sure what they should be working on. She wants YOU to tell her what you would like the college to do more of. Please stop by and see her or email her: christine.hinko@utoledo.edu

Fraternity Advertising
Seeking to clarify if the rule should for both semesters or only in the fall. This has been tabled for next month.

Microwave
The Alumni have said they will pay for a microwave for our college. The only questions are where would we put it and who would clean it. For cleaning we might have organizations rotate cleaning it every month. Proposed area is the small room in the pharmacy lab that no one currently uses. We believe that it will not cause more people to eat at the computers. We will have to run it by IT to see how he feels. Would it be possible to have the microwave out by the couches to make sure they are away from the computers?

Muscular Dystrophy Walk
Charisse Montgomery wanted to know if any organizations would want to pair up with her on March 2nd at Ford Field for the walk. Contact her at: charisse.montgomery@utoledo.edu

New Organization
Christian Pharmacist Fellowship International. They to have bible study on each campus as well as outreach for the community. They also want to prepare a
mission trip to other countries to practice and spread medicine. Their constitution was approved on main campus. Their advisor is Dr. Amanda Bryant-Friedrich. Accepted to the council.
