

The University of Toledo
College of Pharmacy
Seminar Series for Medicinal & Biological Chemistry
Fall Semester Schedule, 2004

September 2	Dr. Heather Carlson University of Michigan "Protein Flexibility and Drug Design: How to Hit a Moving Target"
September 9	Dr. Eckhard Jankowsky Case Western Reserve University (CWRU) "Remodeling of RNA-Protein Complexes with RNA Helicases"
September 16	Dr. William Taylor Department of Biological Science, The University of Toledo "Using Transcriptional Programs to Understand the Cell Cycle and Identify Novel Components"
September 23	Ma'Moun Al'Hamadsheh Department of Medicinal & Biological Chemistry, The University of Toledo "Design, Synthesis, and Biological Evaluation of Conformationally Restrained Epothilone Analogues"
September 30	Dr. Dave Engelke University of Michigan "Spatial Organization of Nuclear (tRNA) Genes: Thinking Outside the Line"
October 21	Mohammad El-Dakdouki, Department of Medicinal & Biological Chemistry, The University of Toledo "Synthesis of Some Novel 2 H-Indazoles"
October 28	Dr. Steven Pernecky Eastern Michigan University "Metabolic Profiling of Lipid Peroxidation by Gas Chromatography and Time-of-Flight Mass Spectrometry"

November 4	Dr. Anjan Kowluru Wayne State University "New Insights into IL-1 Signaling Mechanisms in the Pancreatic Beta Cell"
November 18	Dr. David Sherman University of Michigan (UM) "Exploring Molecular Space with Natural Product Metabolic Enzymes"

Seminars are **Thursday, 12:00 p.m., Bowman Oddy Laboratories 2850.**

Inquiries can be made of Dr. Marcia McInerney (Tel: 419-530-1981; email:

Marcia.McInerney@utoledo.edu).
