

The University of Toledo
College of Pharmacy
Seminar Series for Medicinal & Biological Chemistry
Spring Semester Schedule, 2006

Note: Regular seminar time and place is Thursday 12 noon in BO 2850 (Bowman Oddy Laboratories) unless indicated otherwise below.

Inquiries can be made of Drs Hermann Von Grafenstein (419-530-1920; email: hgrafen@utnet.utoledo.edu) or Steven Peseckis (Tel: 419-530-1944; email: Steven.Peseckis@utoledo.edu).

Thursday January 19	Donald Ronnig, Ph.D. Department of Chemistry, The University of Toledo "Structural Insights of End Recognition and Regulation in a New Class of Transposases "
Thursday January 26	Marc Christensen, Ph.D. candidate Department of Medicinal & Biological Chemistry, The University of Toledo "Molecular Modeling of Lipid Bilayer Embedded Wild Type and Mutant Human M1 Muscarinic Acetylcholine Receptors with Acetylcholine Ligand "
Thursday February 2	Speaker University/Institution "Seminar Title"
Thursday February 9	Speaker University/Institution "Seminar Title"
Monday February 13	Special Seminar: Note change in time: Monday 13 Brenda S. Zimmer, Ph.D. Public Affairs Specialist, US. Food & Drug Administration "FDA, Toxicology, Drug Development "
Thursday February 16	No Seminar (replaced by Monday, February 13, special seminar)

Thursday February 23	Speaker University/Institution "Seminar Title"
Thursday March 2	Brian Ashburner University of Toledo, Department of Biological Sciences "Regulation of NF-kappaB Transcriptional Activity"
Thursday March 9	Spring Break
Thursday March 16	Speaker University/Institution "Seminar Title"
Thursday March 23 11:30 AM	Timothy Mueser, Ph.D. University of Toledo, Department of Chemistry "Structure-Function Relationship of Enzymes Involved in Bacteriophage DNA replication" Note change in time: 11:30 am instead of 12 noon
Wednesday March 29 9-10 AM	Youngjae You, Ph.D. SUNY Buffalo / Department of Chemistry "Structure Optimization of Core-modified Porphyrins as Novel Photosensitizers and Induction of Apoptosis by Photodynamic Treatment" Note change of day and time
Monday Apr 3 10-11 AM	David Bartley, Ph.D. Johns Hopkins University / Department of Chemistry "Synthesis of Phosphorus Containing Pseudopeptide Inhibitors of Folylpolyglutamate Synthetase" Note change of day and time
Thursday April 6	Patrick M. Woster, Ph.D. Wayne State University "Selectively Targeted Histone Deacetylase Inhibitors" Itinerary
Wednesday April 12	L.M.V. Tillekeratne, Ph.D. University of Toledo / Department of Medicinal and Biological Chemistry "Epothilones: A New Direction for New Analogues"

10-11 AM	Note change of date and time Flyer , Schedule
Thursday April 20 cancelled	Mark Foster Ohio State University / Department of Biochemistry Please note that this seminar has been cancelled
Thursday April 27	Frederick Tejada, Ph.D., University of Toledo, Department of Pharmacology "Design and synthesis of novel muscarinic receptor subtype-selective agonists: effects of spacers on the binding and activity"
Thursday May 4	Final Exam Week No Seminar
