This manual represents the work of a special committee of the Inter-University Council of Ohio, whose members are listed below. Much credit belongs to Donald Skupsky, President of Information Requirements Clearinghouse, who served as a consultant to the committee. His legal research and his retention procedures proved fundamental to this manual. Charles Arp, Assistant State Archivist, allowed the committee to borrow from and adapt the work of the State of Ohio Electronic Records Committee. Finally, special thanks are due to Jim McCollum, Executive Director of the Inter-University Council of Ohio, who encouraged, supported, and guided the committee in its work.
