(A) Policy Statement

Funding sources and reimbursement trends related to rehabilitation services will be routinely reviewed and/or analyzed.

(B) Purpose of Policy

To analyze trends in sources of funding in relation to the organization’s financial stability.

To keep abreast of changes in funding and its impact on the various areas of rehabilitation services.

To maintain fiscally solvent programs.

(C) Procedure

1. Available reports will be reviewed by the Director or designee.

2. Directors and designees will keep abreast of reimbursement issues and share information with staff as appropriate.

3. The need for changes in delivery of services will be determined based on the analysis of current reimbursement.
