(A) Policy Statement
Staff members of Rehabilitation Services/Physical Medicine & Rehabilitation shall be suitably dressed at all times during working hours, and will adhere to UTMC hospital policy 3364-25-06 Dress Code.

(B) Purpose of Policy
A dress code is desirable to ensure the safety of the patients and staff, to provide for a professional atmosphere in Rehabilitation Services/PM&R, and to aid in identification of personnel.

(C) Procedure
Dress Code Guidelines stated in the hospital policy 3364-110-11-01 will be the basis of the department dress code, with the following additions:

1. Lab coats shall be worn by personnel working in the acute care hospital.

2. Special attire may be allowed for rehab activities such as outings, outside parties, etc. with prior authorization by the Department Director or designee.

3. All staff or students participating in the delivery of aquatic therapy will wear suitable swimwear. One piece non-revealing suits for females and non form fitting trunks for males.

It is the responsibility of the reader to verify with the responsible agent that this is the most current version of the policy.
