Office of Multicultural Student Success
Mentorship Programs

The Office of Multicultural Student Success Mentorship Programs are intrusive support programs designed to enhance the life experiences of multicultural students. Our goal is to help students maximize their academic and leadership potential through educational workshops, peer interactions, professional mentorship, community service, conferences and campus involvement.

PRIMOS

PRIMOS is designed is to help first year (direct from high school) Latino students successfully make the transition from high school to college through peer and professional mentorship, culturally-relevant workshops, exposure trips and conference travel.

SUCCEED

SUCCEED (Students United for a Courageous, Creative, Educated & Empowered Destiny) aims to provide mentorship and professional development for emerging LGBTQ student leaders at the University of Toledo. Through SUCCEED mentees receive assistance attaining academic and career goals, identifying and development opportunities (internships, scholarships, fellowships, conferences, etc.) and support for sexual orientation and gender identity development.

TAWL

The purpose of Talented Aspiring Women Leaders (TAWL) is to enrich the academic journey of female multicultural students on campus by providing meaningful association with the University of Toledo and the greater local community through targeted mentorship; academic/professional development workshops; community service; cultural awareness programming; and open dialogue forums dedicated to addressing student issues. Our goal is to inspire future leaders; encourage self-empowerment; and promote integrity; active citizenship and success among students.

Incentives

Participants will receive:

- Financial support for conference registration
- Leadership & Diversity Training
- Priority for scholarship and other campus development opportunities
