What is the HPLLC?
The HPLLC is designed for first-year students interested in a health-related career. The community brings together all areas of the health-care arena and provides a collaborative environment for students to grow and learn from one another. Students have the opportunity to live with peers, form study groups, attend classes together and become more involved in on-campus activities. The HPLLC provides a network for you to have a smooth transition from high school to the University, to be successful in college and be more engaged in your learning!

Location
The HPLLC is located in Carter Hall East, a 240-person, air-conditioned residence hall with the largest bedrooms for two people on campus. Carter Hall houses the P.O.D. convenience store and is located next to the Glass Bowl and Student Recreation Center.

Major Requirement
In order to reside in the HPLLC, you must be enrolled in one of the following majors: athletic training, biology, exercise science, chemistry, public health, community health, school health, health care administration, health information management, pre-nursing, pre-pharmacy, pharmaceutical sciences, pre-dental, pre-medical, pre-occupational therapy, pre-physical therapy, pre-veterinary, psychology, recreational therapy, respiratory care, or speech language pathology. If you are interested in living in the HPLLC and are not majoring in any of the above, contact Residence Life at reslife@utoledo.edu for consideration.

Community Activities
HPLLC programs and activities focus on developing the team skills you will need as a health-care professional, providing tutoring and academic support and putting you in touch with those already working in the field. It promotes a student-centered and community-oriented learning environment. Past activities include:
• Fall pharmacy fest
• Route 66 Conference
• Homecoming parade
• Volunteering at Imagination Station

Academic Initiatives
• In-hall advising appointments
• Community service
• Peer mentors
• Faculty meet and greet
• Study sessions
• Gen Chem Jamboree

Cost
There is a $75 per semester programming fee associated with the Health Professions Living Learning Community.
