What is Clean Your Streams?
Clean Your Streams Day is an annual event hosted by Partners For Clean Streams (with help from many partners) where over one thousand volunteers join forces to clean up tons of trash from over 60 sites in rivers in the greater Toledo area. During the event, we clean trash from the river, educate our volunteers on marine debris, and celebrate our local, abundant rivers. We focus on high profile, high impact sites in need of cleaning. We hope that through Clean Your Streams, citizens take greater pride in their community and rivers, and become stewards of them for the future. Below are Frequently Asked Questions about Clean Your Streams.
