Fluent in French, Spanish, or German? Test out of French Language, German Language, or Spanish Language. History buff? Complete the History of Americas or History of Europe courses without ever going to class. Choose from more than 65 exams to earn college credit for what you've already learned and get one step closer to graduation.

How does The University of Toledo determine what credit to award?

The University of Toledo partners with two national testing services - CLEP (the College-Level Examination Program) and DSST (DANTES Subject Standardized Tests).
The University of Toledo also offers Credit by Examination with examinations conducted by the instructor(s) of the courses in which credit is desired.

What exams are available?

CLEP offers more than 30 exams in Business, Composition and Literature, Foreign Language, History and Social Sciences, and Science and Mathematics.
DSST offers more than 35 exams in Applied Technology, Business, Humanities, Mathematics, Physical Science, and Social Science.
The tests available through The University of Toledo can be found in the Standardized Testing Catalog here along with the equivalent University of Toledo course.

How do I get credit?

Students pay $30 per credit hour for the assessment process. If eligible for credit, the grade is placed on the student's University of Toledo transcript and billed a transcription fee equivalent to half the credit rate for a current University of Toledo Course.

How do I sign up?

Both CLEP and DSST tests are offered on our Scott Park Campus. Call our testing center at 419.530.3266 to schedule a two-hour appointment. For more information, visit http://www.utoledo.edu/success/testingservices/CLEP.html

How do I get started?

Schedule an appointment to meet with a Prior Learning adviser by calling 419.530.3142 or emailing PLA@utoledo.edu. Come prepared to discuss your experiences, certifications and non-credited coursework to determine the next steps in gaining credit. The student and adviser will then identify current courses where learning objectives and experiences match.
