BACHELOR OF SCIENCE IN NURSING

Nursing is a rewarding and challenging profession that incorporates theory, complex technology and caring. Baccalaureate nursing graduates provide research/theory based nursing care to healthy and ill individuals, families and communities in diverse health care settings including clinics, hospitals, nursing homes, schools and outpatient facilities. These graduates also are prepared for advanced study at the master's degree level.

WINNING CONSORTIUM UT/BGSU

The consortium of The University of Toledo (UT) and Bowling Green State University (BGSU) provides an innovative and unique Baccalaureate Nursing Program. Students choose the university (BGSU or UT) that best meets their needs. Undergraduate students take general education, liberal arts and sciences at UT’s Main Campus or BGSU, then attend The University of Toledo Health Science Campus as junior and senior students for nursing courses and clinical experiences. The Bachelor of Science degree in Nursing is awarded by the respective university.

THE UNIVERSITY OF TOLEDO COLLEGE OF NURSING

The UT College of Nursing is located on the UT Health Science Campus in a residential area of South Toledo. It is considered by many to be one of the most technologically advanced campuses in the nation. Once admitted into the Major students will have the opportunity for experiential learning at the Lloyd Jacobs Interprofessional Immersive Simulation Center, a highly advance simulated hospital.

The College of Nursing, established in 1971, is a major provider of undergraduate and graduate nursing education in northwest Ohio. The UT College of Nursing faculty, facilities and resources provide excellent opportunities for clinical nursing experiences, research, professional development and continuing nursing education.

- NURS 4130 Nursing Care of Persons in Crisis 1 (4)
- NURS 4240 Nursing Care of Persons in Crisis 2 (8)
- NURS 4260 Professional Nursing Development (3)

Total Credit Hours (15)

**BSN 4-Fourth Semester**

- NURS 4190 Nursing Care of Persons and Families with Complex Care Needs (3)
- NURS 4760 Professional Nursing Competency (3)

Total Credit Hours (15)

ADMISSION REQUIREMENTS

Pre-Nursing requirements:

- 2.75 GPA, and
- 19ACT/910 SAT

Students not meeting these requirements will be admitted to the Department of Exploratory Studies, YouCollege.

A higher GPA of 3.0 is required to apply to the Nursing Major.

1. Apply to The University of Toledo

2. Send official transcripts from all colleges to The University of Toledo

3. Meet with a nursing advisor to register for courses after completing orientation

Upon completion of the pre-nursing curriculum, there is a competitive admission process for the professional sequence, subject to nursing advisor approval.

Admission to the upper division professional major involves a separate application process and is competitive. Completion of minimum requirements does not assure admission to the nursing major. Because the applicant pool varies each admission cycle, students are encouraged to strive for an excellent cumulative grade point average. Eighty students are admitted each semester into upper division professional nursing coursework.
