The mission of the College of Pharmacy is to educate students to meet the pharmaceutical needs of society, to advance pharmaceutical knowledge through research and to serve the profession and the community. Guiding principles are personal integrity, respect for humanity and human diversity, and professionalism.
THE UNIVERSITY OF TOLEDO COLLEGE OF PHARMACY
ADVISING PROCESS POLICY

1. Create an “Advising File” to keep all of your advising materials: a copy of your Pre-professional Division Plan of Study (POS), copy(ies) of accepted transferred courses (TCE/TCI) if applicable, most recent Degree Audit Report and all other important advising papers.

2. Complete your Pre-professional Division Plan of Study (located in Blackboard for PHPR1000) for your entire pre-professional division (either two or three years depending on your initial placement in coursework or your personal goals). The POS will be reviewed to ensure that, if followed as written, all requirements of the pre-professional division would be met. Bring your POS with you to your group advising sessions. A hard copy of your POS will also be retained in your student file in the Office of Student Affairs.

3. Check the availability for each term and the pre-requisites of the courses you have listed on your completed PREP Plan of Study in the UT General Catalog (http://catalog.utoledo.edu/), the Schedule of Classes (http://registrar.utoledo.edu/), and the pre-professional program of study exercise sheet (page 4 of the Advising Handbook) so that you can avoid conflicts in advance.

4. Register and attend the group advising workshop (PHPR1000-ADM) each semester of your pre-professional division. Failure to attend the workshop may result in your registration being delayed in subsequent term(s).

5. Be Responsible! It is up to you to meet and satisfy all University, College and Program Requirements. If you are unclear regarding these requirements at any time, make sure to schedule an individual advising appointment with your advisor ASAP (419.530.1904).

I have read, understand, and agree to the advising process policy.

Group Advising Workshops only meet ONE TIME A SEMESTER!!

The College of Pharmacy recognizes that you may be tempted to register for your courses without attending the Group Advising Workshop. The College would like to caution you against doing so in the strongest possible way. Please remember that YOU are ultimately responsible for the correct course selection and successful completion of your graduation requirements. The advising process (which includes the group advising workshops) is designed to assist you in reaching that goal.

Apply to Professional Div (P1) at end of Fall Semester of 2nd-year

Minimum of 44 earned semester credit hours and ≥2.7 cumulative and science GPA’s are required to apply to the P1.
Minimum of 63 earned semester credit hours are required to begin P1.

* Grades from these eight science courses are used in the calculation of the student’s science GPA at the time of application to P1.

7 08/14/08
PLEASE READ THE FOLLOWING STATEMENTS AND SIGN BELOW.

All prerequisites must be successfully completed before advancing into the next course in the sequence. If I receive a non-passing grade, I will contact the Office of Student Affairs (x-1904) to schedule an appointment with my advisor immediately. If this is not done, I understand that progression in my program of study may be delayed or jeopardized. Each term, I will also assess my grade point average and academic standing relative to the Academic Performance Standards (probation and suspension criteria) of the UT College of Pharmacy (http://www.utoledo.edu/pharmacy/current//advisinghandbook.html).

I am aware that it is my ultimate responsibility to select and register for the correct courses to fulfill my degree requirements. I recognize that failure to attend a mandatory group advising workshop (PHPR1000 ADM) during each of my preprofessional division semesters may postpone my registration for the subsequent term.

I agree with the above statements and further guarantee the accuracy of the information that I have written on both sides of this Pre-professional Division Plan of Study.

BACHELOR OF SCIENCE IN PHARMACEUTICAL SCIENCES
✓ MEDICINAL AND BIOLOGICAL CHEMISTRY
✓ PHARMACEUTICS
✓ PHARMACY ADMINISTRATION
✓ PHARMACOLOGY/TOXICOLOGY
✓ PHARM.D TRACK

DOCTOR OF PHARMACY (PHARM.D)

MASTER OF SCIENCE & PHD IN MEDICINAL CHEMISTRY

MASTER OF SCIENCE IN PHARMACEUTICAL SCIENCES
✓ INDUSTRIAL PHARMACY OPTION
✓ PHARMACY HEALTH CARE ADMINISTRATIVE OPTION
✓ PHARMACOLOGY/TOXICOLOGY OPTION
Additional information, examples of the curriculum, and degree requirements are available on the College of Pharmacy’s website at http://www.utoledo.edu/pharmacy/academic_programs/index.html.
General Criteria for Admission to the Professional Divisions
(Revised 07/08 dlr)

The number of students who receive final acceptance into the Professional Divisions will be limited to the space available. Because the number of applicants usually exceeds the number of spaces available, students are admitted on the basis of these general criteria.

I. Eligibility for Application
   a. To be eligible to apply for admission into the Professional Divisions all applicants must complete the following or their equivalents:
      - BIOL 2150, 2160, 2170, 2180
      - CHEM 1230, 1240, 1280, 1290, 2410, 2460
      - MATH 1750
      - PHCL 2600
      - PHYS 1750 or 2070
     A minimum of forty-four (44) earned semester hours
     A minimum 2.7 of both cumulative grade point average (GPA) and science GPA
     Matriculated in the University Of Toledo College Of Pharmacy and enrolled in any University of Toledo course(s) during either the fall or spring semester of the academic year in which they apply.

II. Application
   a. Applicants to the PharmD program will provide the Admissions Committee with a personal essay to be written at a designated time, date and location as indicated on the Internal Admissions website. At the time of the writing of the personal essay, all application materials must be submitted. This includes the following:
      - Signed application contract
      - Two signed and sealed letters of recommendation on the form provided
     NOTE: The letters may be from professors, employers, clergy, close family friends and family health professionals (pharmacist, dentist, and physician), or others. Letters from relatives or University of Toledo College of Pharmacy faculty or staff are not acceptable.
   b. Applicants to the BSPS programs will submit the following by the deadline published on the Internal Admissions website:
      - Signed application contract
   c. There are no exceptions to the deadlines.

III. Final Admission
   a. In order to be finally admitted into the Professional Division, an applicant must have completed the following or their equivalents:
      - BIOL 2150, 2160, 2170, 2180
      - CHEM 1230, 1240, 1280, 1290, 2410, 2420, 2460, 2470
      - MATH 1750 & 1760
      - ECON 1200
      - PHCL 2600 & 2620
      - PHYS 1750 or 2070/2080
     A minimum of sixty-three (63) earned semester hours
     Maintain a minimum 2.0 GPA (cumulative and semester) for the spring and, if applicable, summer semesters

     If an applicant is accepted into the Professional Divisions, the acceptance will be provisional pending the completion of the above requirements. All course prerequisites for the Professional Divisions must be completed two weeks before the first day of Professional Division classes in the Fall Semester for which the application is made. If the applicant fails to meet the deadline for the
completion of prerequisite courses, he/she will lose provisional admission status and must apply again for admission to the Professional Divisions in a subsequent year. It is the student’s responsibility to contact the Coordinator of Internal Admissions in the Office of Student Affairs if he/she plans to complete requirements over the summer prior to the start of the third year. A Pre-Professional Division student will not be allowed to fulfill requirements for the Professional Divisions by enrollment in both Organic Chemistry and Physics during the summer prior to the first Professional Division year.

IV. Evaluation
a. Each application will be evaluated on the basis of the applicant's:
   - Personal essay (for PharmD applicants only)
   - Personal interview at the discretion of the committee (for PharmD applicants only)
   - Cumulative GPA
   - Science GPA in the following specified courses:
     - CHEM 1230, 1240, & 2410
     - BIOL 2150 & 2170
     - MATH 1750
     - PHYS 1750 or 2070
     - PHCL 2600

b. The Admissions Committee will use the better grade for the first two of all attempts for any science course used in the calculation of the science GPA. This rule will apply to all applicants, including transfer students. All transfer or quarter courses equivalent to these specified courses will be evaluated for their respective equivalent semester quality hours. All applicants MUST have a cumulative GPA based upon a minimum of 16 quality semester hours at The University of Toledo (a letter grade must be received in each course). If a student has taken fewer than 30 quality hours at The University of Toledo, the Higher Educational GPA (HEd GPA which is based on all letter grades attained at all institutions of higher learning) will be used in the evaluation in place of the UT cumulative GPA. If the HEd GPA is greater than the UT cumulative GPA, the latter will be used.

V. Transfer Students
a. Specific criteria have been approved by the faculty of the College of Pharmacy for the application of transfer students or of change-of-college students to the Professional Divisions. These are outlined as follows:
   i. The General Criteria for Admission to the Professional Divisions will be applied to the transfer student in the same manner as for the continuing College of Pharmacy student; i.e., cumulative GPA, science GPA, essential courses or their equivalents through the Fall Semester of the second year, personal essay (for PharmD applicants), possible personal interview (for PharmD applicants) and an accumulation of at least 44 earned semester hours. The applicant's cumulative GPA from The University of Toledo or HEd GPA (as determined above), science GPA based on equivalent specified courses (UT or otherwise) as stated above, and personal essay (for PharmD applicants) will be used in determining admission.
   ii. The essential courses for final admission to the Professional Divisions consist of those listed above (see IV.a). Equivalencies must be determined and appear on the student’s transcript and/or in the student’s degree audit prior to application. In general, a 3-quarter course sequence is necessary to fulfill a 2-semester course sequence. See an advisor for further information.
   iii. In surveying the essential courses, the Admissions Committee has observed that equivalency is almost automatic for courses in general chemistry, general biology, organic chemistry and physics. Difficulty in determining
equivalency has occurred with the mathematics sequence and the functional anatomy and pathophysiology sequence.

iv. Students who wish to transfer credit from another college or university MUST have been enrolled in The University of Toledo College of Pharmacy and registered for 16 quality hours (a letter grade must be received in each course) prior to application.

v. The only pharmacy courses a pre-professional student is permitted to take through the College of Pharmacy are PHPR 1000, PHCL 2220, 2600 and 2620 until final admission to the Professional Divisions is achieved.

VI. Contingent Admit Students

a. Students who were awarded contingent admission, must achieve a cumulative and science GPA of 3.50 or above as calculated by The University of Toledo by the end of fall semester of year two. If a student does not meet the 3.50 GPA requirements, he/she must apply for admission into the program with the remainder of the class. Failure to complete required courses by the end of the fall semester of year two at UTCP will render the student ineligible for contingent admission into the Professional Division.
Academic Performance Standards
(Faculty-approved policy 11-21-03)

Please refer to the General Section of this catalog for General Academic Policies governing all students enrolled at the University.

For students entering into the professional division of the BSPS PharmD major program:
   a) Students must maintain a cumulative pharmacy core-curriculum GPA of 3.0. Beginning in the first year of the professional division, students whose semester or cumulative pharmacy core-curriculum (see below) GPA falls below 3.0 will be given an academic warning, and allowed one semester to restore their GPAs to a semester or cumulative pharmacy core-curriculum level of 3.0. A student with two or more consecutive semesters with a semester or cumulative pharmacy core-curriculum GPA of less than 3.0 will undergo a record review by the College of Pharmacy Academic Performance Committee that may result in dismissal from the Pharm.D. program.

   b) A grade below a C (2.0) in any pharmacy core-curriculum course is unsatisfactory and will not be considered a passing grade for the course in the Pharm.D. curriculum (i.e., courses for which grades of less than a C are earned must be repeated).

   c) GPA recalculation for undergraduate courses will be allowed, in accordance with the policies of The University of Toledo.

For all undergraduate students in the preprofessional division and in the professional division of the bachelor of science in pharmaceutical sciences, pharmacology/toxicology, medicinal and biological chemistry, pharmaceutics, and pharmacy administration majors in the College of Pharmacy:
   a) Any student who fails to achieve a semester or cumulative GPA of 2.0 or greater at the end of any semester will automatically be placed on probation.

   b) Any student who fails to achieve a semester or cumulative GPA of 1.0 or greater at the end of any semester will automatically be placed on probation, will undergo a record review by the College of Pharmacy Academic Performance Committee, and may be suspended (see section on suspension below) from the University without a preliminary probationary semester.

   c) Any student who fails to achieve a semester or cumulative GPA of 2.0 or greater for any two of three consecutive semesters in attendance will undergo a record review by the College of Pharmacy Academic Performance Committee, and may be suspended (see section on suspension below) from the University.

For students entering the post-BSPS (graduate) portion of the PharmD curriculum:
   a) Students must maintain a minimum GPA of 3.0. This GPA will be computed beginning from the first semester of the post-bachelor of science in pharmaceutical sciences course work and will include all post-baccalaureate-level courses (see below). Students whose semester pharmacy curriculum GPA falls below 3.0 will be given an academic warning. Students whose cumulative pharmacy curriculum GPA falls below 3.0 will be placed on probation and allowed one semester to restore their GPA to a cumulative pharmacy curriculum level of 3.0 or better. A student with two or more consecutive semesters with a cumulative pharmacy curriculum GPA of less than 3.0 will undergo a record review by the College of Pharmacy Academic Performance Committee that may result in dismissal from the Pharm.D. program.
b) A grade below a C (2.0) in any pharmacy core-curriculum course is unsatisfactory and will not be considered a passing grade for the course in the Pharm.D. curriculum (i.e., courses for which grades of less than a C are earned must be repeated).

c) Refer to "Experiential Performance Standards" for policies concerning students who fail to pass an Advanced Pharmacy Practice Experience (APPE). A grade of "Unsatisfactory" in any APPE will not have a negative impact on a student's post baccalaureate GPA, however.

SUSPENSION
Suspension is made by the dean on advice from the College of Pharmacy Academic Performance Committee, which reviews the performance of all students periodically. Suspension is from the University. The period of suspension is at least one semester, exclusive of the summer terms. A student who is suspended must petition the dean for readmission, in writing (with a copy to the associate dean for student affairs), at least five weeks prior to the beginning of the semester to which the petition is directed. If the petition is accepted, the college will determine the conditions under which the student will be permitted to re-enroll. If a student is readmitted and does not perform satisfactorily, permanent dismissal from the College of Pharmacy may result. A student who is on academic or disciplinary probation or suspension will be required to relinquish the duties of any office in the College of Pharmacy organizations until the student is in “good academic standing,” as defined below.

If a student is suspended, and therefore is ineligible to attend classes in a subsequent semester, that student must drop all of the courses for that semester.

GOOD STANDING
The College of Pharmacy defines “good academic standing” in the following manner:
   a) For all preprofessional students, and professional division students in the bachelor of science in pharmaceutical sciences program (pharmacology/toxicology, medicinal and biological chemistry, pharmaceutics and pharmacy administration majors): a minimum cumulative GPA of 2.0 and a minimum GPA of 2.0 for the semester.

   b) For all P1 and P2 professional division students in the Pharm.D. program: a minimum cumulative pharmacy core-curriculum GPA of 3.0 and a minimum GPA of 3.0 for the semester.

   c) For students in the post-baccalaureate portion of the Pharm.D. program: a minimum cumulative pharmacy curriculum GPA of 3.0 and a minimum GPA of 3.0 per the semester.

PHARMACY CORE-CURRICULUM

Undergraduate core-curriculum courses taught in the College of Pharmacy beginning in the P1 year of the professional division:

MBC 3310, 3320, 3550, 3560, 3800, 3850 and 4300
PHCL 3700, 3720, 4150, 4700 and 4720
PHPR 3010, 3070, 3080, 3510, 3920, 4400, 4410, 4420, 4430, 4440, 4450, 4520 and 4920
Post-B.S.P.S. core-curriculum courses taught in the College of Pharmacy beginning in the P3 year:

PHCL 5140  
PHPR 6160, 6210, 6230, 6240, 6250, 6370, 6380, 6420, 6430, 6440, 6490, 6510, 6550, 6610, 6940, 8260, 8390, 8470, 8480, 8500, 8620, 8630 and 8640

Any approved Pharm.D. electives

**Experiential Performance Standards**

To enter the Advanced Pharmacy Practice Experiences (APPEs) a cumulative pharmacy post baccalaureate GPA of 3.0 or greater is required. Any student who fails to pass a single APPE rotation or is dismissed from a single APPE rotation (for reasons other than an action detrimental to patient care and/or to the clinical service) will be placed on academic probation immediately upon completion or dismissal from the rotation. The student will continue on academic probation for the duration of his/her APPE rotation experience.

Any student on probation who fails to pass an APPE rotation or is dismissed from an APPE rotation will be immediately removed from the APPE program, receive a record review by the academic performance committee, and be subject to dismissal from the doctor of pharmacy program. All previously scheduled APPE sites will become available for other students.

If the situation leading to the dismissal of a student from an APPE rotation is related to an action that is detrimental to patient care and/or the clinical service, the student will be immediately removed from the APPE program. The academic performance committee will review the situation, and the student may be subject to dismissal from the doctor of pharmacy program. All previously scheduled APPE sites will become available for other students.

Actions that are subject to dismissal are outlined in the Experiential Dismissal Policy.

**Experiential Dismissal Policy**

Pharmacy students may be dismissed from an experiential (Introductory or Advanced Pharmacy Practice Experience) site at any time during the rotation by the experiential site and/or preceptor through the initiation of the dismissal procedure described below.

**Actions Subject to Dismissal**

Following are circumstances or actions under which experiential students may be dismissed using the dismissal procedure described below:

* Failure to adhere to experiential site policy and/or procedure.
* Failure to adhere to UT experiential program policy and/or procedure.
* Failure to meet a UT experiential program requirement.
* Blatantly unacceptable or continuously unacceptable experiential program performance.
* Mistreatment of UT and/or experiential site employees.
* The performance of an action that is detrimental to the care of a patient.
* The performance of an action that is detrimental to the clinical service provided by the site and/or preceptor.
DISMISSAL PROCEDURE
When a circumstance or action that is determined to be grounds for dismissal occurs, the experiential preceptor will inform the student and director of experiential programs of the situation. The situation will then be handled as follows:

a) If the situation is related to failure to meet a requirement, failure to follow policy or procedure, improper behavior or inadequate experiential performance, the student will be given a specific outline by the experiential preceptor as to how his/her performance must improve and/or meet expectations within five class days. A copy of this outline will be sent to the director of experiential programs. If after five class days such performance has not been achieved, the student will be removed from the experiential site and will receive either a grade of U, IN or F as determined by the director of experiential programs.

b) If the situation is related to an action that is detrimental to patient care and/or to the clinical service, upon discussion of the situation between the experiential preceptor and the director of experiential programs, the student shall be subject to immediate removal from the experiential site and shall receive a grade of U or F.

If a student has any question over the handling of his/her dismissal procedure by the director of experiential programs and/or preceptor, he/she should contact the chair of the department of pharmacy practice.

ACCREDITATION STANDARDS/STUDENT GRIEVANCES

The following URL is the American Council of Pharmaceutical Education (ACPE) website that lists the accreditation standards of Colleges of Pharmacy: [http://www.acpe-accredit.org/standards/default.asp](http://www.acpe-accredit.org/standards/default.asp). We encourage students to familiarize themselves with the accreditation standards. Student complaints specifically related to ACPE standards should be submitted on the appropriate form to the College of Pharmacy Office of Student Affairs (Wolfe Hall room 1227) in care of the Associate Dean for Student Affairs. Forms and a copy of the ACPE Standards are available in the Office of Student Affairs.

Student issues or complaints regarding specific courses should be resolved via discussion with the course instructor. If further resolution is required, the department chairman should be consulted. Refer to the Academic Grievance section in the General Section of the UT catalog for further information.
### STUDENTS

We pledge our utmost effort to acquire the knowledge, skills, attitudes, and behaviors required to fulfill all educational objectives established by the faculty.

We uphold the professional virtues of honesty, compassion, integrity, fidelity, and dependability in all aspects of our academic and professional life.

We pledge to embrace the highest standards of the pharmacy profession, to conduct ourselves as professionals, and to demonstrate respect for faculty, staff, colleagues, and patients.

We are committed to the just treatment of all faculty, staff, fellow students, and patients regardless of gender, race, national origin, religion, or sexual orientation.

As professionals, we pledge to assist our fellow students in meeting their educational and professional obligations.

### FACULTY

We pledge our utmost effort to ensure that all components of our educational programs for students are of the highest caliber.

We pledge to value our role as mentors to students. In doing so, we will maintain the highest professional standards in our interactions with students, colleagues, staff and patients.

We pledge to demonstrate respect for students, colleagues, staff and patients. We are committed to the just treatment of all students, staff, fellow faculty, and patients regardless of gender, race, national origin, religion, or sexual orientation.

We pledge our assistance towards resolution of students’ personal or academic problems when they are brought to our attention.

We value expressions of professional attitudes and behaviors and encourage the intellectual, personal and professional growth of our students.

We will not tolerate abuse or exploitation of our students.

We encourage any student who experiences mistreatment or who witnesses mistreatment or unprofessional behavior to report the facts (preferably in writing) immediately to appropriate faculty or staff; we treat all such reports as confidential and do not tolerate reprisals or retaliations of any kind.

Adapted from Cohen, J.I. Our compact with tomorrow’s doctors. *Academic Medicine.* 2002; 77:475-480, and “A Covenant Between Faculty and Students,” Auburn University, Harrison School of Pharmacy, http://pharmacy.auburn.edu/prospective_students/professional_degree/covenant.htm
**HOW TO ADD A CLASS**

<table>
<thead>
<tr>
<th>During Early or Open Registration</th>

**If you fall below full-time status (12-16 hrs) as a result of exiting a class, you may lose your financial aid and/or be taken off your parent’s insurance. Make sure to research the ramifications of exiting a class before you do so.**

**★★ Refunds are prorated during the late registration period. Refer to the refund schedule in the current Schedule of Classes ([http://registrar.utoledo.edu/](http://registrar.utoledo.edu/)).**

**★★★★ Refunds are not given for withdrawals.**

---

**NOTE:** Confirm all deadlines in the current Schedule of Classes at [http://registrar.utoledo.edu/](http://registrar.utoledo.edu/).
# Grades

What Certain Grades Mean and What To Do About Them

<table>
<thead>
<tr>
<th>Grade</th>
<th>Meaning</th>
<th>Action</th>
</tr>
</thead>
<tbody>
<tr>
<td>F</td>
<td>Failure</td>
<td>If you get an “F” for a course, do not take the next course in the sequence. See your academic advisor. You must repeat and pass the same course to receive credit.</td>
</tr>
<tr>
<td>IN</td>
<td>Incomplete — requirements for the course have not been met.</td>
<td>Check with your instructor immediately to see what needs to be done to complete the requirements for the course. These requirements must be completed before the end of the term following the term in which the IN grade was received, otherwise the IN grade will turn into an F. <strong>DO NOT RE-REGISTER FOR THIS CLASS</strong> the following term.</td>
</tr>
<tr>
<td>PS/NC</td>
<td>Pass/No Credit *</td>
<td>No action required if PS. If passed, quality points will not be added, but the credit hours will be added into earned hours. If NC, you must successfully repeat the same course to receive credit. (Exception: CHEM 1200)</td>
</tr>
<tr>
<td>GRADE /NC</td>
<td>Grade/No Credit</td>
<td>English courses use this type of grading. The actual grade will be posted if you earn a C or above; NC will be posted if you earn less than a C grade.</td>
</tr>
<tr>
<td>W</td>
<td>Withdrawal</td>
<td>No action is required after you withdraw from a course. A “W” will be posted to your transcript with no impact to your GPA.</td>
</tr>
<tr>
<td>NR</td>
<td>No Grade Reported</td>
<td>If should be graded, contact your instructor to have grade change submitted. The actual grade will then be posted. If not a graded section, no action required.</td>
</tr>
<tr>
<td>PR</td>
<td>Progress</td>
<td>After work is completed, the instructor will post your final grade.</td>
</tr>
</tbody>
</table>

*No more than seven (7) semester hours of Pass/NC can be taken during the student’s academic career in The University of Toledo College of Pharmacy. Pharmacy, math or science courses cannot be taken Pass/NC. If free electives are taken as Pass/No Credit, they count toward the total of seven (7) hours. A student must complete the University core curriculum courses such that a C average is maintained. An average of less than a 2.00 does not fulfill the UT core requirement. Consult the UT Undergraduate Catalog for further information (www.catalog.utoledo.edu).

If you believe your grade for a course is in error, contact the instructor of the class as soon as possible to discuss the grade.
DEFINITIONS OF TERMS USED TO CALCULATE GRADE POINT AVERAGES (GPA’S):

Grade Values:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.00</td>
</tr>
<tr>
<td>A-</td>
<td>3.67</td>
</tr>
<tr>
<td>B+</td>
<td>3.33</td>
</tr>
<tr>
<td>B</td>
<td>3.00</td>
</tr>
<tr>
<td>C</td>
<td>2.00</td>
</tr>
<tr>
<td>C-</td>
<td>1.67</td>
</tr>
<tr>
<td>D</td>
<td>1.00</td>
</tr>
<tr>
<td>D-</td>
<td>0.67</td>
</tr>
</tbody>
</table>

NO OTHER GRADES (PS, NC, W, BLANK, PR) ARE USED IN THE GPA CALCULATION.

Quality Hours: Credit hours of courses for which a grade value was assigned (see grade value chart above.)

Quality Points: Number of points earned for a course (quality hours are multiplied by the grade value for each course).

HOW TO CALCULATE A SEMESTER GPA:

1. **Multiply** the number of **quality hours** for each course **by the grade value** for each grade to determine the **quality points**.

For example:

<table>
<thead>
<tr>
<th>Course</th>
<th>Type</th>
<th>Grade Type</th>
<th>Grade</th>
<th>Earned Hours</th>
<th>Quality Hours</th>
<th>Grade Value</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Composition I</td>
<td>ENGL</td>
<td>G/NC</td>
<td>B</td>
<td>3</td>
<td>3 x 3.0</td>
<td></td>
<td>9.00</td>
</tr>
<tr>
<td>Tae Kwon Do</td>
<td>RCA</td>
<td>PS/NC</td>
<td>PS</td>
<td>3</td>
<td>0* x 0.00*</td>
<td></td>
<td>0.00</td>
</tr>
<tr>
<td>Gen Chemistry</td>
<td>CHEM</td>
<td>Normal</td>
<td>A-</td>
<td>4</td>
<td>4 x 3.67</td>
<td></td>
<td>14.68</td>
</tr>
<tr>
<td><strong>Totals</strong></td>
<td></td>
<td></td>
<td></td>
<td><strong>10</strong></td>
<td><strong>7</strong></td>
<td></td>
<td><strong>23.68</strong></td>
</tr>
</tbody>
</table>

*The PS grade for Tae Kwon Do has no grade value; therefore, there are no quality hours or quality points for that course. The hours are counted only as earned hours on the transcript.

2. **Divide** the total **quality points** by the total **quality hours** to determine the **GPA** for the semester.

   a. In the example above, the total quality points (23.68) would be divided by the total quality hours (7). Thus, the GPA would be 3.383 (23.68 divided by 7).

HOW TO CALCULATE A CUMULATIVE GPA:

1. **Add** the total **quality points** for all semesters. Then **add** the total **quality hours** for all terms.

2. **Divide** the **quality points** by the **quality hours** to determine the cumulative GPA for all coursework at The University of Toledo.
**HOW TO CALCULATE A SCIENCE GPA:**

1. *Add* the total *quality hours* for BIO12150, BIO12170, CHEM1230, CHEM1240, CHEM2410, MATH1250, PHCL2600, PHYS 1750 or PHYS 2070 (should total 31 or 32 hours). Then *add* the total *quality points* for these same eight (8) courses. Remember to use the better grade of the first two attempts if any of these eight (8) science courses were repeated (see below for further info).

2. *Divide* the *quality points* by the *quality hours* to determine the *science GPA*.

**MULTIPLE GRADES FOR COURSES USED IN THE SCIENCE GPA CALCULATION**

The Admissions Committee will only use the better grade of the first two attempts for any science courses used in the calculation of the science GPA (CHEM 1230, 1240, 2410, PHYS 1750 or 2070, MATH 1750, BIO1 2150, 2170, PHCL 2600). This rule will apply to all students (transfer, direct-from-high school, CSU-UT, Ursuline-UT or UT). If a transfer student takes equivalent science courses at other institutions, the grades received at the other institutions *will* count towards the two attempts, even if the credit will not transfer to UT due to a failing grade. This may necessitate that the student retake the course at UT to receive academic credit even though the grade from this repeated attempt will *not* be used in the science GPA calculation since it is the 3rd (or more) attempt.

**ADVANCED PLACEMENT (AP) CREDIT FOR COURSES USED IN THE SCIENCE GPA CALCULATION**

The Admissions Committee will use a 4.0 (“A”) for calculating the science GPA of students who have received AP credit for equivalent science GPA coursework.

**DEAN’S LIST**

Each semester, except summer, full-time students (12 or more quality hours) earning a 3.5 or above GPA are recognized by being named to the Dean’s List. Certificates will be mailed acknowledging this accomplishment.

**GRADE DELETIONS/GPA RECALCULATION**

Under certain conditions, students who have retaken a course and earned a higher grade may petition the college that offered the course to have the first grade excluded from their cumulative GPA computation. This does not include retaking the course at another institution, nor does it include deleting transfer credit for which credit has already been received.

As of Fall 2006, a student may petition to have any course deleted. (Prior to Fall 2006, only courses below C could be grade deleted.) **No more than 12 semester hours** of coursework (typically 3 science courses), taken in any UT college, **may be deleted** from the student’s transcript. Only the first attempt may be grade deleted.

A **Petition for a Grade Deletion for a Repeated Course** may be obtained in the college office that offers the course, in Rocket Solution Central (RH1200) or online at [http://registrar.utoledo.edu/forms.asp](http://registrar.utoledo.edu/forms.asp). For courses offered through the **College of Arts and Sciences** (i.e., chemistry, math, biology, physics), complete the form, obtain the signature of the instructor of the first course, and take it to the **College of Arts and Sciences** (UH3000) for processing. For **pre-professional division courses taught by the College of Pharmacy faculty** (i.e., PHCL2600), complete the form and take it to the Pharmacy instructor of the course for processing. **Remember, deletions of grades are not done automatically.** The process must be initiated by filing the petition with the proper college.
GPA RECALCULATION POLICY FOR REPEATED COURSES IN THE POST-BACCALAUREATE COMPONENT OF THE PHARM.D.

Students within the post-baccalaureate portion of the Pharm.D. program who have retaken a course and earned a higher grade may petition to have the first grade excluded from grade point average computation. **However, no grade is removed or erased from a transcript by retaking a course and having the GPA recalculated.** If the petition is approved, the Office of the Registrar will amend the student’s transcript with the notation “Grade Deletion (Excluded from GPA)” next to the original course and the notation “R” next to the retaken course.

Credit will only be awarded once for repeated courses. All course grades for all attempts will appear on the student’s official transcript regardless of whether the grade has been deleted. **If a grade has been deleted, that grade will not be used in determining the UT grade point average.** However, all grades, including those for repeated courses, will be included in the determination of eligibility for graduation honors, fellowships, or other distinctions awarded on the basis of GPA. A copy of the approved petition will become part of the student’s permanent record file.

**A student may petition to have a grade of less than B (<3.00) for required post-baccalaureate level non-Advanced Pharmacy Practice Experience (APPE) courses* excluded from UT GPA computation under the following conditions:**

1. Before petitioning, a student must have retaken the same course (or the renumbered substitute for that course) in the same department at The University of Toledo and earned a grade of B (3.00) or higher in the course retaken. If a grade of B (3.00) or higher is not earned when the course is retaken, grades from both attempts will be included in the GPA calculation.

2. No more than two courses, regardless of credit hours, may be deleted from the student’s transcript.

3. This policy applies only to the first recorded grade in a course that a student has repeated.

4. If a student retakes three or more courses, he/she may elect which courses to petition for GPA recalculation. Once the petition is approved, the choice of courses is final and may not be changed.

5. A course may only be petitioned once for GPA recalculation.

6. The GPA recalculation allowances provided by this policy are in addition to any GPA recalculation allowances that students may have used during the baccalaureate portion of their Pharm.D. program.

*Required Post-Baccalaureate Level Non-APPE Courses*

TRANSFER INFO

TRANSFER CREDIT AS TRANSIENT STUDENT

To determine if a particular course could be taken at another institution with the credits transferred here, students must complete a Transfer Credit Inquiry (TCI) form. This form is located in the College of Pharmacy Office of Student Affairs [WO 1227]. The instructions for completing this form are clearly outlined on the back of the form. In order to determine some equivalencies, a student may have to submit a non-returnable catalog with course descriptions from the institution where the student is going to take summer courses. Please make sure to check with the institution to make sure that they will be offering the requested course(s) -- the College of Pharmacy cannot guarantee that the equivalent courses will be offered during the summer at another institution.

A maximum of two TCI Forms may be submitted within the time period posted in WO 1227. To get an idea if the course is equivalent to UT's, students should go to the Course Applicability System (CAS) at www.transfer.org. This site gives the equivalencies of most Ohio institutions and some out-of-state schools. Visit this site before submitting a TCI so the two form limit is not exhausted. Please print out the applicable page(s) and attach to the TCI Form(s).

(This process is subject to change. The procedure will be discussed in detail during the spring group advising workshops.)

After completing the course, students must request that the institution’s Registrar send an official transcript to The University of Toledo Registrar’s Office. The course must be passed in order to receive credit. The grade will not be averaged in the UT cumulative grade point average; however, the hours will be added to the UT earned hours. If credit is received for one of the eight science GPA courses (used in determining acceptance into the professional division), the grade and semester hour equivalent will be used in the science GPA calculation.

MISC.

IDENTIFYING TERM OF ENROLLMENT

On Course Request Forms, etc., the term field is signified by two digits (10 = Spring Semester, 30 = Summer Semester, 40 = Fall Semester).

CLASS RANK/STANDING

The University ranks students based upon the number of semester hours completed; the College of Pharmacy identifies students by class standing.
Criteria for UT College of Pharmacy Class Standing:

<table>
<thead>
<tr>
<th>Year</th>
<th>Criteria</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Year</td>
<td>Earned &lt; 30 semester hours.</td>
</tr>
<tr>
<td>Second Year</td>
<td>Earned ≥30 semester hours, have a Higher Ed GPA of 2.5 or greater (based on the point average scale of A = 4 pt.) and enrolled in or</td>
</tr>
<tr>
<td></td>
<td>completed organic chem, physics and functional anatomy and pathophysiology (PHCL2600).</td>
</tr>
<tr>
<td>Third Year</td>
<td>Earned at least 63 semester hours and officially accepted into the professional division (P1).</td>
</tr>
</tbody>
</table>

Only students admitted to the professional division will be allowed to take 3000- or 4000-level courses in the College of Pharmacy.

Changing Personal Information (Name, Phone, Address, Email, etc.)

It is imperative that the University and the College of Pharmacy Student Affairs Office be kept informed of any changes to your name, phone number, permanent address, local address or email address. To change any of your information, go to myUT- Student Self Service at [http://myut.utoledo.edu](http://myut.utoledo.edu); log in using your Username and password, and click on Student Info. For name changes, it is very important that you also contact the Student Affairs Office (419.530.1904 or WO 1227). Failure to keep this information up-to-date may result in delayed, misdirected, or lost correspondence.

UTAD Email

Effective June 1, 2006 all registered students will have a UTAD email account created for them (if one does not already exist) and the default Firstname.Lastname@utoledo.edu will be assigned to that account. All official email communications from the University to students will be sent to this address. It is your responsibility to check this account regularly. Mail will no longer be forwarded to an outside “preferred email address”.

EIT recommends you access your UTAD mailbox via the Web. To do this, visit [http://email.utoledo.edu](http://email.utoledo.edu) and enter your UTAD username and password when prompted for authentication.

If you have any questions or if you need technical assistance, please contact the EIT Help Desk at 419.530.3644 or eitservice@utoledo.edu.

Scholarships and Awards

In order to be eligible to receive any scholarship or award granted by the College of Pharmacy, students must fill out the online application form annually. Follow the instructions carefully when completing this application. Please check the Office of Student Affairs (WO 1227) or Dean’s Office (WO2246) for current deadline dates.

The scholarships, awards, or grants-in-aid provided as a result of completing this application are not large enough to be sufficient for students in major financial need — these students should contact the Financial Aid Office or Rocket Solution Central in Rocket Hall 1200 where substantially greater funds may be available. Throughout the year, additional scholarships offered by outside sources may be posted in a binder in the Pharmacy Resource Center (WO1259).
LICENSING

Ohio internship licensing information will be provided to all new P1 students at a class meeting following acceptance into the Pharm.D. program.

Contact info for licensing questions in Ohio:

Ohio State Board of Pharmacy
77 S. High Street, 17th Floor
Columbus OH 43215-0320
Phone: #614.466.4143

ADVISING

ADVISING AND REGISTRATION

The availability of seats in courses is limited. If the number of requests exceeds the availability of seats in a course, some students may not be placed into the courses of their choice even though some of those may be required in the Second Year. A student in this unlikely situation should contact the Office of Student Affairs immediately.

The student is responsible for the correct selection of the program of study each semester and for the fulfillment of all the requirements for graduation. Although advisors will assist wherever possible, the final responsibility rests with the student. The College of Pharmacy reserves the right to change its policies and procedures at any time. These changes will be binding on the date they are approved by faculty action.
**PRE-PROFESSIONAL DIVISION ADVISING (1\textsuperscript{ST} & 2\textsuperscript{ND}-YEAR STUDENTS)**

- **Group advising workshops** will be held during the first few weeks of each semester (exact week determined by your class standing). This mandatory workshop meets only ONE TIME a semester. Refer to your schedule (PHPR1000 ADM) for the exact date, time and location.

- **Individual appointments** can be made by visiting WO1227, calling ext. 1904 from any campus phone or #419.530.1904 from off-campus. When making an appointment, you will be asked to give your name, rocket number, phone number and reason for appointment. Most appointments are scheduled for 30-minute intervals. Students whose last name begins with a letter A through D will be advised by Dawn Ray and Christine Wickenheiser, E through S by Deb Sobczak, and T through Z by José Trevino.

- **Walk-in advising** will be available in the Office of Student Affairs, Wolfe Hall1227, on Wednesdays between 8:30 and 5:00 for brief questions or concerns. First come-first served. Requests to meet with a specific advisor cannot be accommodated during walk-in’s. Office staff reserves the right to schedule a regular individual appointment for a student if their circumstances are extensive.

- **Walk-in advising** will also be available in Parks Tower room 1248, Thursdays 3 – 4:30 pm.

**HONORS, CONTINGENT ADMISSION STUDENTS AND STUDENT ATHLETES**

- **Group advising workshops** are required also. Please refer to the information above. (Athletes, if there is a time conflict with your scheduled practice times, please schedule an individual appointment with Deb Sobczak.)

- **Individual appointments** should be made by contacting your assigned faculty/staff advisor. The advisor/advisee list is posted in the glass case directly outside of WO1227.

**PROFESSIONAL DIVISION ADVISING – BSPS (P1 OR P2):**

- Make an appointment for advising with your assigned advisor (see list posted in glass case outside of WO1227 or online). Your faculty advisor may also refer you to Jing Meyer, Coordinator of Advising –Professional Division.

**PROFESSIONAL DIVISION ADVISING – PHARM\textsuperscript{D} (P1 THROUGH P4):**

- Make an appointment for advising with your assigned advisor (see list posted in glass case outside of WO1227 or online). Your faculty advisor may also refer you to Jing Meyer, Coordinator of Advising –Professional Division.
The Office of Student Affairs in the College of Pharmacy exists to assist students. Here is a list of the faculty and staff located in the Office of Student Affairs.

What is UT ALERT? UT ALERT is an emergency notification system for The University of Toledo. This system lets users opt in to receive alerts in the event of MAJOR emergencies at The University of Toledo. If you choose to register to receive UT Alerts you will be contacted by text and email. Below are the University of Toledo’s policies and procedures on the use of the UT ALERT Emergency Notification System.

**POLICY**

The University of Toledo will send out UT ALERT notifications as necessary to the appropriate persons (following written guidelines for the issuance of such notices) when events on or adjacent to the campus justify such activation and usage to protect lives, property or to enhance safety.

**PURPOSE**

To quickly inform the appropriate persons on campus about events which may threaten their lives, safety, health and/or well-being; and to provide those same persons on campus with timely, important information they can use to make wise and informed decisions about their personal safety.

**PROCEDURE**

1. The UT ALERT notification process will be activated “when an event occurs that poses a threat to the safety of persons on campus.”

2. Examples of “threat” include, but are not limited to, the following:
   - Tornado warning
   - Code Adam (missing or abducted child on the campus)
   - Violent episode
   - Catastrophic power or utility failure affecting most or all of the campus
   - Nuclear, biological or chemical contamination incident on campus (either accidental discharge or terrorism-related)

3. Only the UT Police dispatcher shall have the means or ability to issue a UT ALERT notification to the appropriate persons on campus;

4. A UT ALERT notification can only be approved for distribution across the campus by the following “authorized users”:
   - a.) Vice President for Finance and Administration (or designee in his/her absence)
   - Chief of UT Police (or designee in his/her absence)
