(A) Policy statement

Graduate courses completed at other appropriately accredited academic institutions or at an academic institution with high academic standards, to also include military schools (e.g.: United States Army War College, United States Naval War College, Marine Corps War College, The Air War College) deemed appropriate and acceptable by the academic department, academic college, and the College of Graduate Studies may be offered in partial fulfillment of the requirements for graduate degrees at The University of Toledo subject to the limits and approvals established in this policy.

(B) Purpose of policy

This policy defines conditions that must be met in order to transfer credit towards a University of Toledo graduate degree.

(C) Scope

This policy applies to all graduate students. Academic colleges and/or programs and departments may have more restrictive policies with regard to the number of transferable credits or eligibility of specific courses. Transfer credit will only be considered by the College of Graduate Studies if it has been reviewed and approved through the required channels of the student’s academic department and college.

(D) Procedure

The following conditions must be met in order to transfer credit towards a University of Toledo graduate degree:

1. All graduate credits requested for transfer must carry a grade of A, A-, B+ or B.
Credit for an S grade may be transferred only if the grading institution verifies that the S translates into a grade of B or higher. Research hours earned at another university are not transferable towards research hours for a project, thesis, or dissertation. Courses taken for professional development cannot be transferred for graduate credit.

(2) The student must have been admitted and enrolled as a graduate student at the institution where the graduate credit was completed. 

(3) Courses requested for transfer from a non-United States institution will be evaluated on an individual basis. To be considered, the credits to be transferred must have been earned in a program judged by the University graduate program to be comparable to a graduate degree program of a regionally accredited institution in the U.S. and appropriate documentation must accompany the request.

(4) The credit requested for transfer must not have been applied in whole or in part toward any other degree or certificate from another university. Requests for transfer of credits, applied in whole or in part toward a graduate certificate from another university, will be reviewed on a case-by-case basis. The final determination will be made by the Graduate Dean.

(5) The student is actively pursuing a graduate degree program at UT.

(6) Provisionally admitted students must meet the terms of their admission to achieve regular admission status before requesting transfer of credit. By definition, transfer of credit is not appropriate for graduate, non-degree students as they have no graduate degree program toward which credit can be transferred. If a graduate non-degree student becomes regularly admitted to a graduate degree program, transfer of credit can then be requested. (Graduate courses completed at UT in non-degree status and later applied toward degree requirements are not considered as transfer credit from outside the University.)

(7) The amount of credit transferred does not exceed one-third of the hours required for the graduate degree. Requests for exceptions to this requirement will only be considered with supporting documentation and would only be approved in unusual circumstances.

(8) Credit applied towards the master's degree and education specialist degree must have been earned within the period of six years immediately preceding the time the degree is awarded. Credit applied for the doctoral degree must have been earned within seven years immediately preceding the time the degree is awarded (combined M.D./Ph.D. program limit is ten years). Credit applied towards a graduate certificate must have been completed within the four years immediately preceding the time the certificate is awarded. Transfer credit is reviewed again at the time of graduation to ensure the course work falls within the time to degree limits. If the previously approved transfer credit is beyond the time limitation for
the degree, it can no longer be used to fulfill degree requirements. Transfer credits are not eligible for recertification.

Additional Restrictions:

1. The transfer of credit for purposes of consolidating transcripts is not permitted.

2. A student may substitute an acceptable alternative for a required course in the case where a substantially similar course was completed as part of a previous degree. Such a substitution requires the approval of the advisor, department chair or program director, college associate dean and College of Graduate Studies and must not decrease the number of course hours required by The University of Toledo.

3. A maximum of nine semester hours of post-master’s credit may be transferred to a doctoral program subject to all required approvals for the transfer of graduate credit. This is in addition to the 30 credits that can transfer from a master’s program.

4. A maximum of twelve graduate course credits may be counted in common between two University of Toledo master’s degrees if the course work is appropriate for the student’s program and has received all required approvals.

5. Requests to apply up to twelve credits from an awarded University of Toledo graduate or advanced degree to another University of Toledo graduate degree will be evaluated on an individual basis subject to all required approvals.

6. In all cases, unless a specific exception has been approved, the total amount of credit transferred and/or applied in common between UT graduate degrees may not exceed one-third of the hours required for the graduate degree.
